

15030806, 6 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15030812, 12 hour forecast for 120mb T and winds (knots) - NASA GEOS5

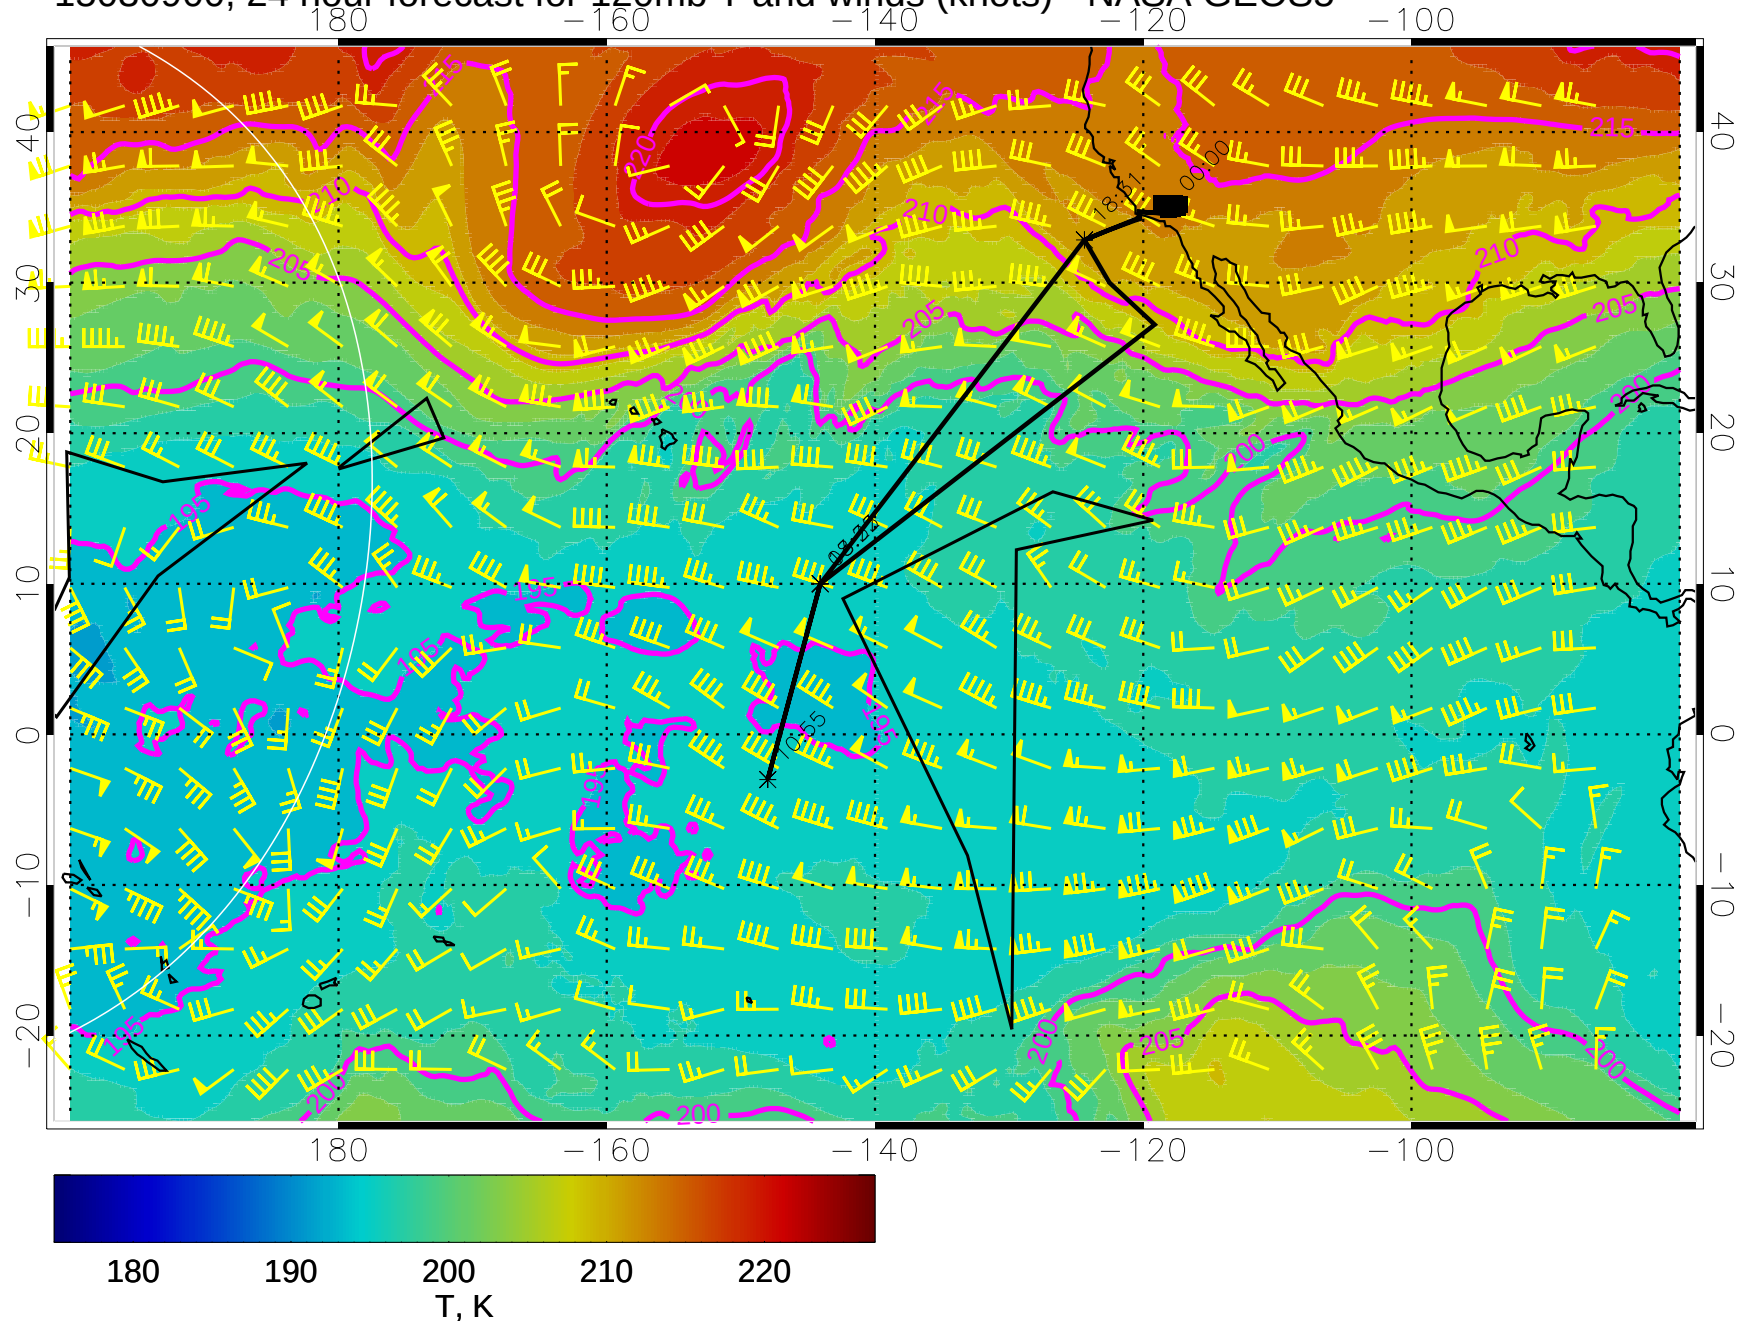

15030818, 18 hour forecast for 120mb T and winds (knots) - NASA GEOS5

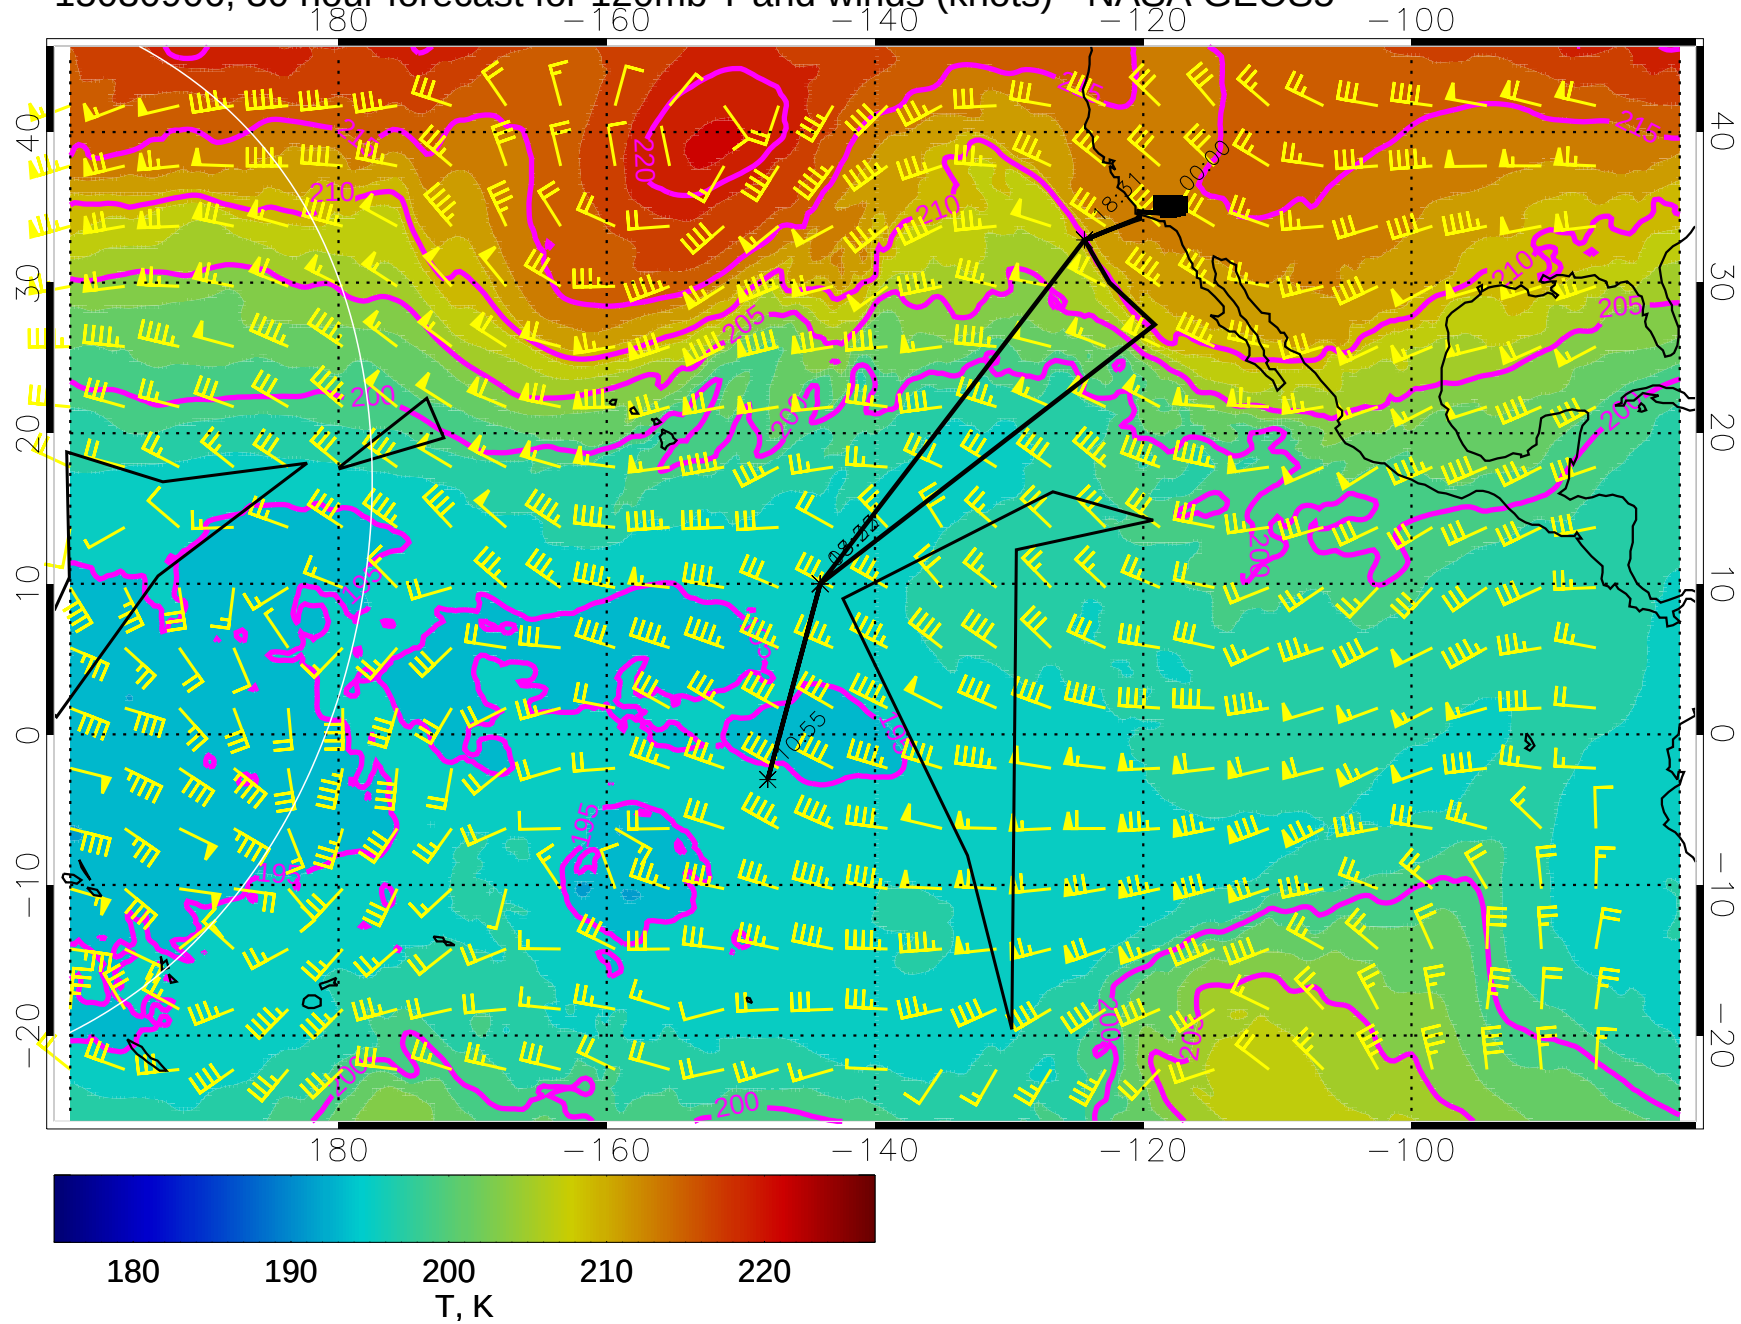

15030900, 24 hour forecast for 120mb T and winds (knots) - NASA GEOS5

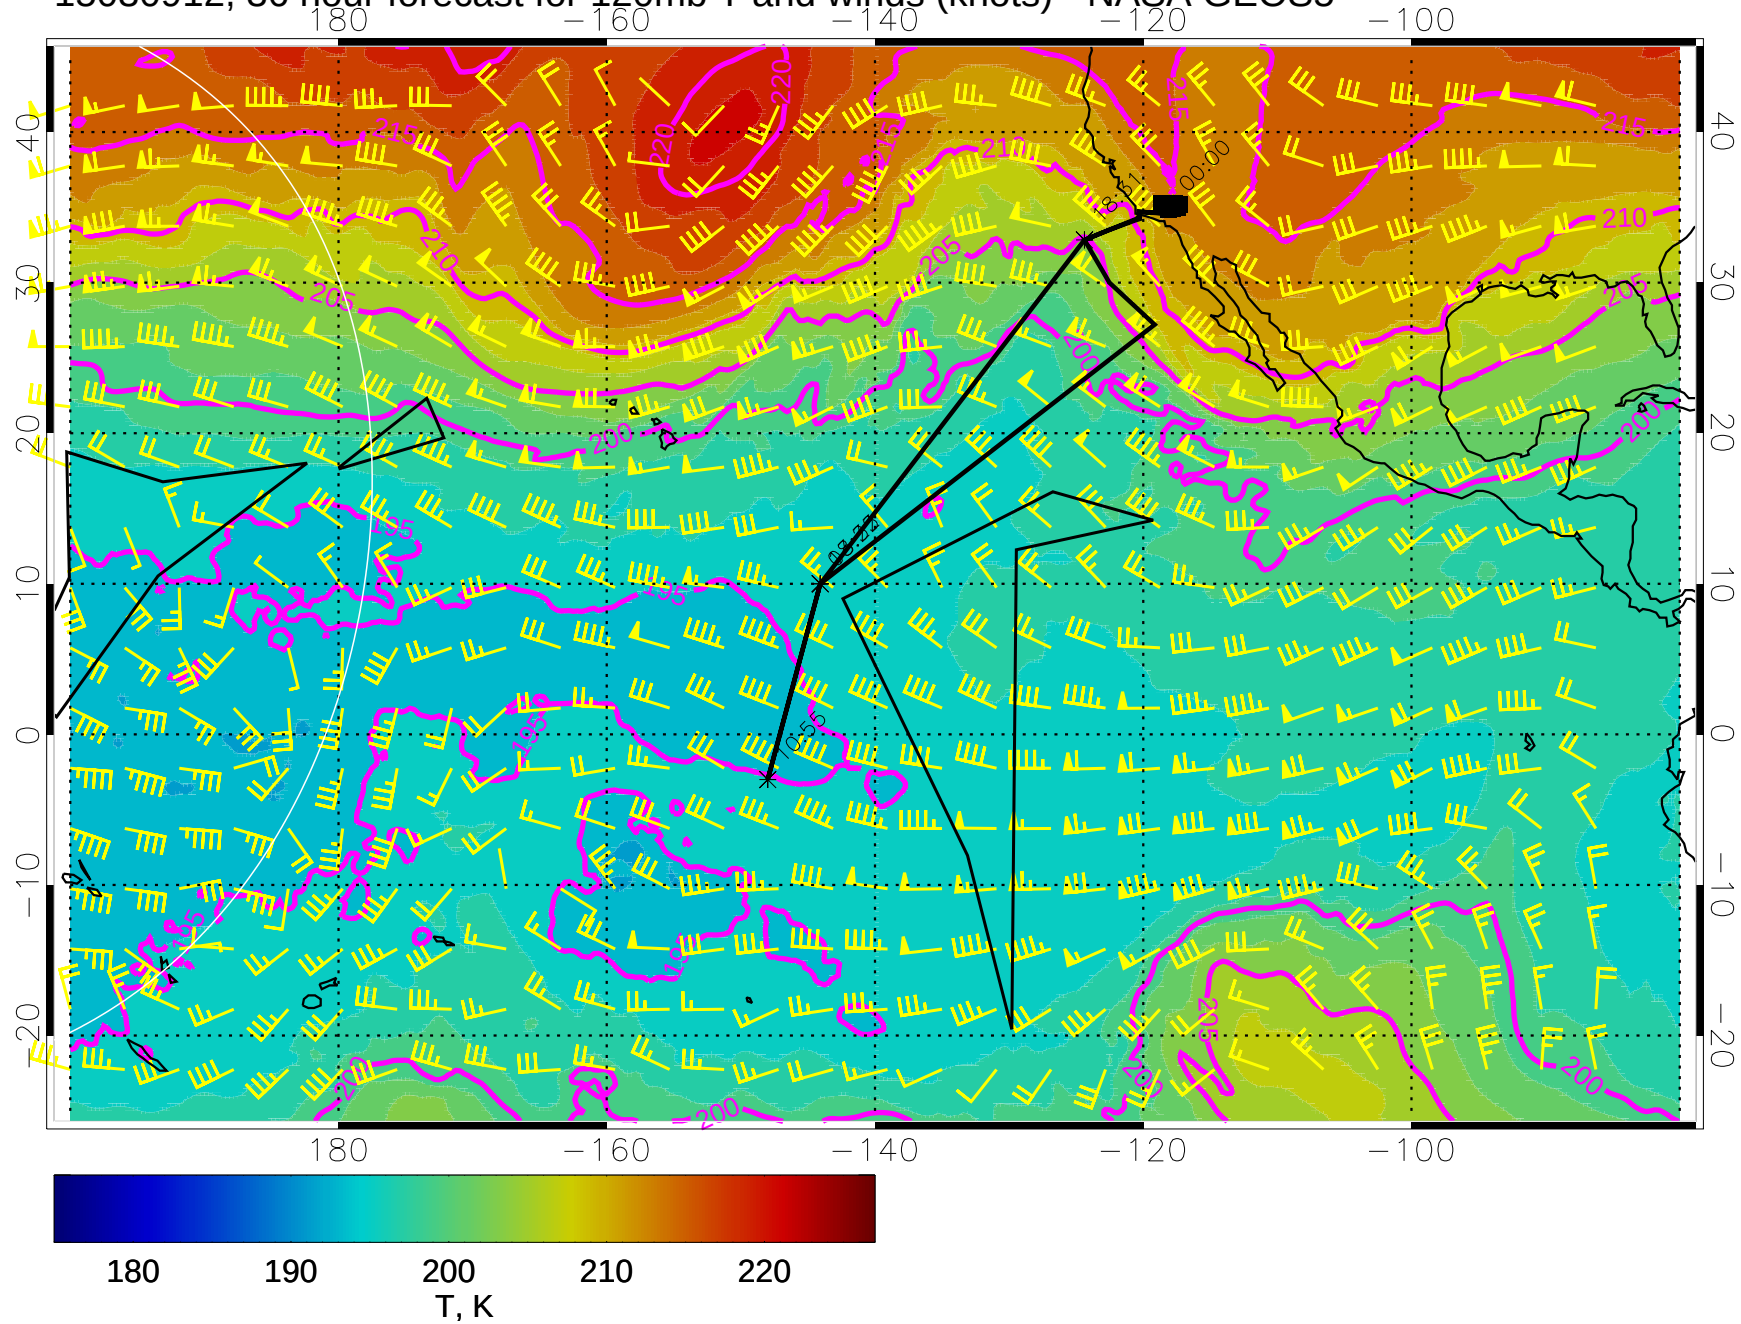

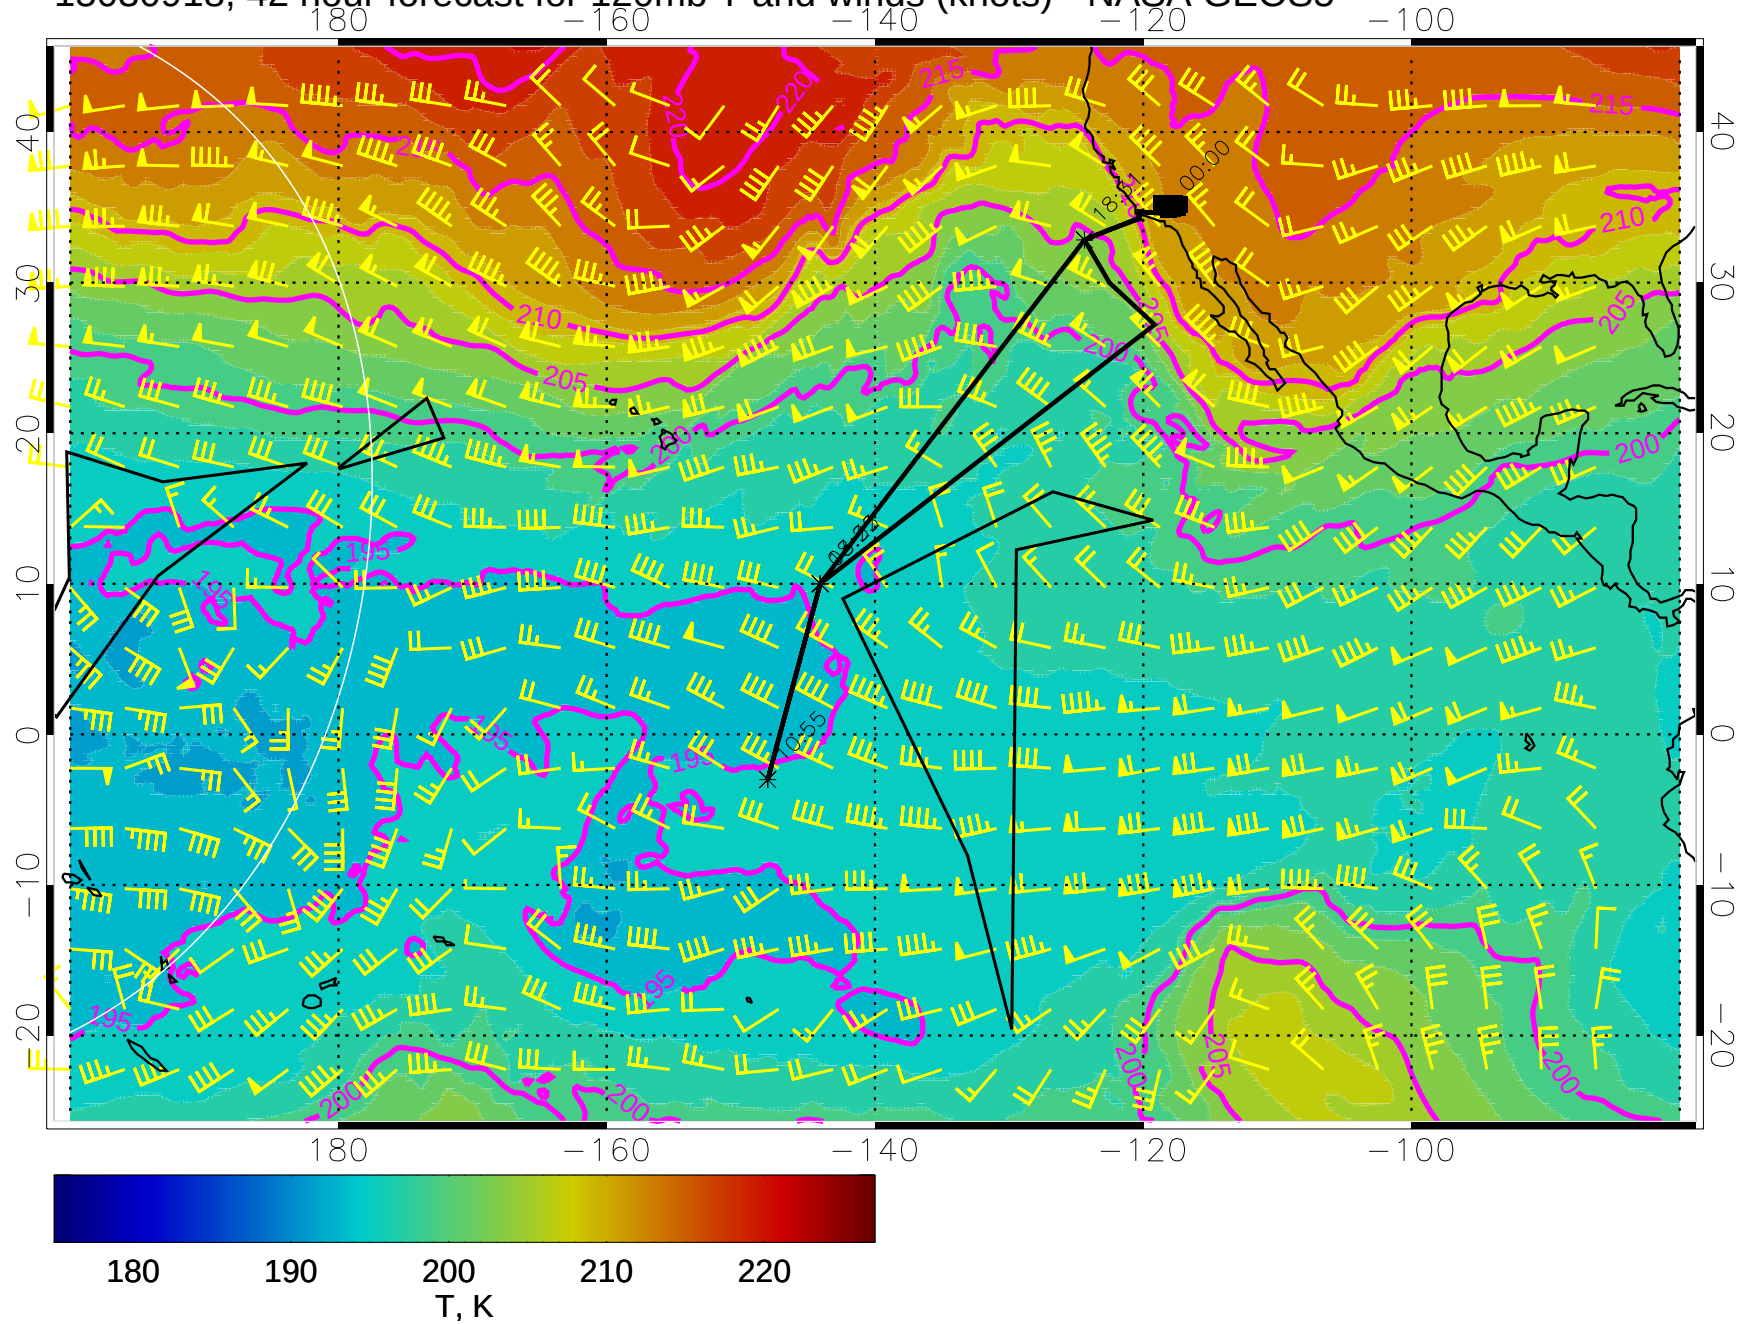

15030906, 30 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15030912, 36 hour forecast for 120mb T and winds (knots) - NASA GEOS5

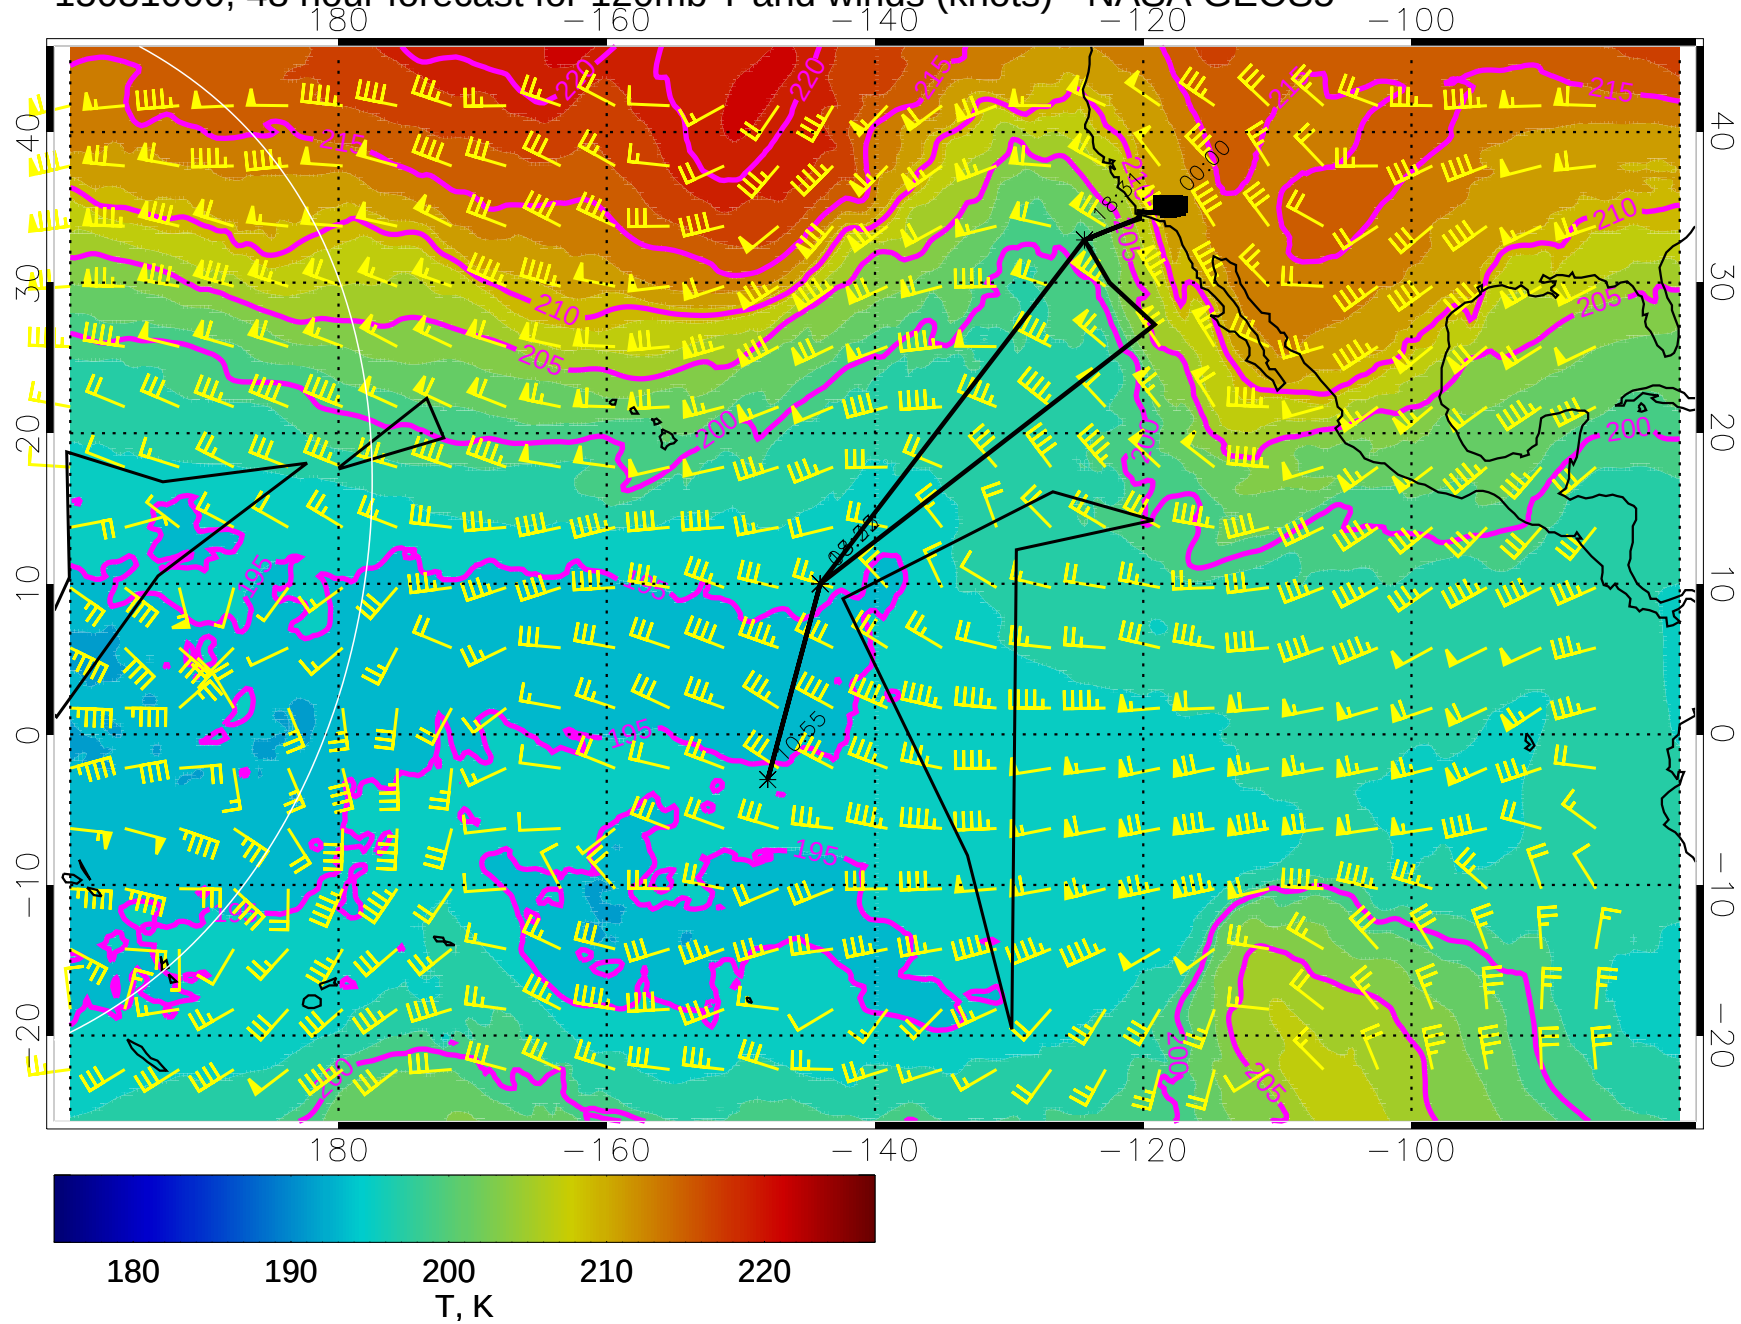

15030918, 42 hour forecast for 120mb T and winds (knots) - NASA GEOS5

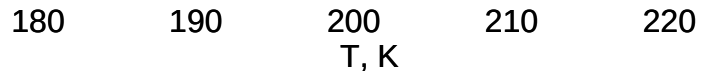

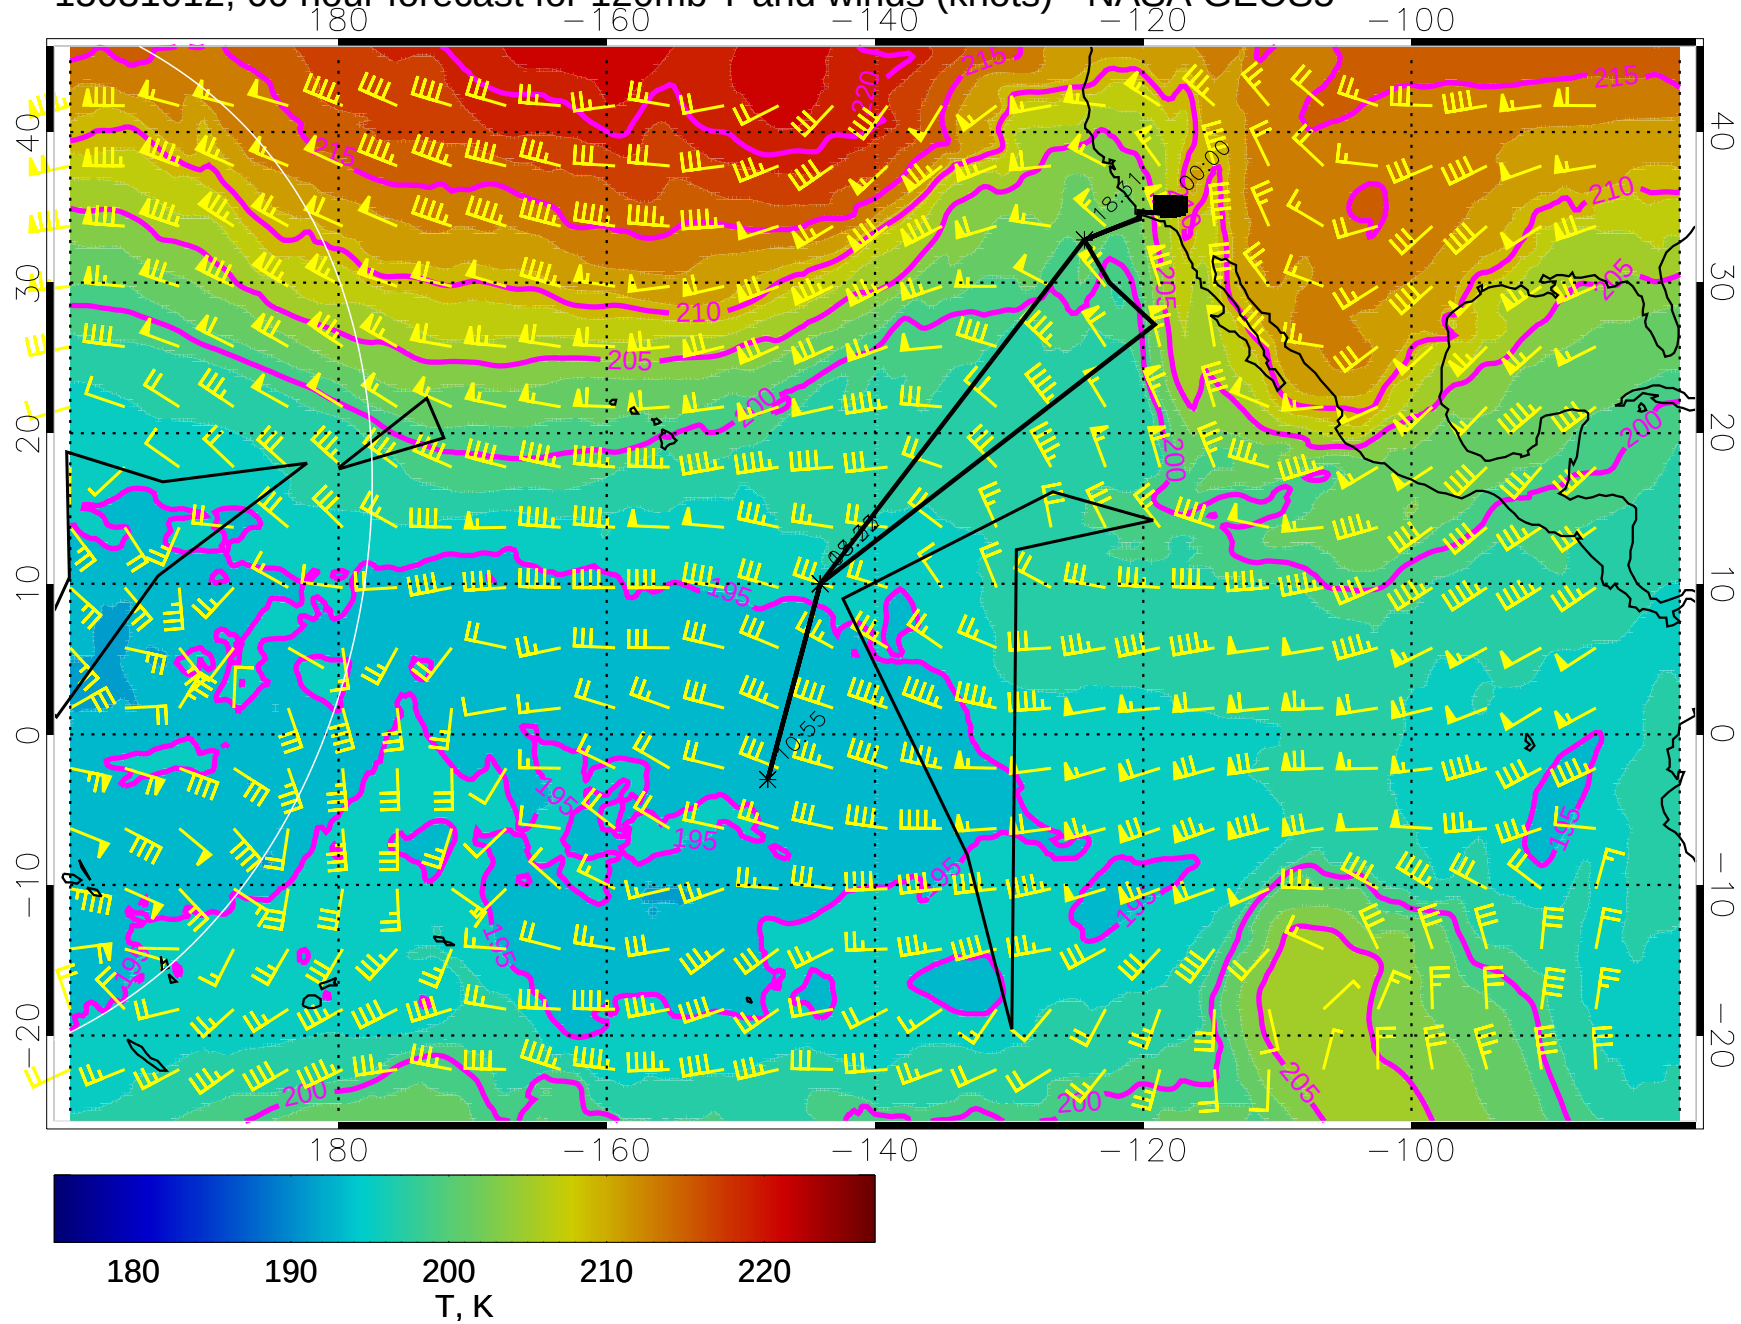

15031000, 48 hour forecast for 120mb T and winds (knots) - NASA GEOS5

180 -160 -140 -120 -100

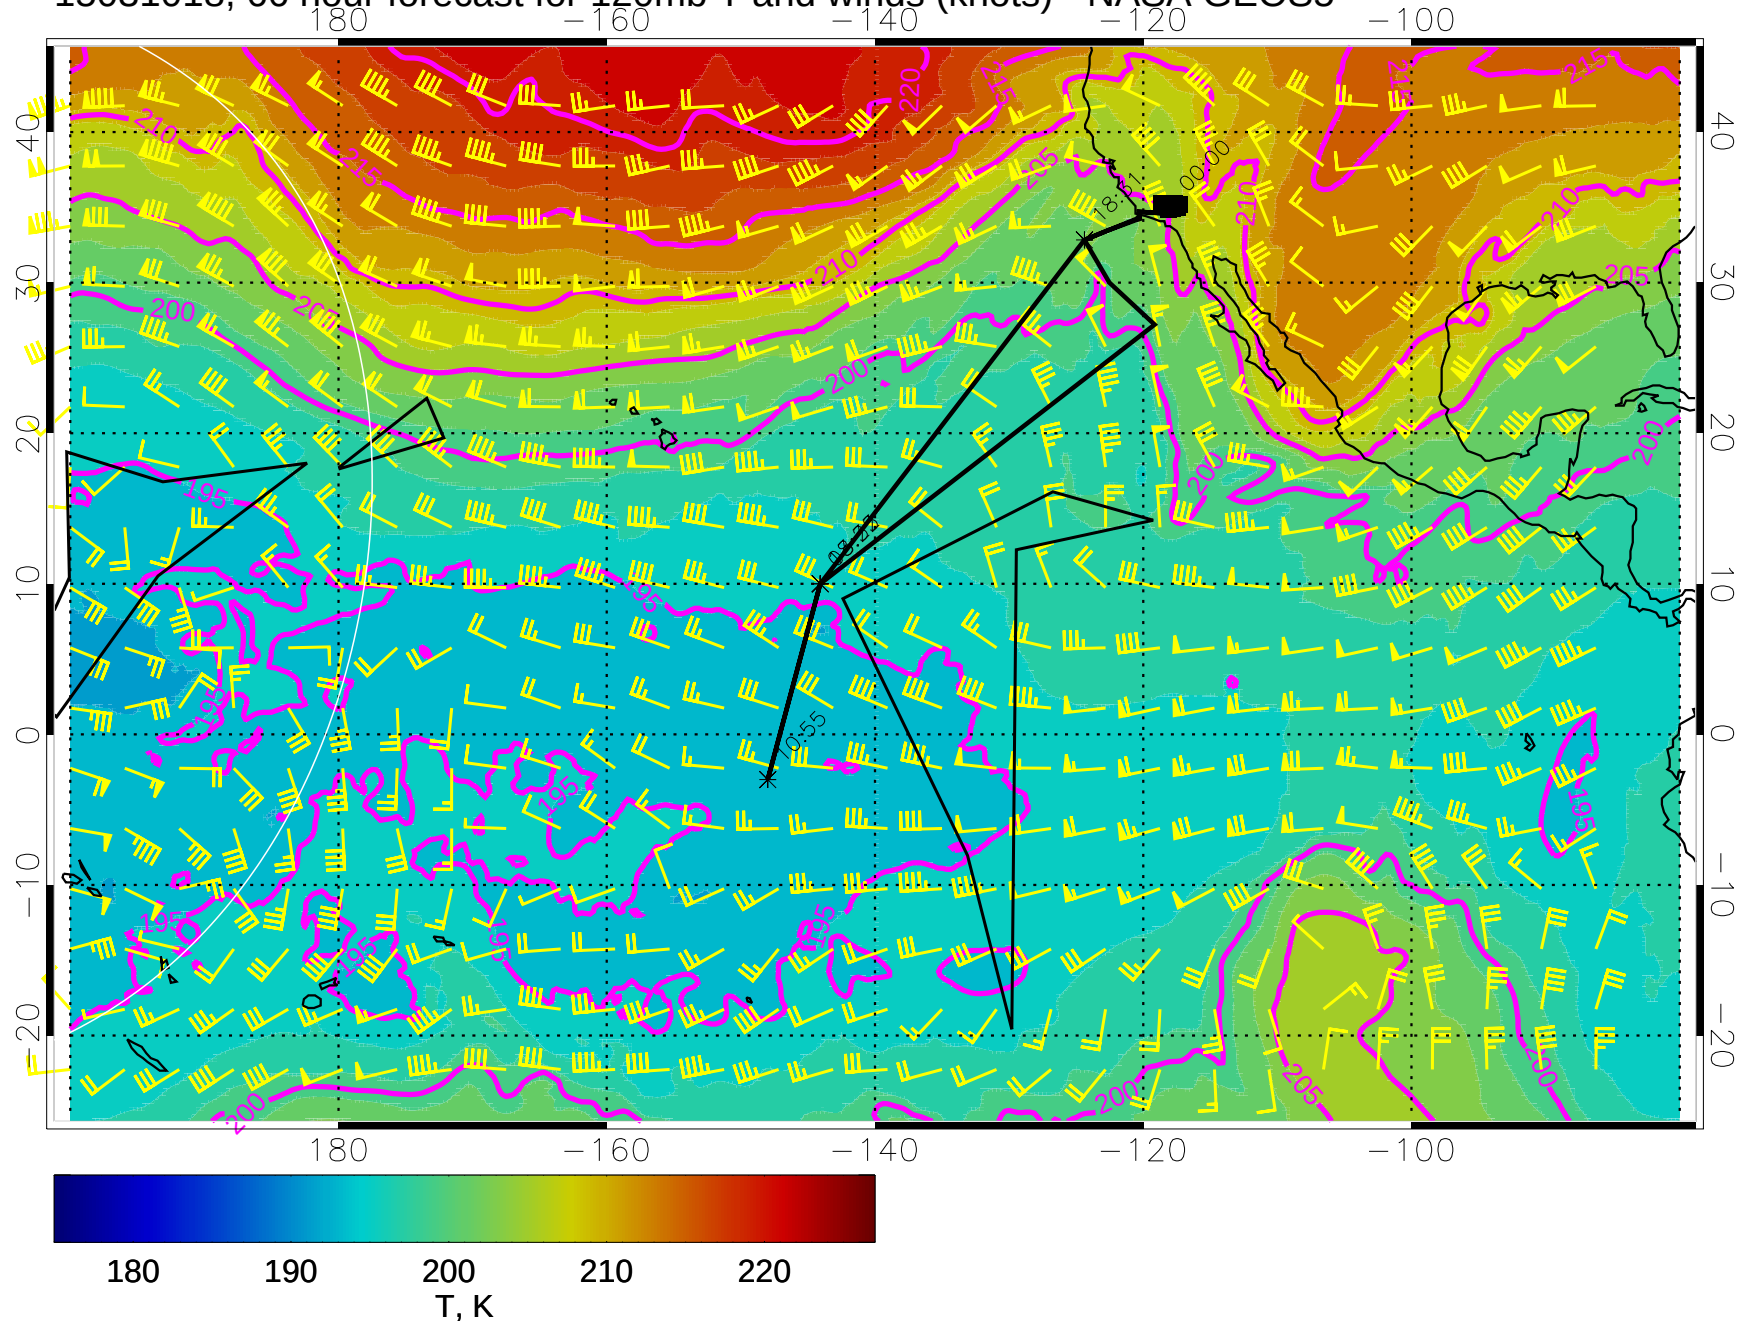

15031012, 60 hour forecast for 120mb T and winds (knots) - NASA GEOS5

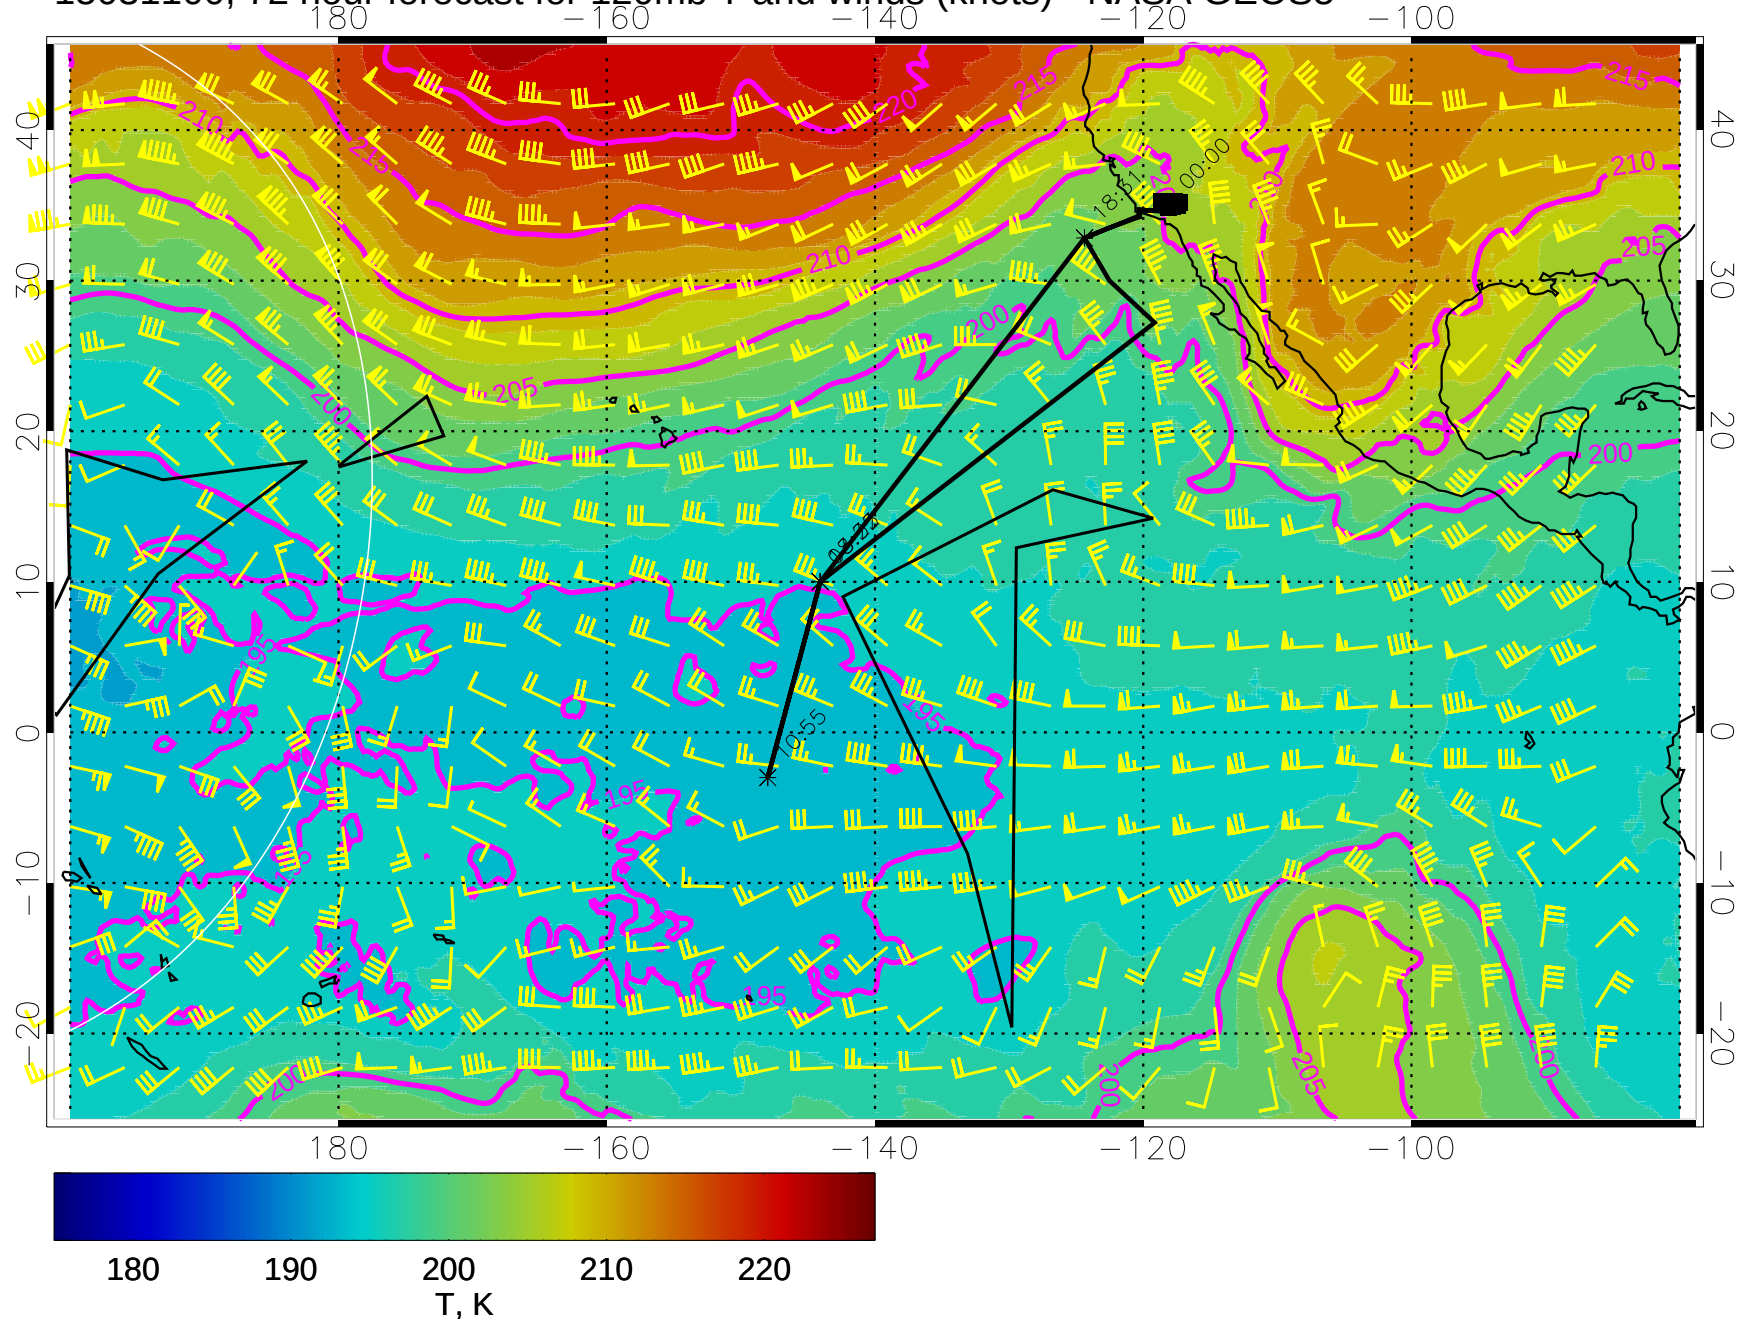

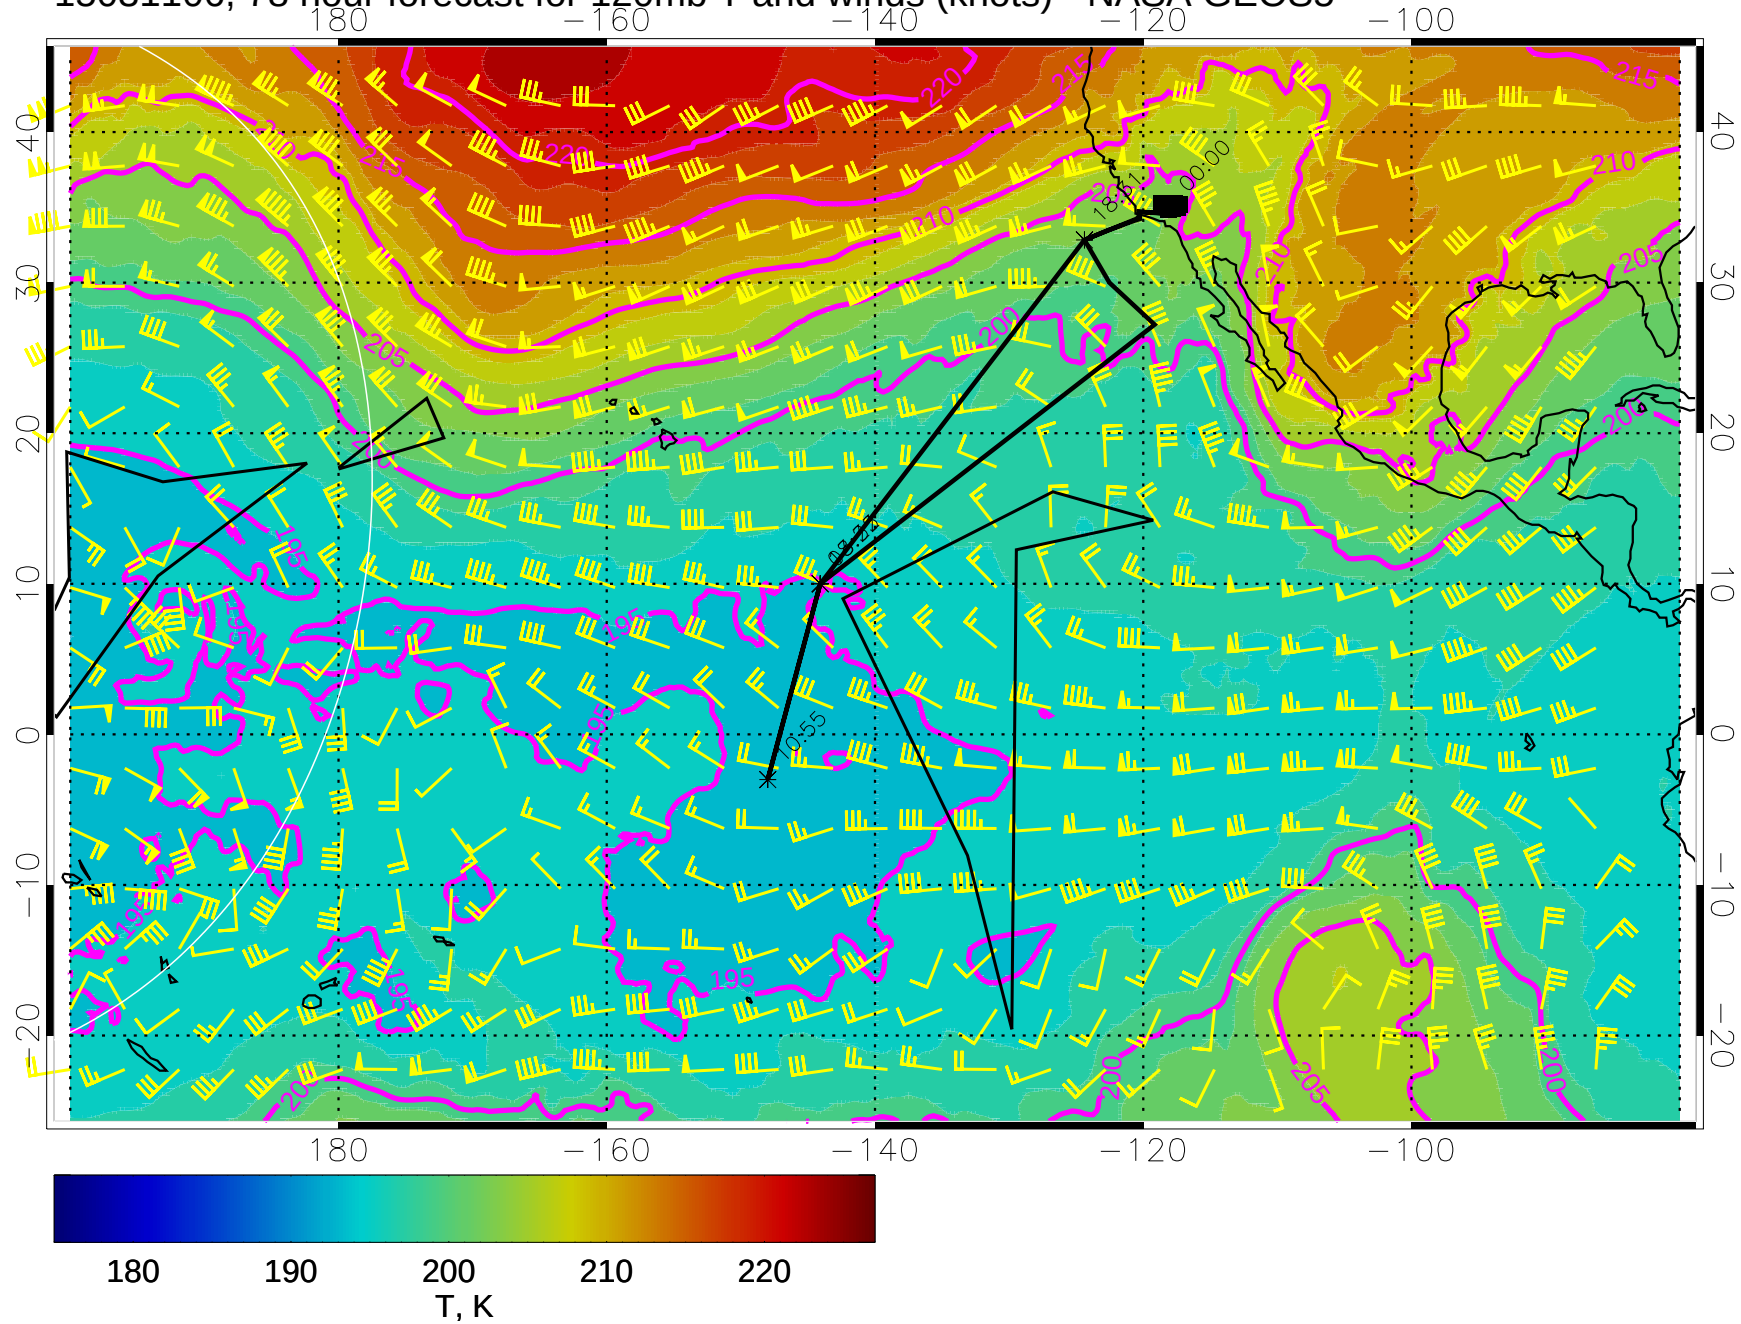

15031018, 66 hour forecast for 120mb T and winds (knots) - NASA GEOS5

180                      -160                      -140                      -120                      -100

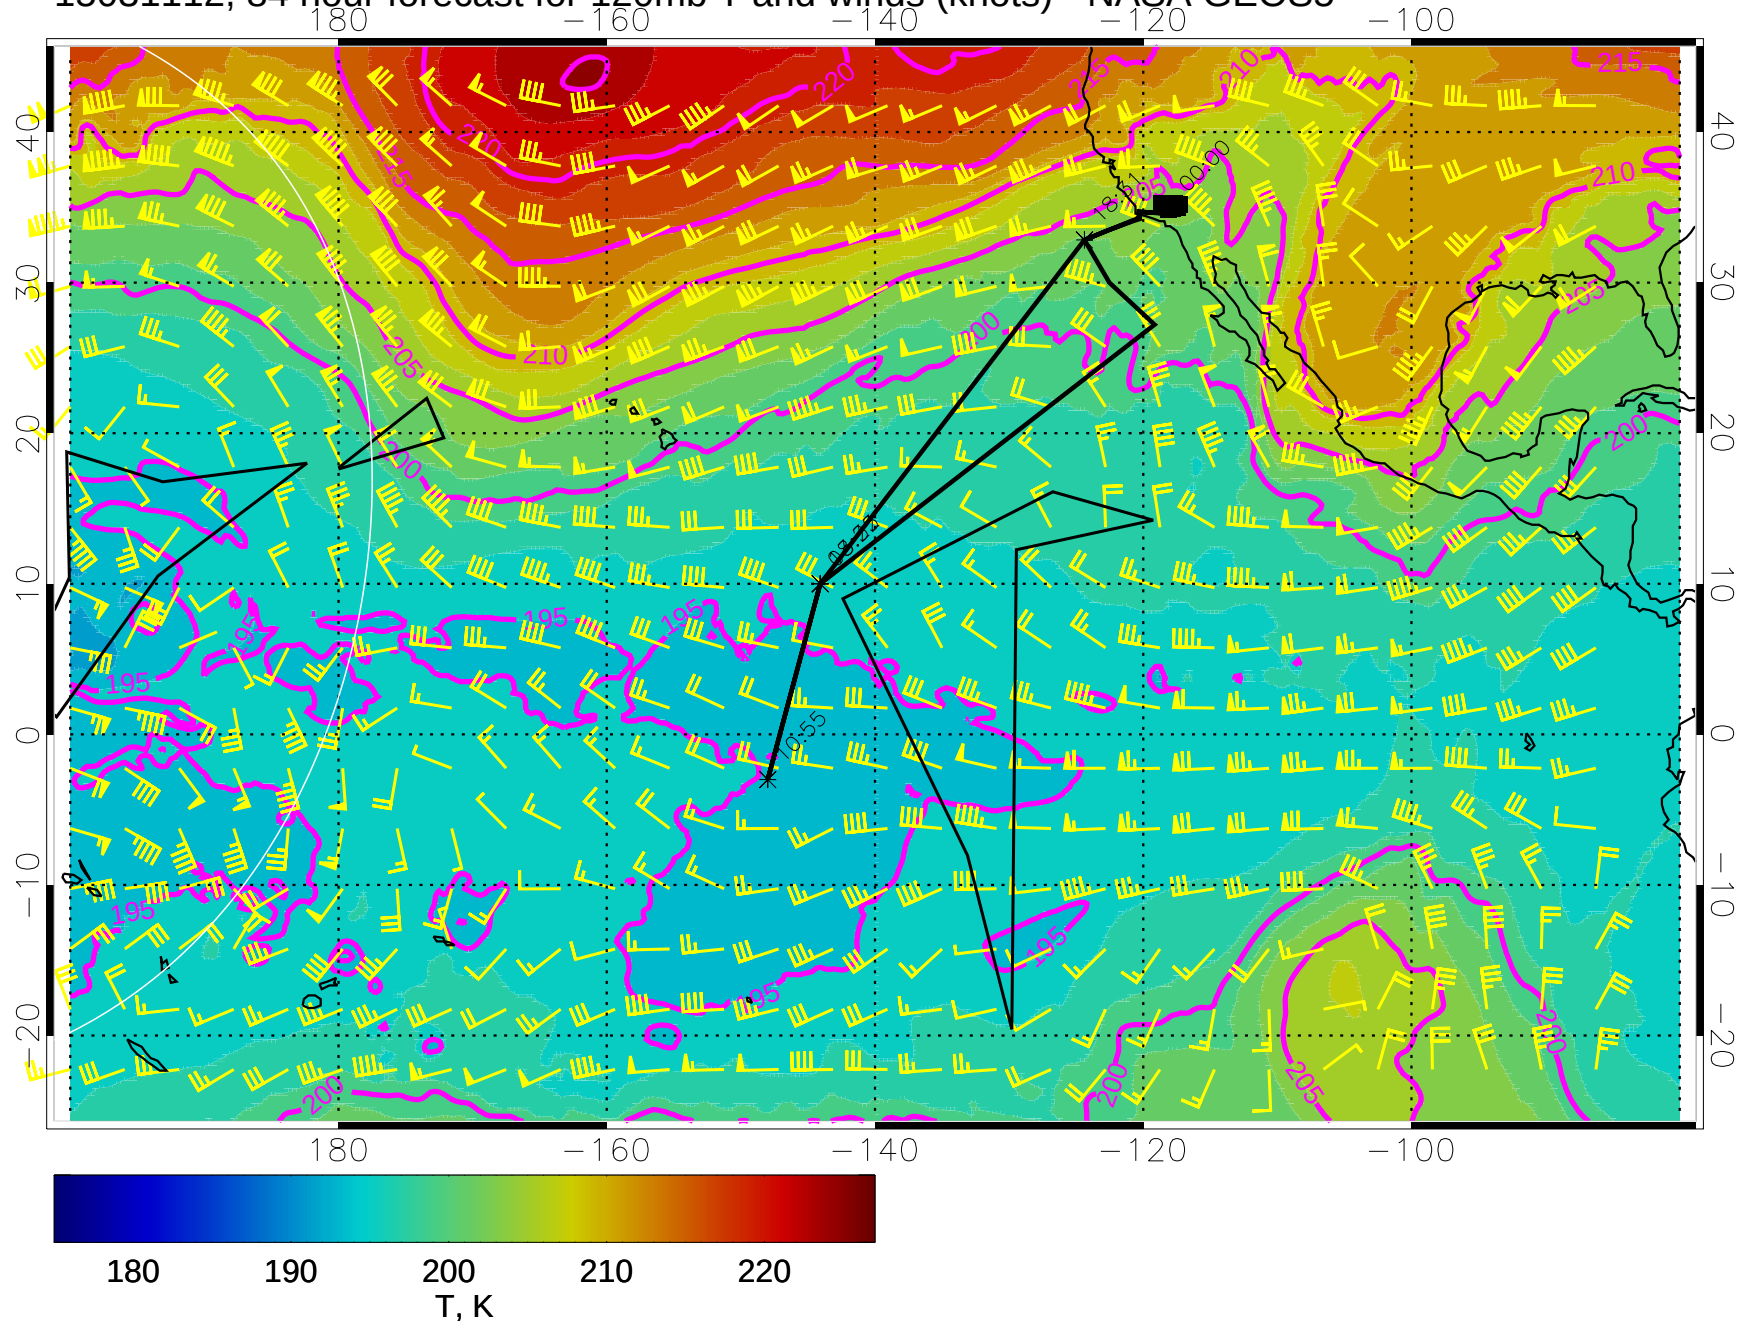

15031106, 78 hour forecast for 120mb T and winds (knots) - NASA GEOS5

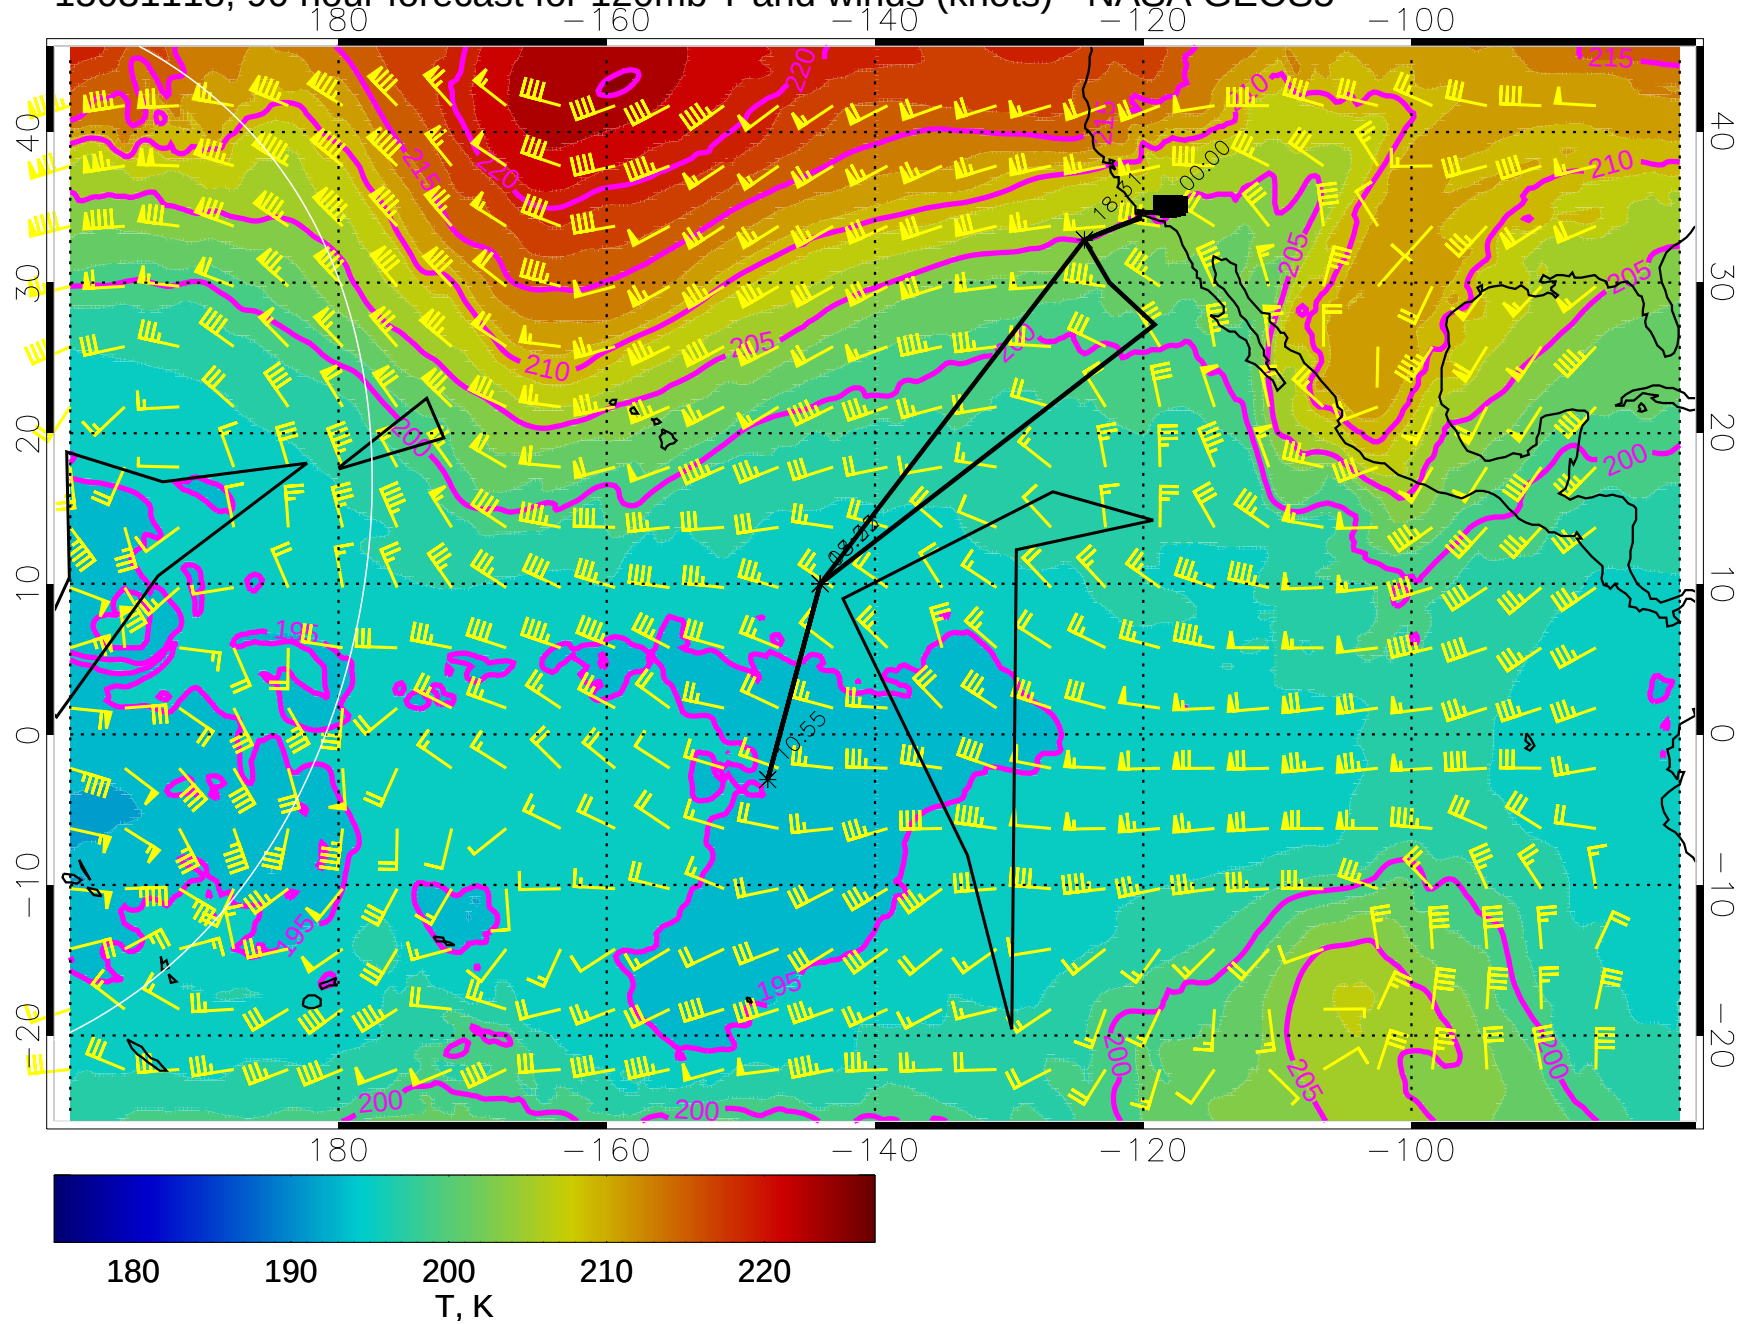

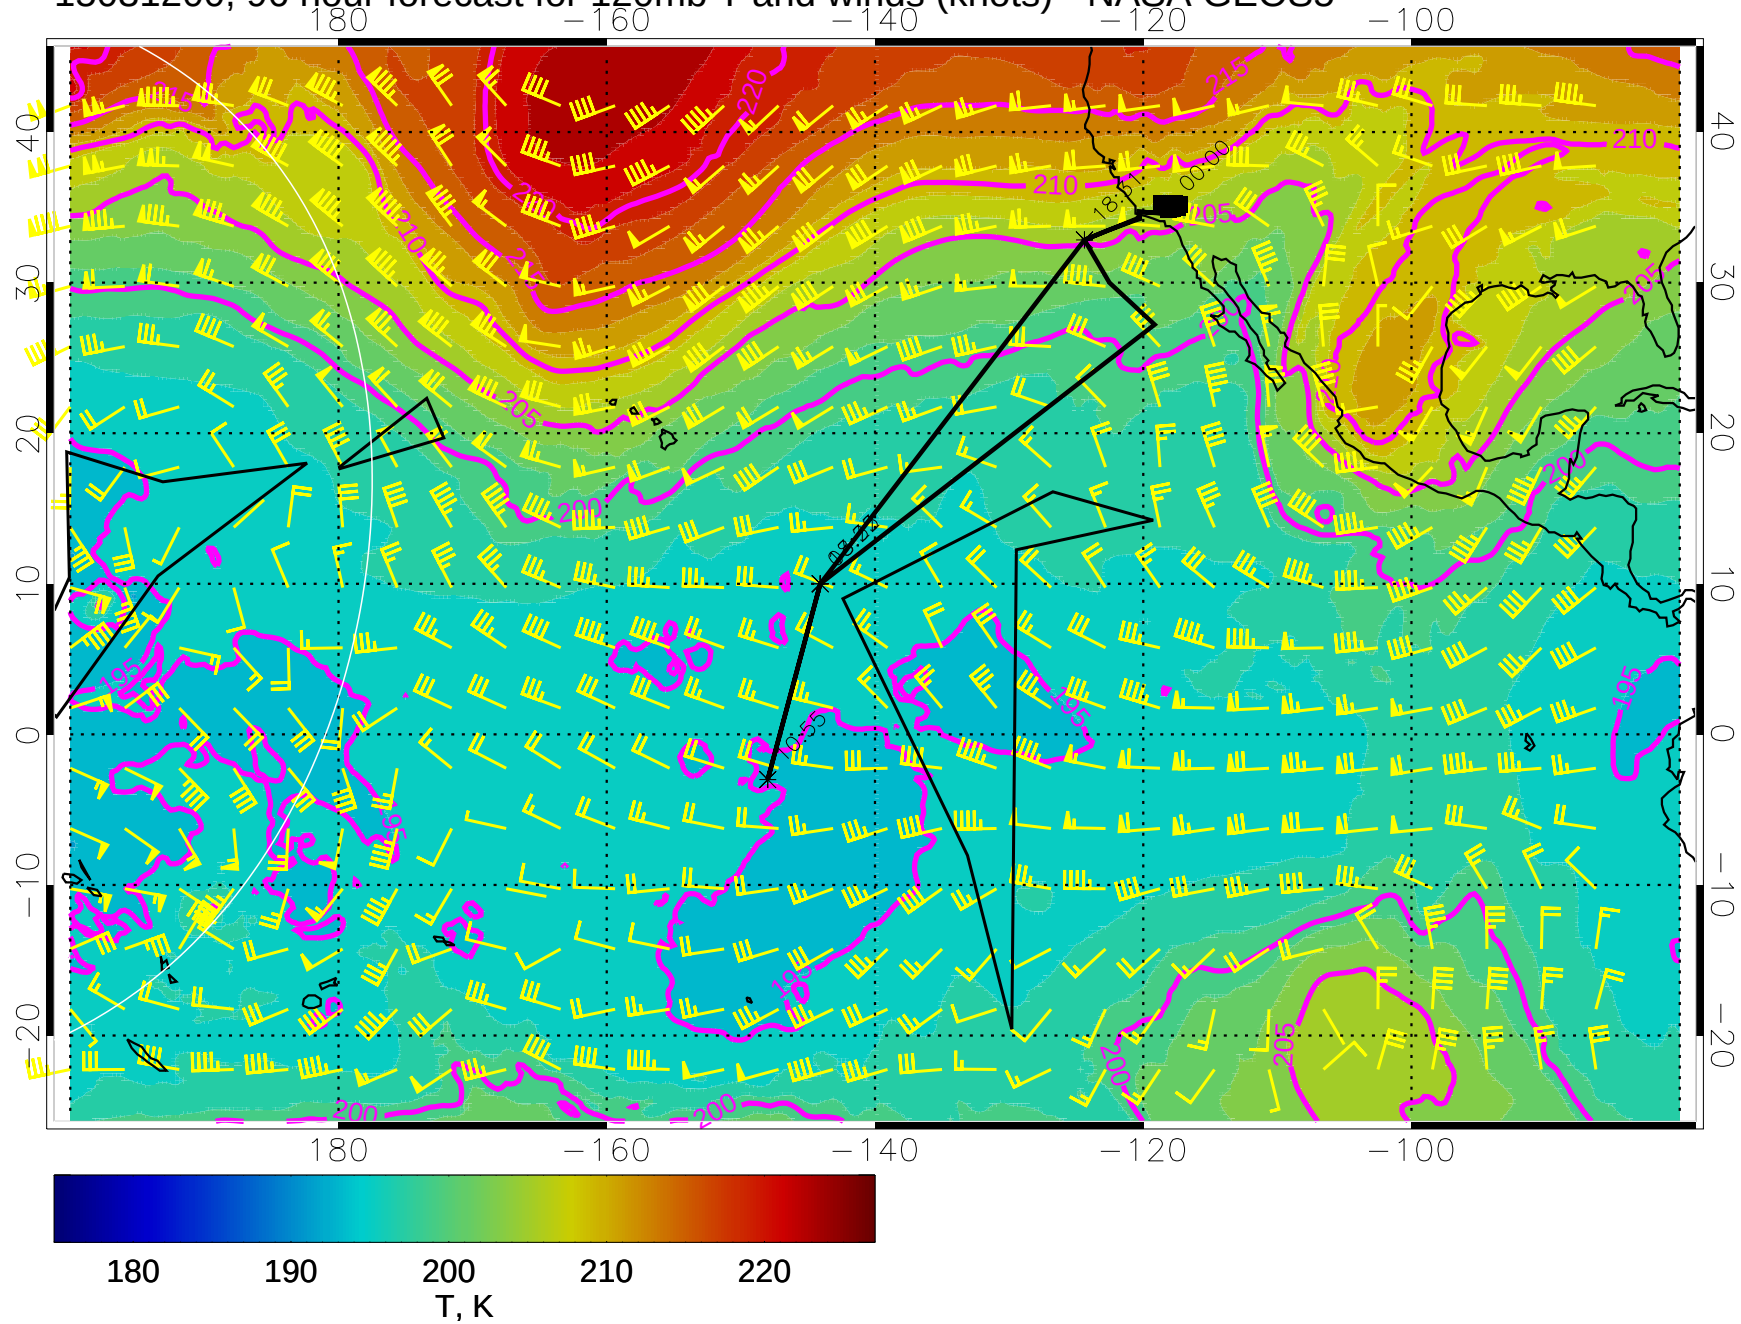

15031112, 84 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031118, 90 hour forecast for 120mb T and winds (knots) - NASA GEOS5

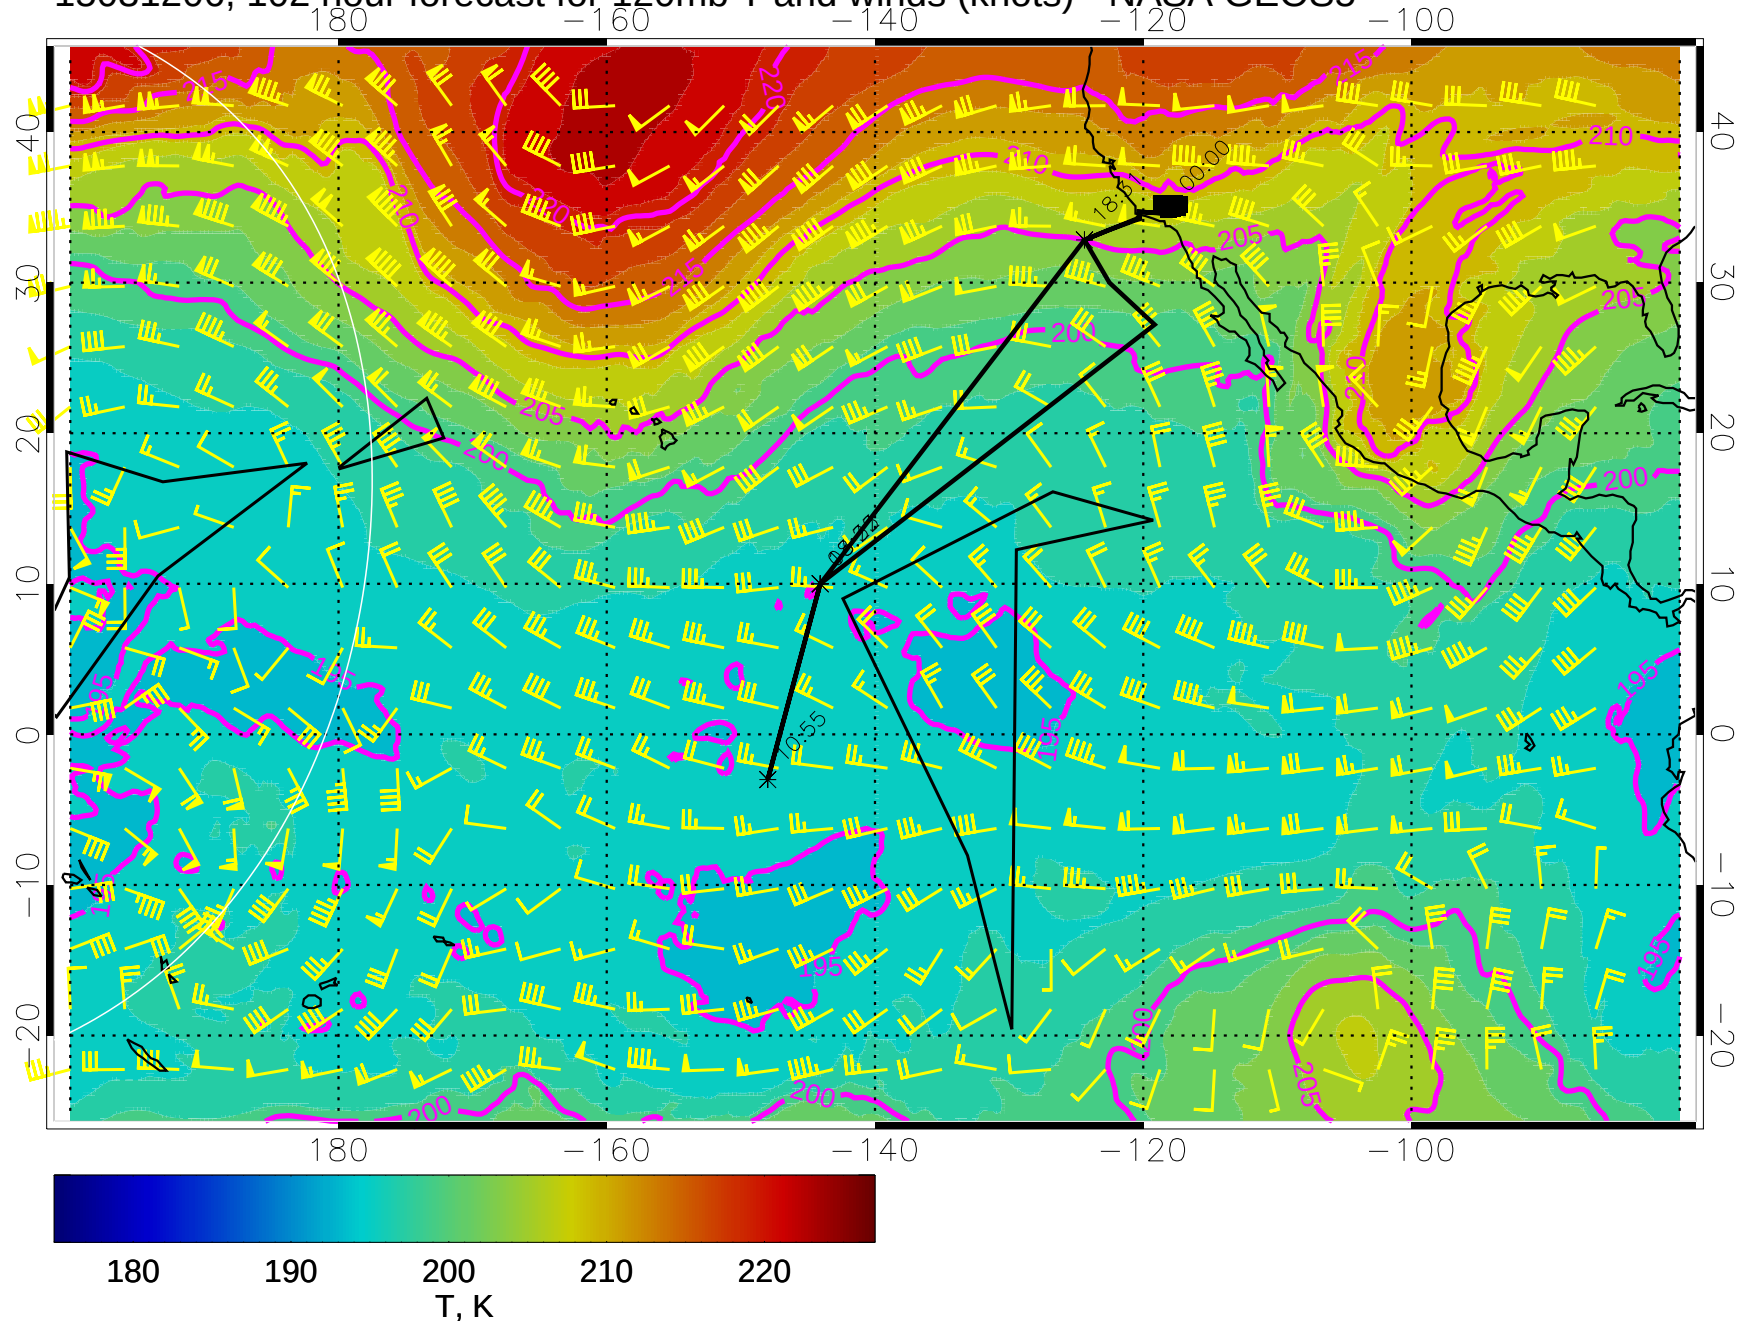

15031200, 96 hour forecast for 120mb T and winds (knots) - NASA GEOS5

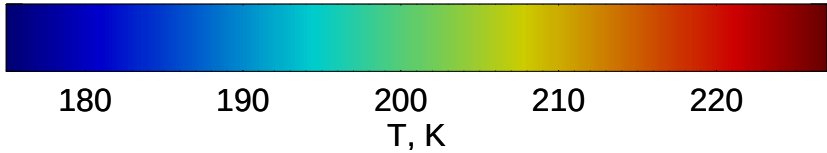

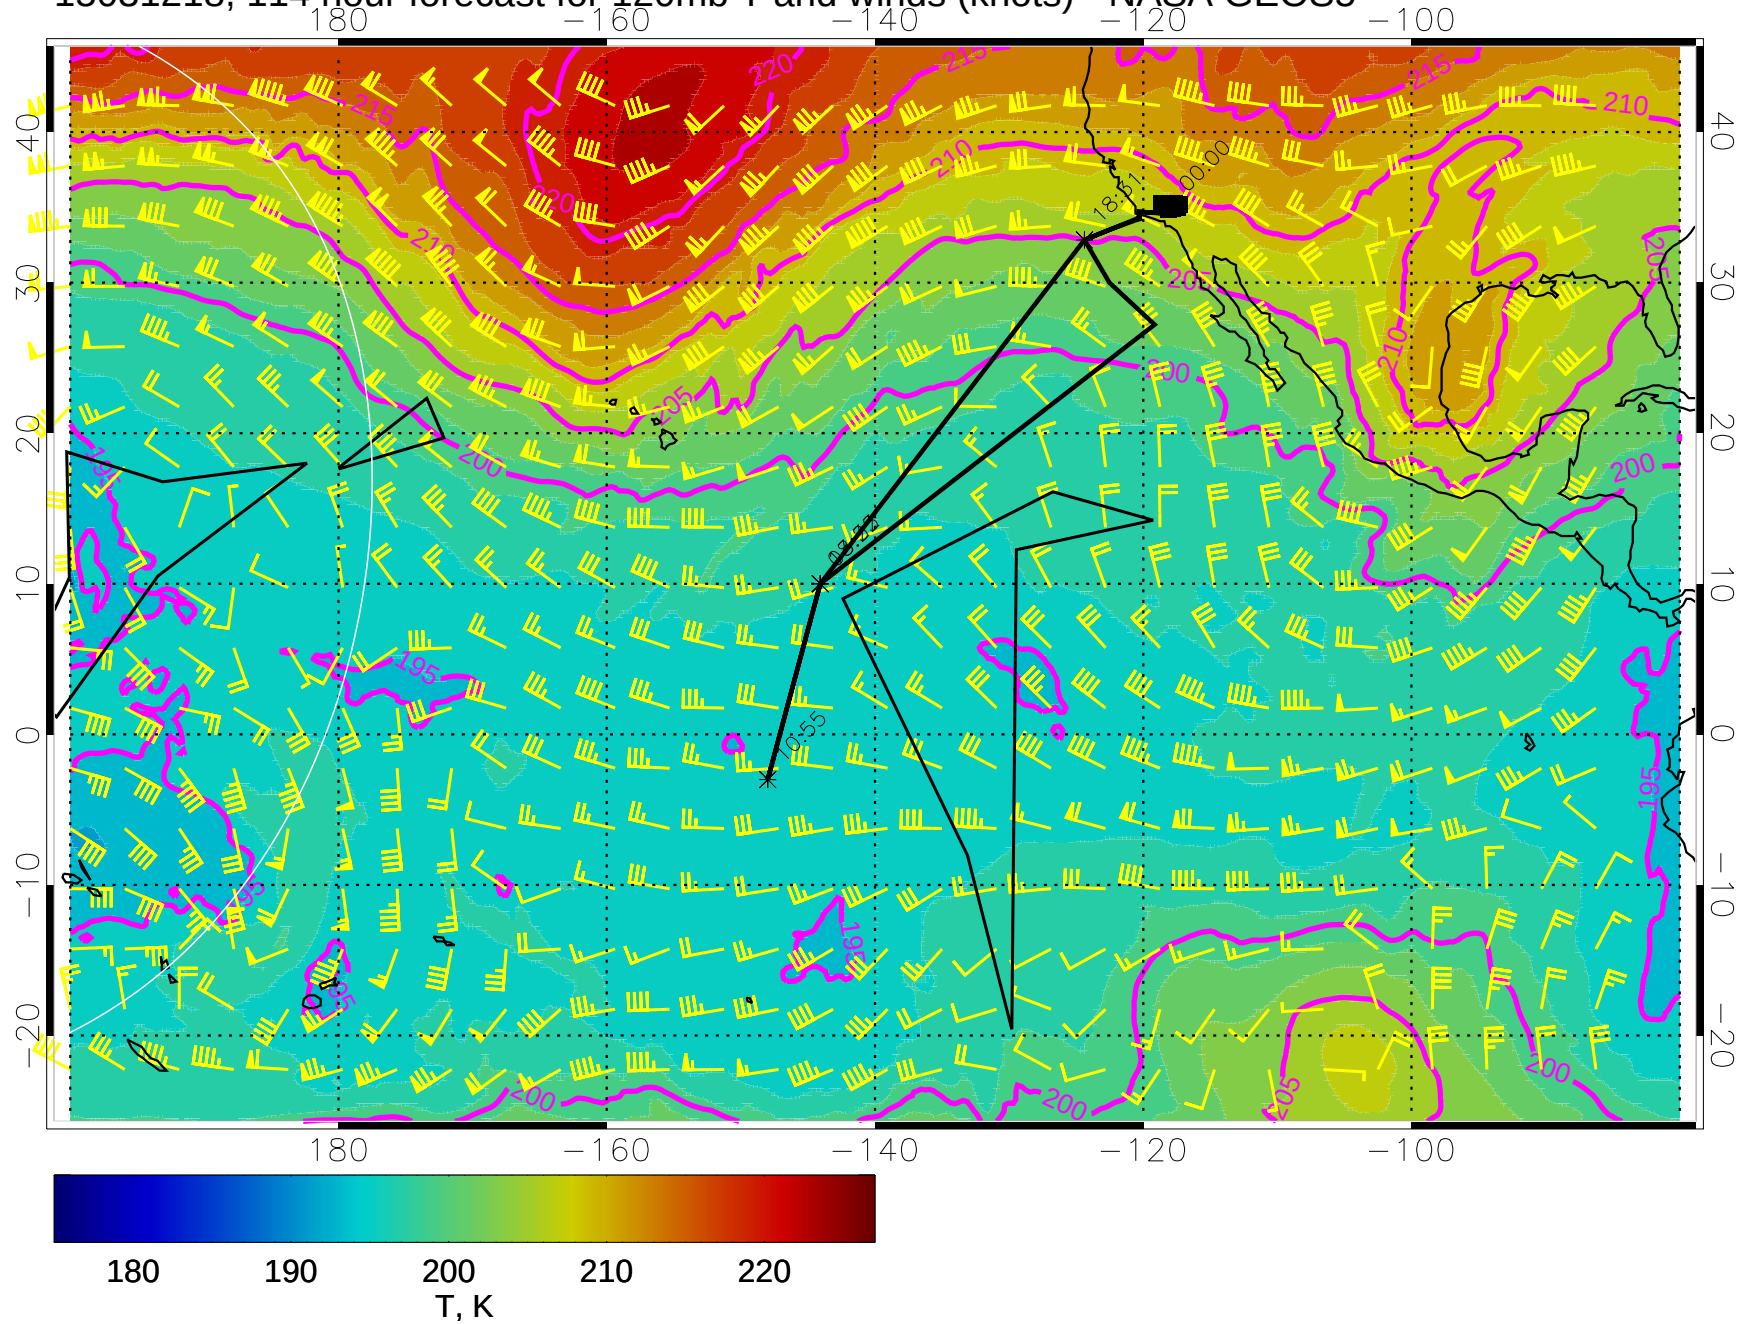

15031206, 102 hour forecast for 120mb T and winds (knots) - NASA GEOS5

180                      -160                      -140                      -120                      -100

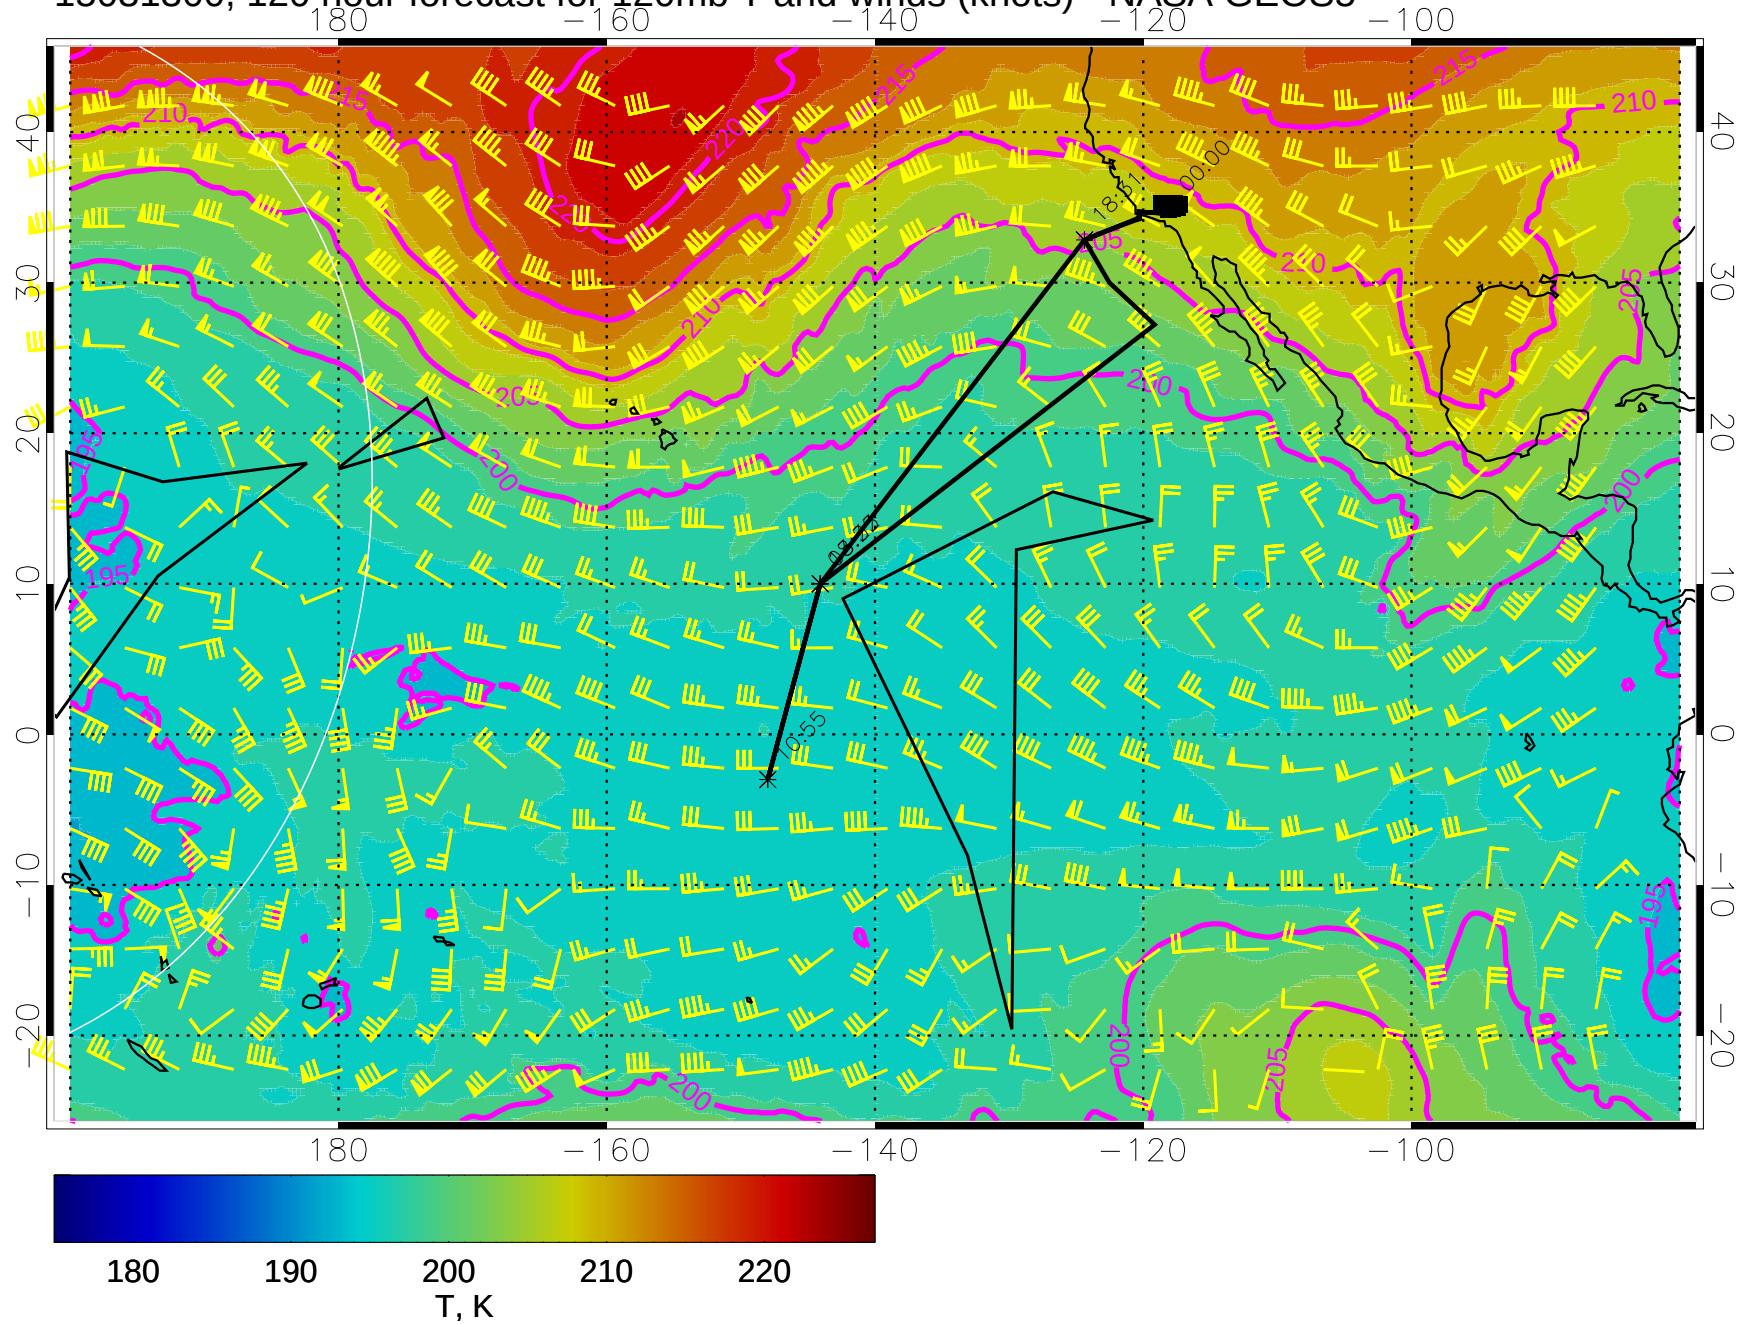

15031218, 114 hour forecast for 120mb T and winds (knots) - NASA GEOS5

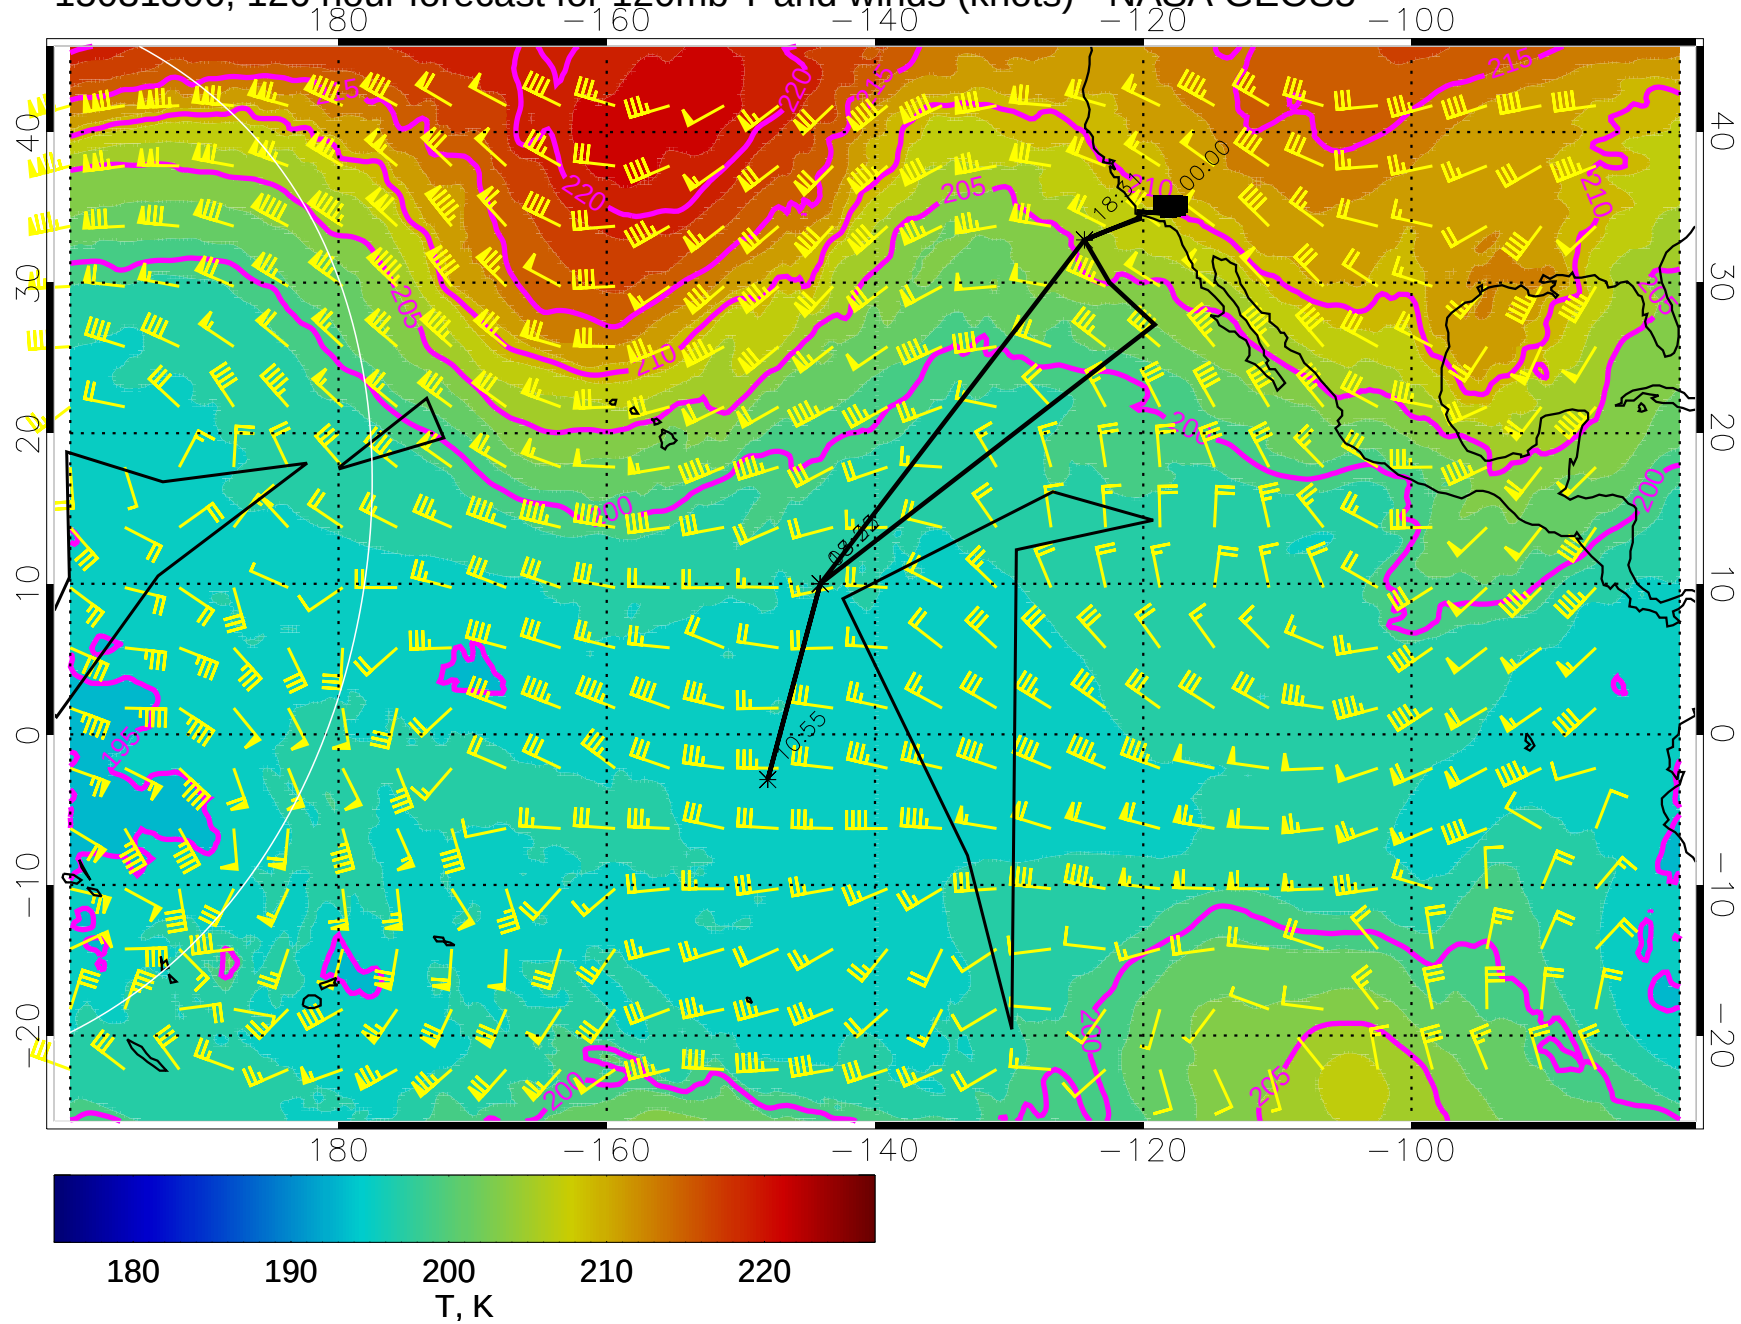

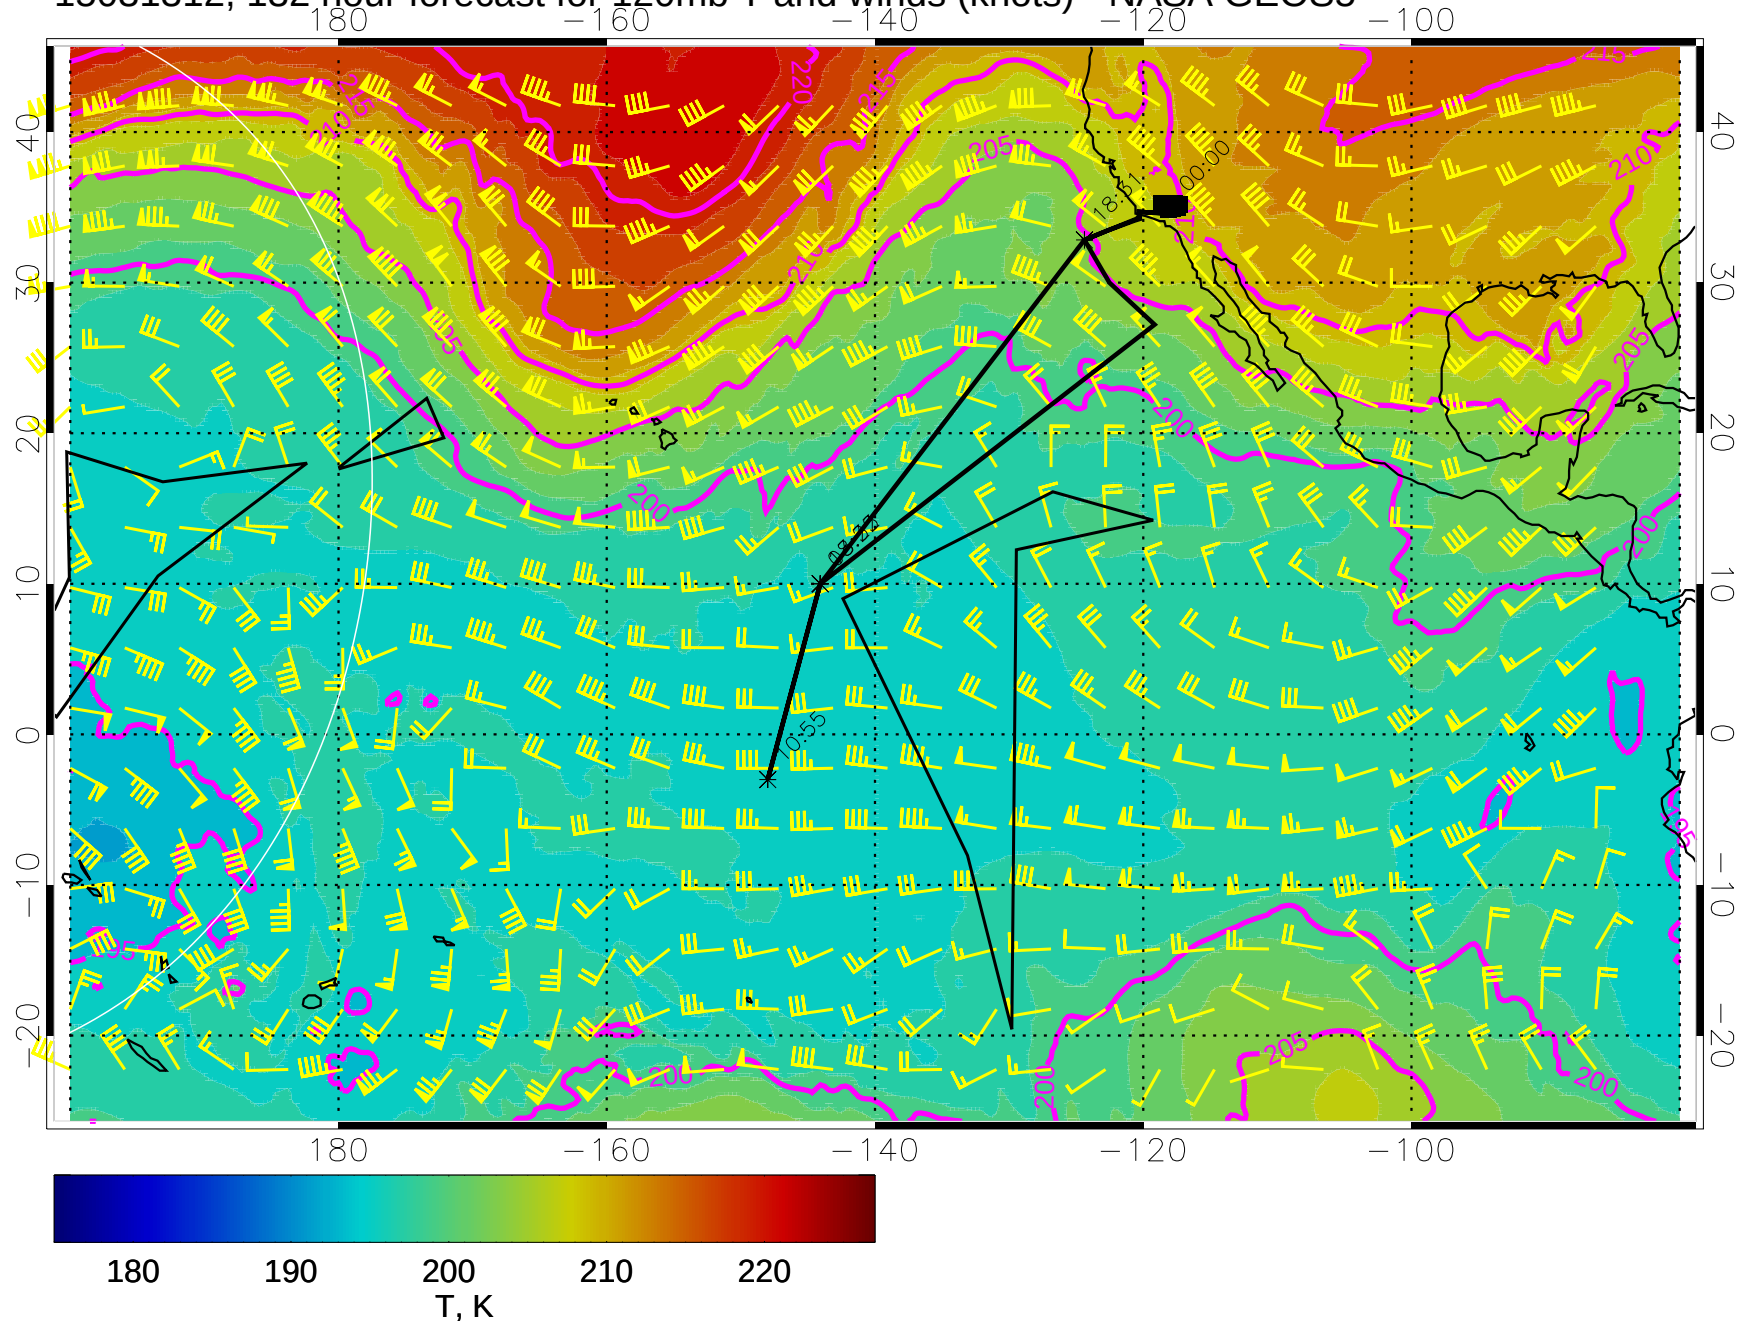

15031300, 120 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031306, 126 hour forecast for 120mb T and winds (knots) - NASA GEOS5

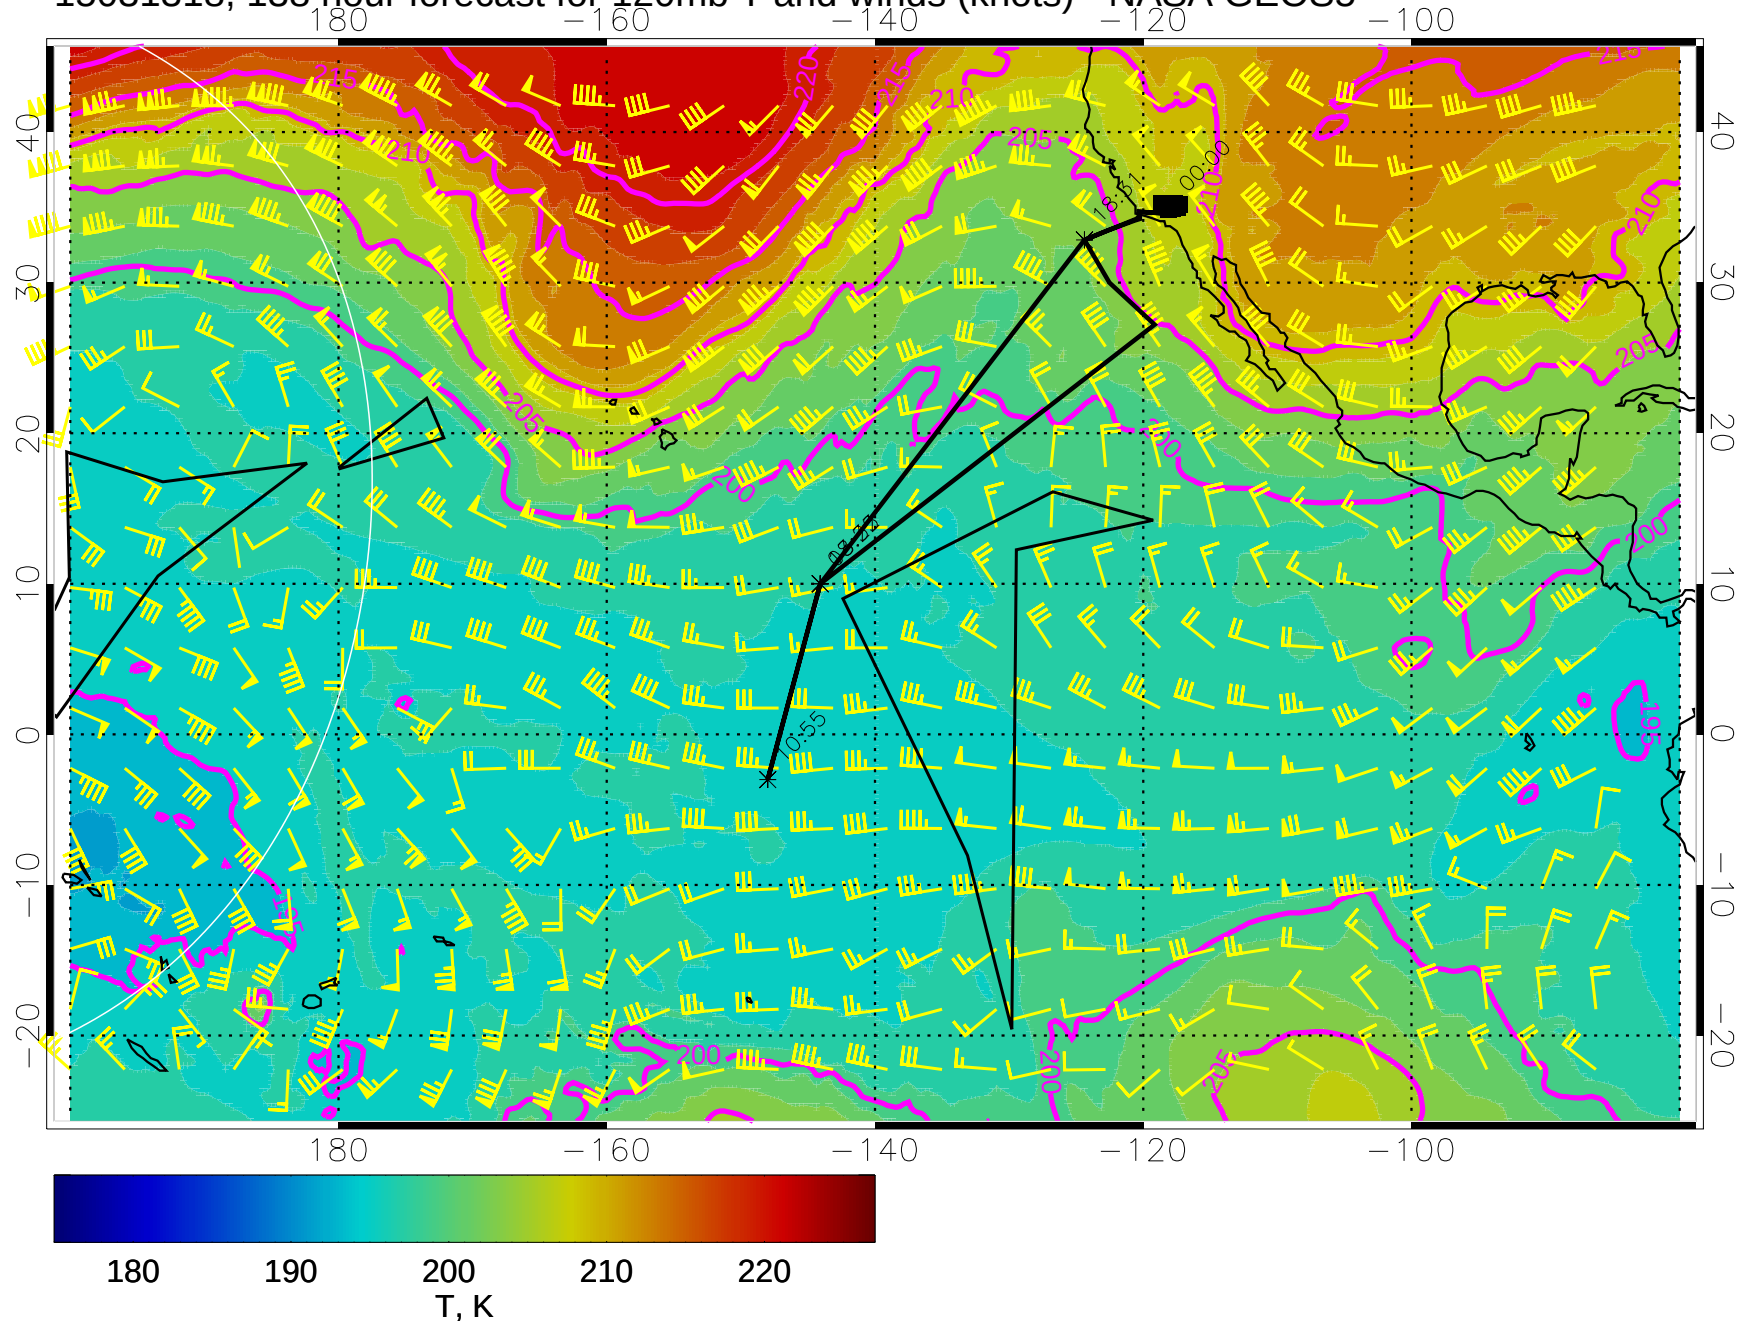

15031312, 132 hour forecast for 120mb T and winds (knots) - NASA GEOS5

15031318, 138 hour forecast for 120mb T and winds (knots) - NASA GEOS5

180                      -160                      -140                      -120                      -100
