

15030718, 6 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15030800, 12 hour forecast for 120mb T and winds (knots) - NASA GEOS5

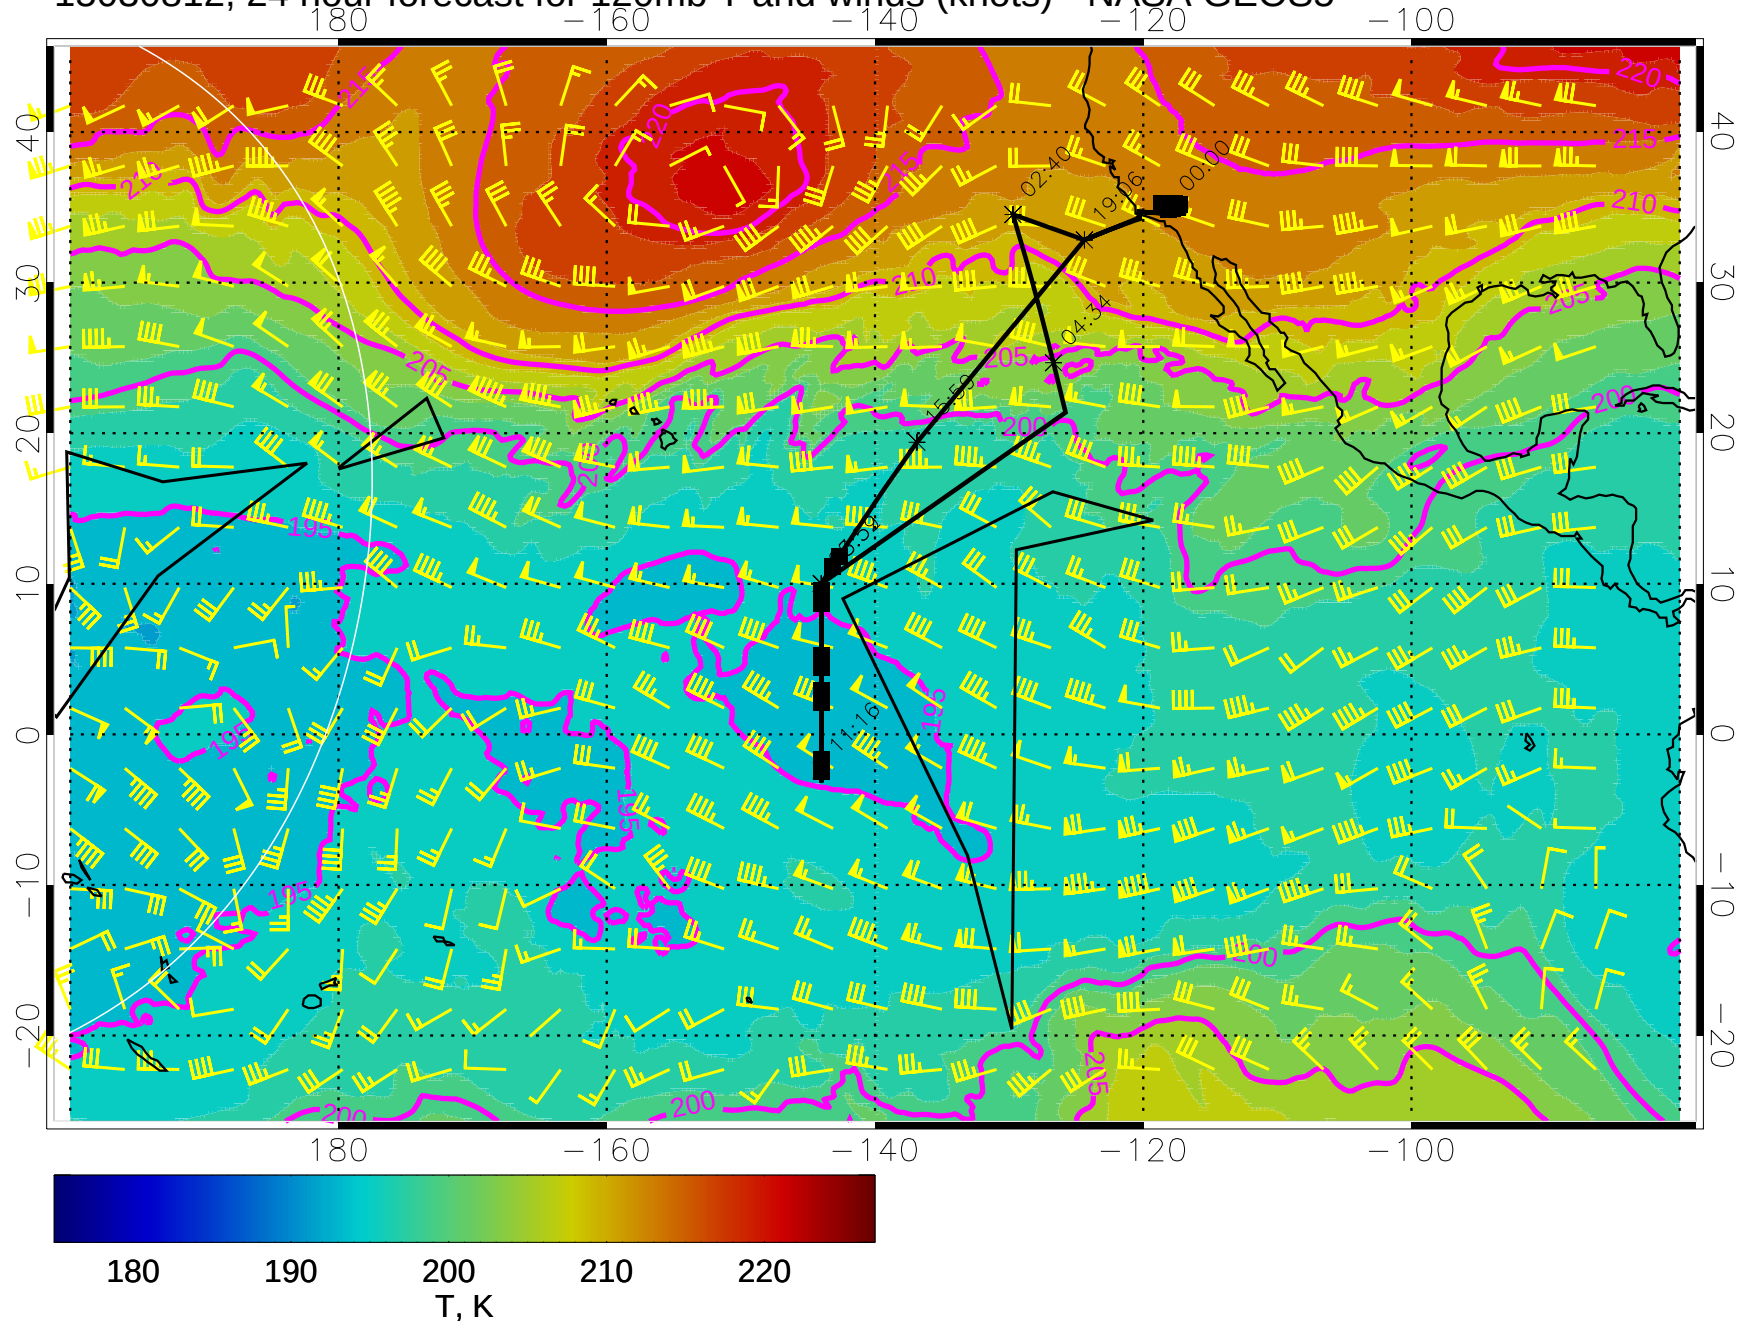

15030806, 18 hour forecast for 120mb T and winds (knots) - NASA GEOS5

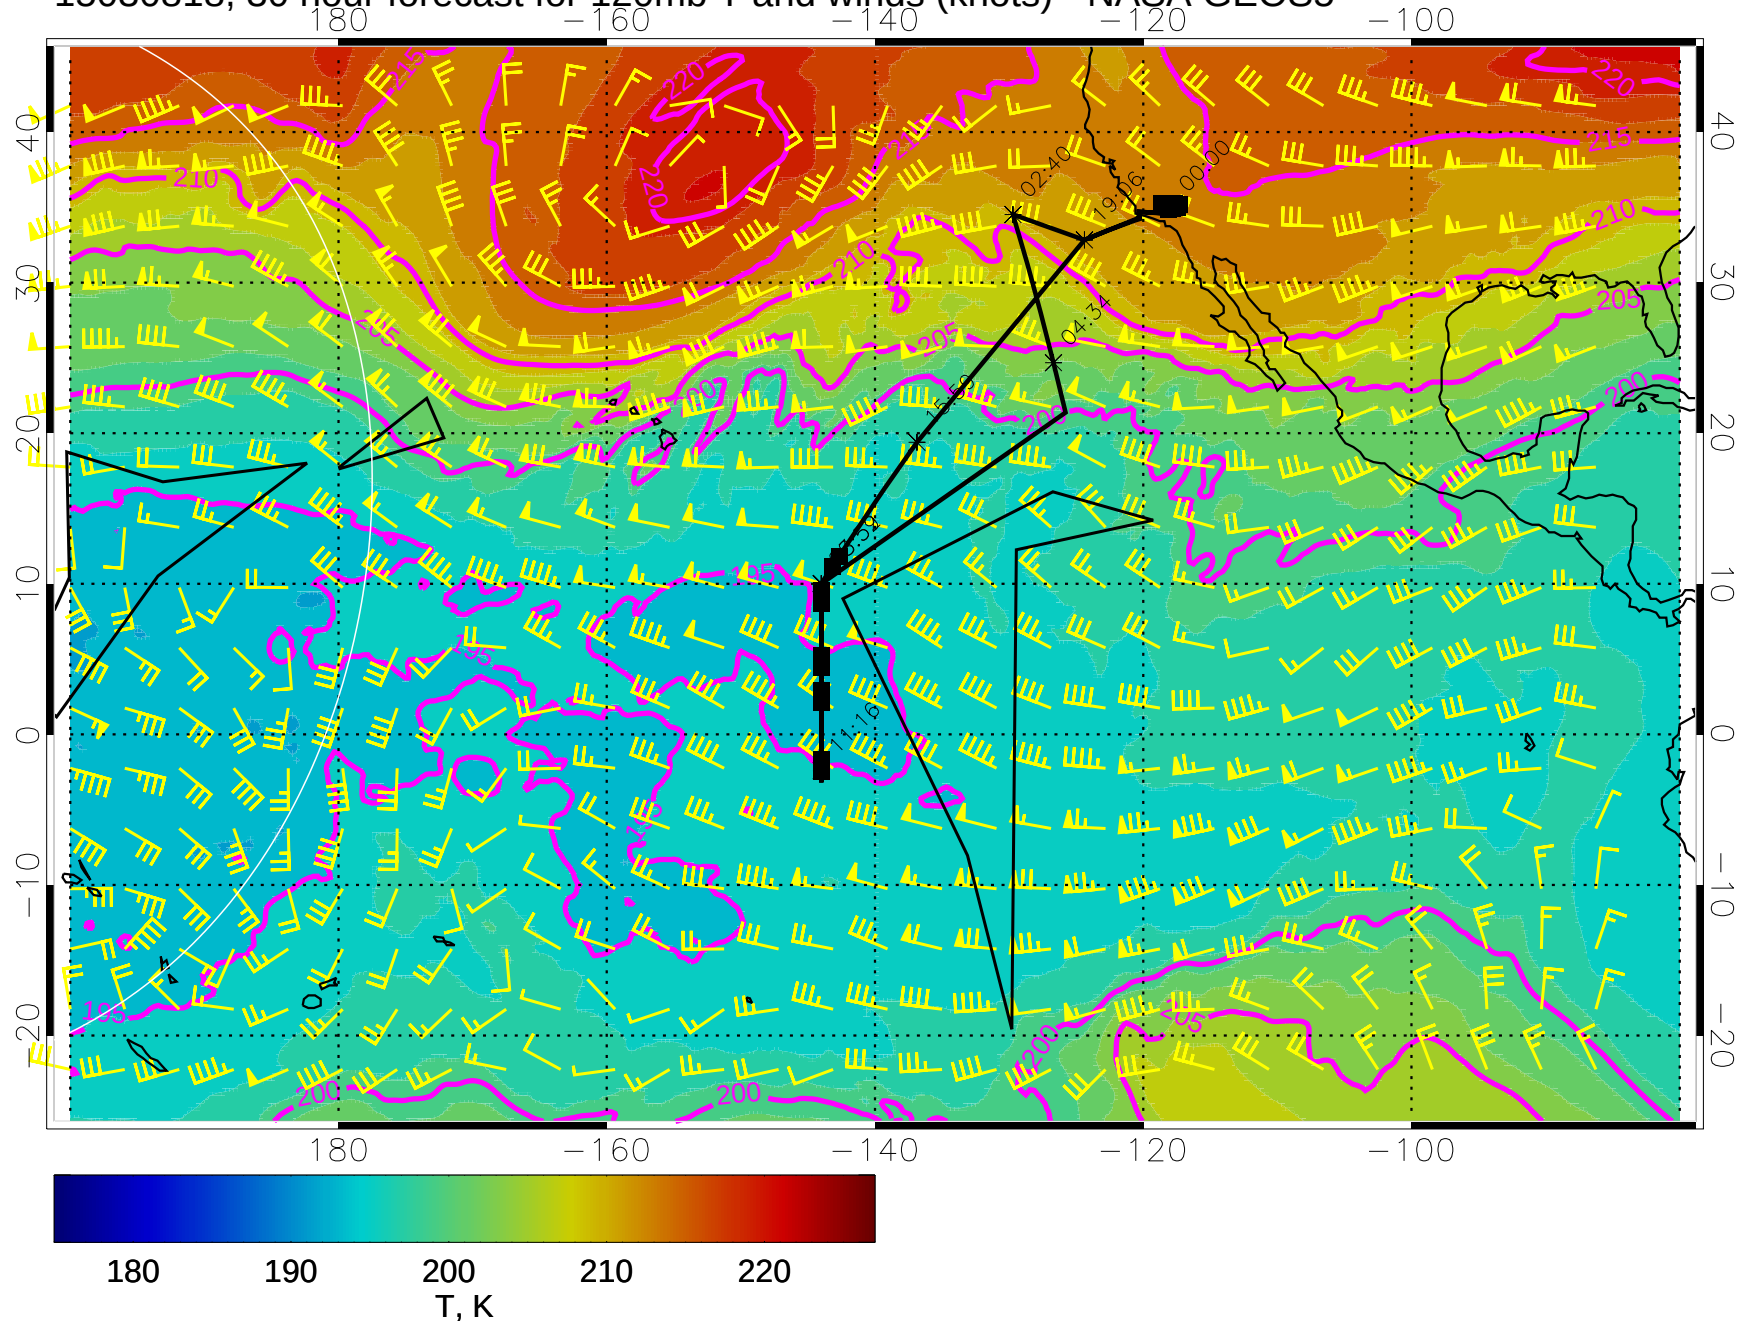

15030812, 24 hour forecast for 120mb T and winds (knots) - NASA GEOS5

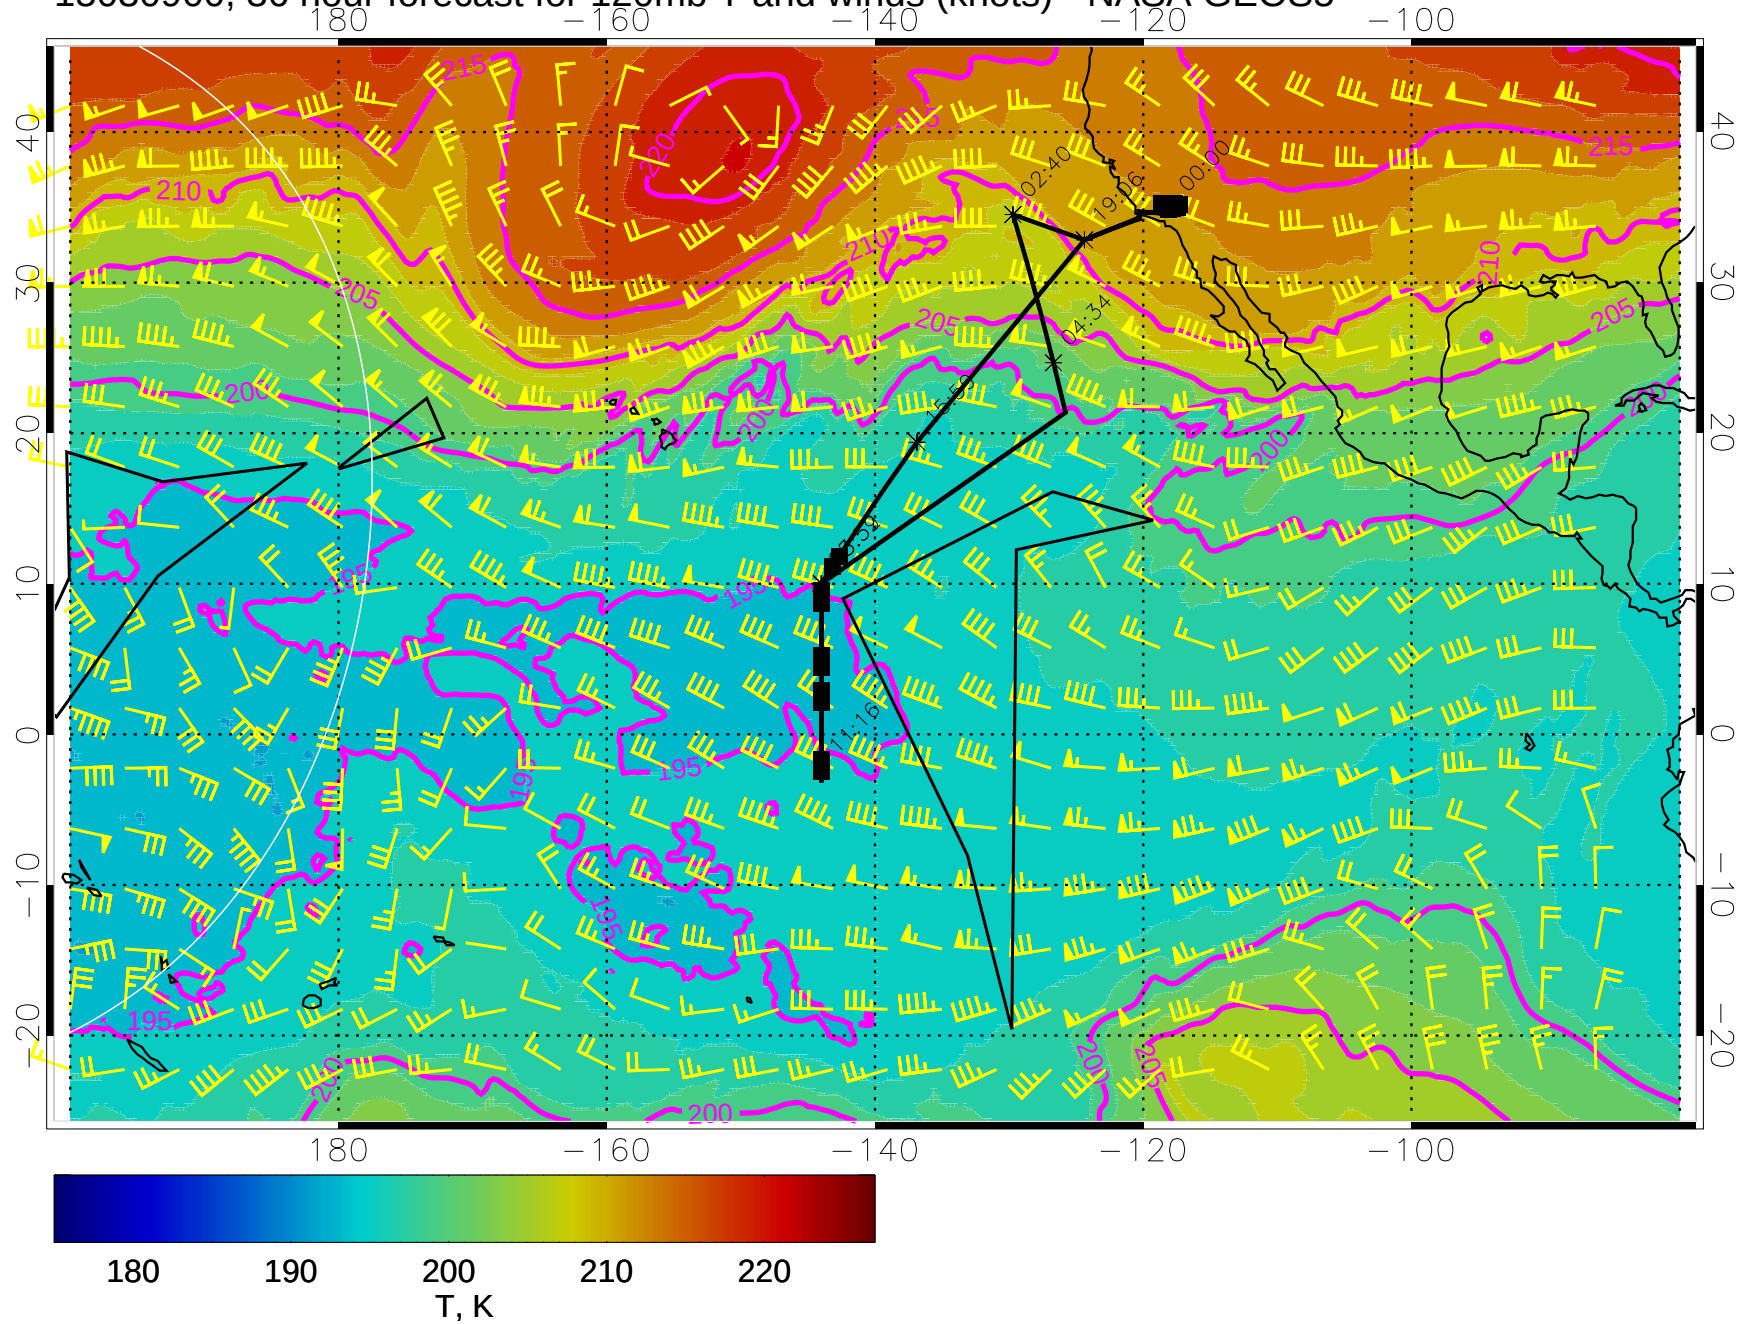

15030818, 30 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15030900, 36 hour forecast for 120mb T and winds (knots) - NASA GEOS5

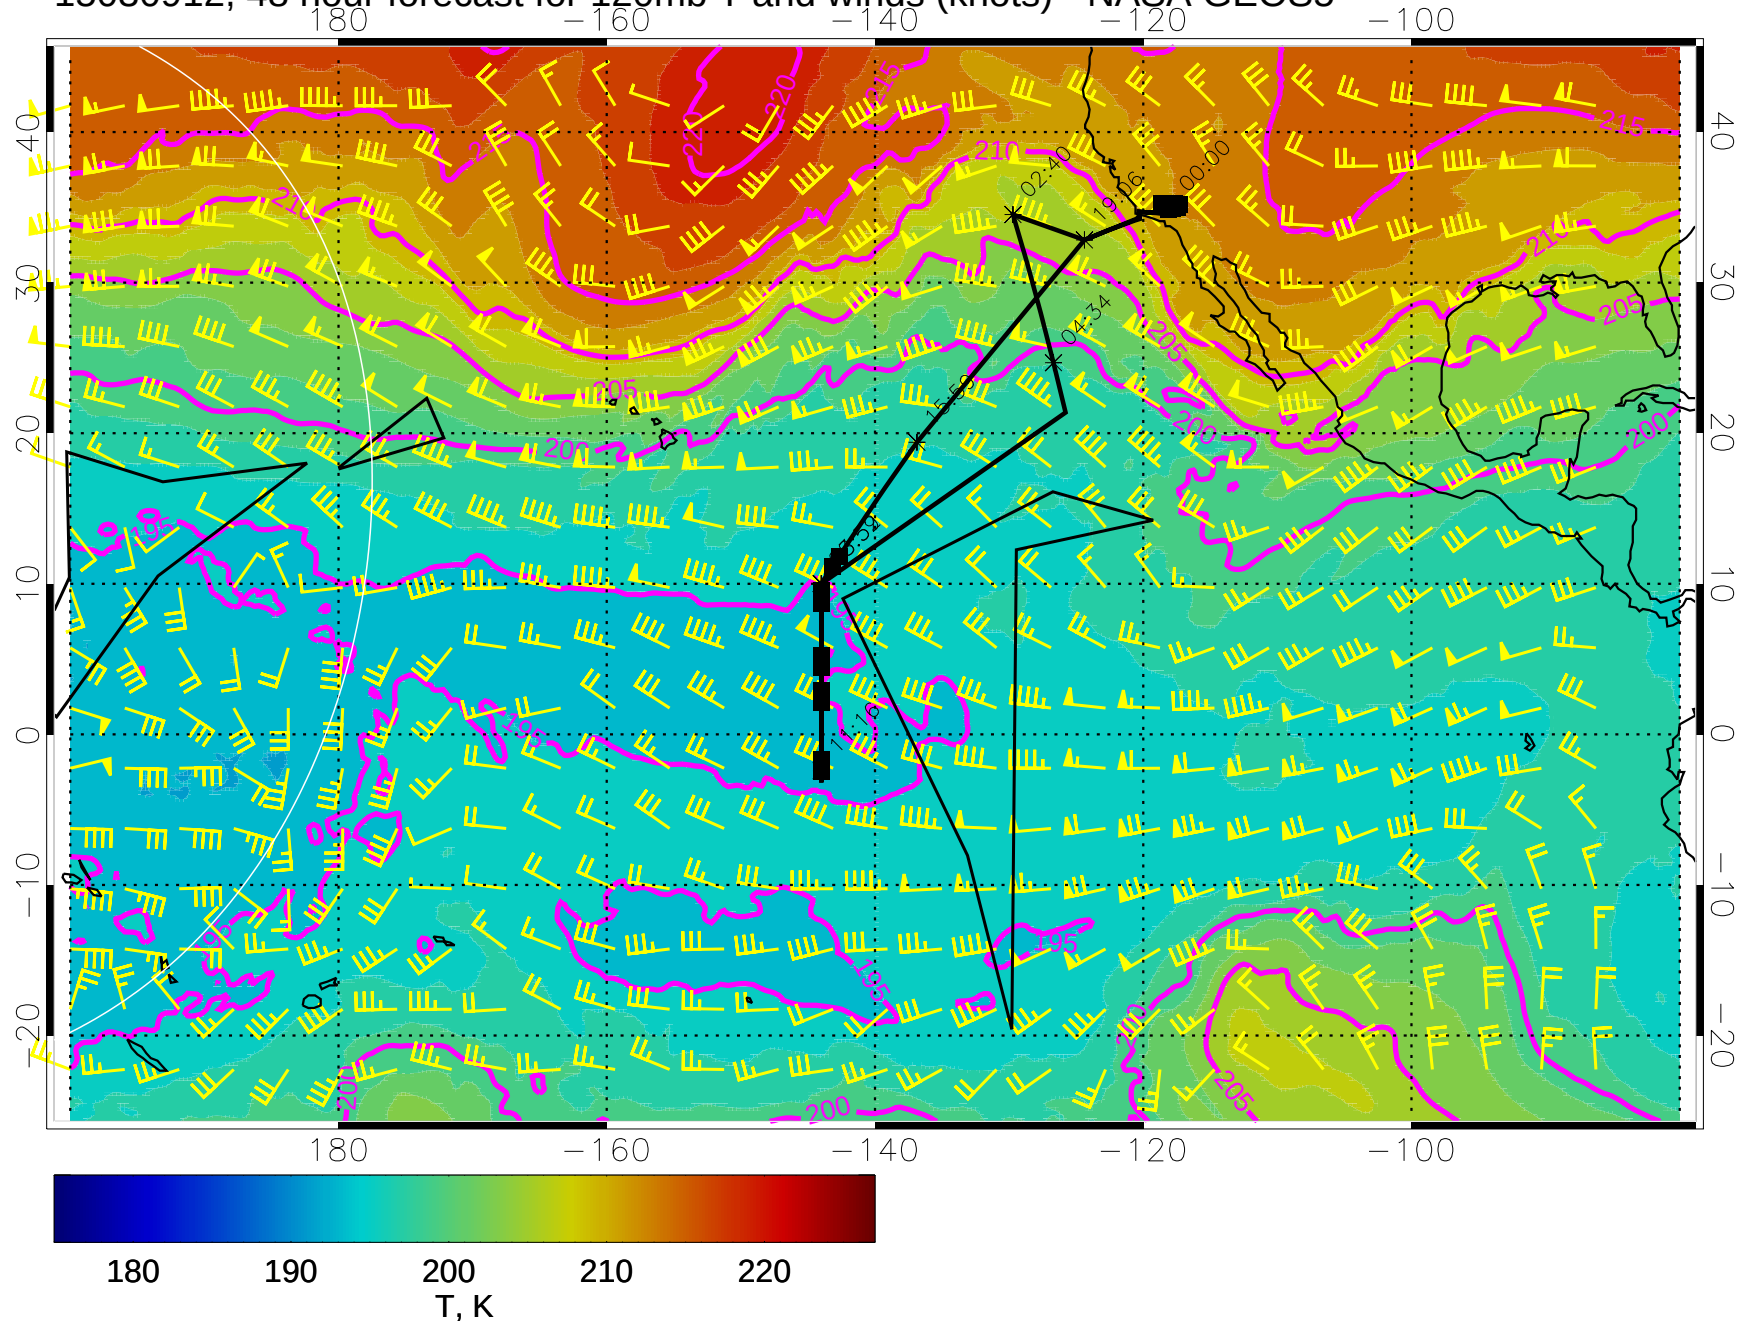

180                                      -160                                      -140                                      -120                                      -100

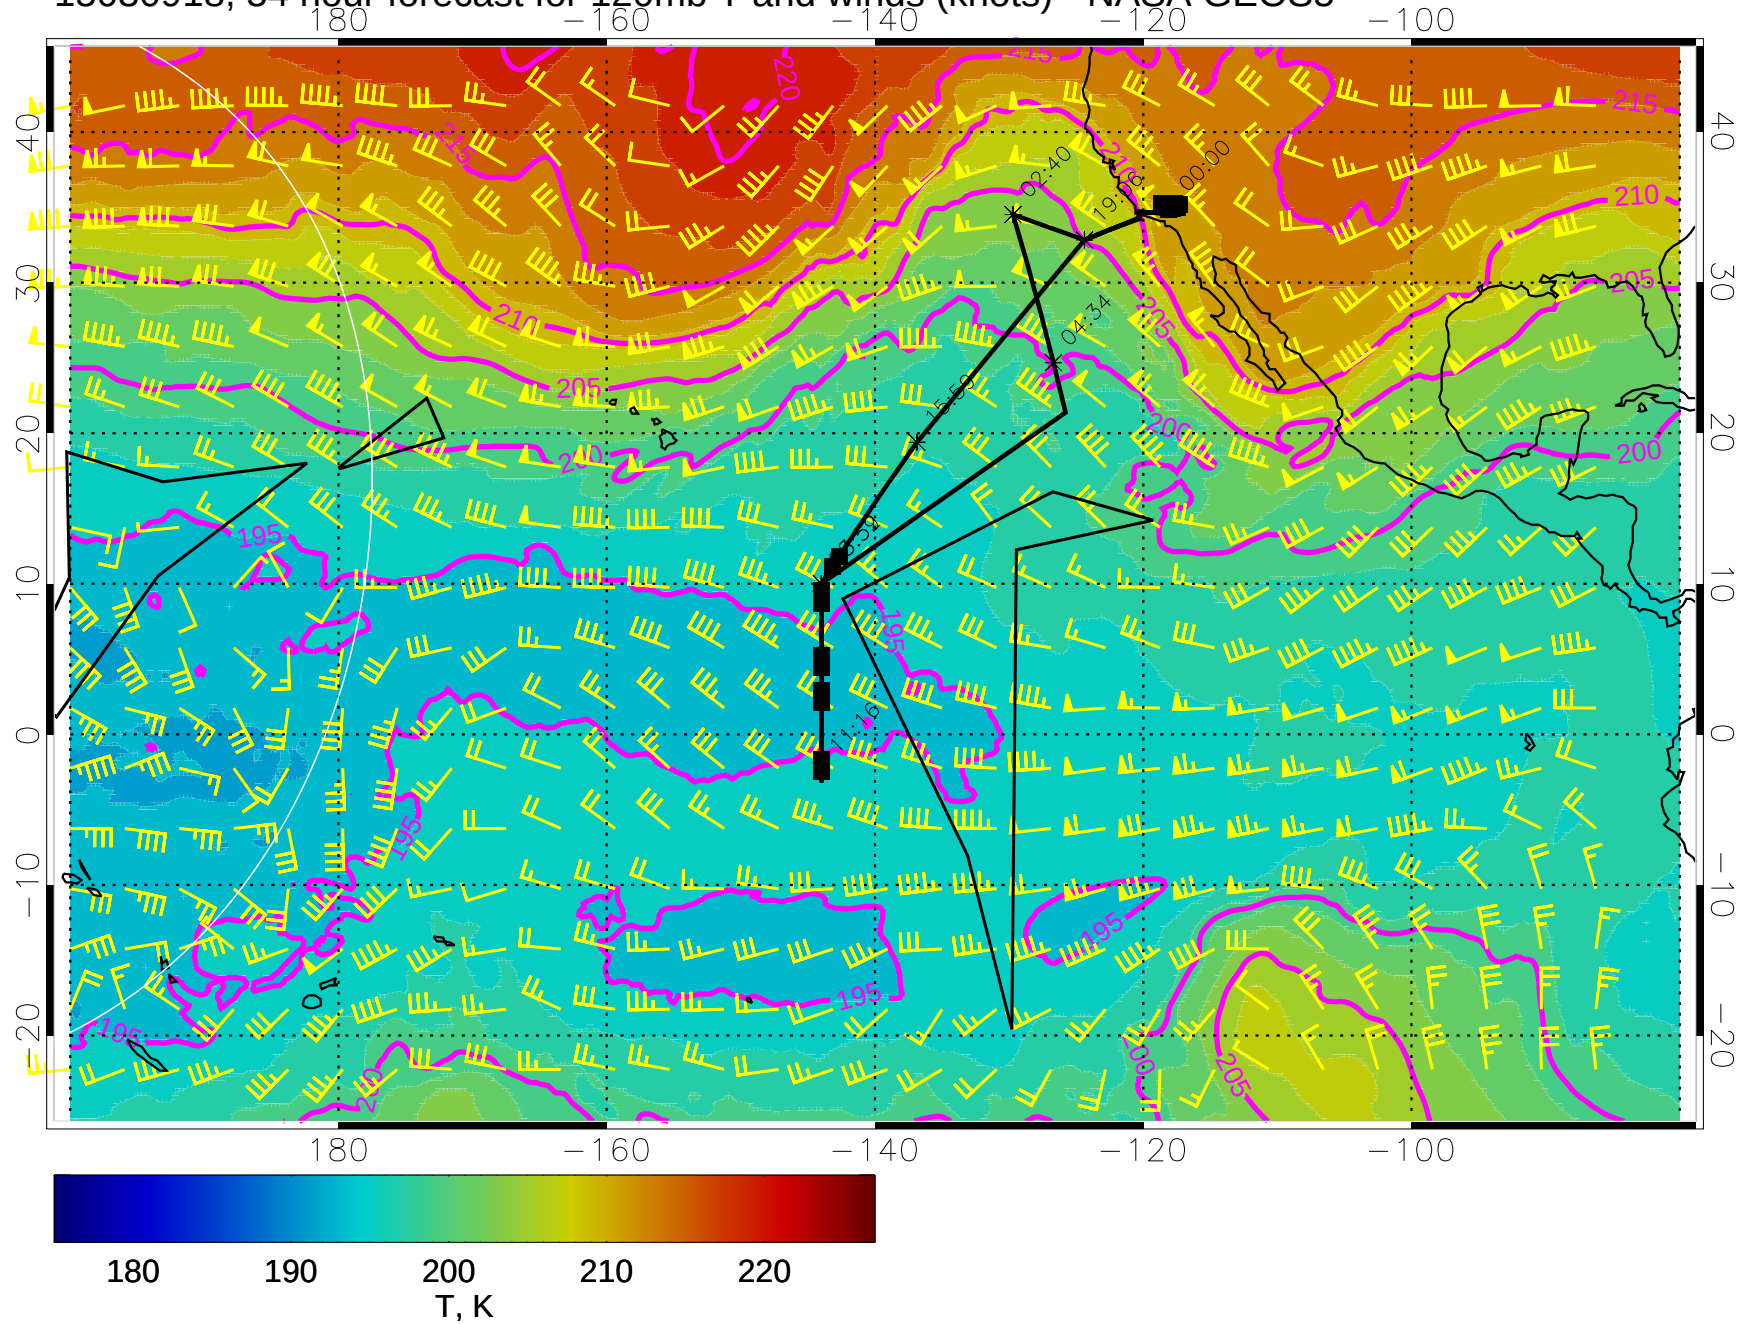

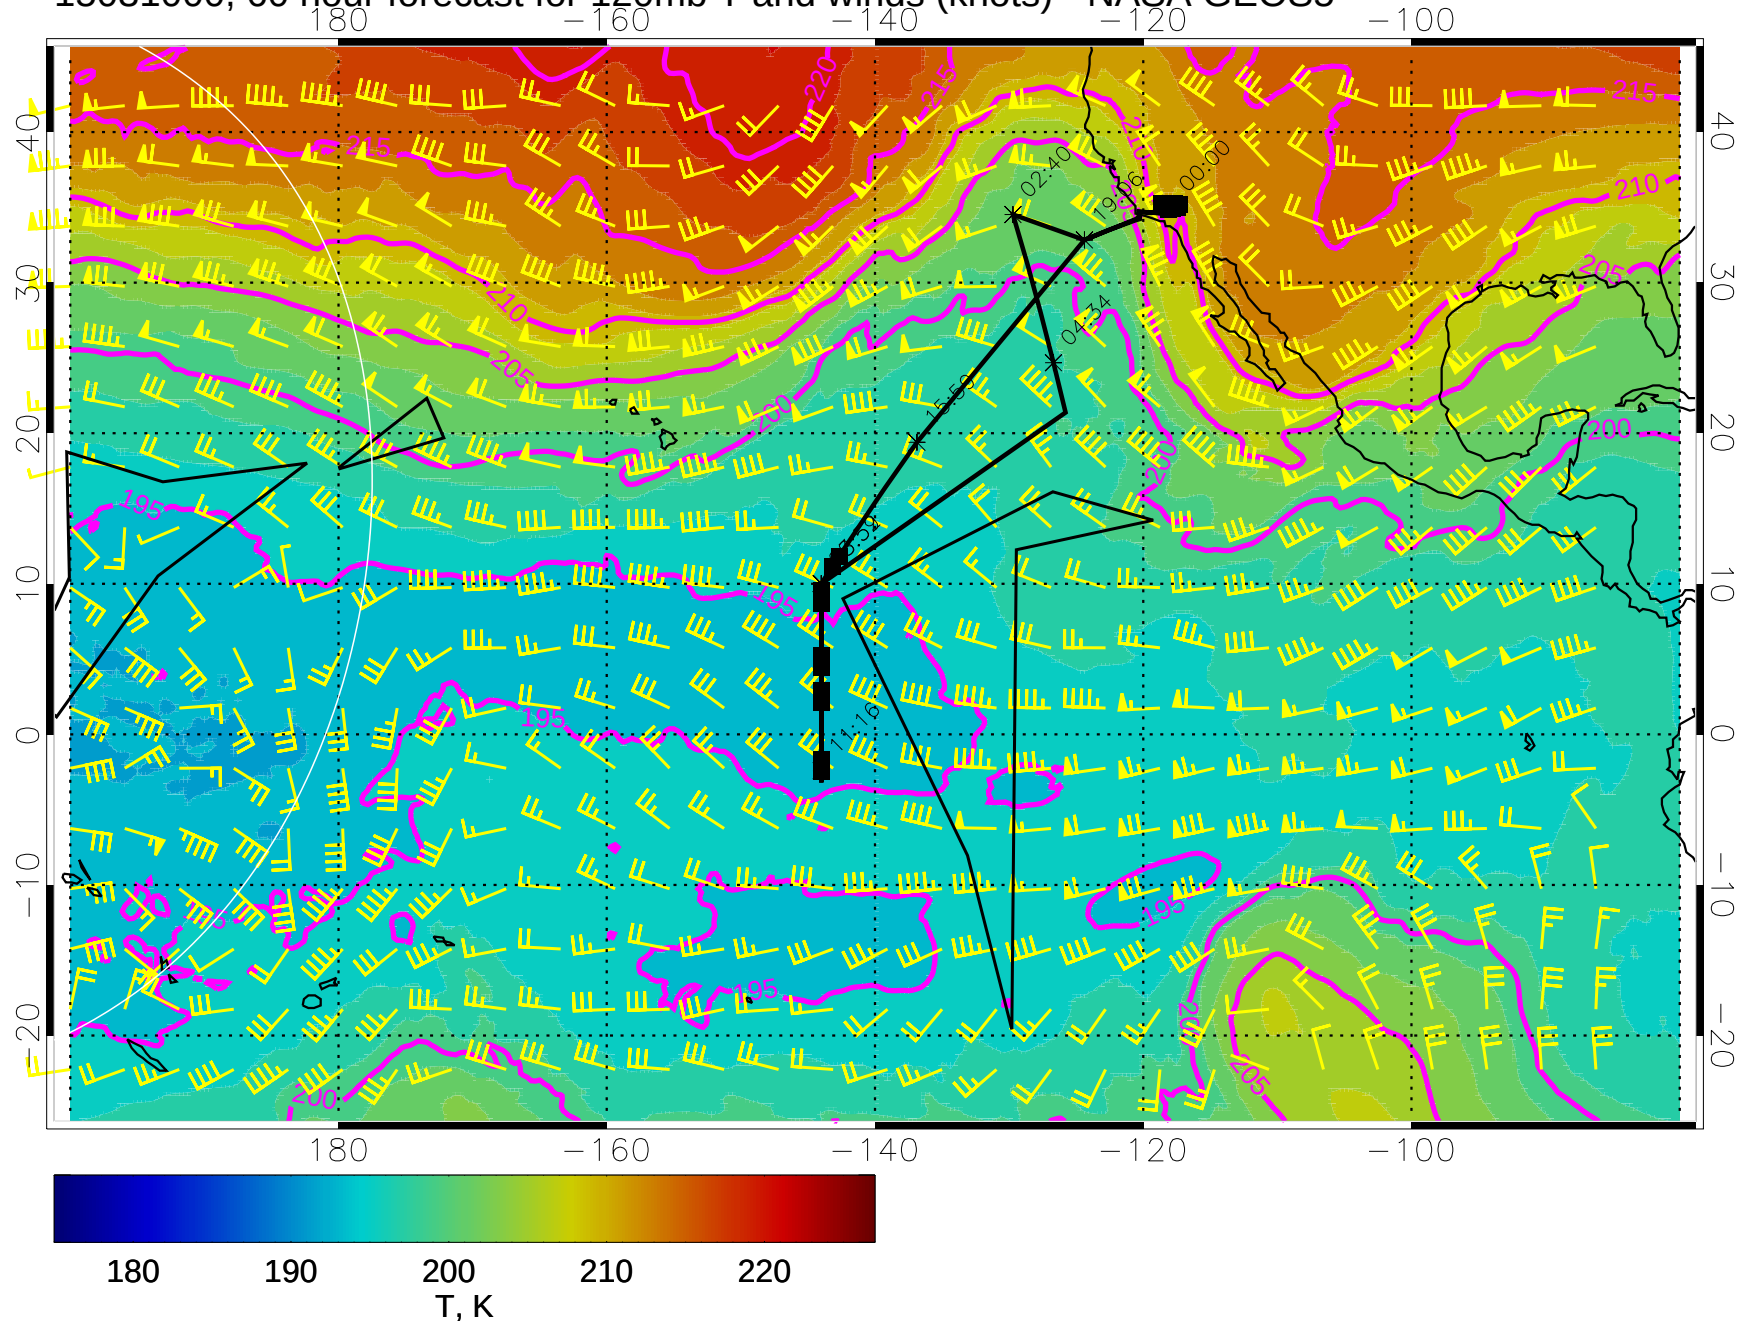

15030912, 48 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15030918, 54 hour forecast for 120mb T and winds (knots) - NASA GEOS5

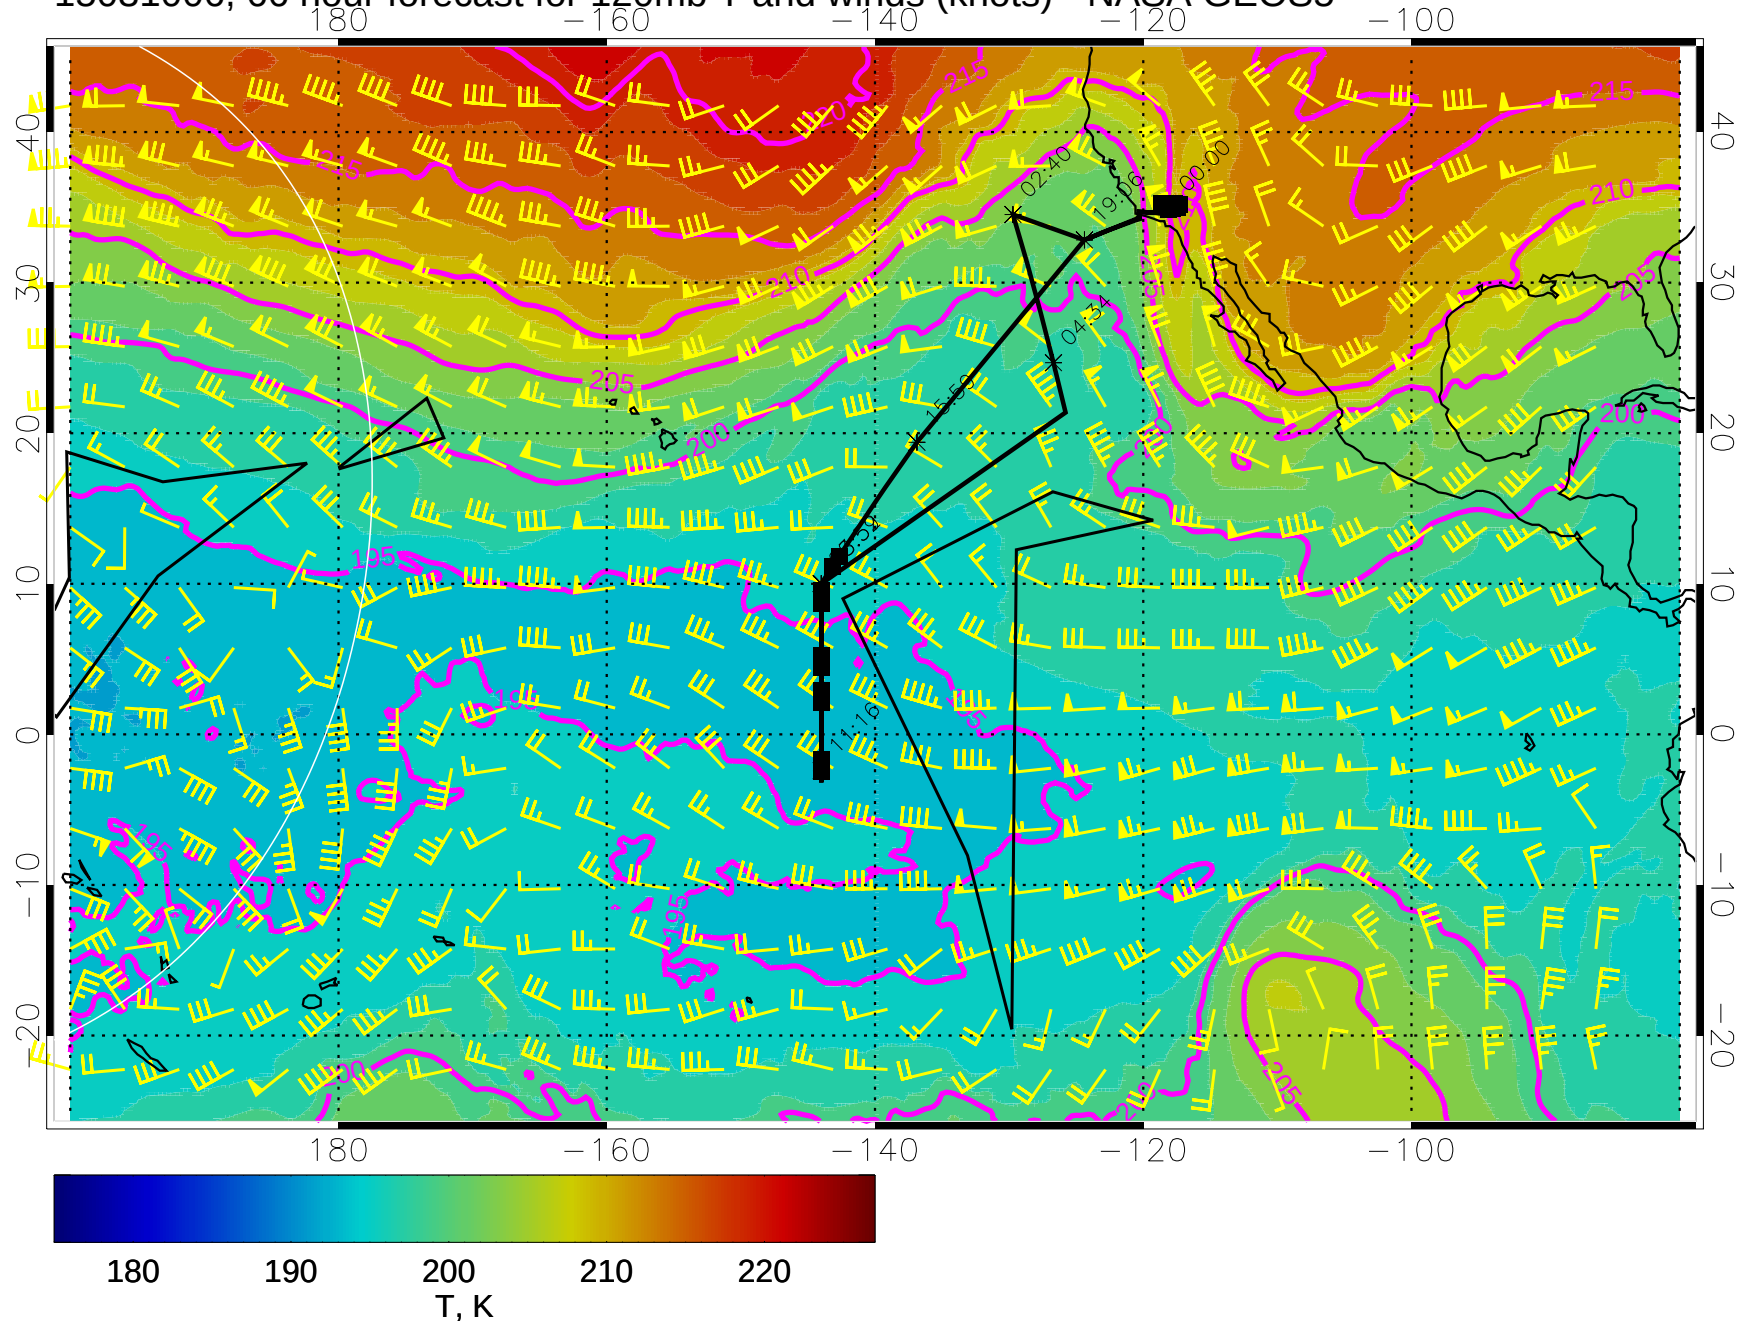

15031000, 60 hour forecast for 120mb T and winds (knots) - NASA GEOS5

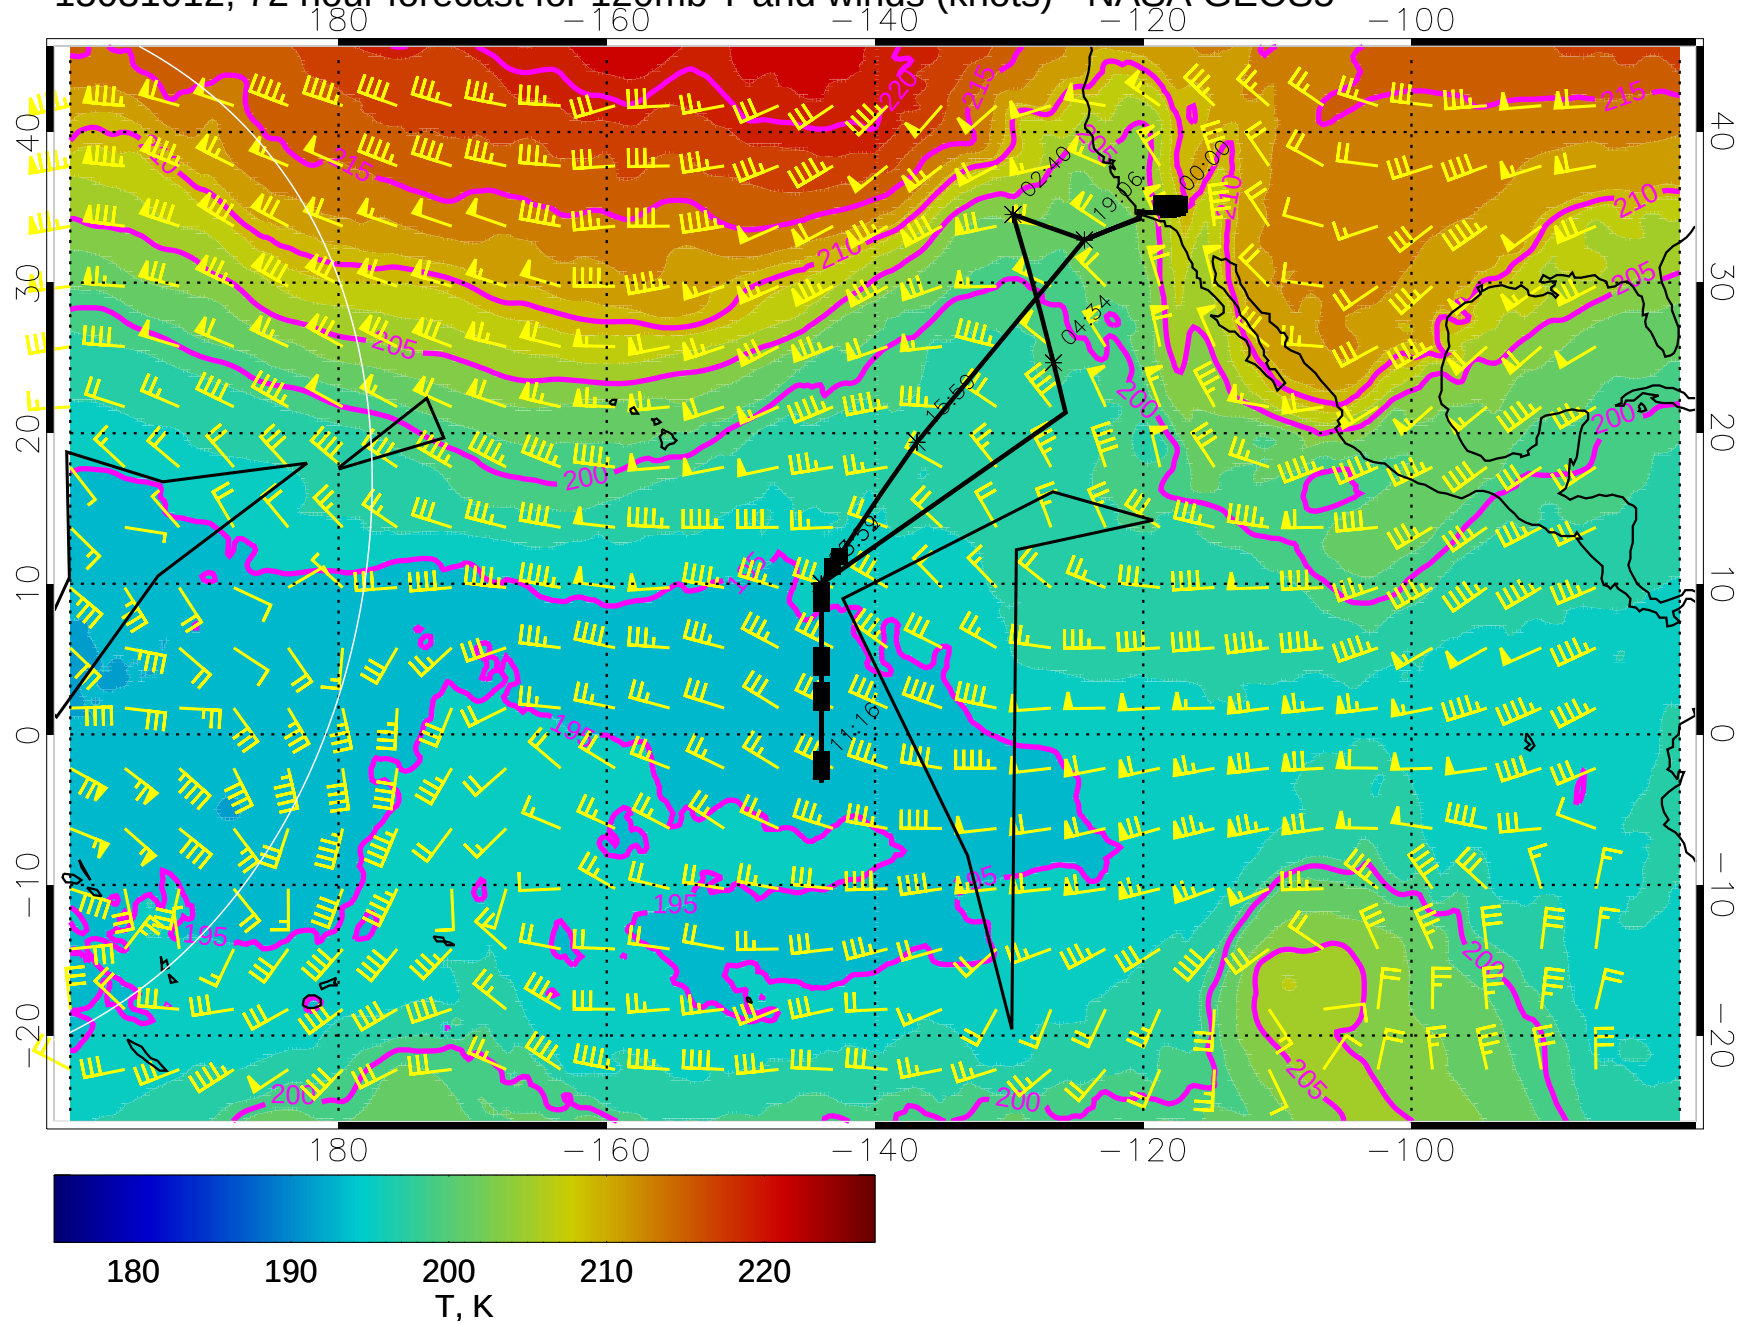

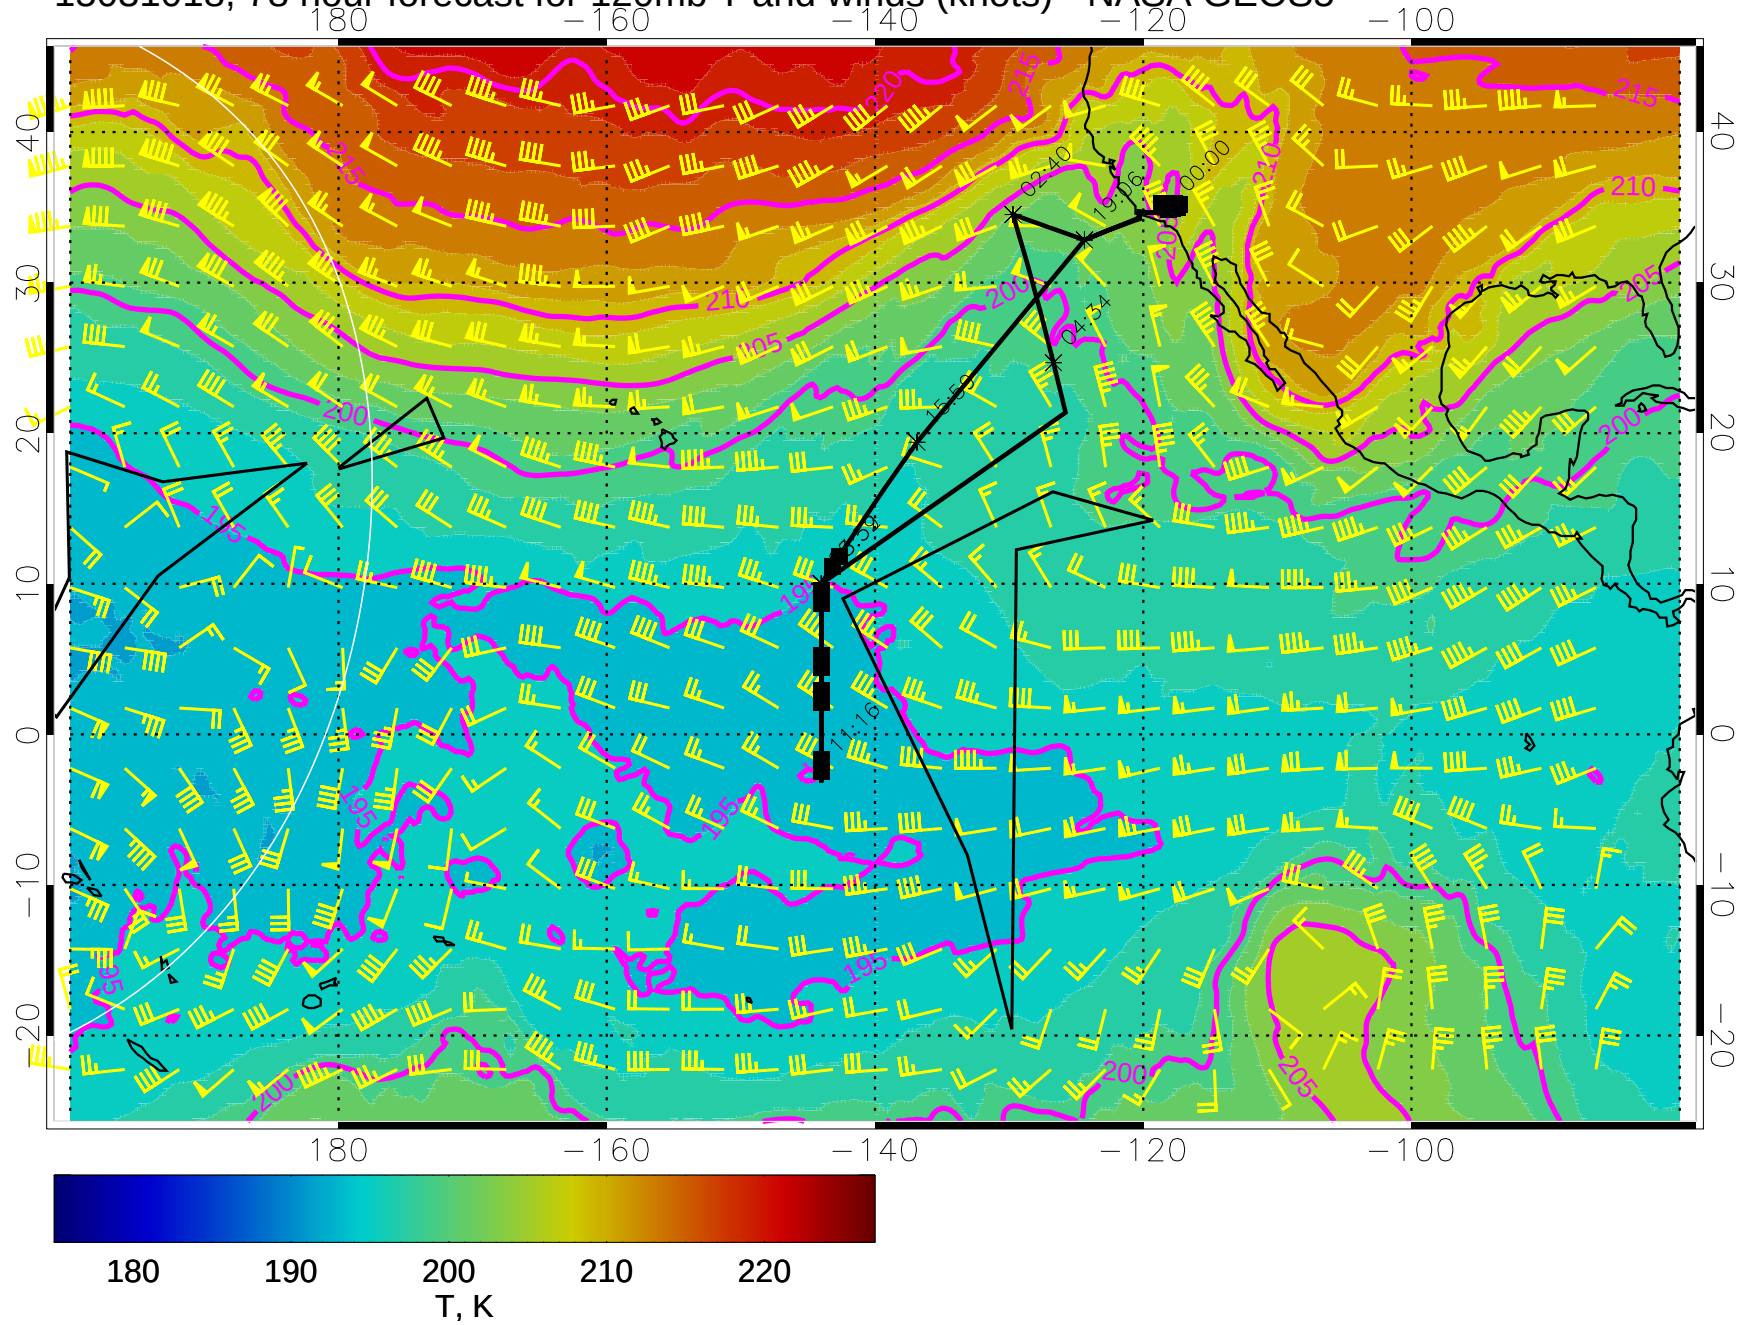

15031006, 66 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031012, 72 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031018, 78 hour forecast for 120mb T and winds (knots) - NASA GEOS5

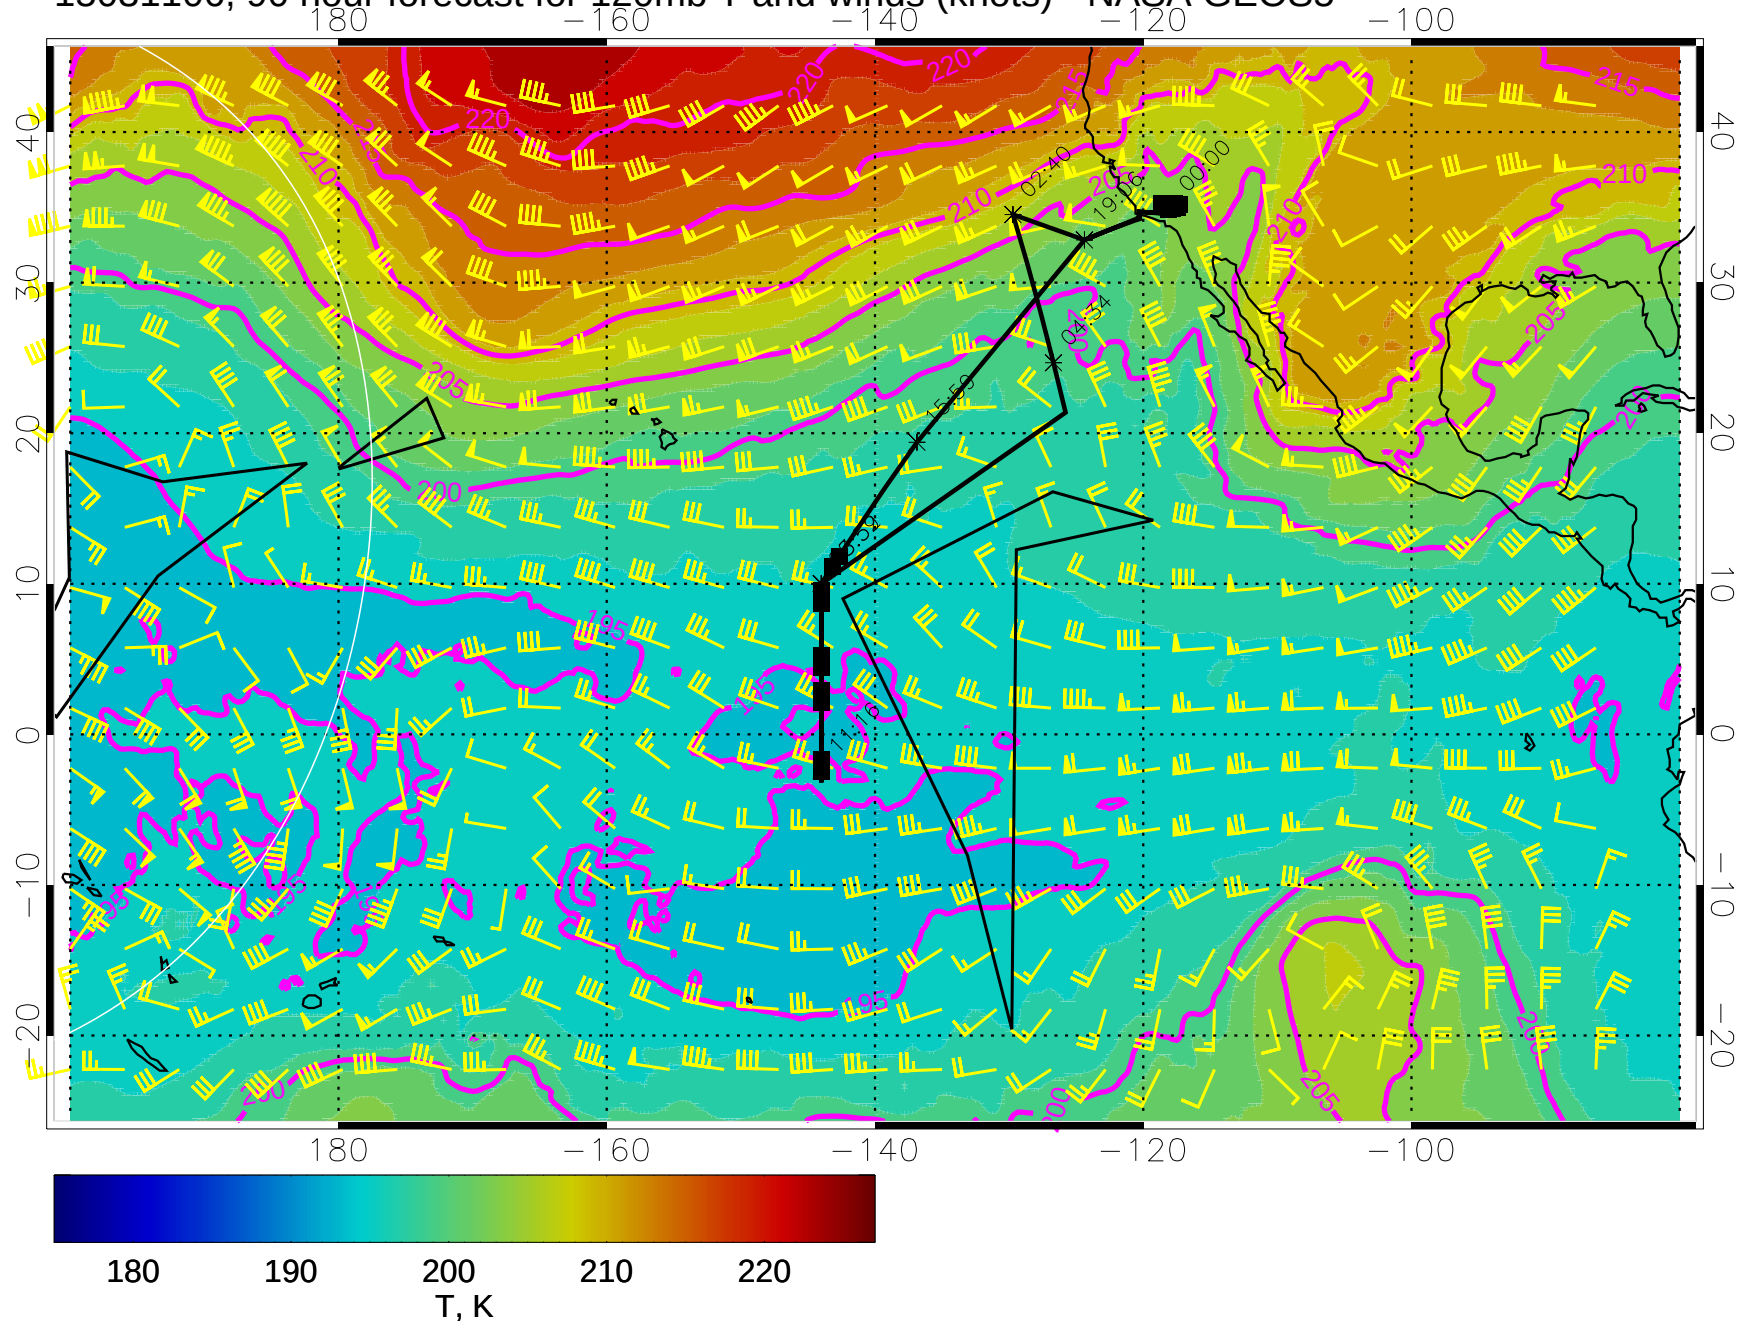

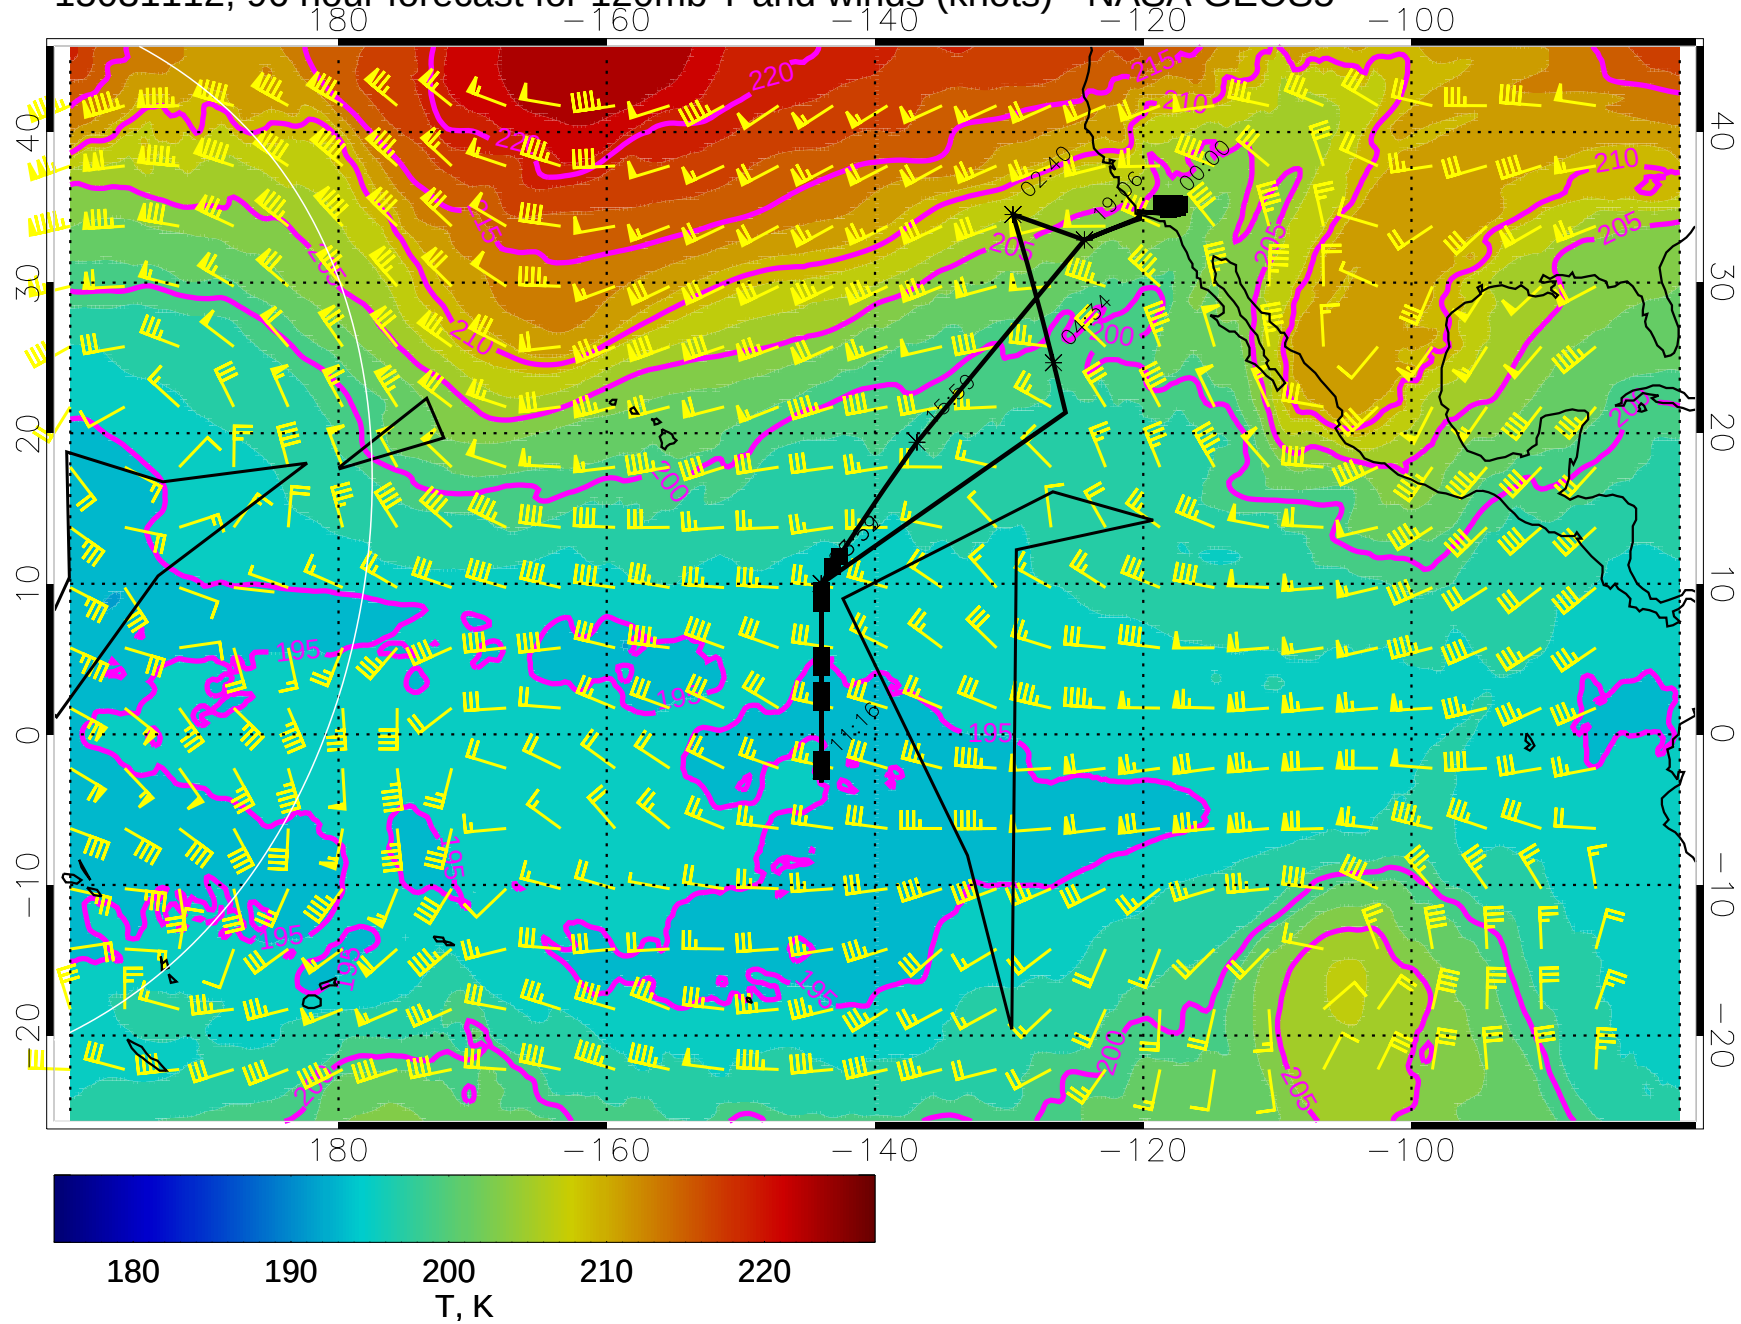

180                      -160                      -140                      -120                      -100

15031106, 90 hour forecast for 120mb T and winds (knots) - NASA GEOS5

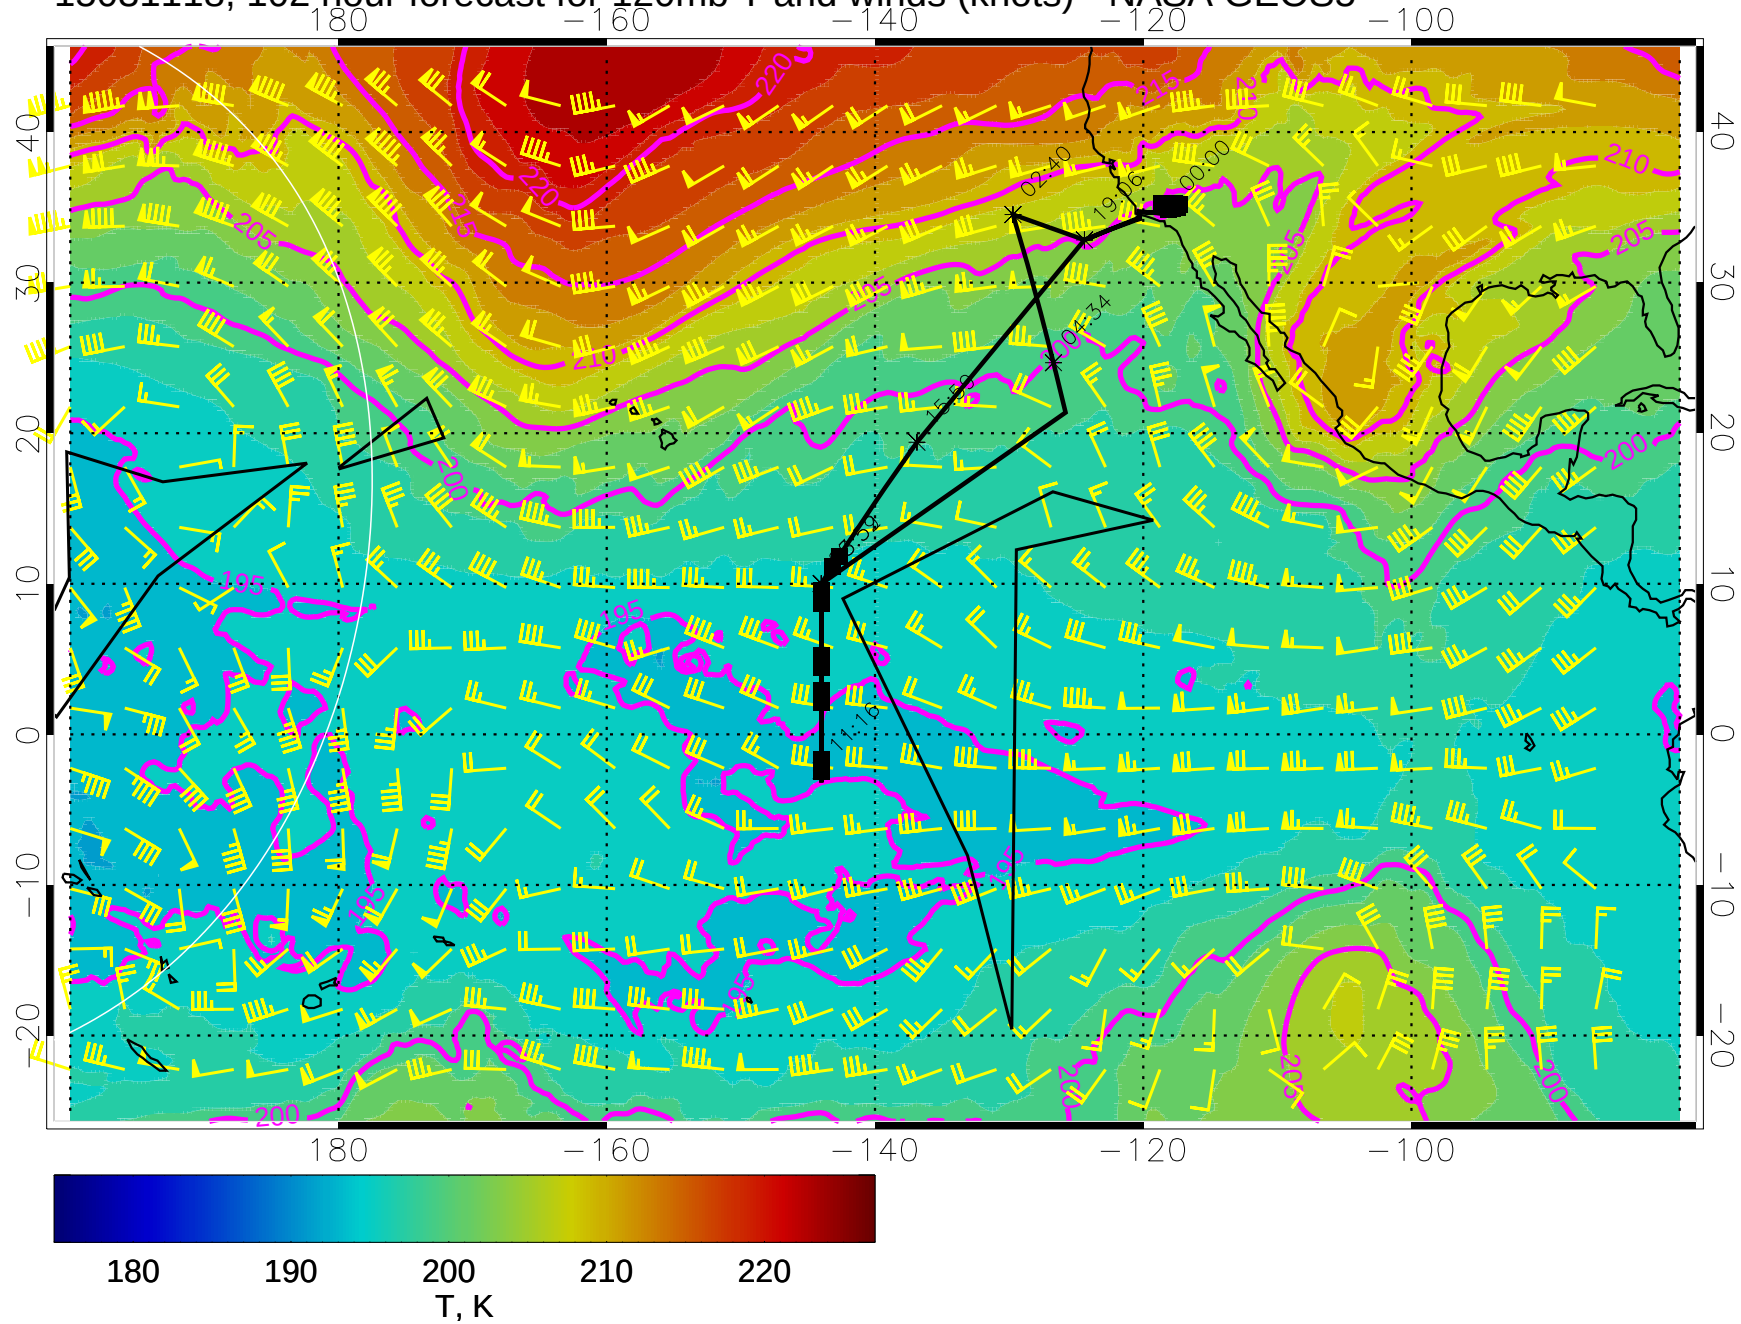

15031112, 96 hour forecast for 120mb T and winds (knots) - NASA GEOS5

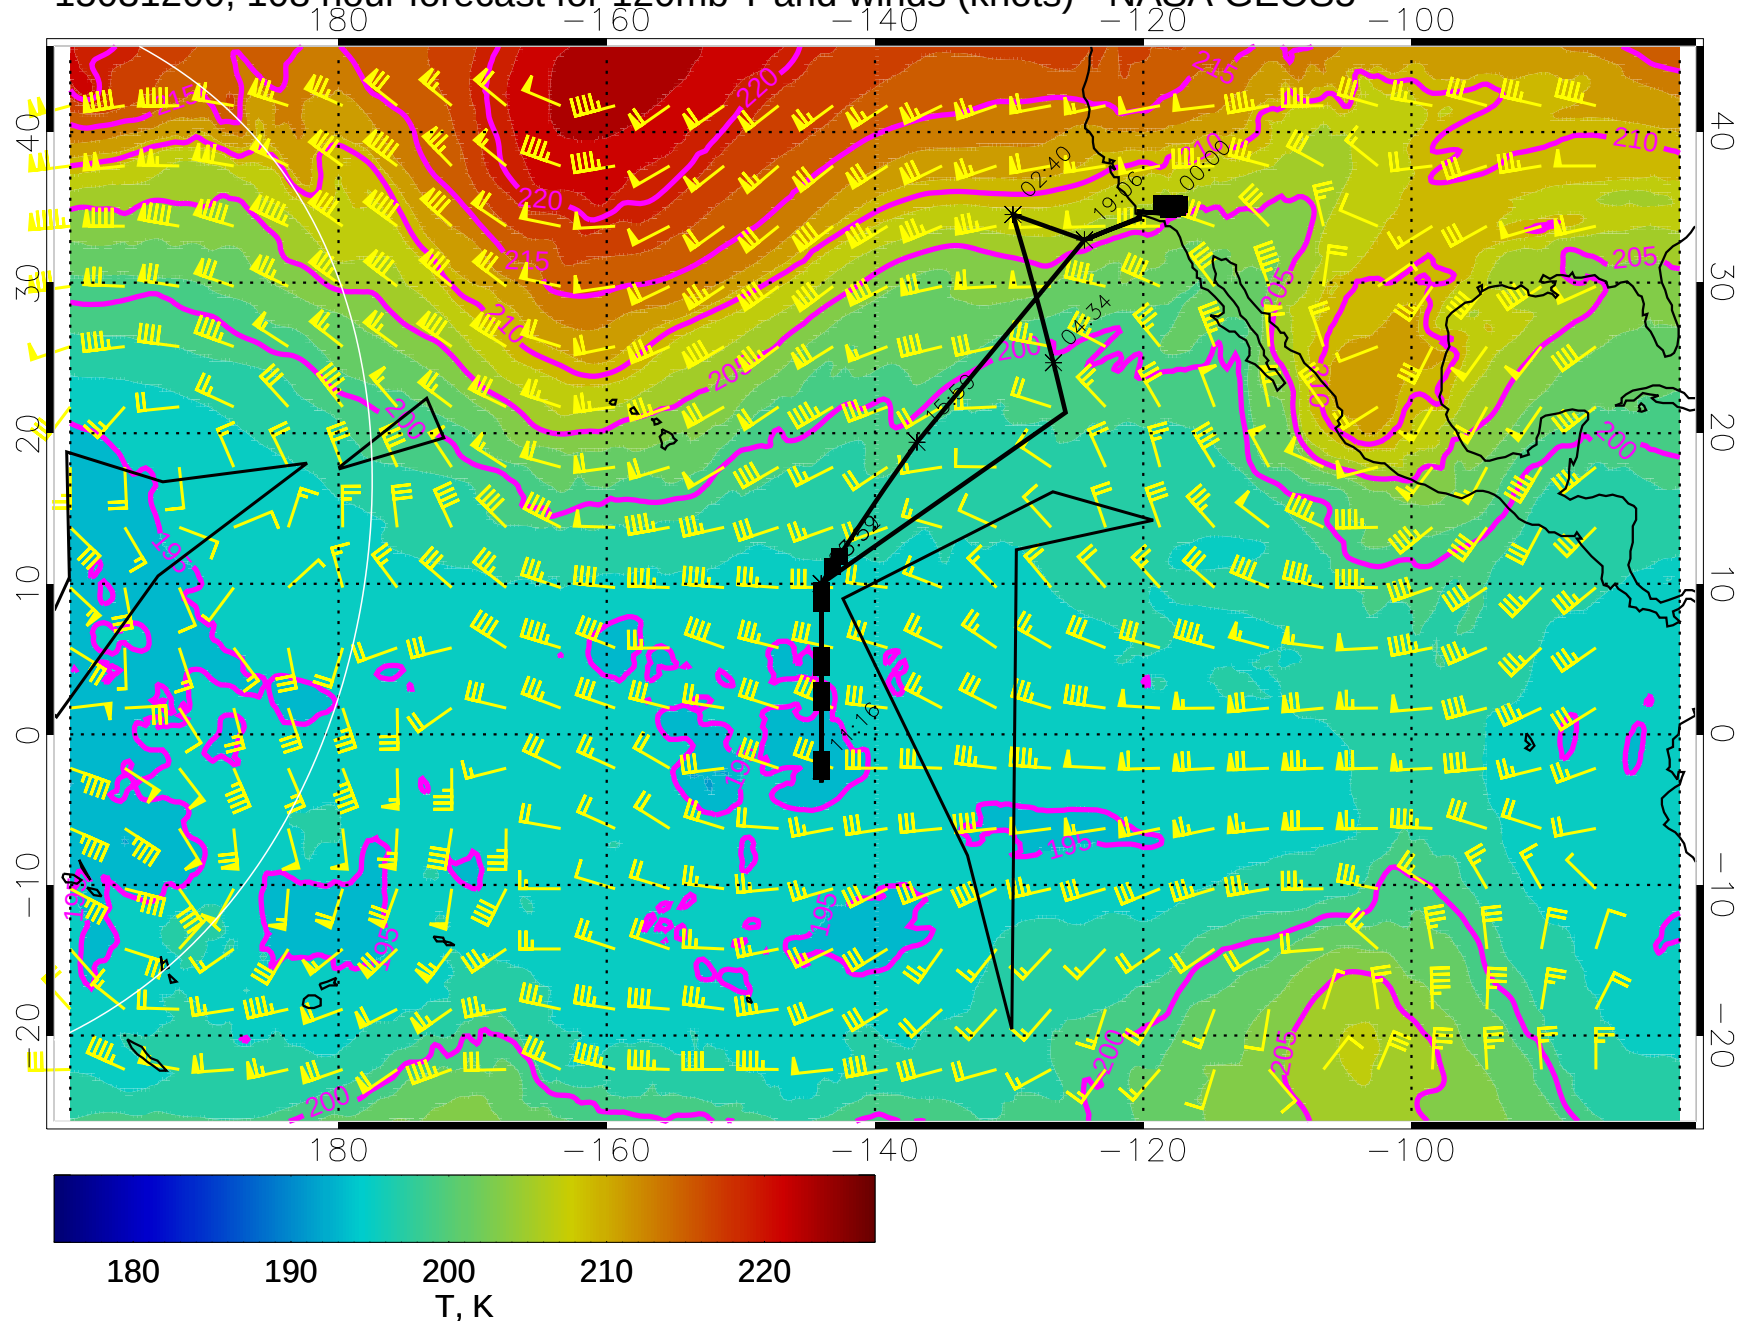

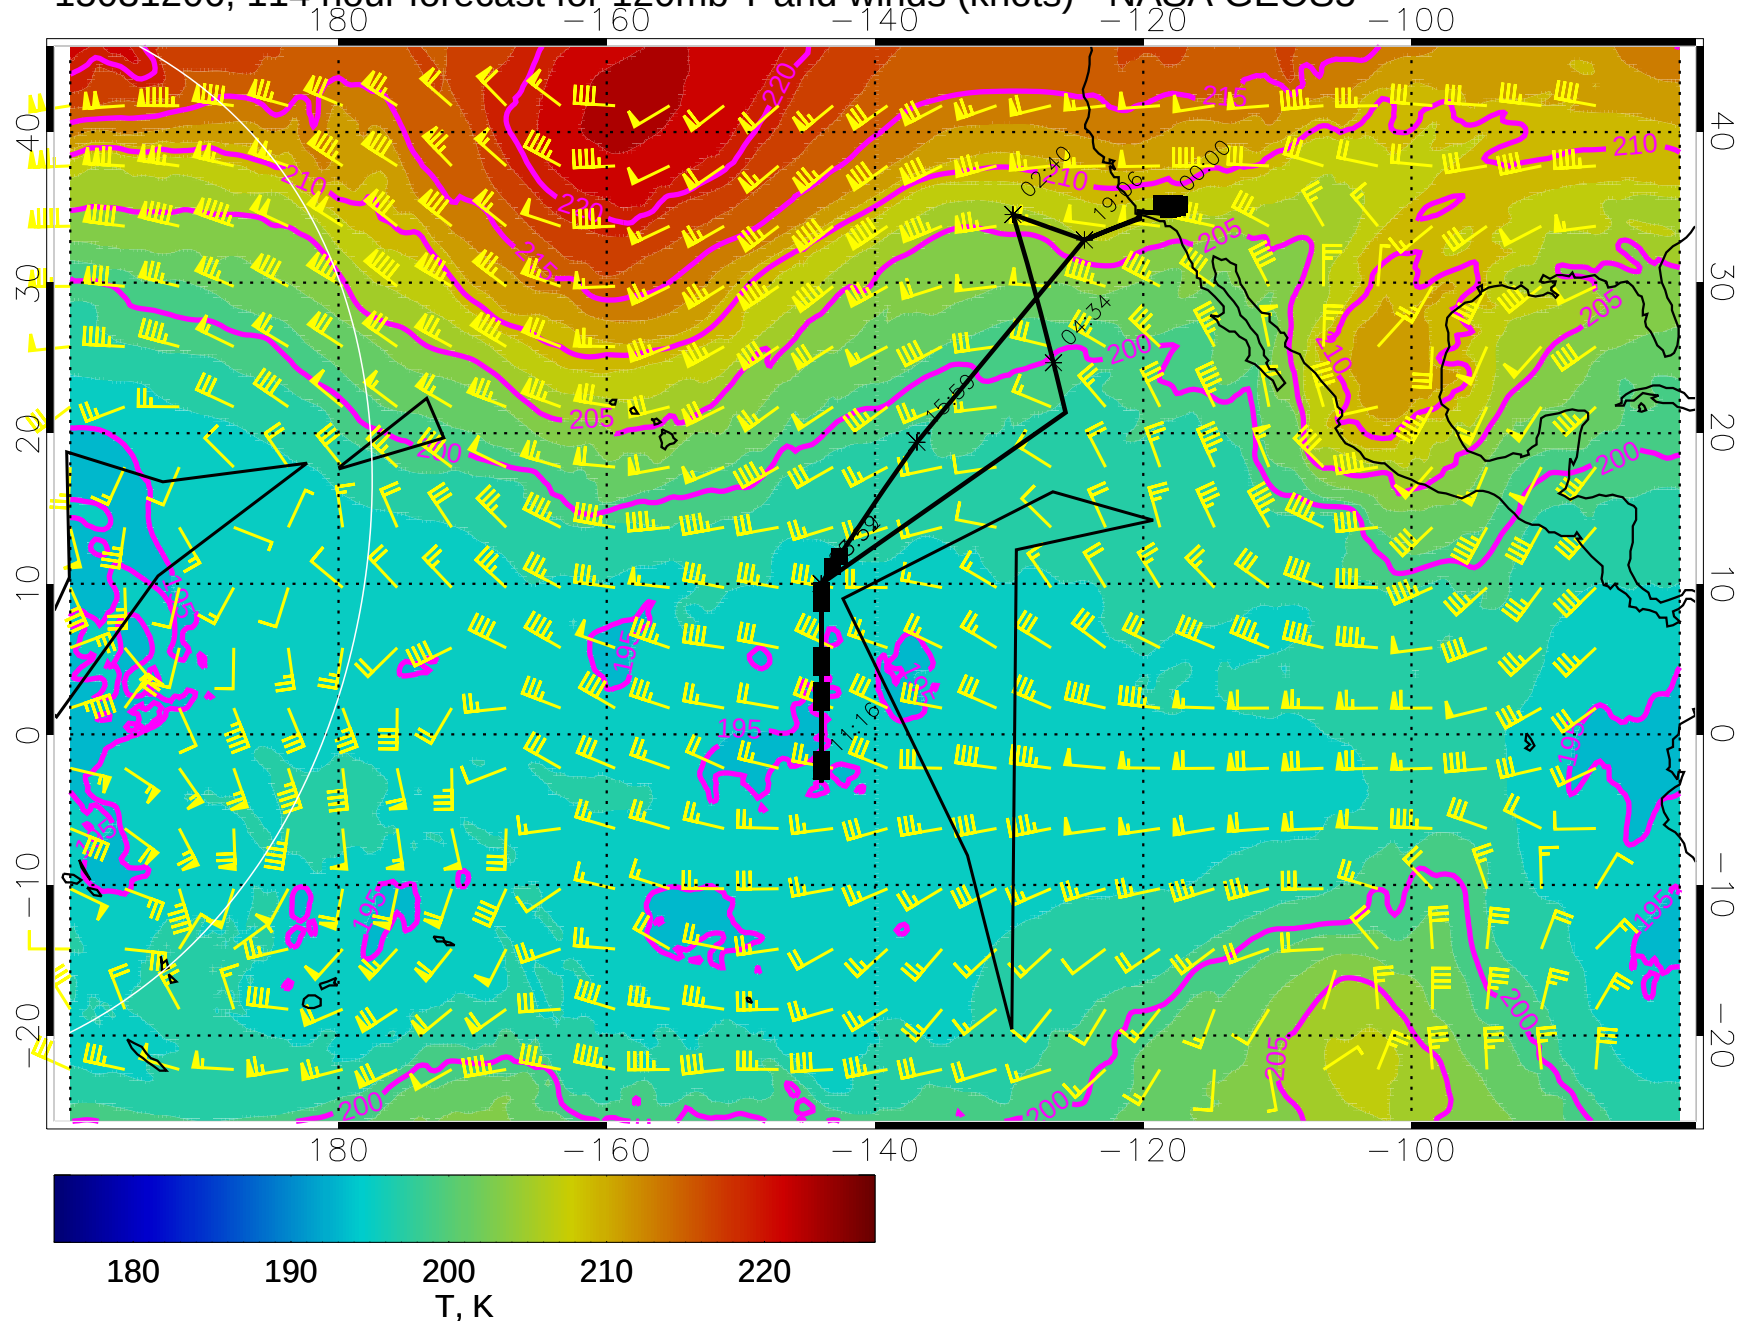

15031118, 102 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031200, 108 hour forecast for 120mb T and winds (knots) - NASA GEOS5

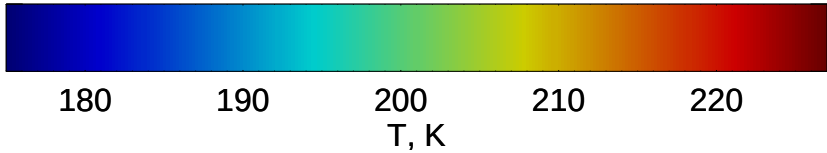

15031206, 114 hour forecast for 120mb T and winds (knots) - NASA GEOS5

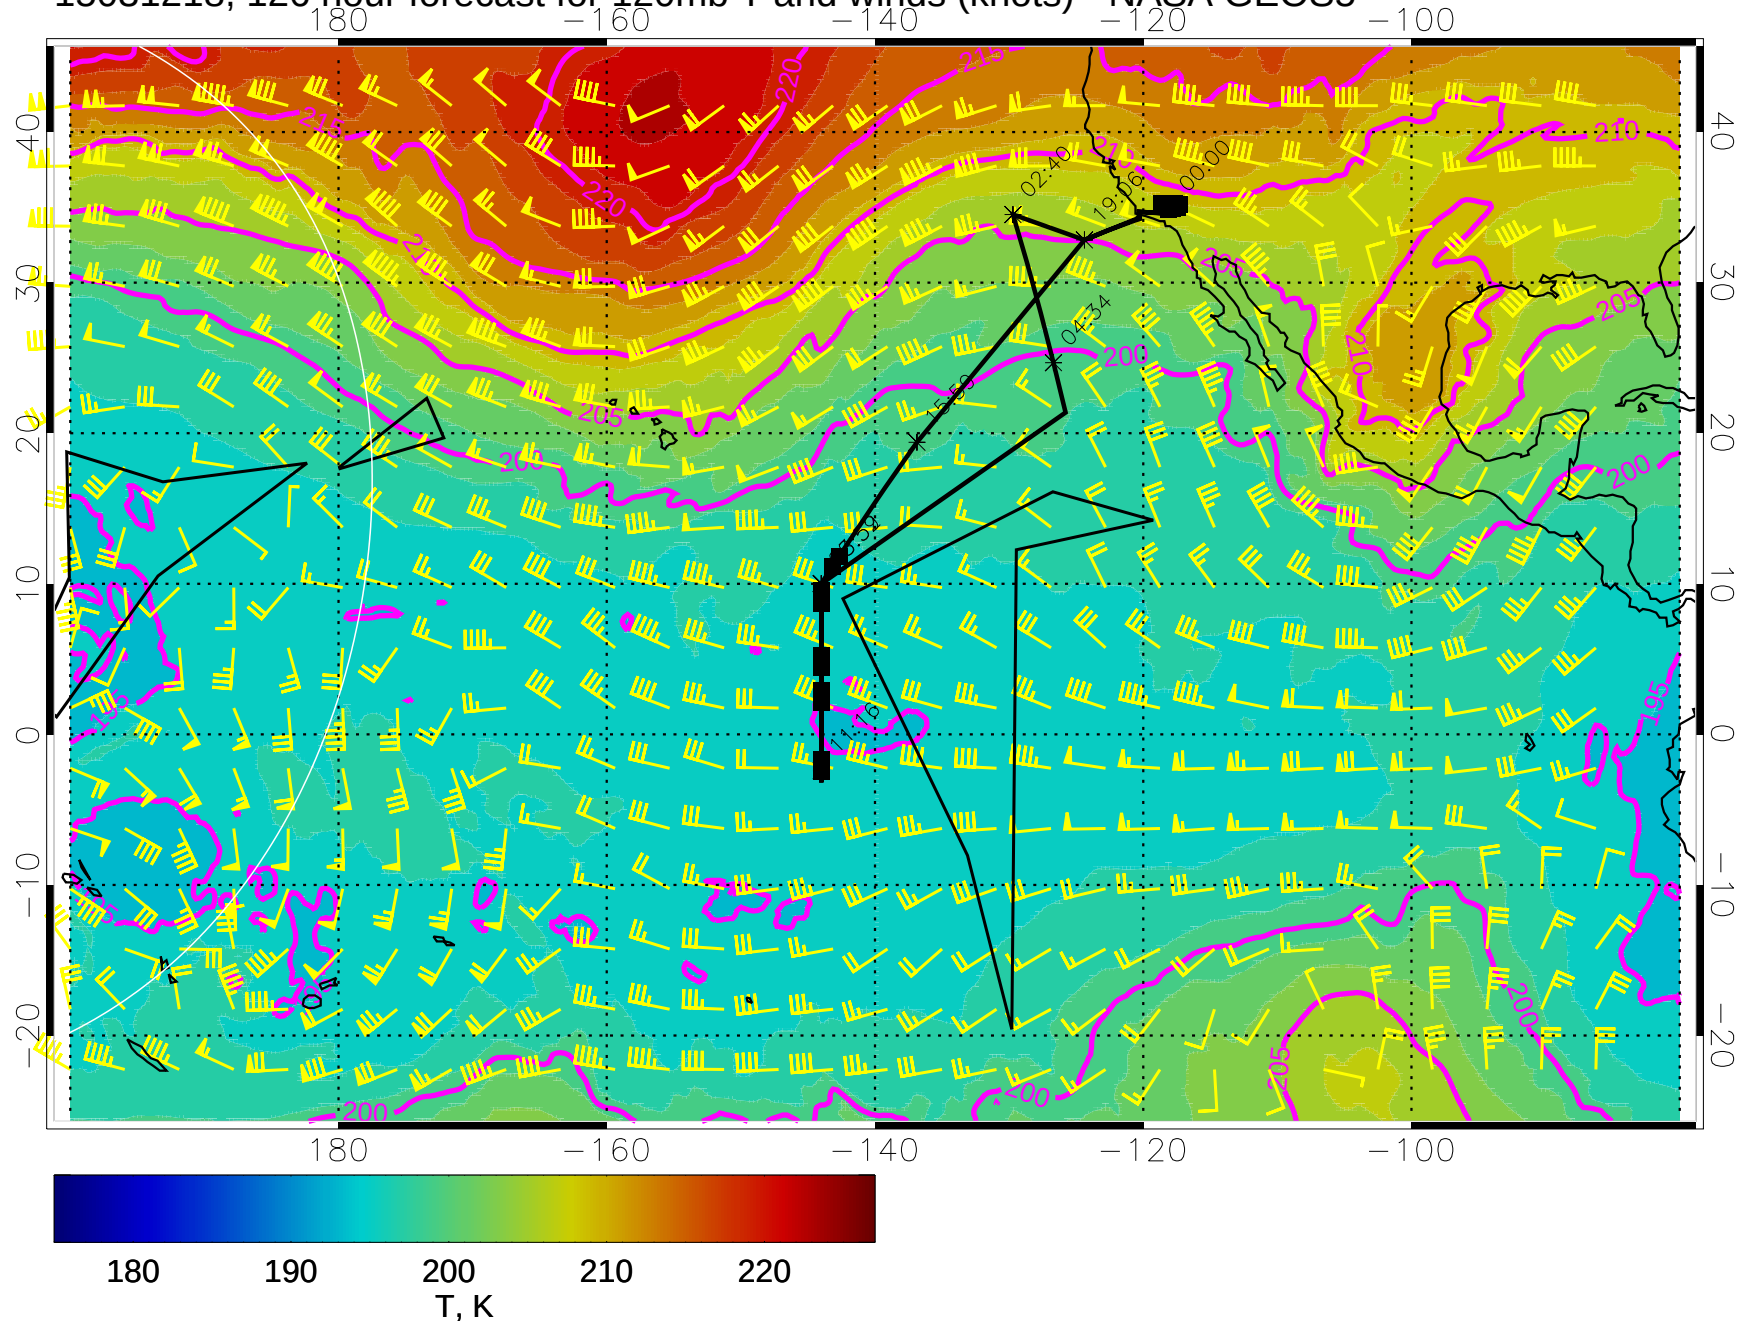

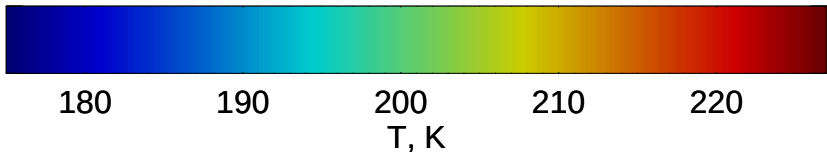

180                      -160                      -140                      -120                      -100

15031218, 126 hour forecast for 120mb T and winds (knots) - NASA GEOS5

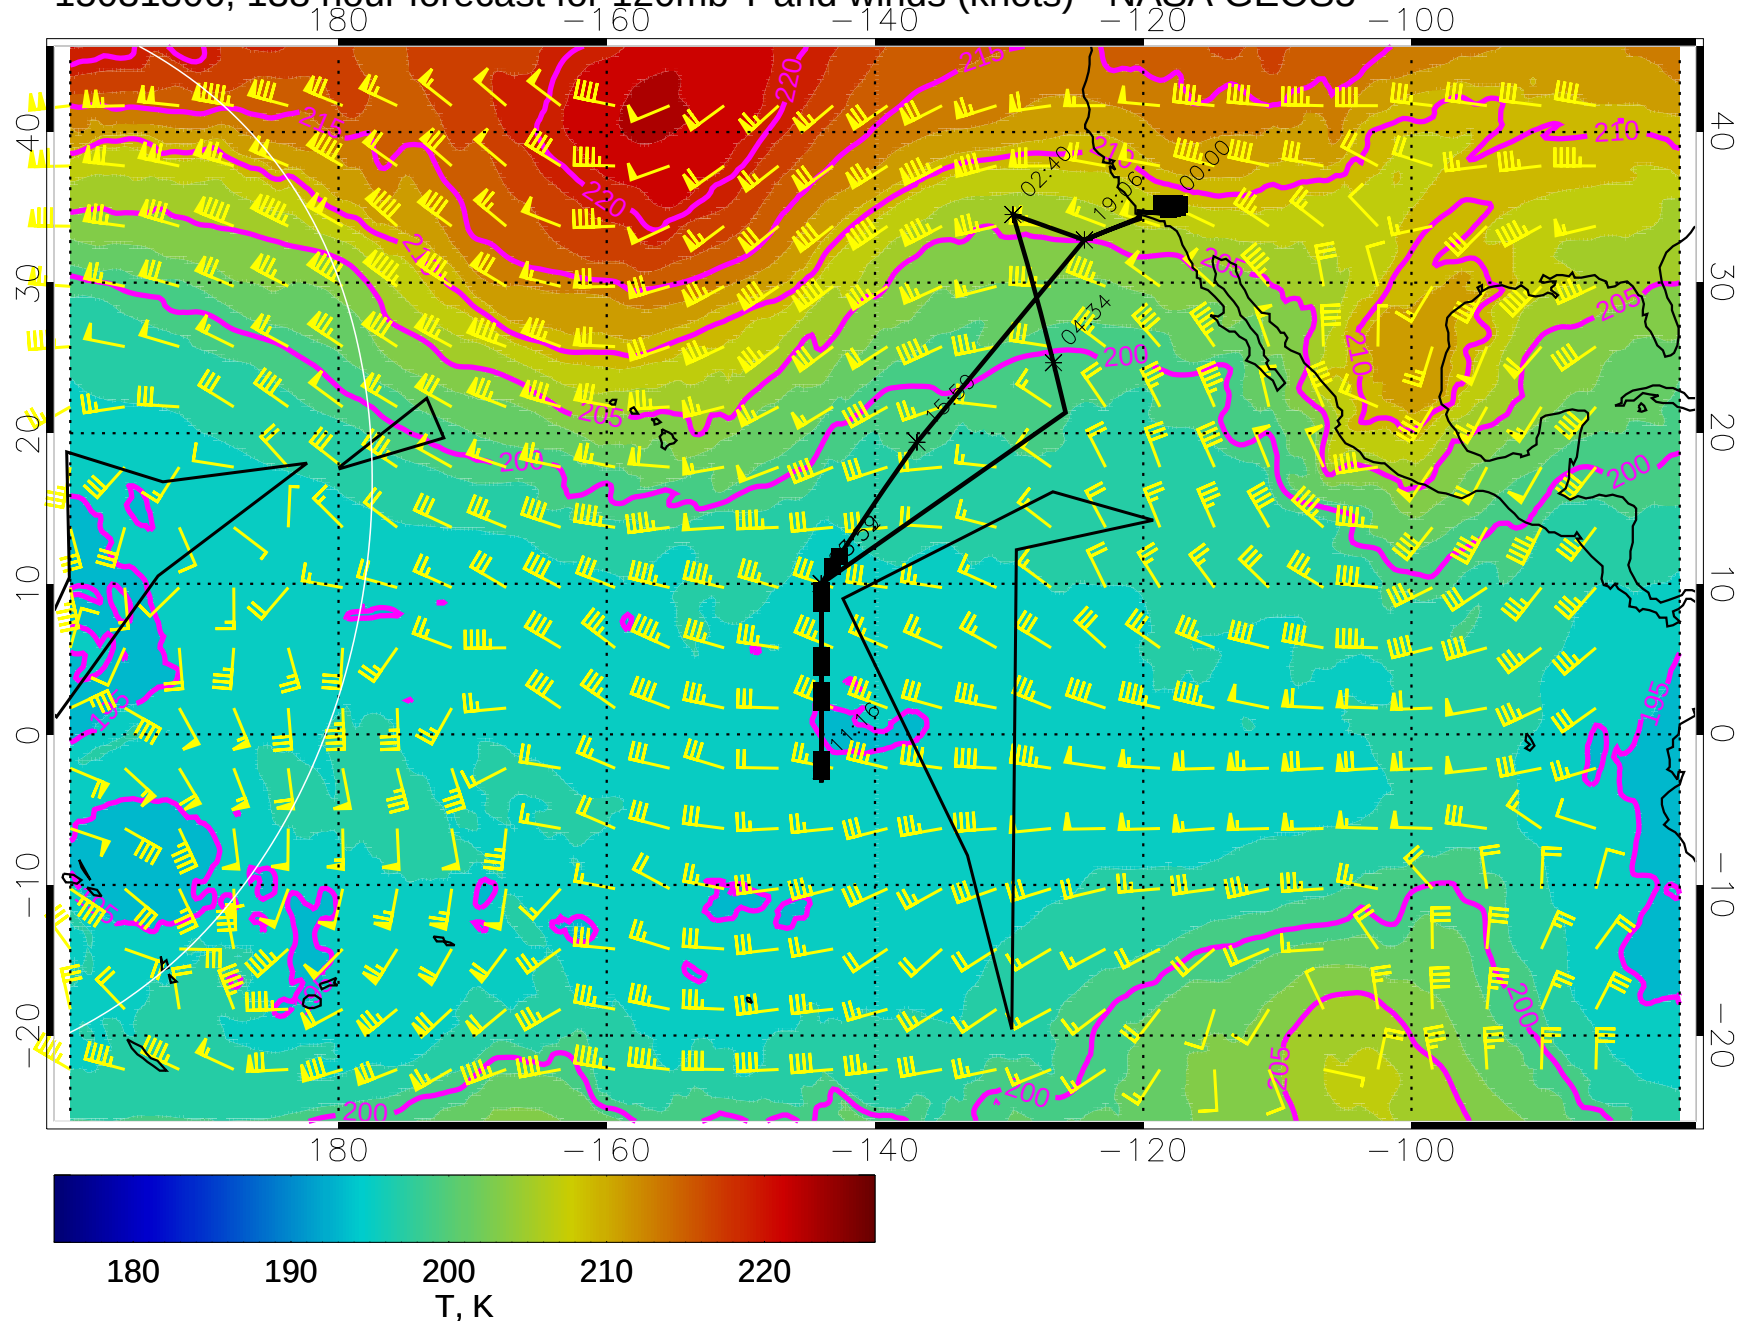

180 -160 -140 -120 -100

15031306, 138 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031312, 144 hour forecast for 120mb T and winds (knots) - NASA GEOS5
