

15030906, 6 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15030912, 12 hour forecast for 100mb T and winds (knots)- NASA GEOS5

180                      -160                      -140                      -120                      -100

180                      -160                      -140                      -120                      -100

15031006, 30 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031012, 36 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031018, 42 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031100, 48 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031106, 54 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031112, 60 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031118, 66 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031200, 72 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031206, 78 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031212, 84 hour forecast for 100mb T and winds (knots)- NASA GEOS5

180                      -160                      -140                      -120                      -100

15031300, 96 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031306, 102 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031312, 108 hour forecast for 100mb T and winds (knots)- NASA GEOS5

180 -160 -140 -120 -100

15031400, 120 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031406, 126 hour forecast for 100mb T and winds (knots)- NASA GEOS5

180 -160 -140 -120 -100

15031418, 138 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031500, 144 hour forecast for 100mb T and winds (knots)- NASA GEOS5
