

15031218, 6 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031300, 12 hour forecast for 100mb T and winds (knots)- NASA GEOS5

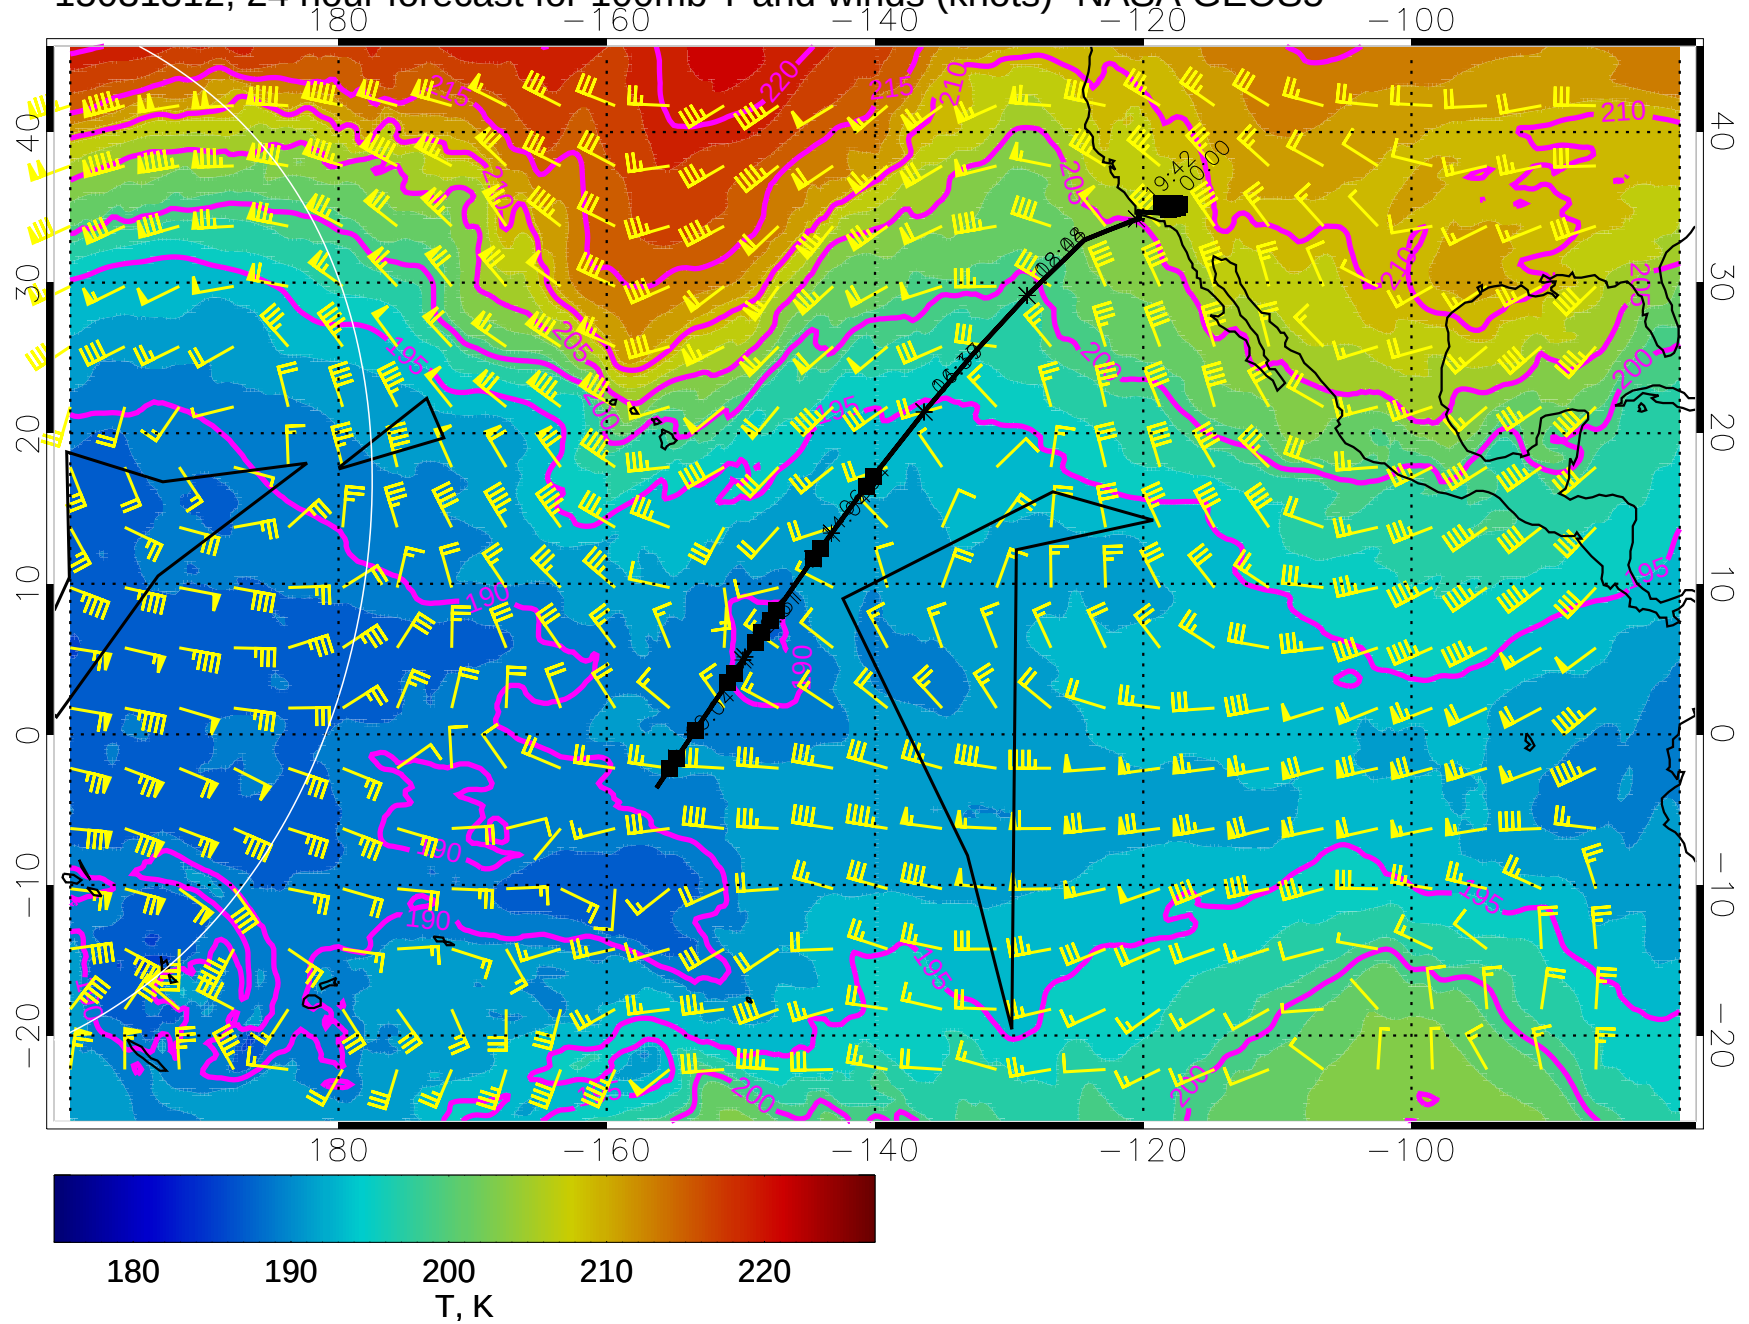

15031306, 18 hour forecast for 100mb T and winds (knots)- NASA GEOS5

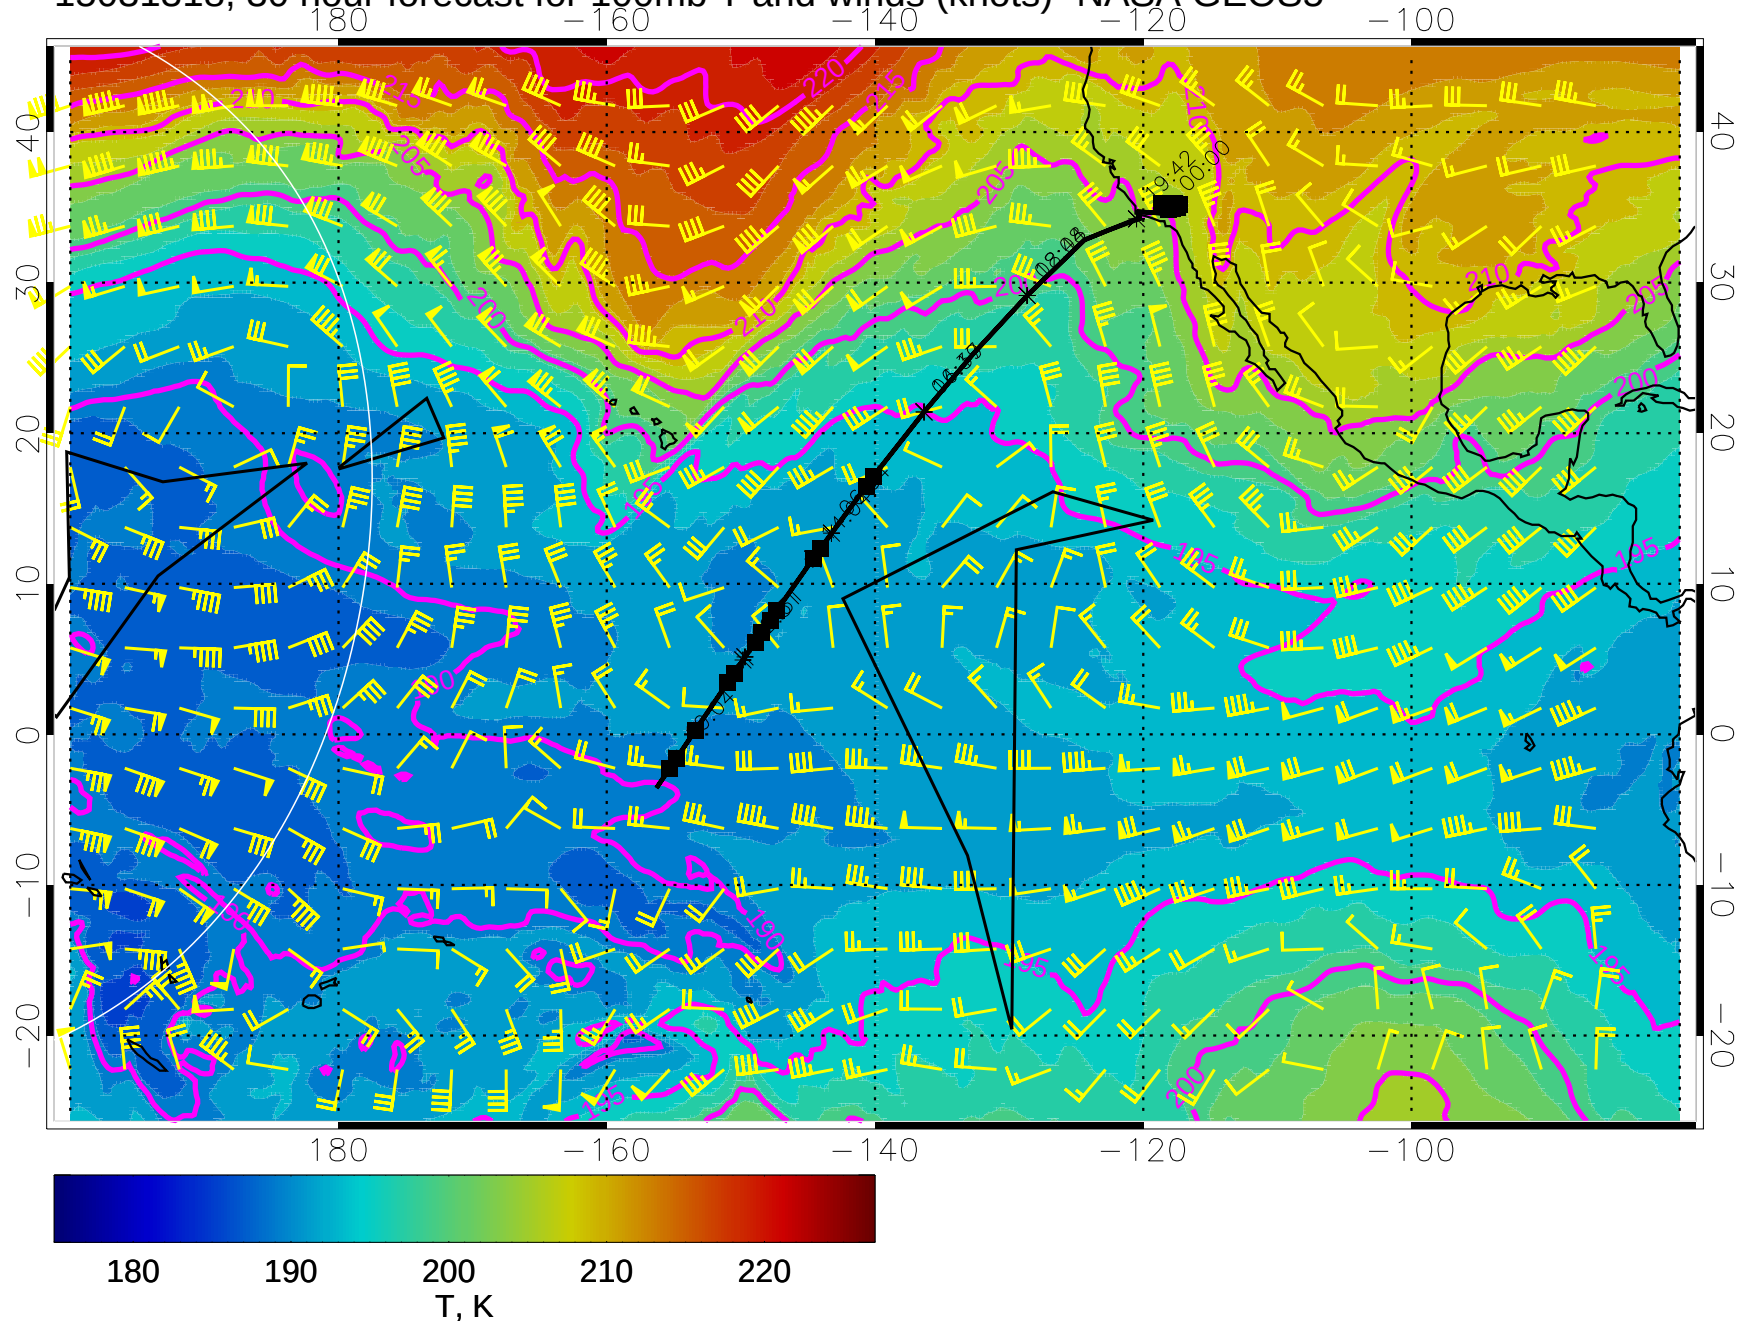

15031312, 24 hour forecast for 100mb T and winds (knots)- NASA GEOS5

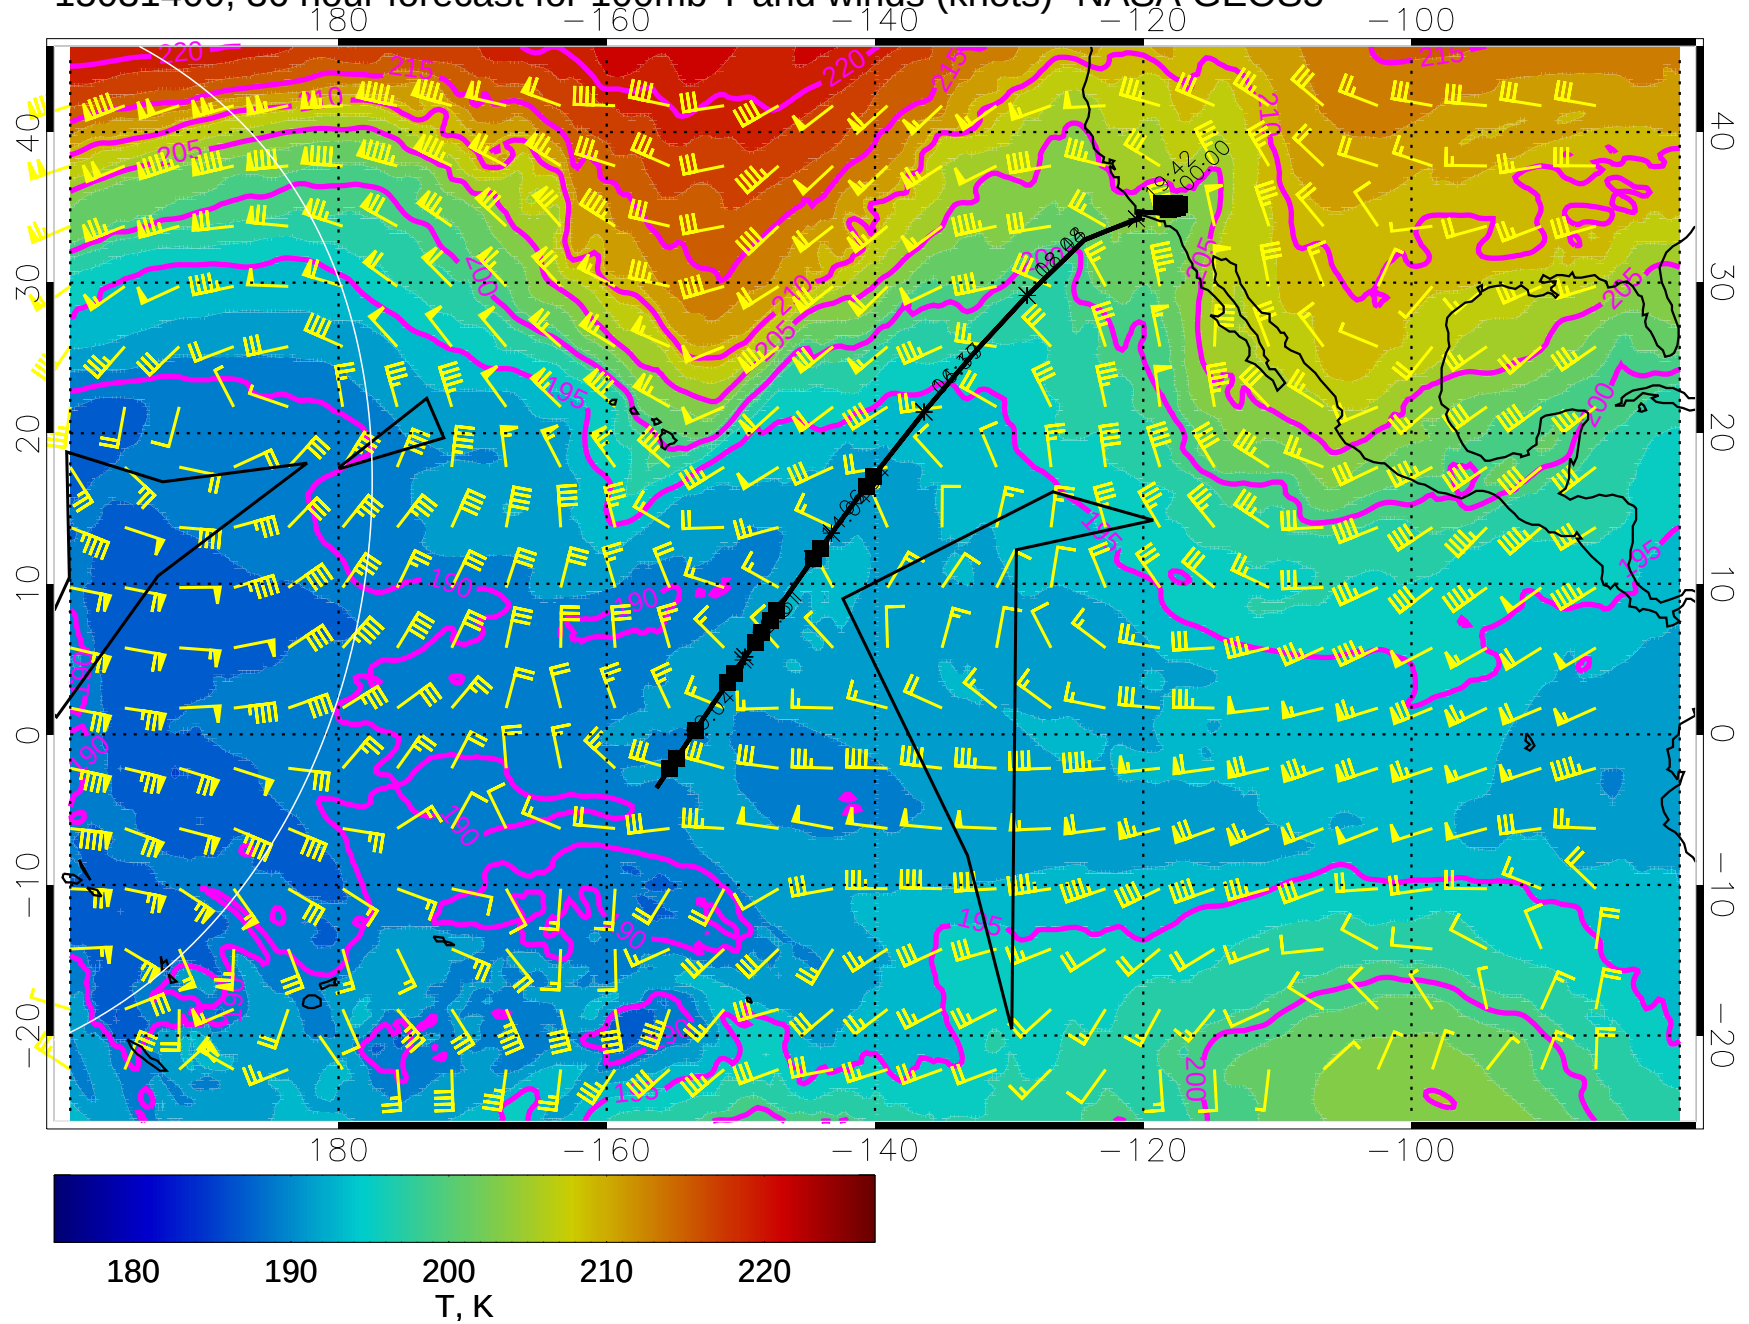

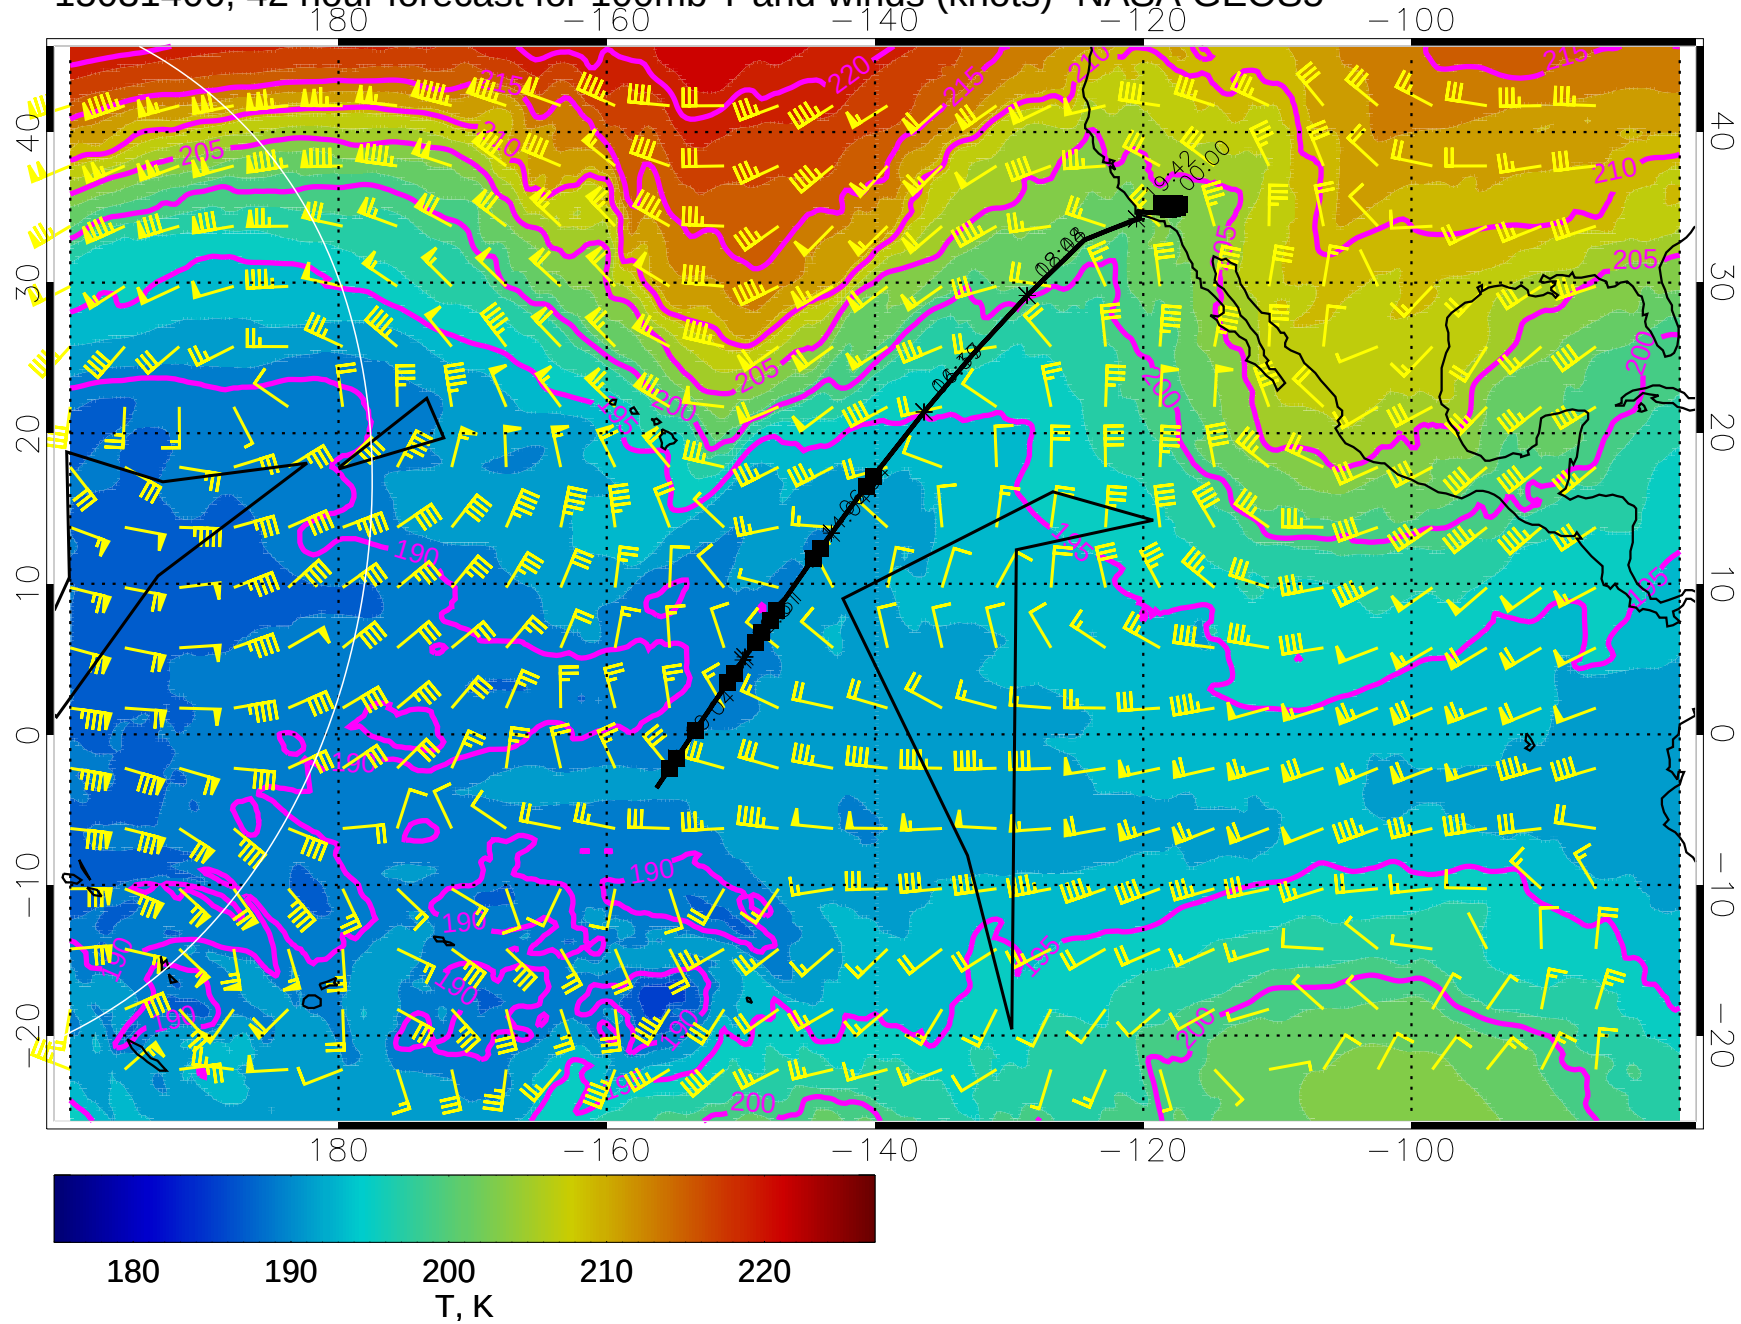

15031318, 30 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031400, 36 hour forecast for 100mb T and winds (knots)- NASA GEOS5

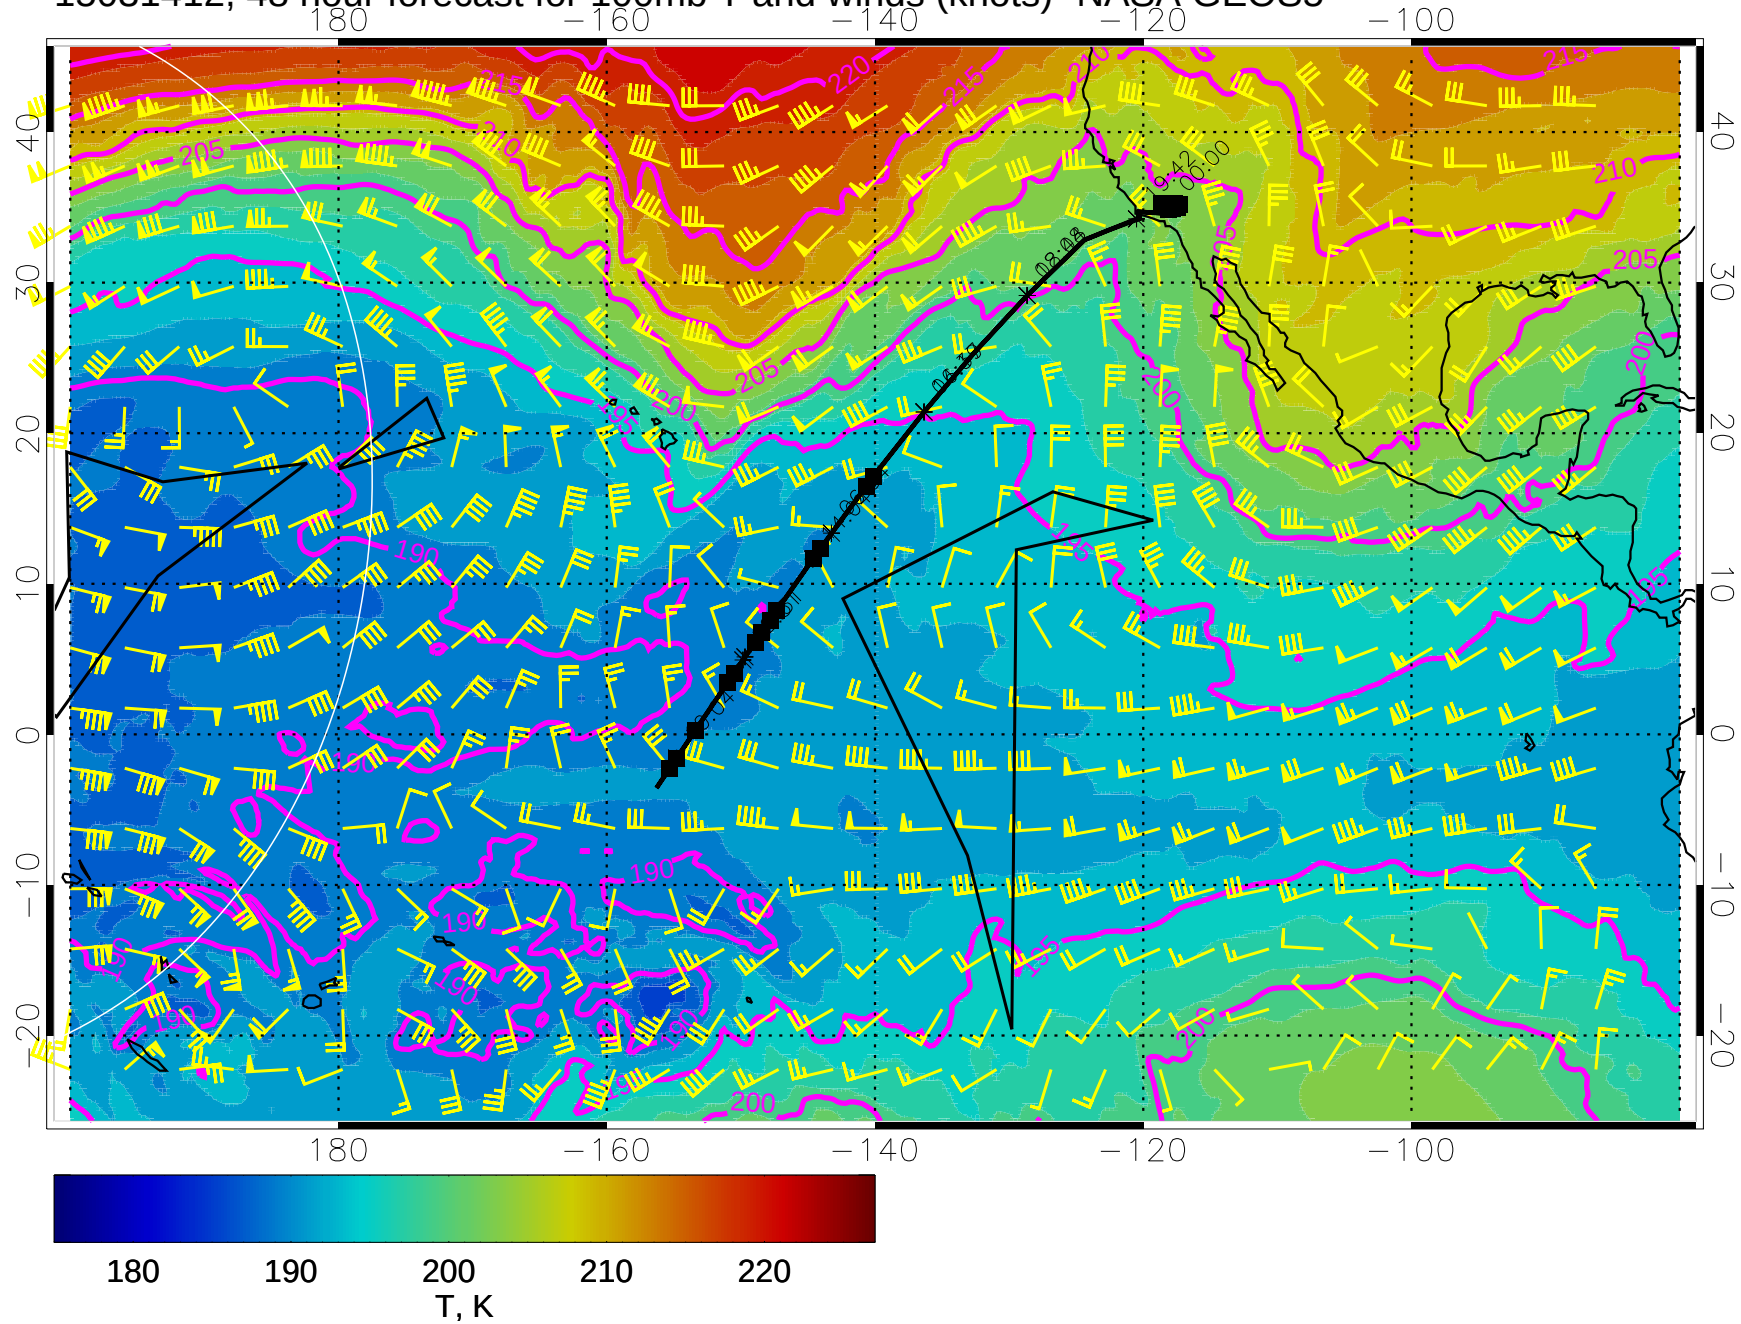

15031406, 42 hour forecast for 100mb T and winds (knots)- NASA GEOS5

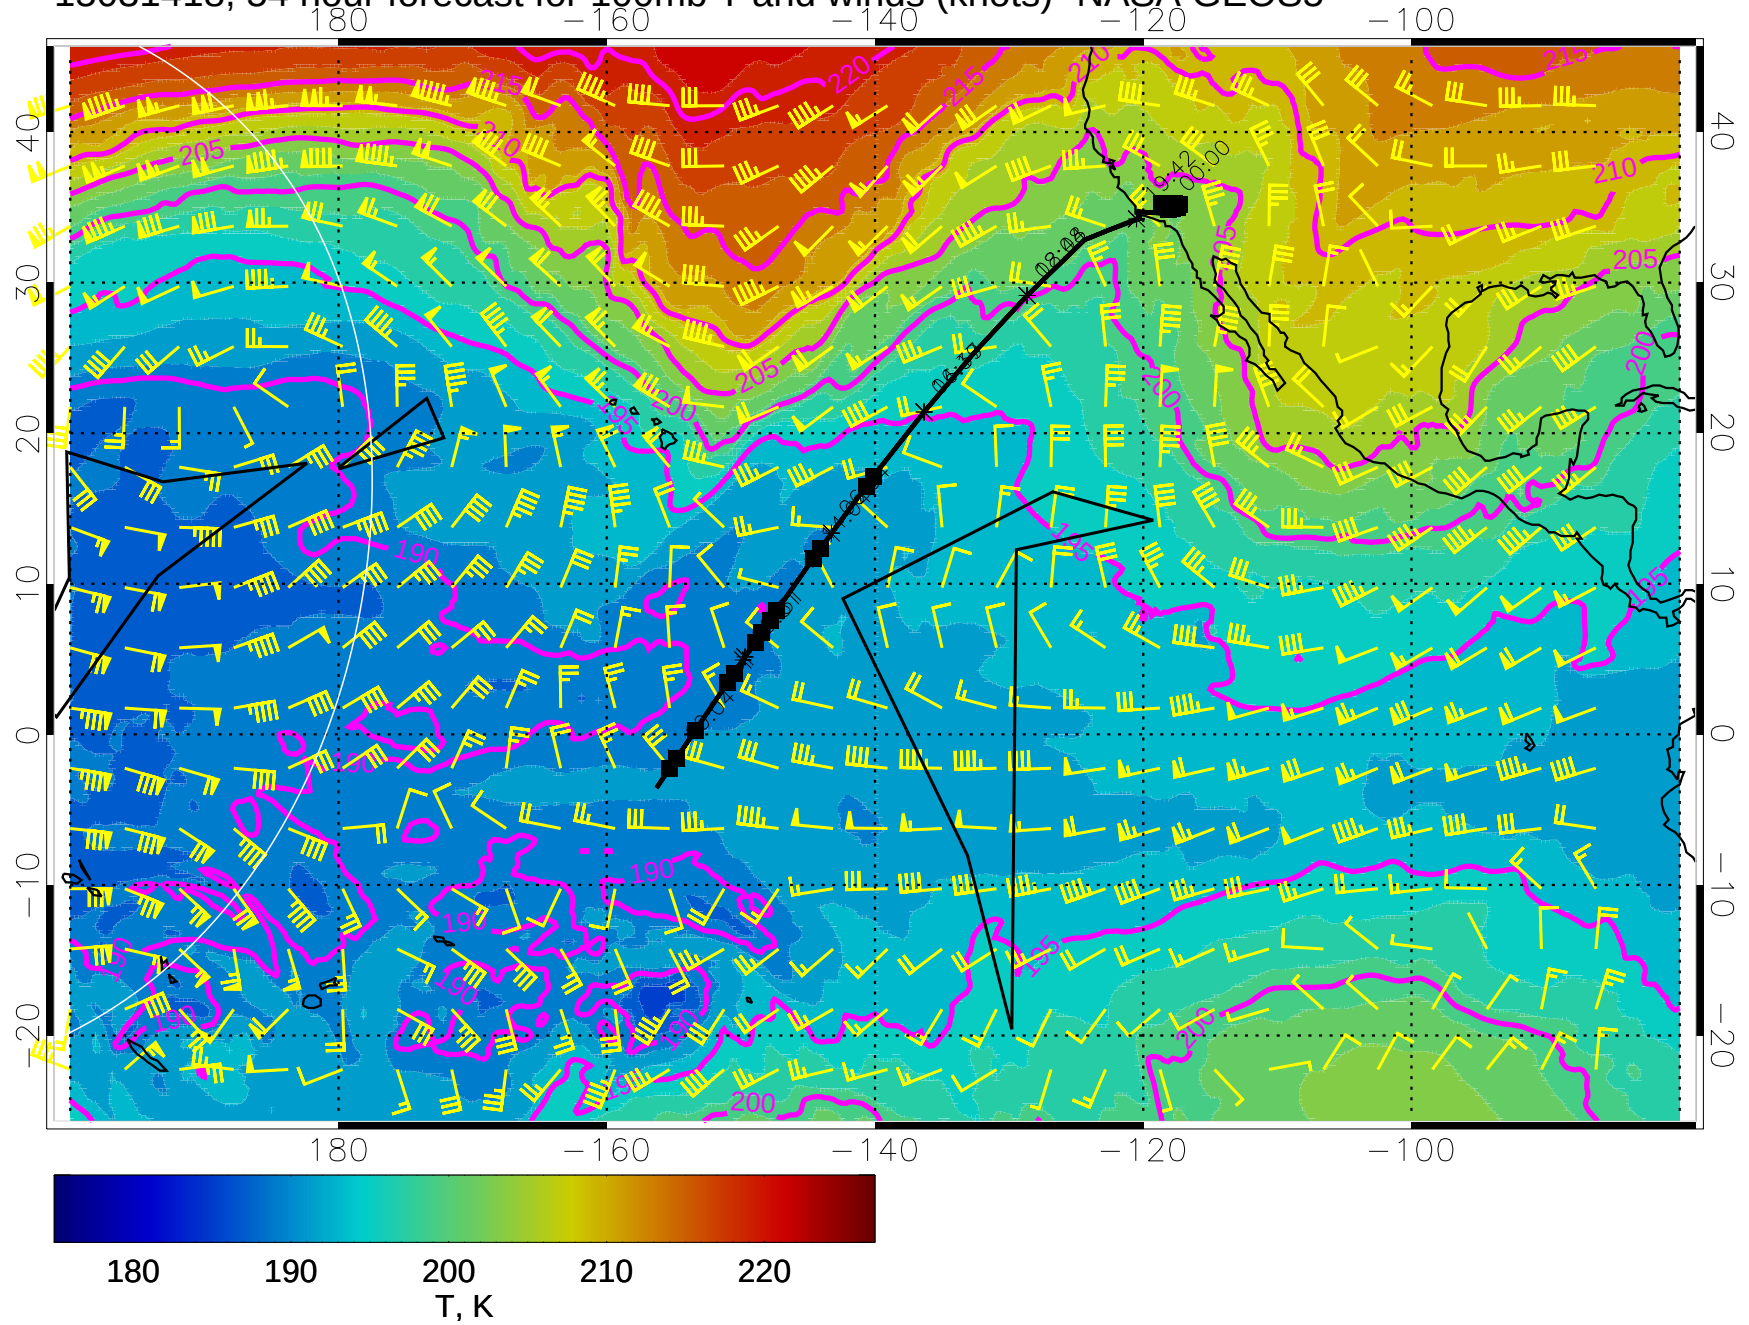

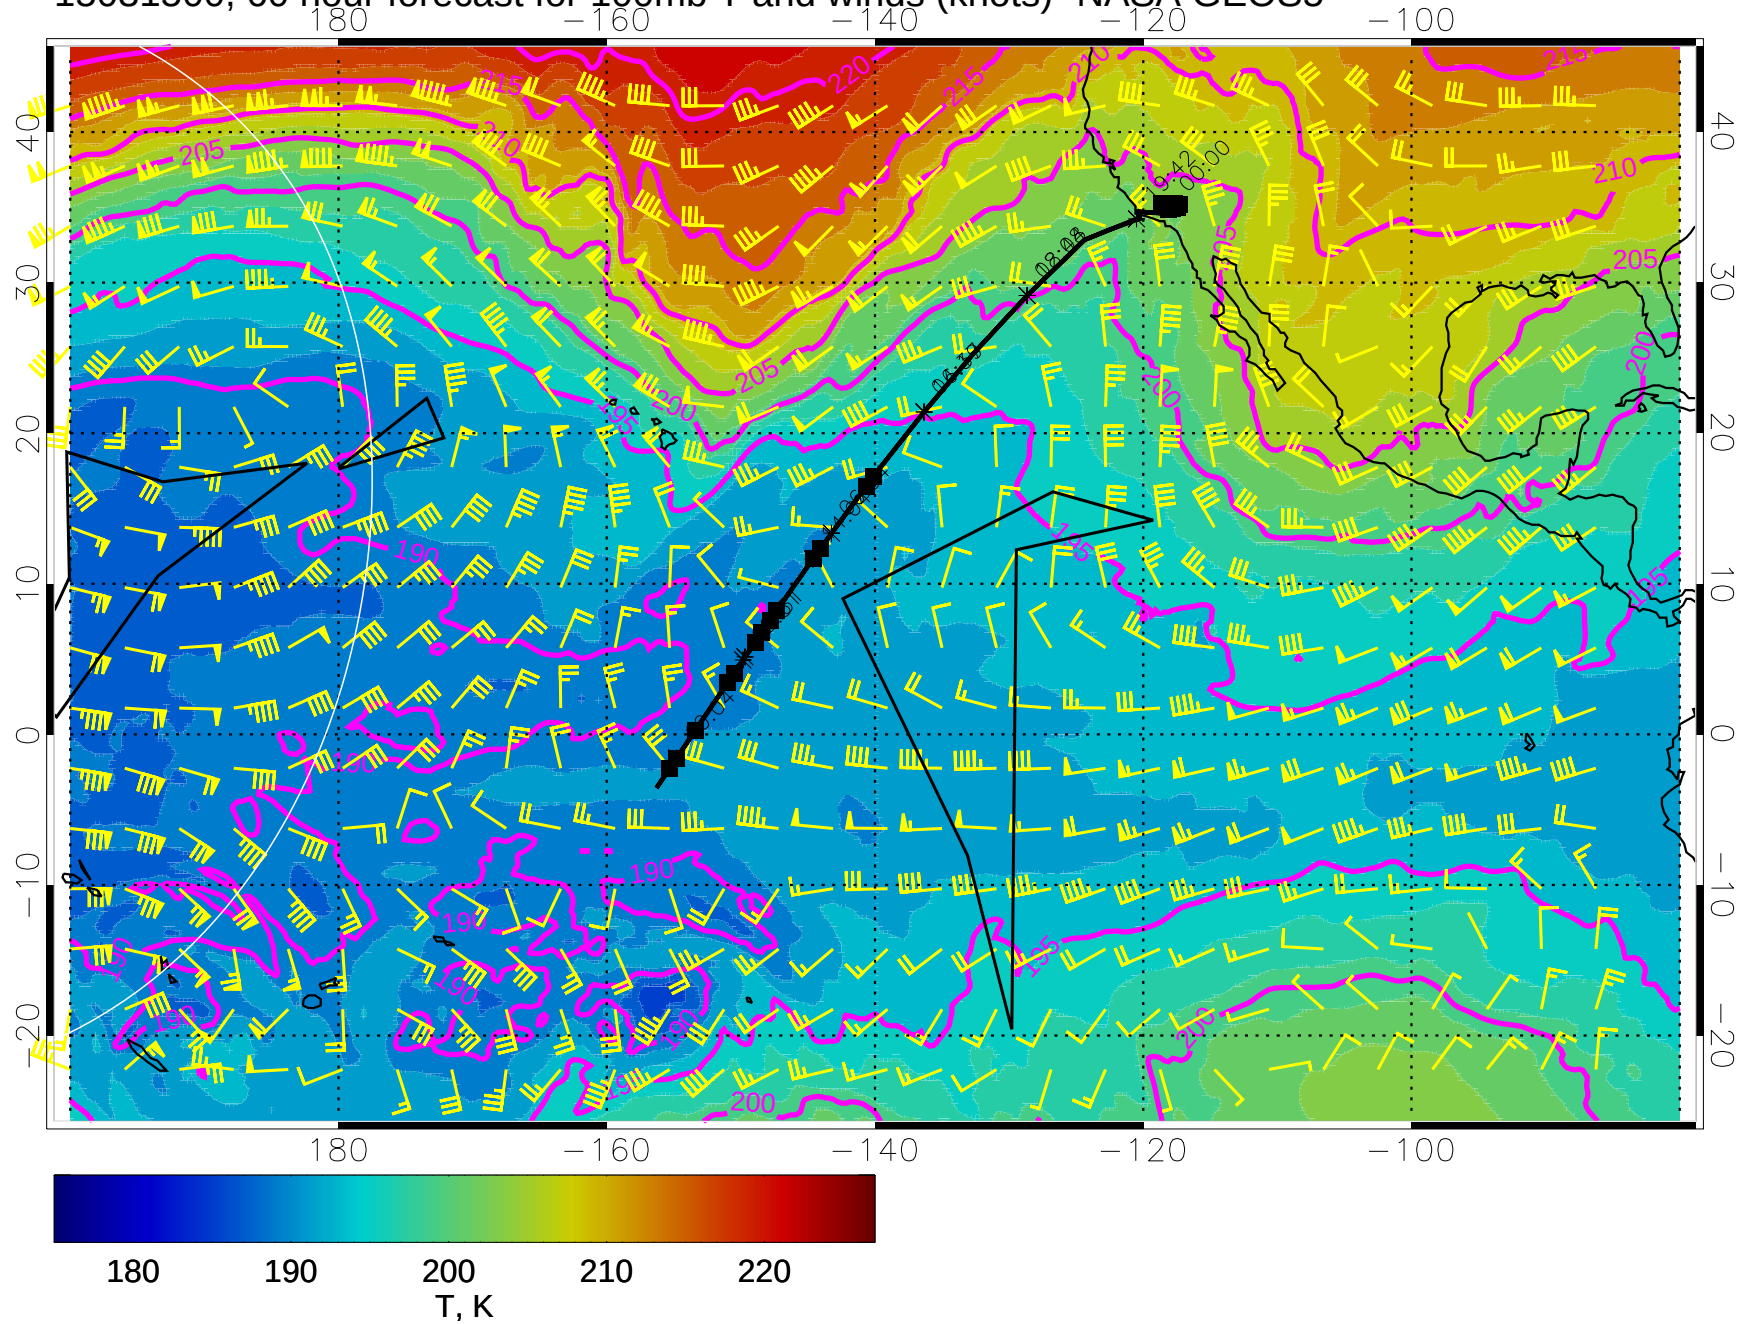

15031412, 48 hour forecast for 100mb T and winds (knots)- NASA GEOS5

180                      -160                      -140                      -120                      -100

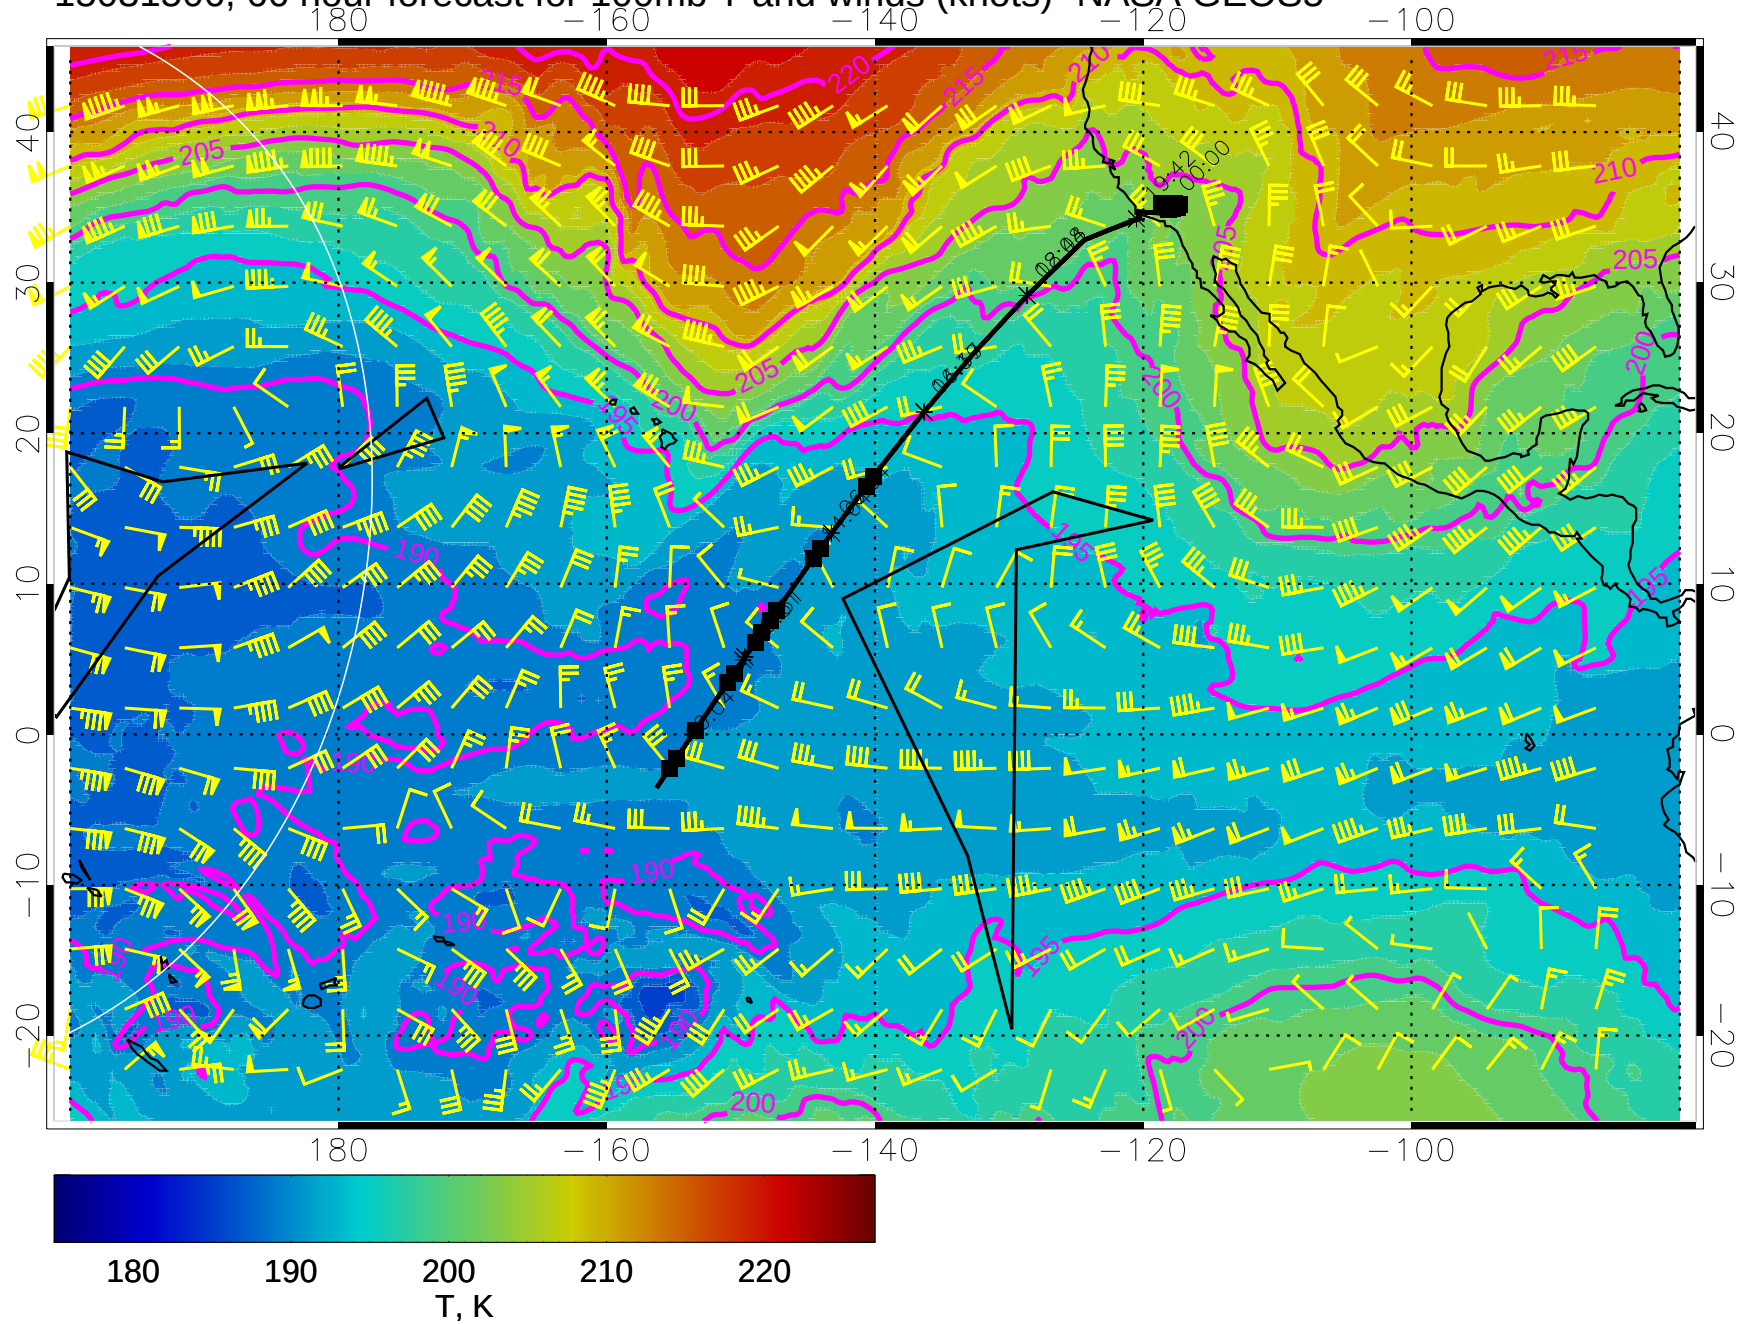

15031500, 60 hour forecast for 100mb T and winds (knots)- NASA GEOS5

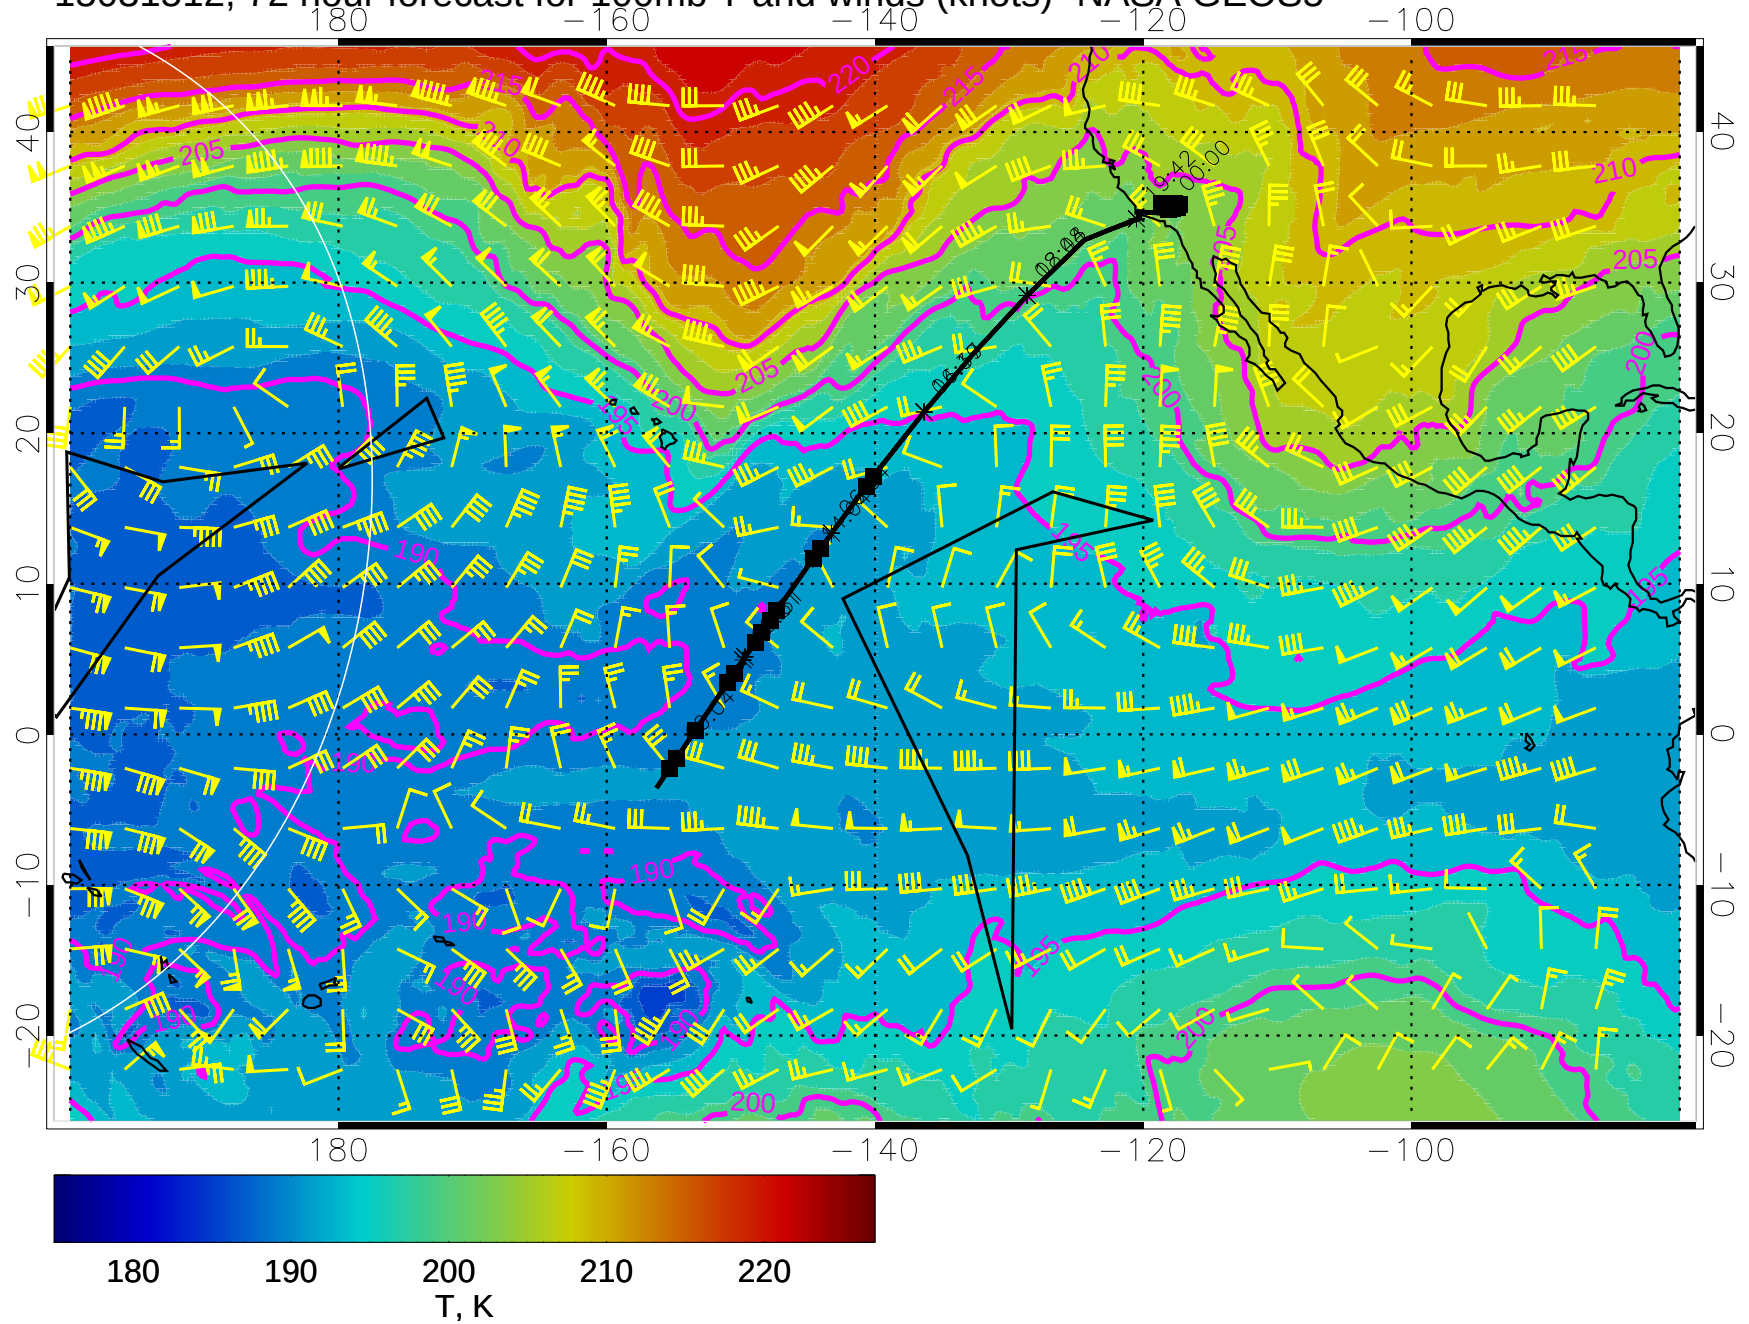

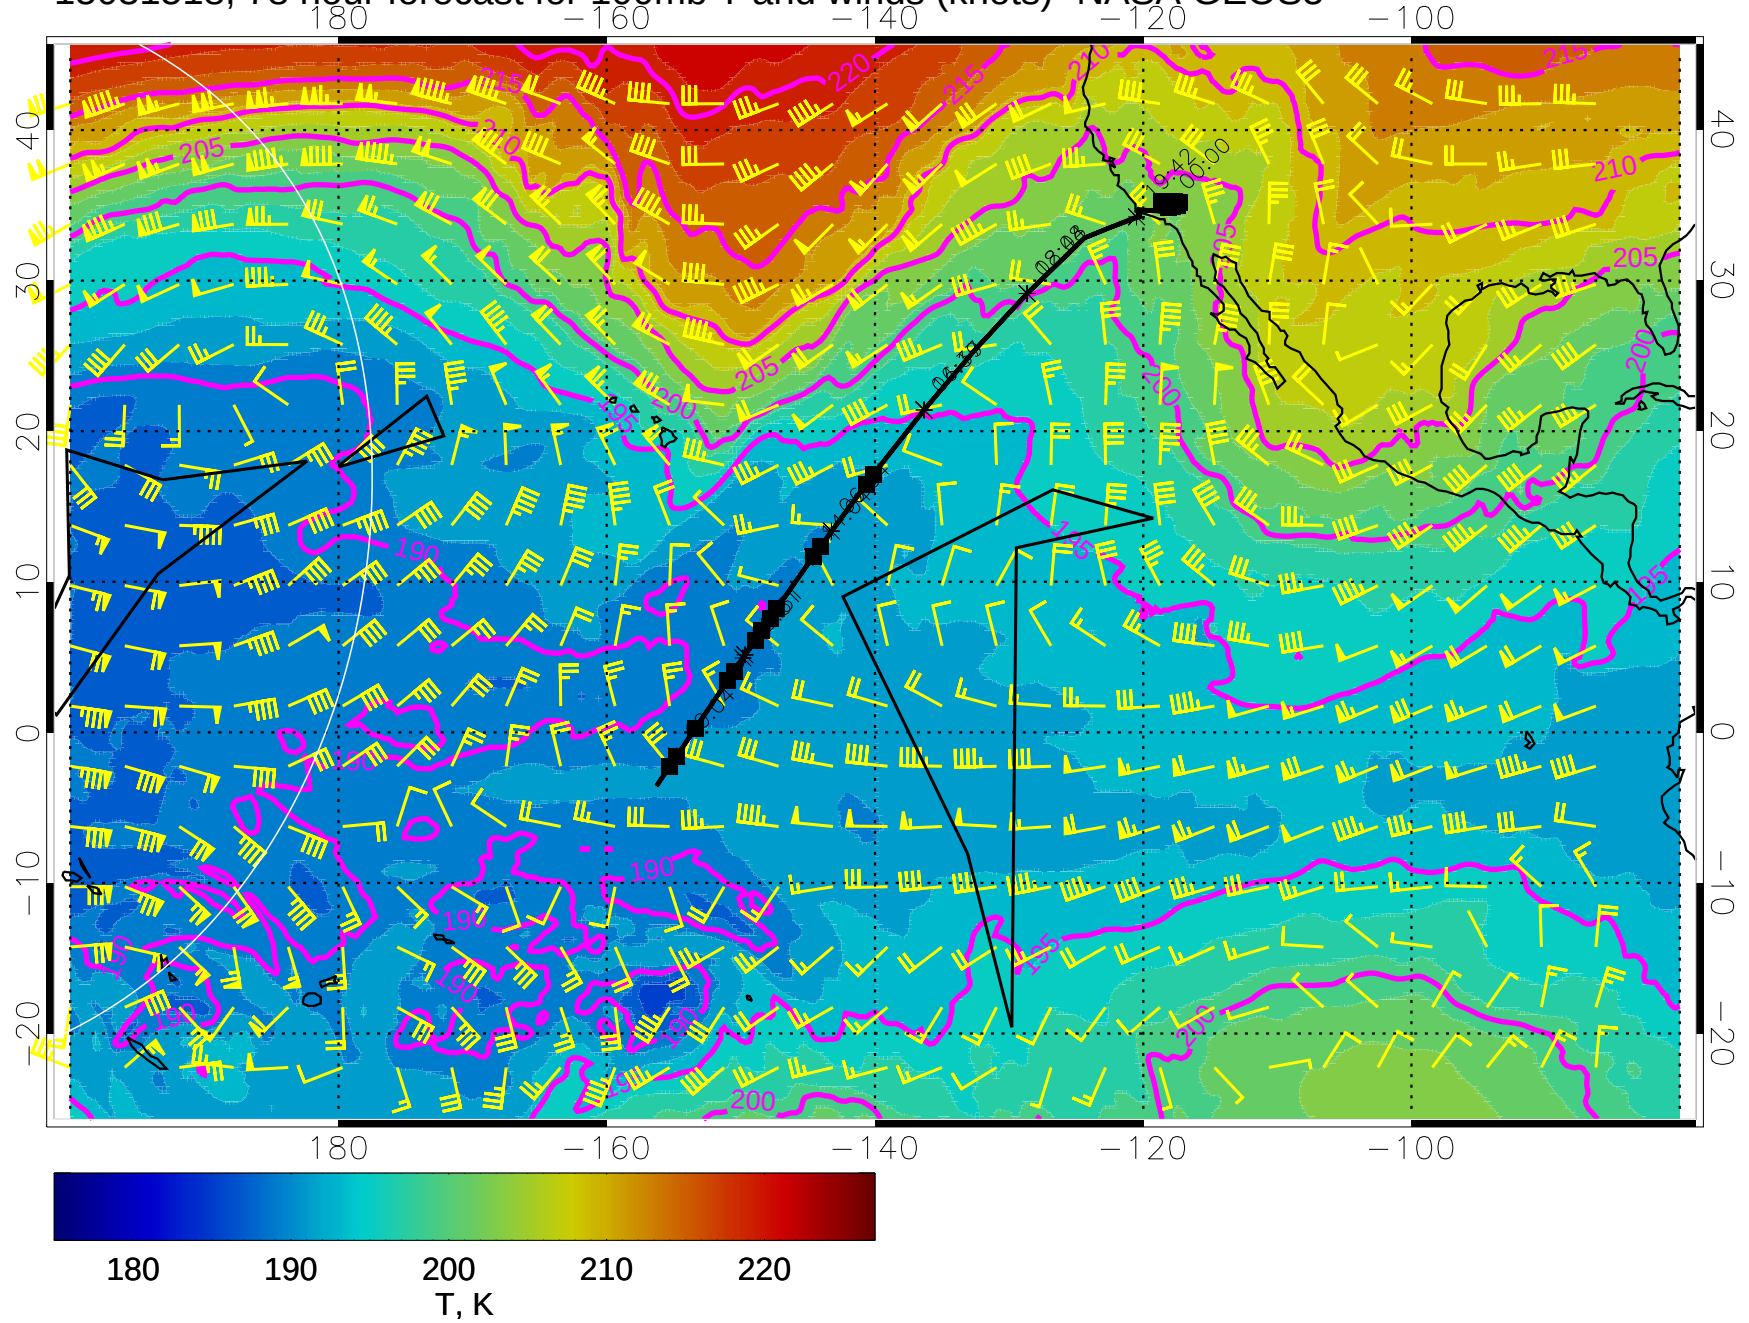

15031506, 66 hour forecast for 100mb T and winds (knots)- NASA GEOS5

180                      -160                      -140                      -120                      -100

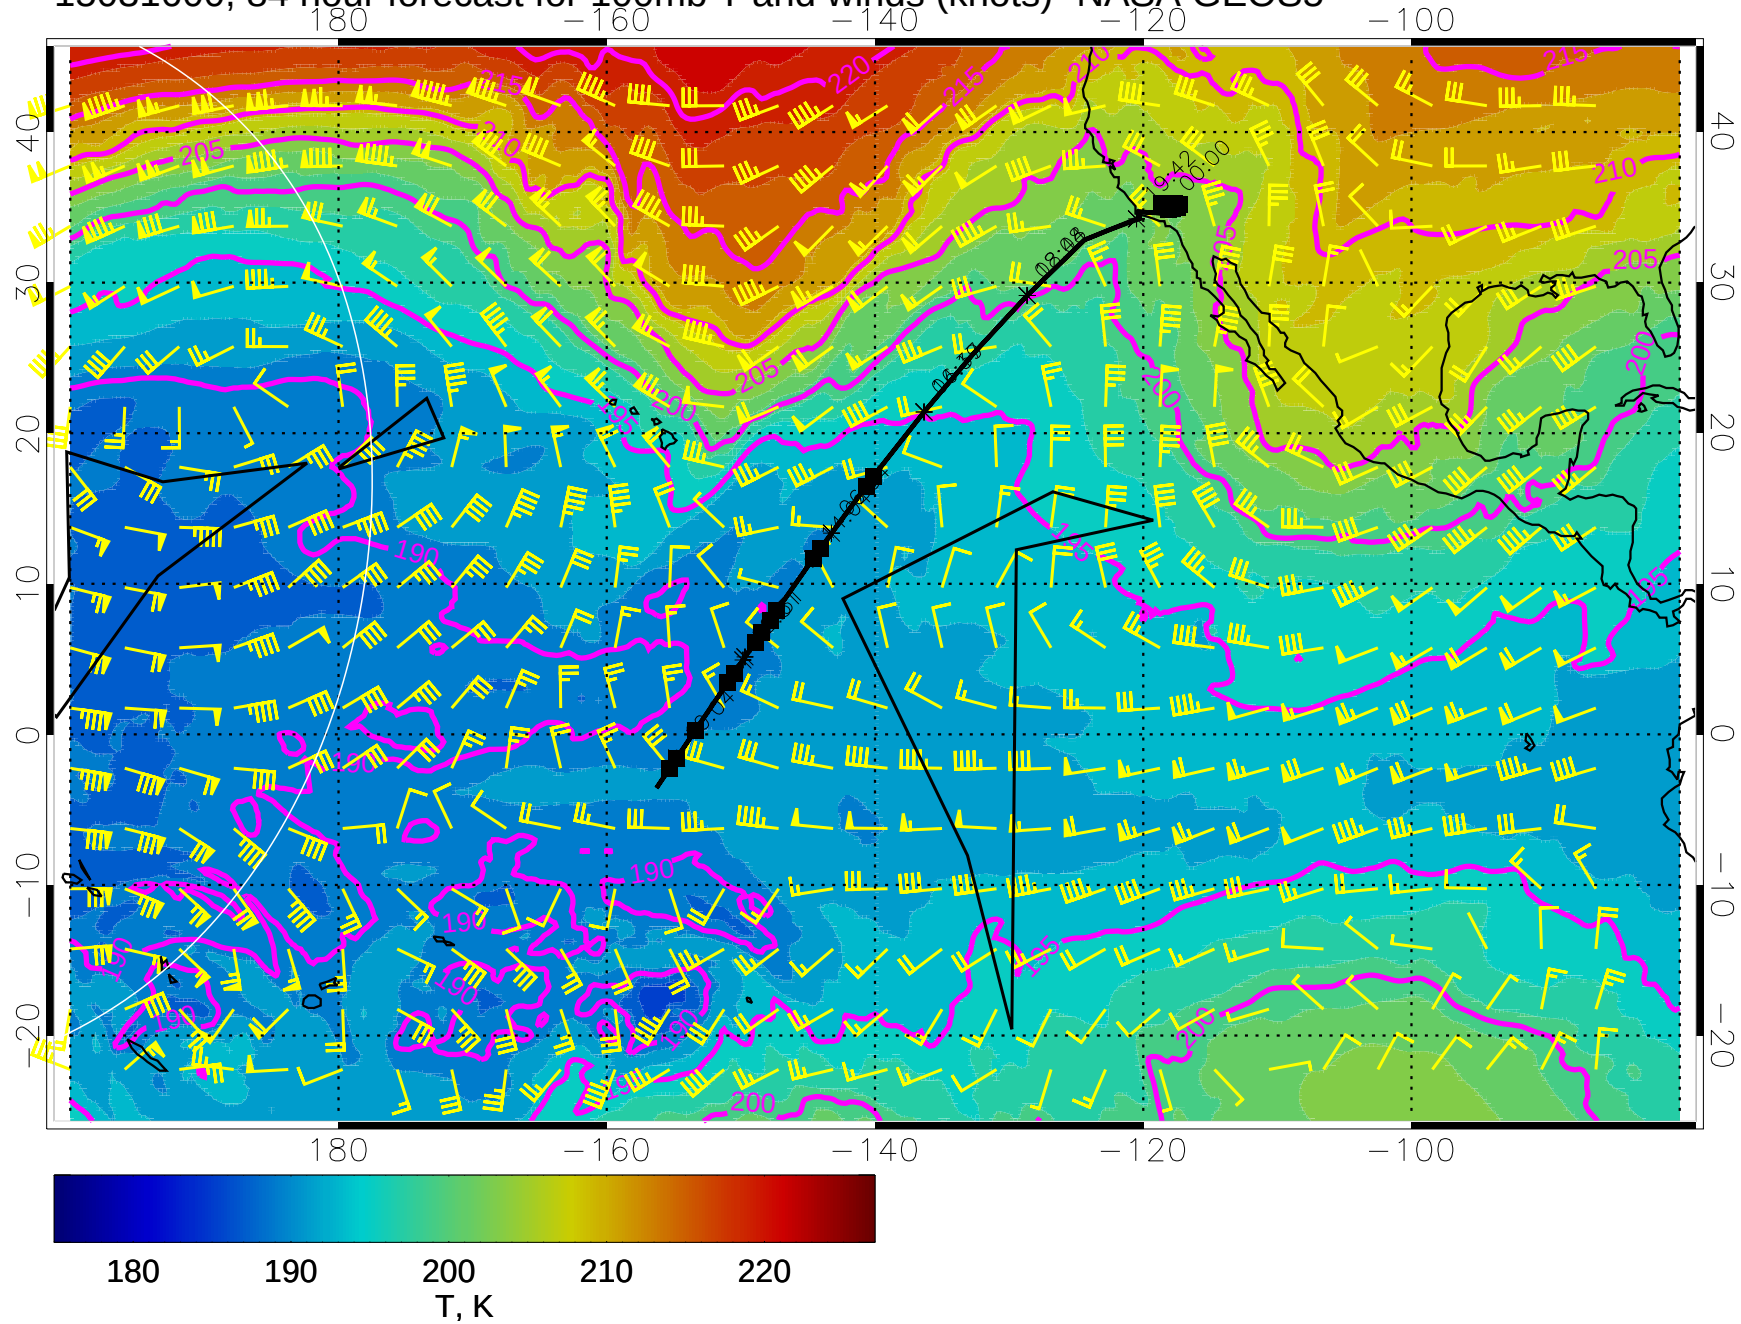

180                      -160                      -140                      -120                      -100

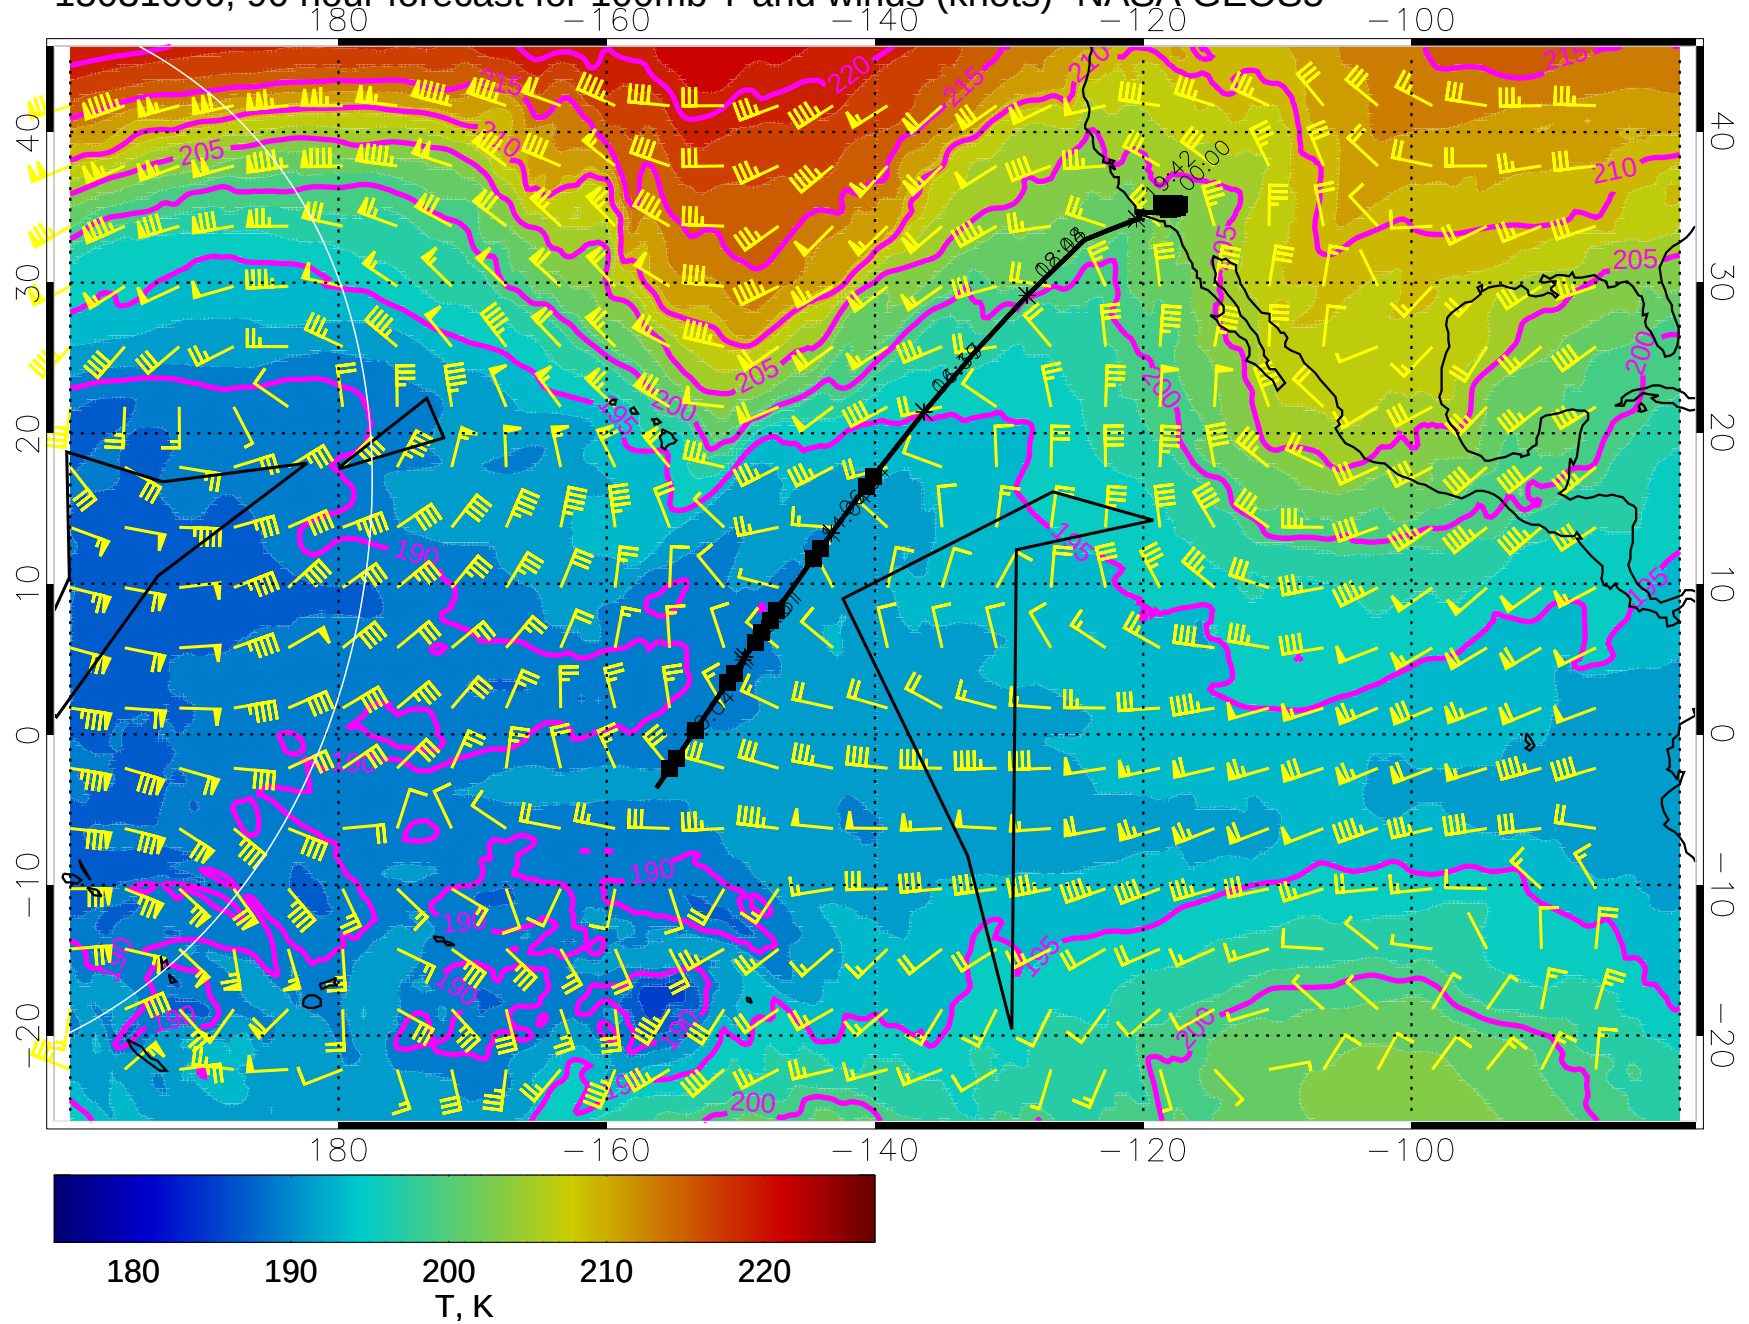

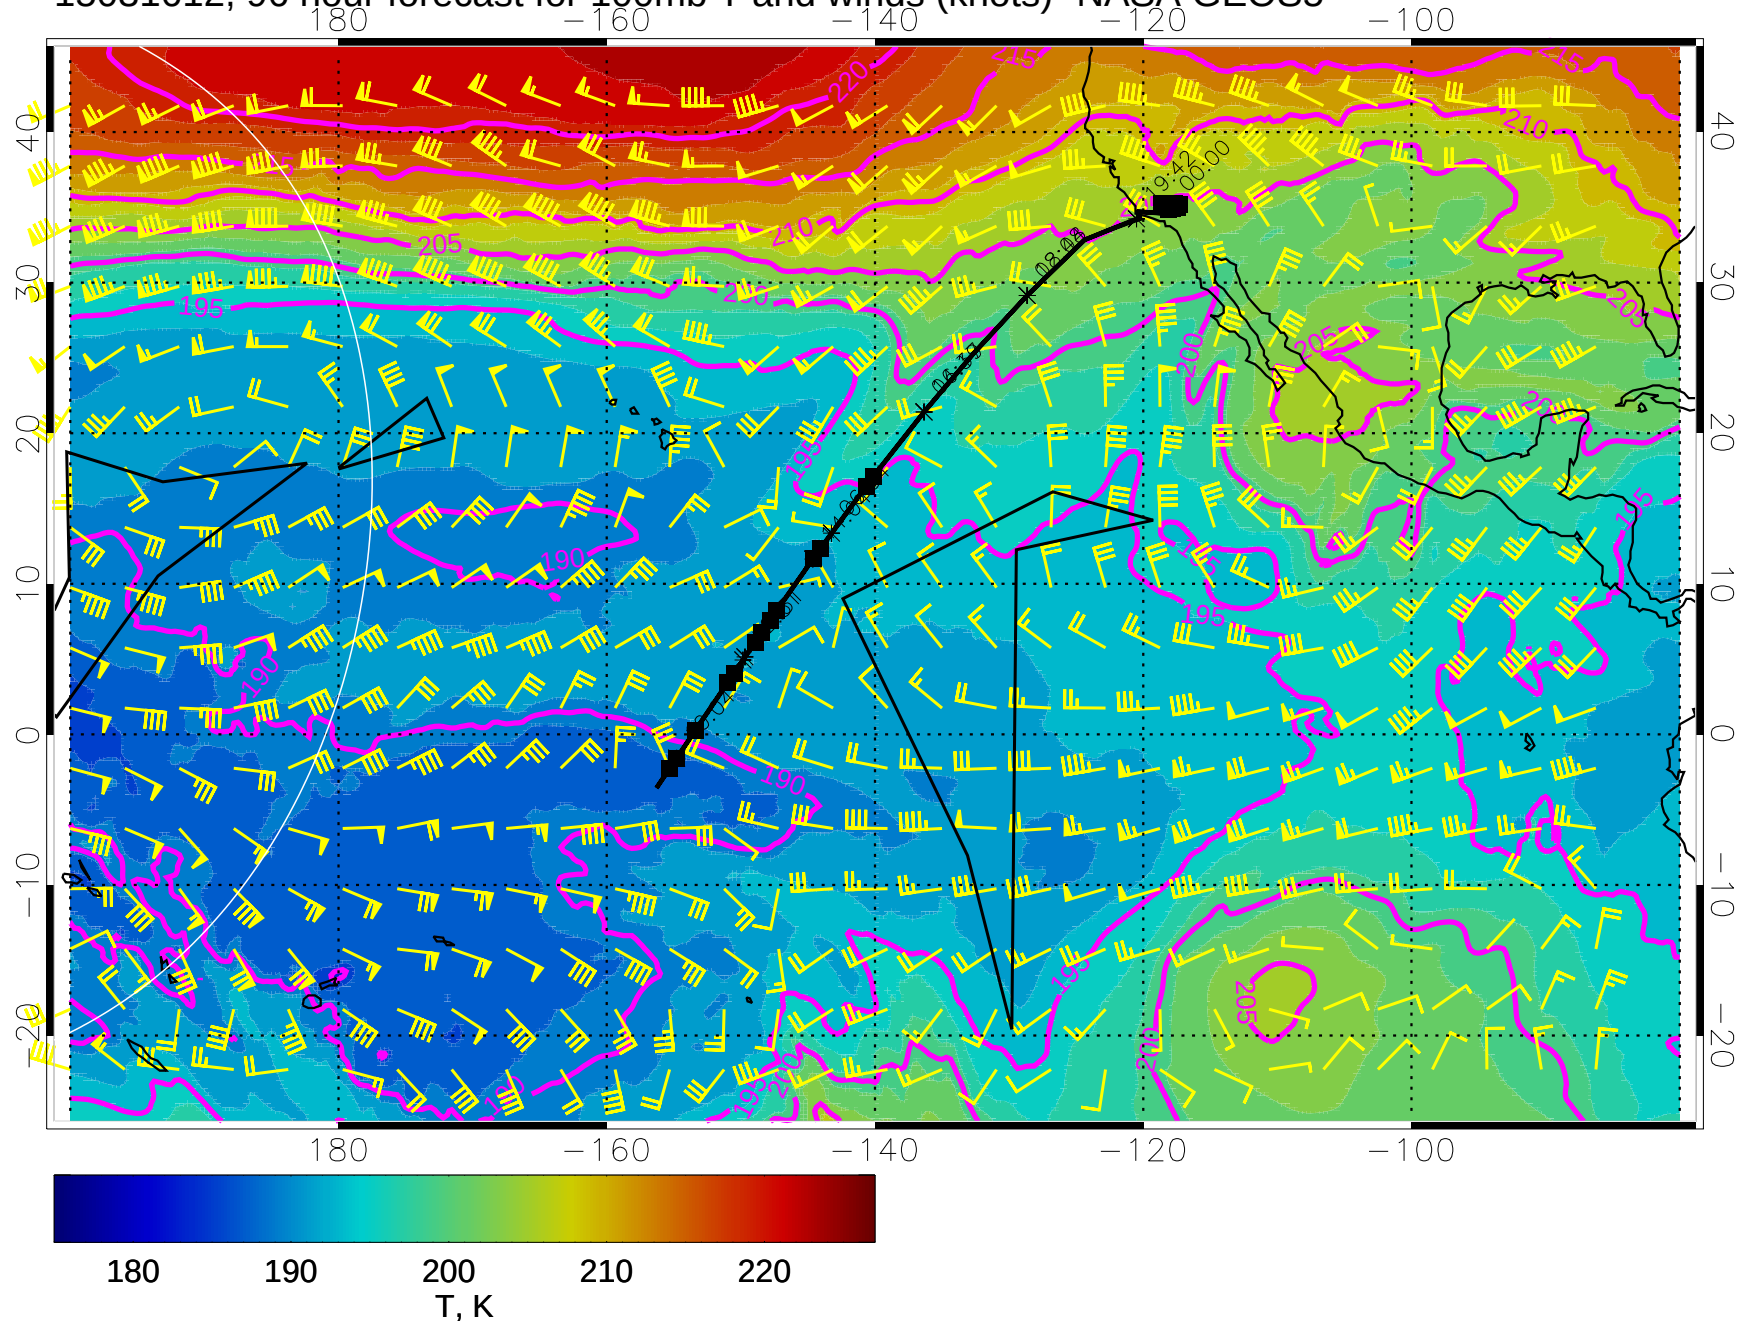

15031600, 84 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031606, 90 hour forecast for 100mb T and winds (knots)- NASA GEOS5

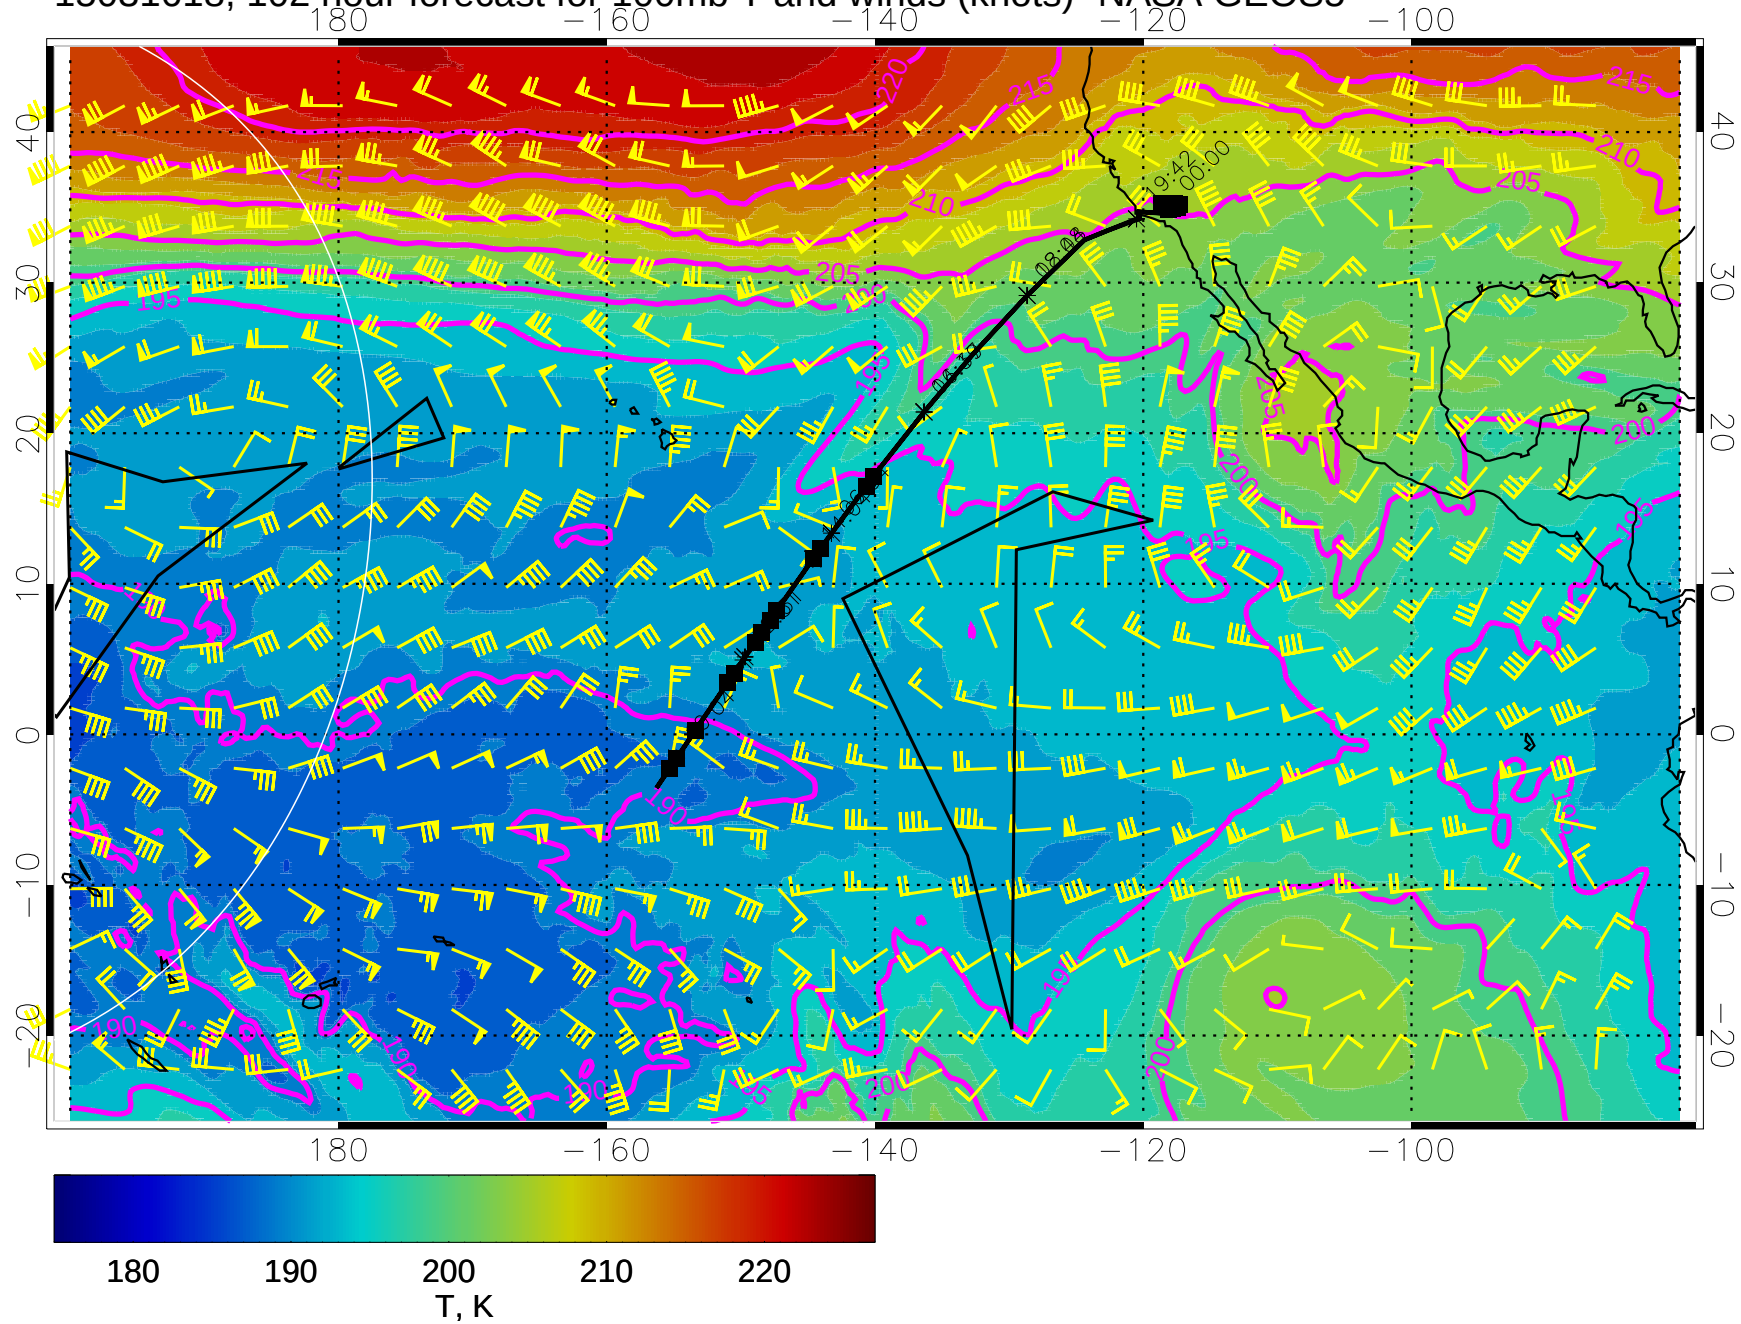

15031612, 96 hour forecast for 100mb T and winds (knots)- NASA GEOS5

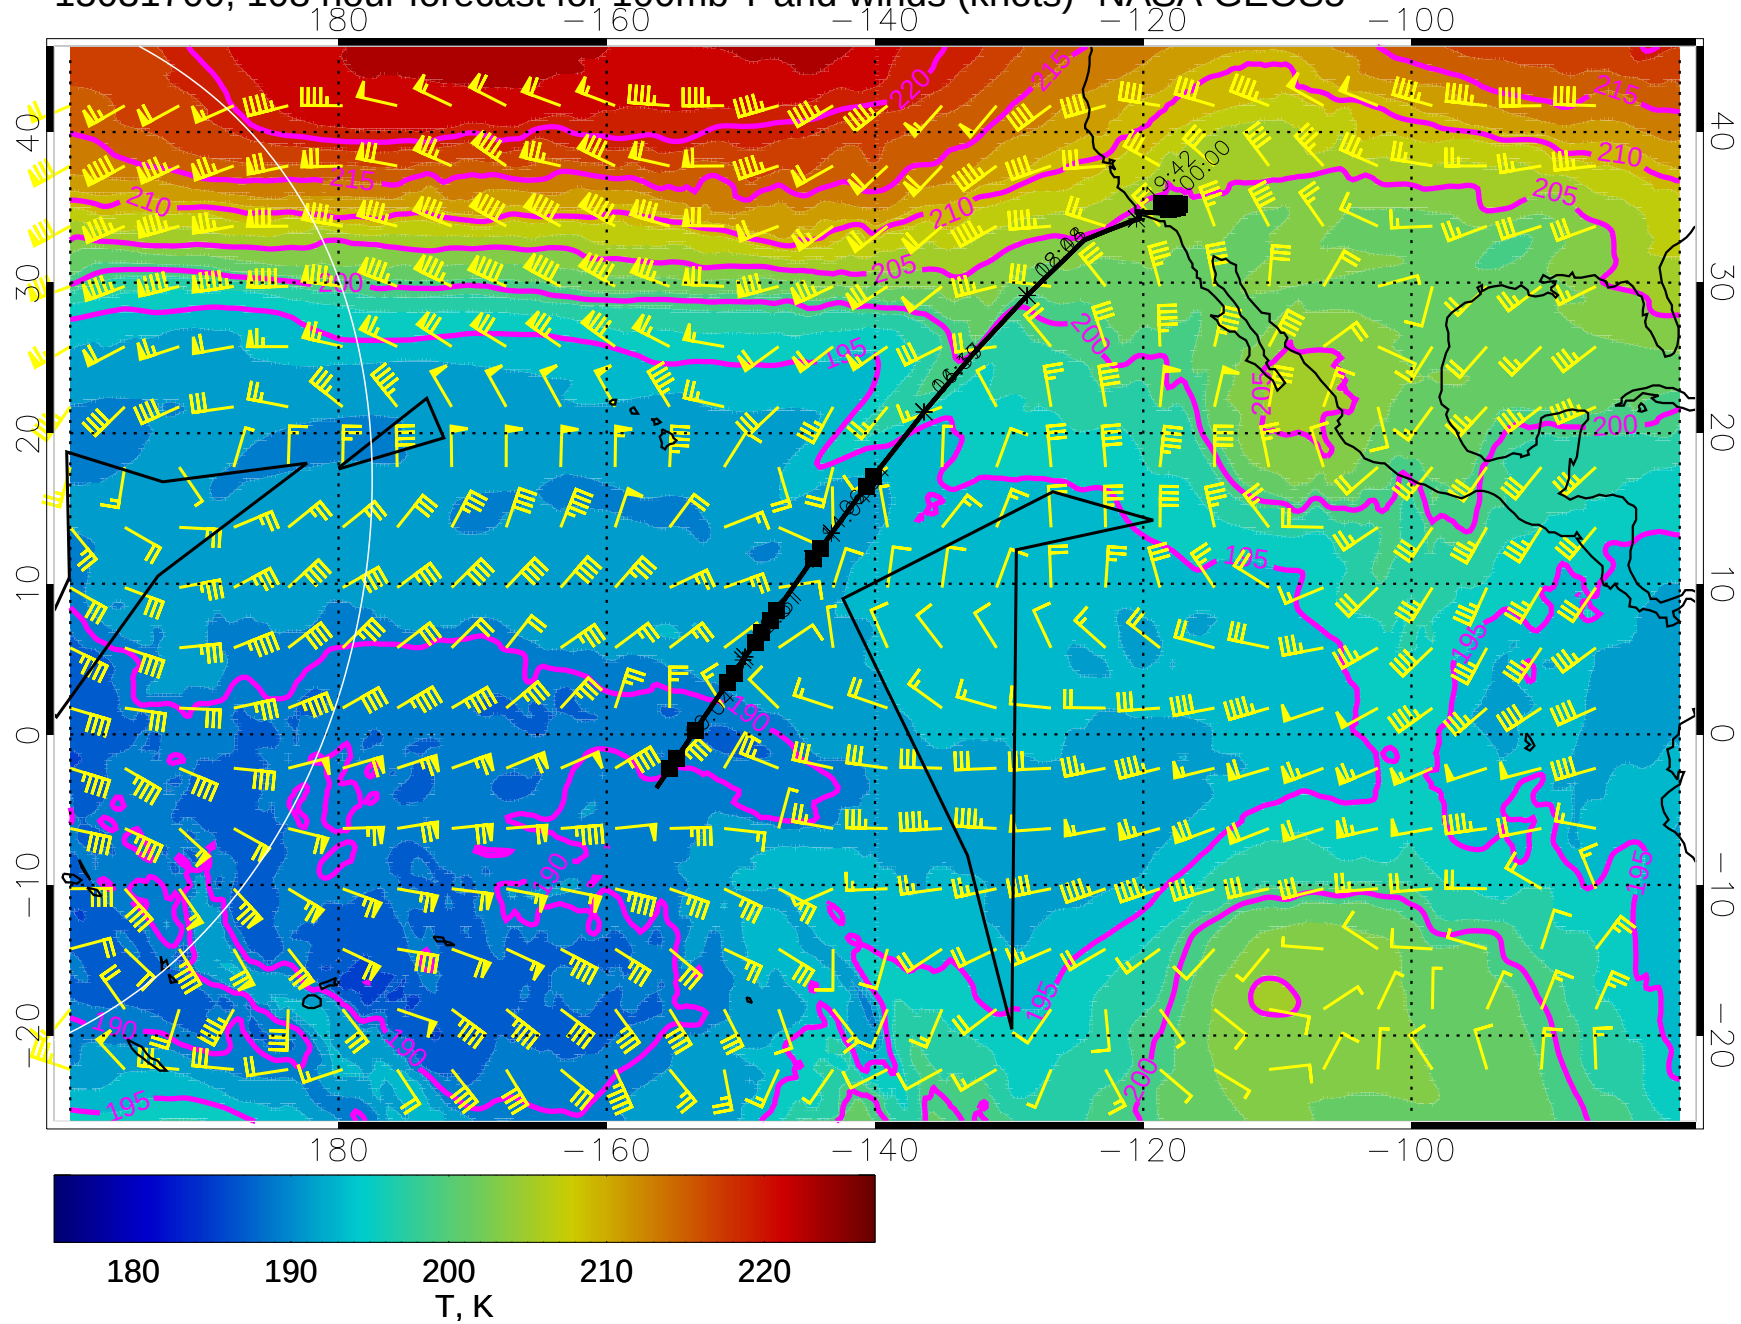

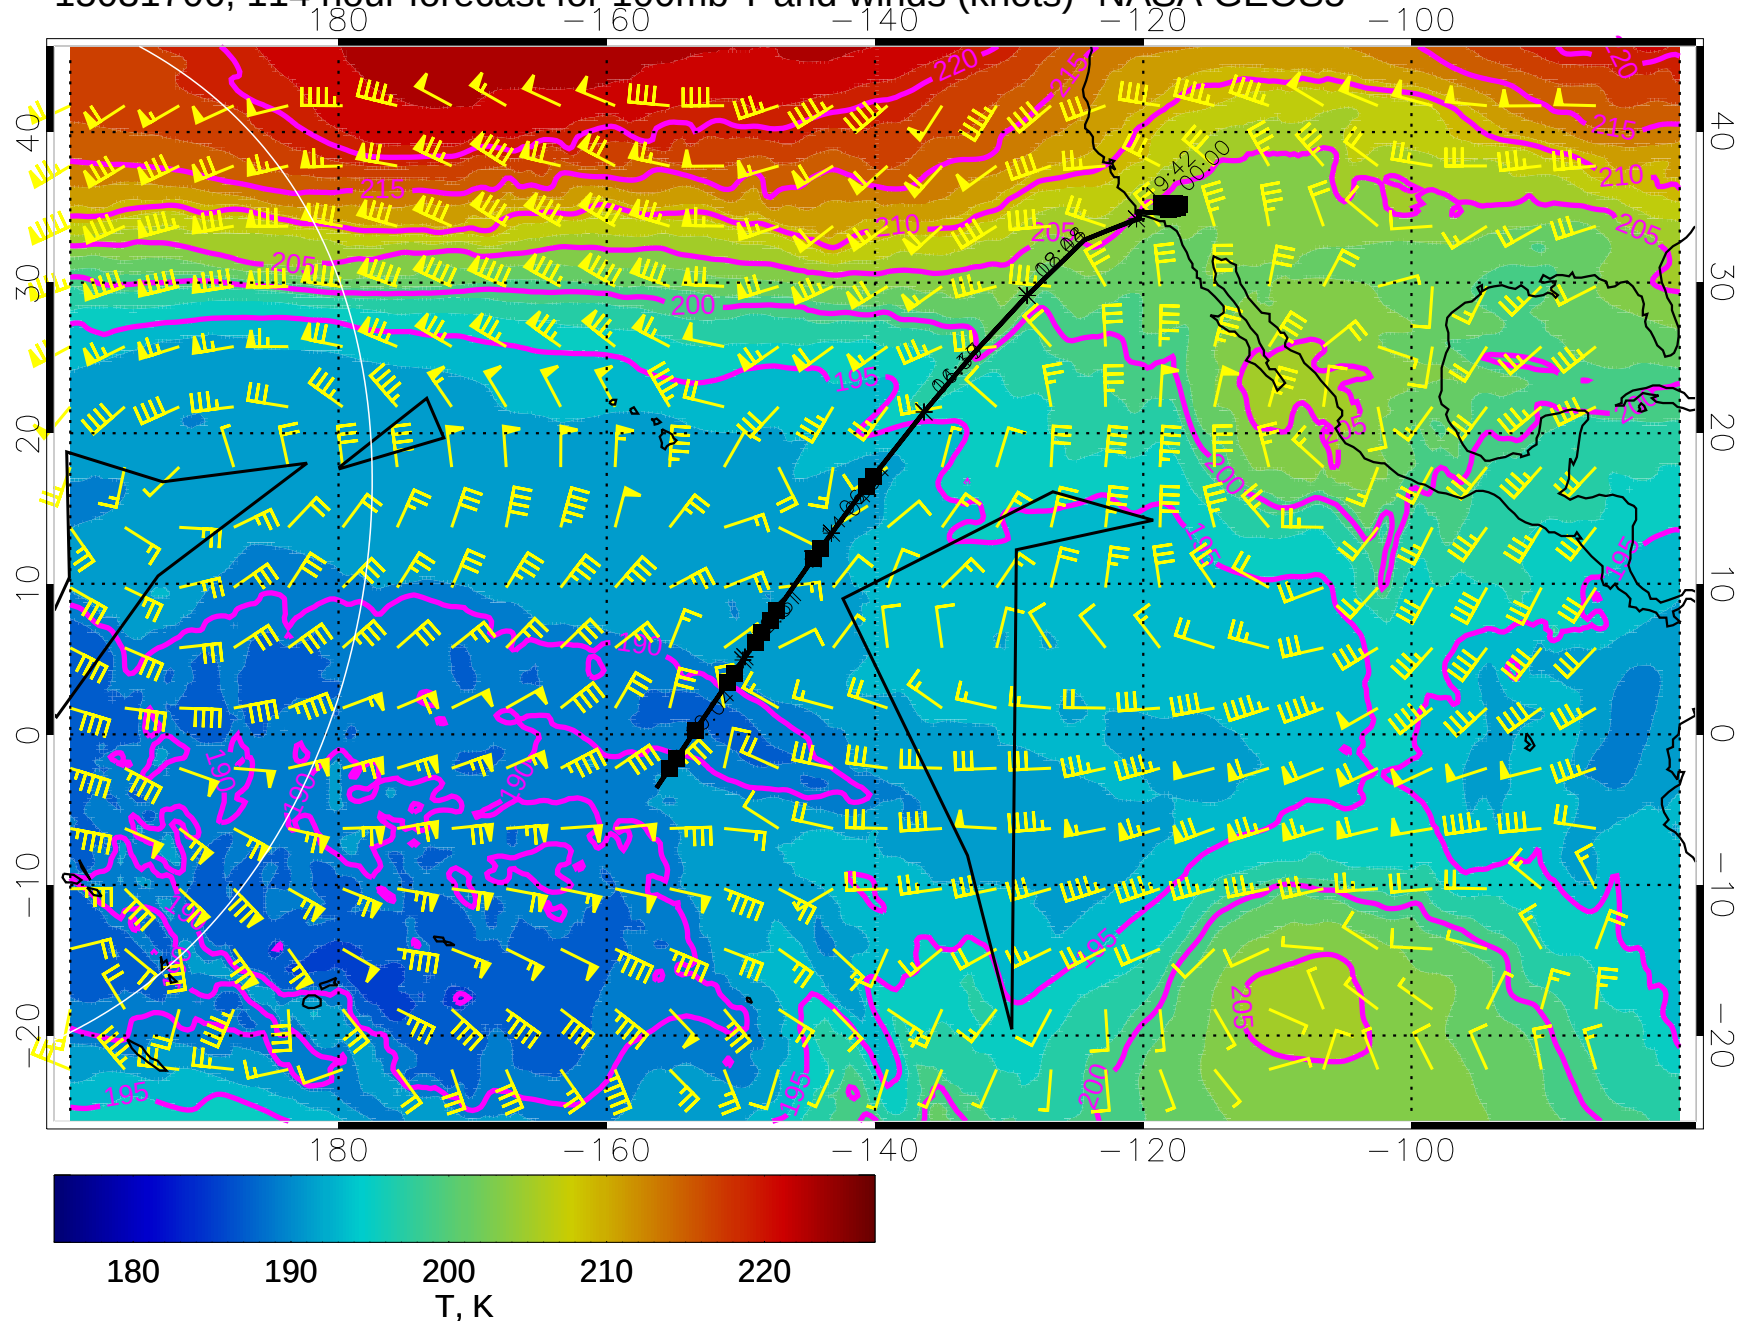

15031618, 102 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031700, 108 hour forecast for 100mb T and winds (knots)- NASA GEOS5

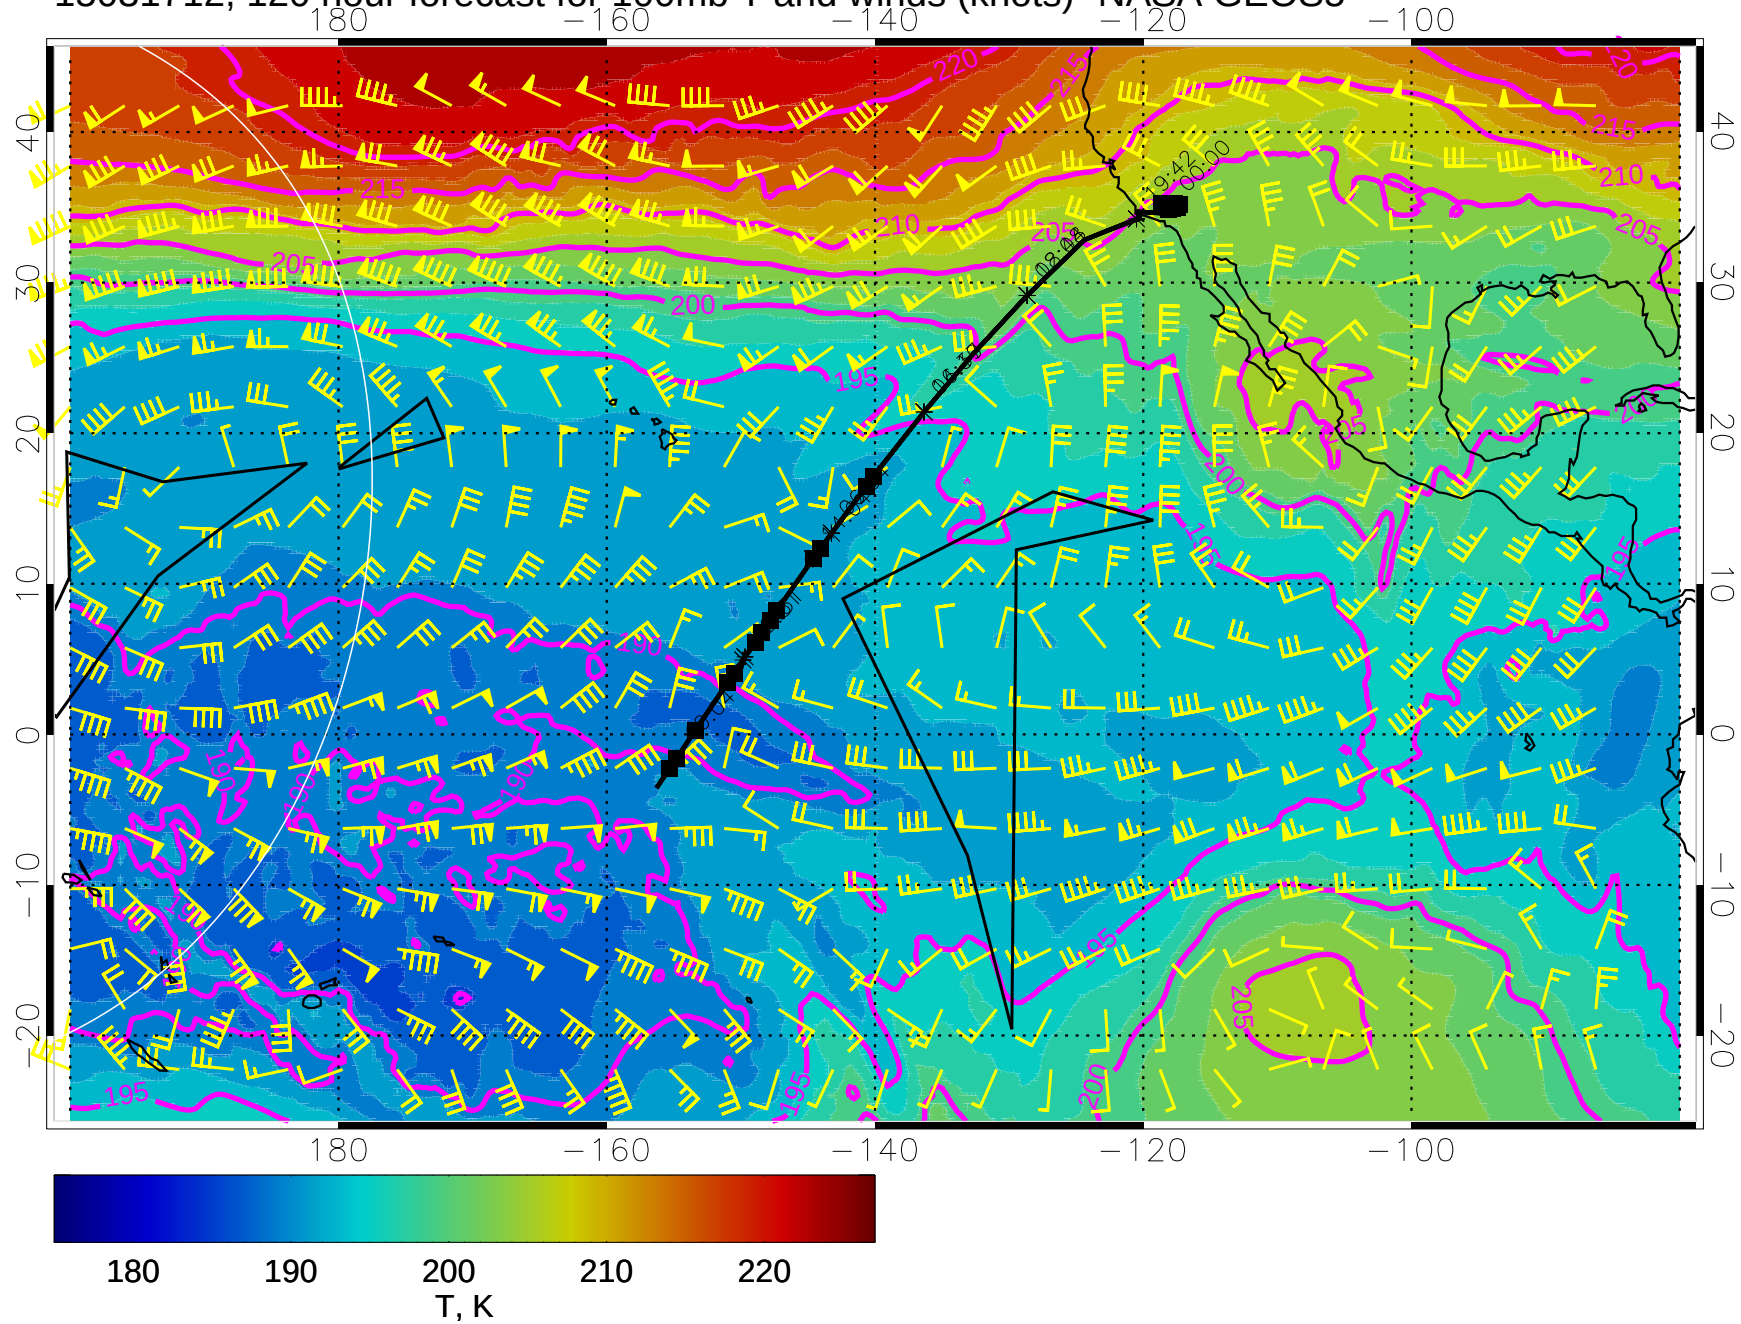

15031706, 114 hour forecast for 100mb T and winds (knots)- NASA GEOS5

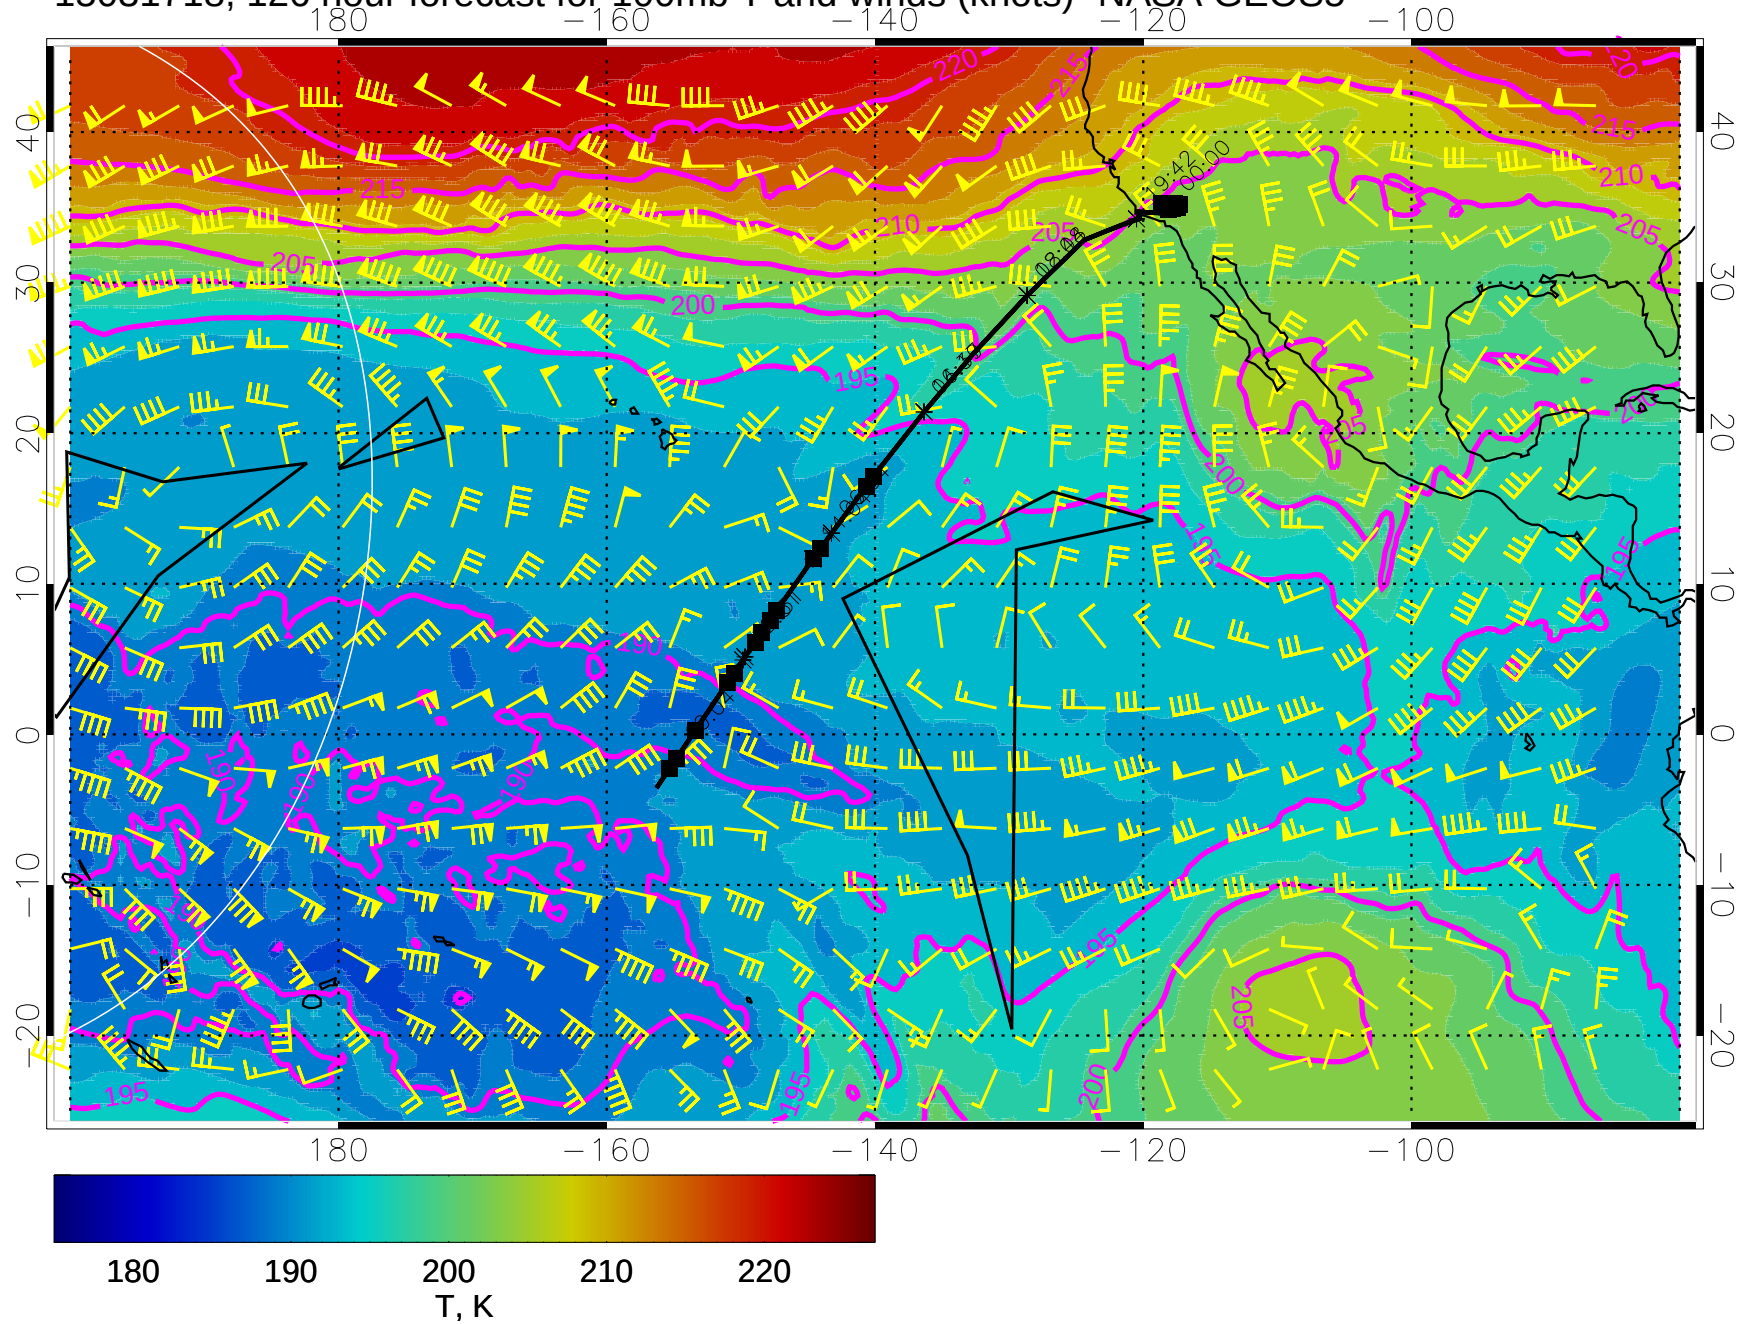

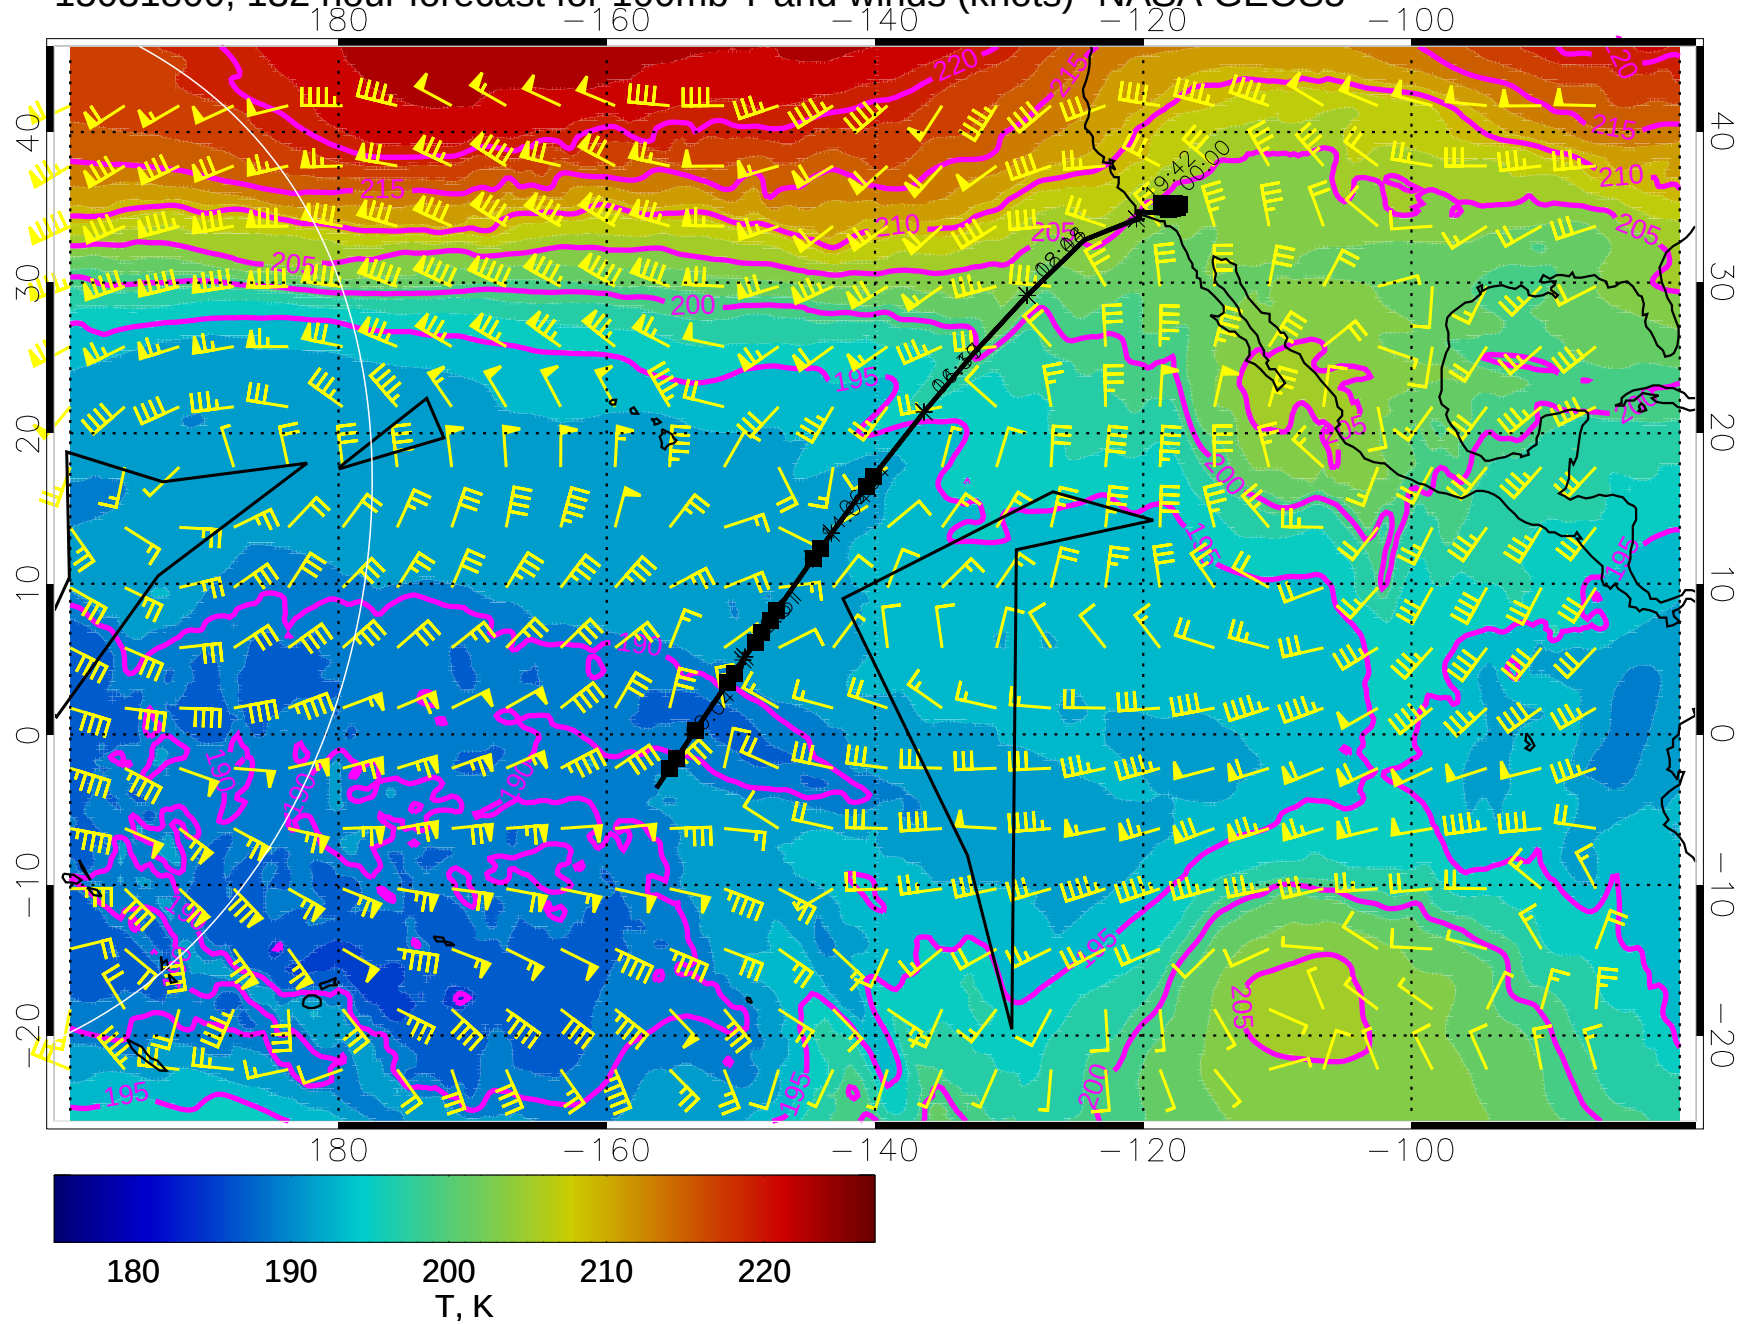

15031712, 120 hour forecast for 100mb T and winds (knots)- NASA GEOS5

15031718, 126 hour forecast for 100mb T and winds (knots)- NASA GEOS5

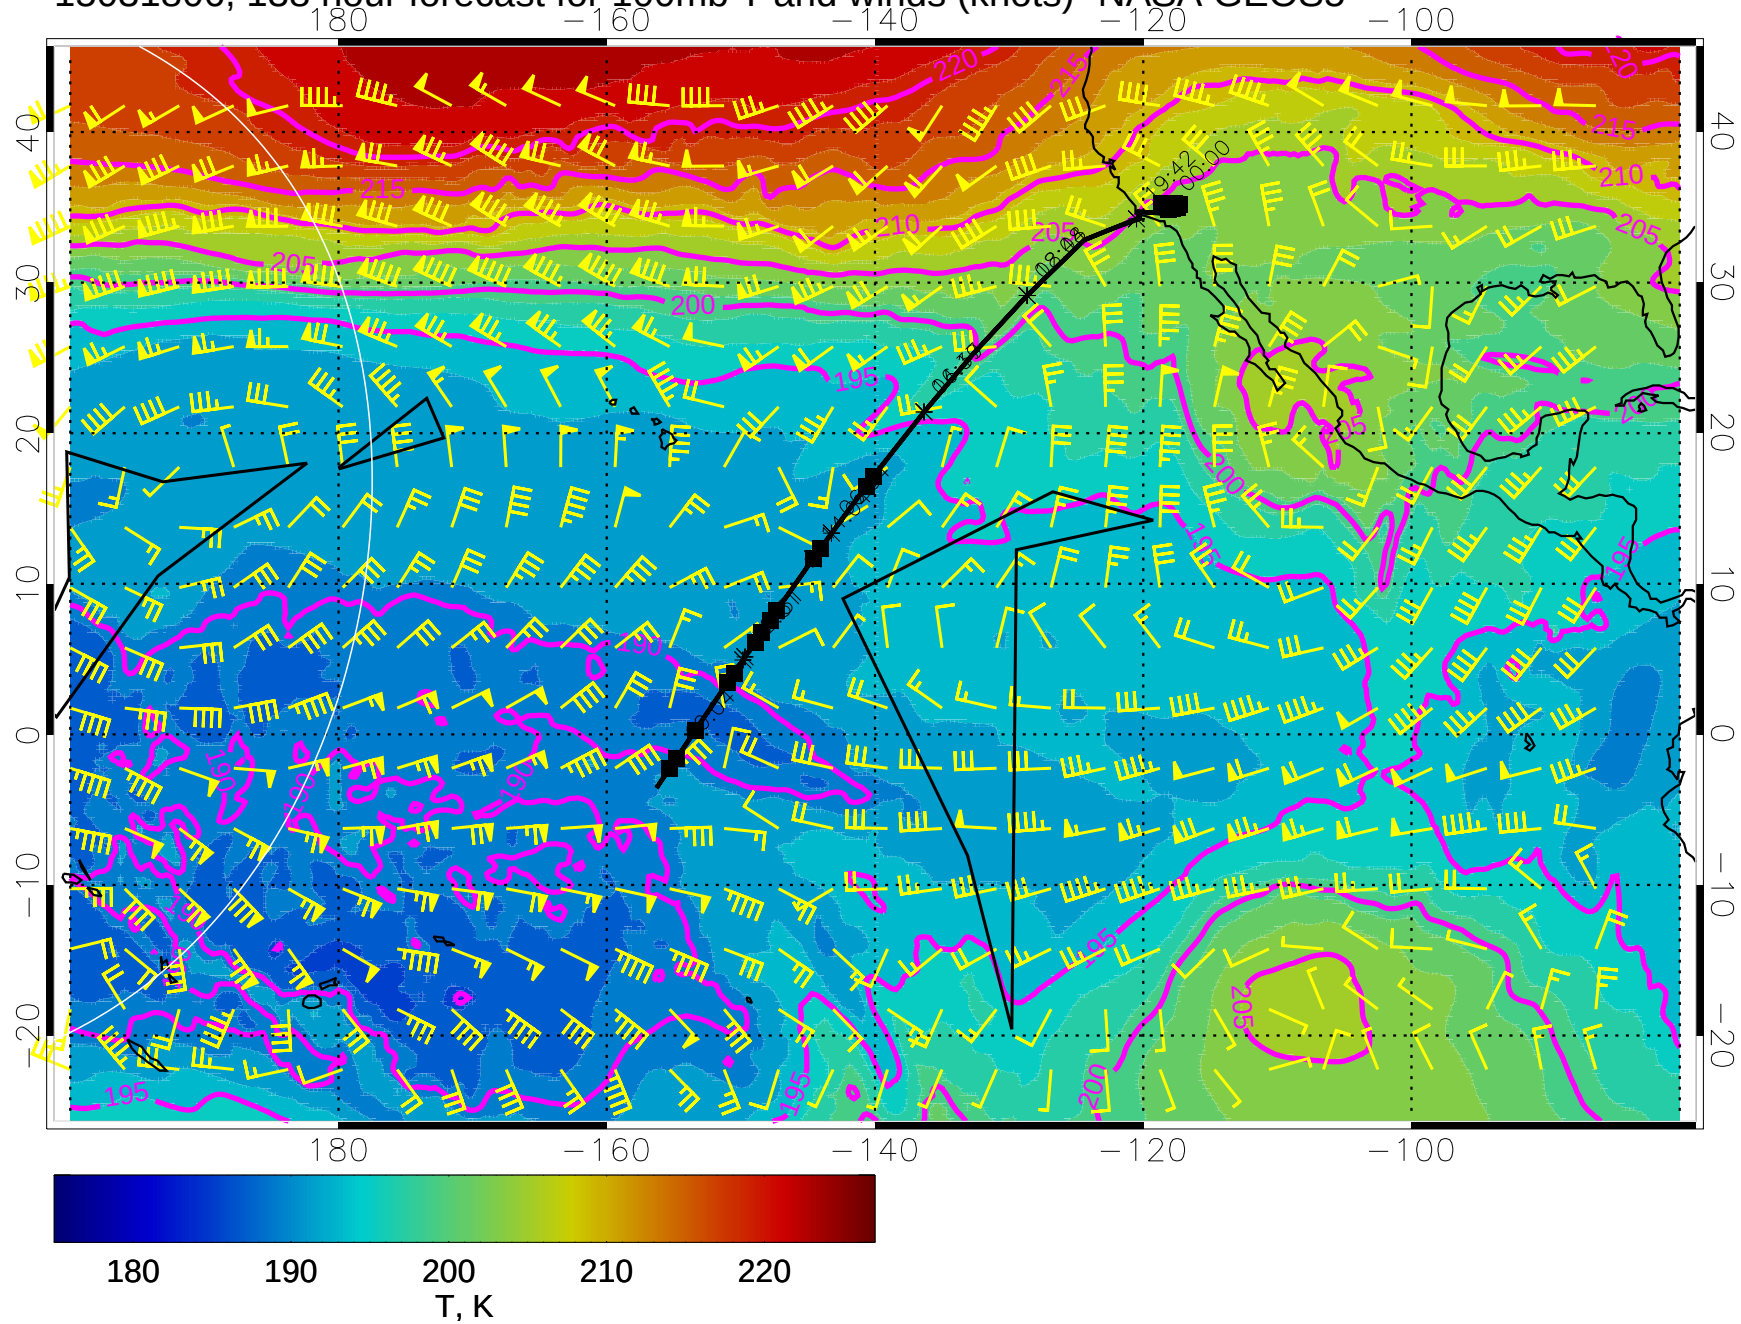

15031800, 132 hour forecast for 100mb T and winds (knots)- NASA GEOS5
