

15031206, 6 hour forecast for 85mb T and winds (knots)- NASA GEOS5

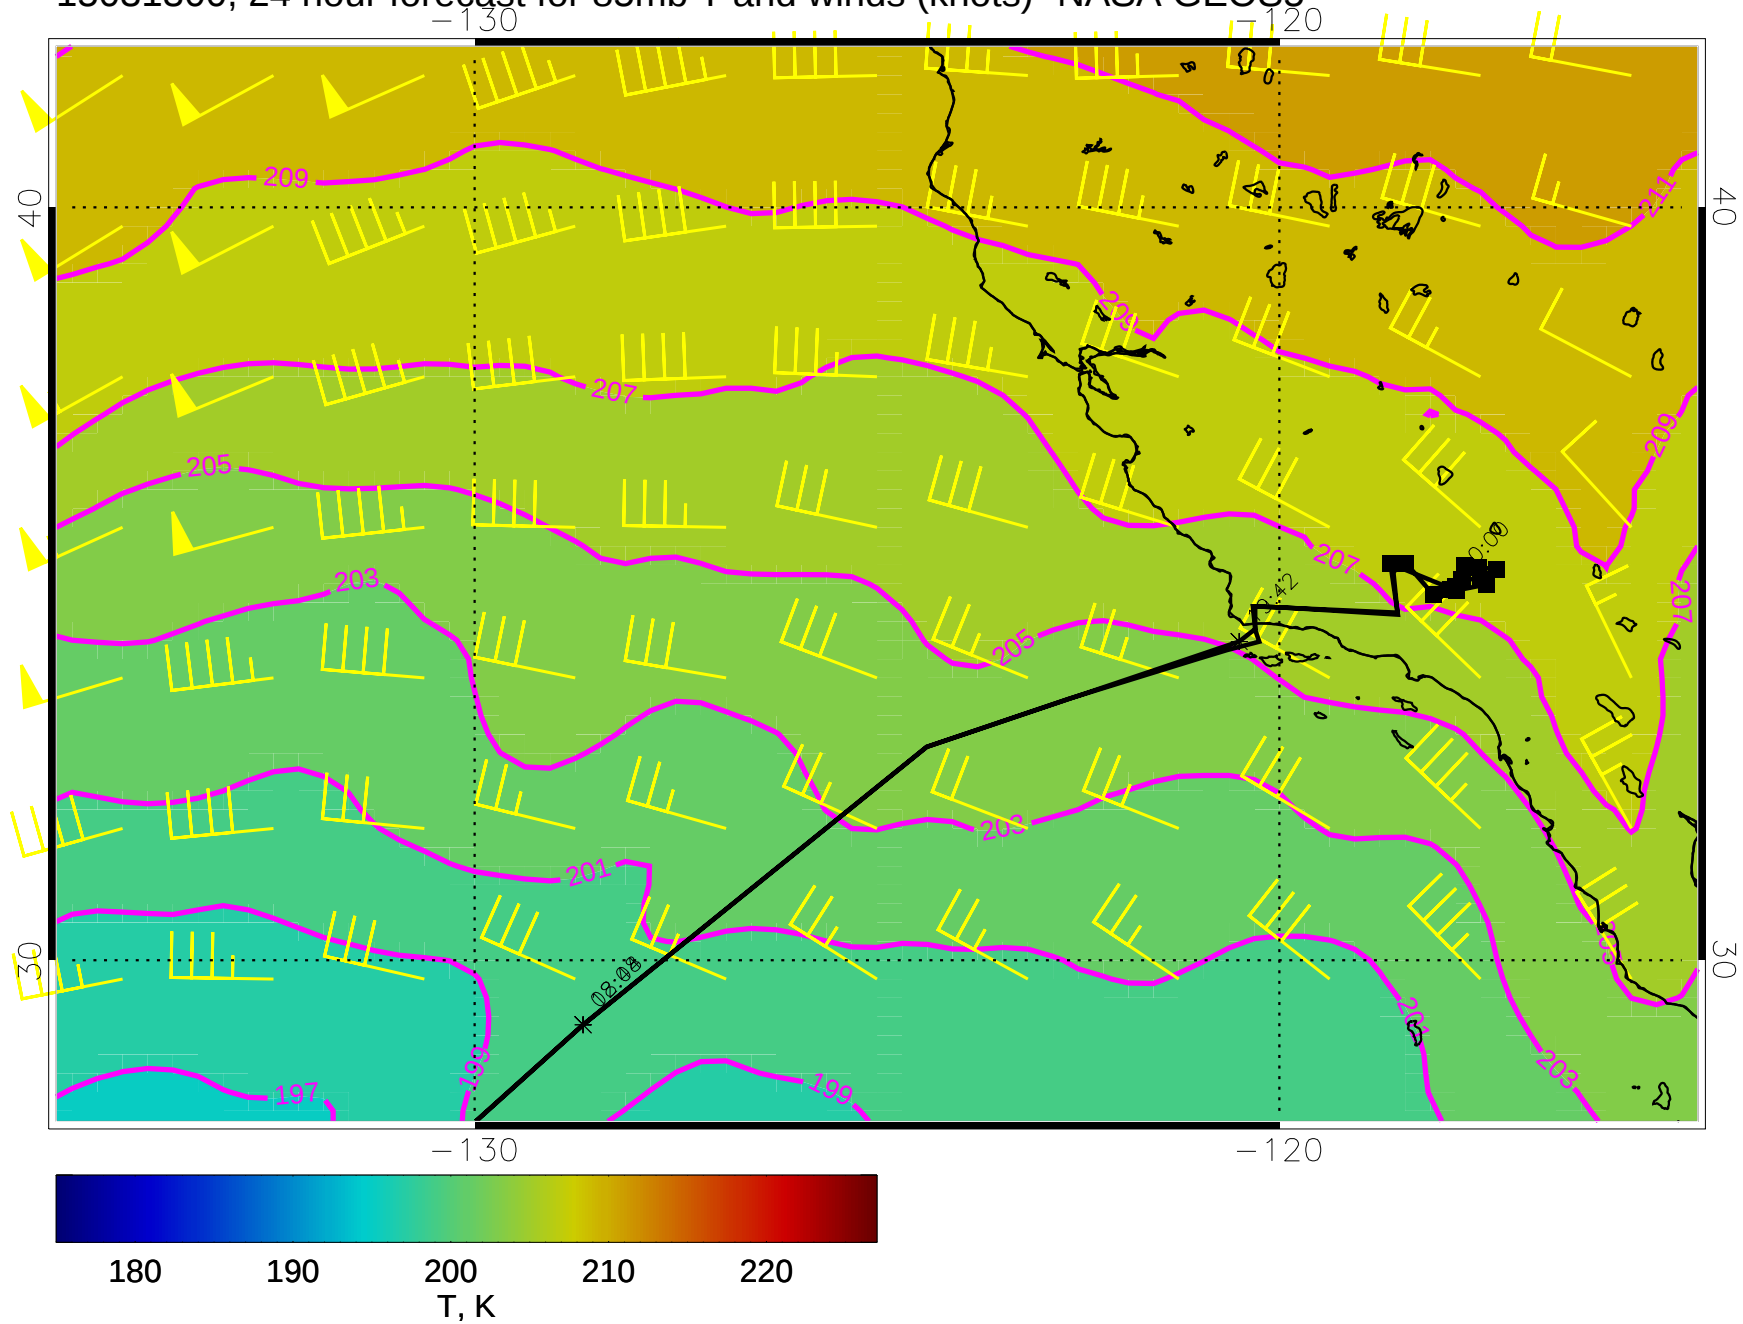

15031212, 12 hour forecast for 85mb T and winds (knots)- NASA GEOS5

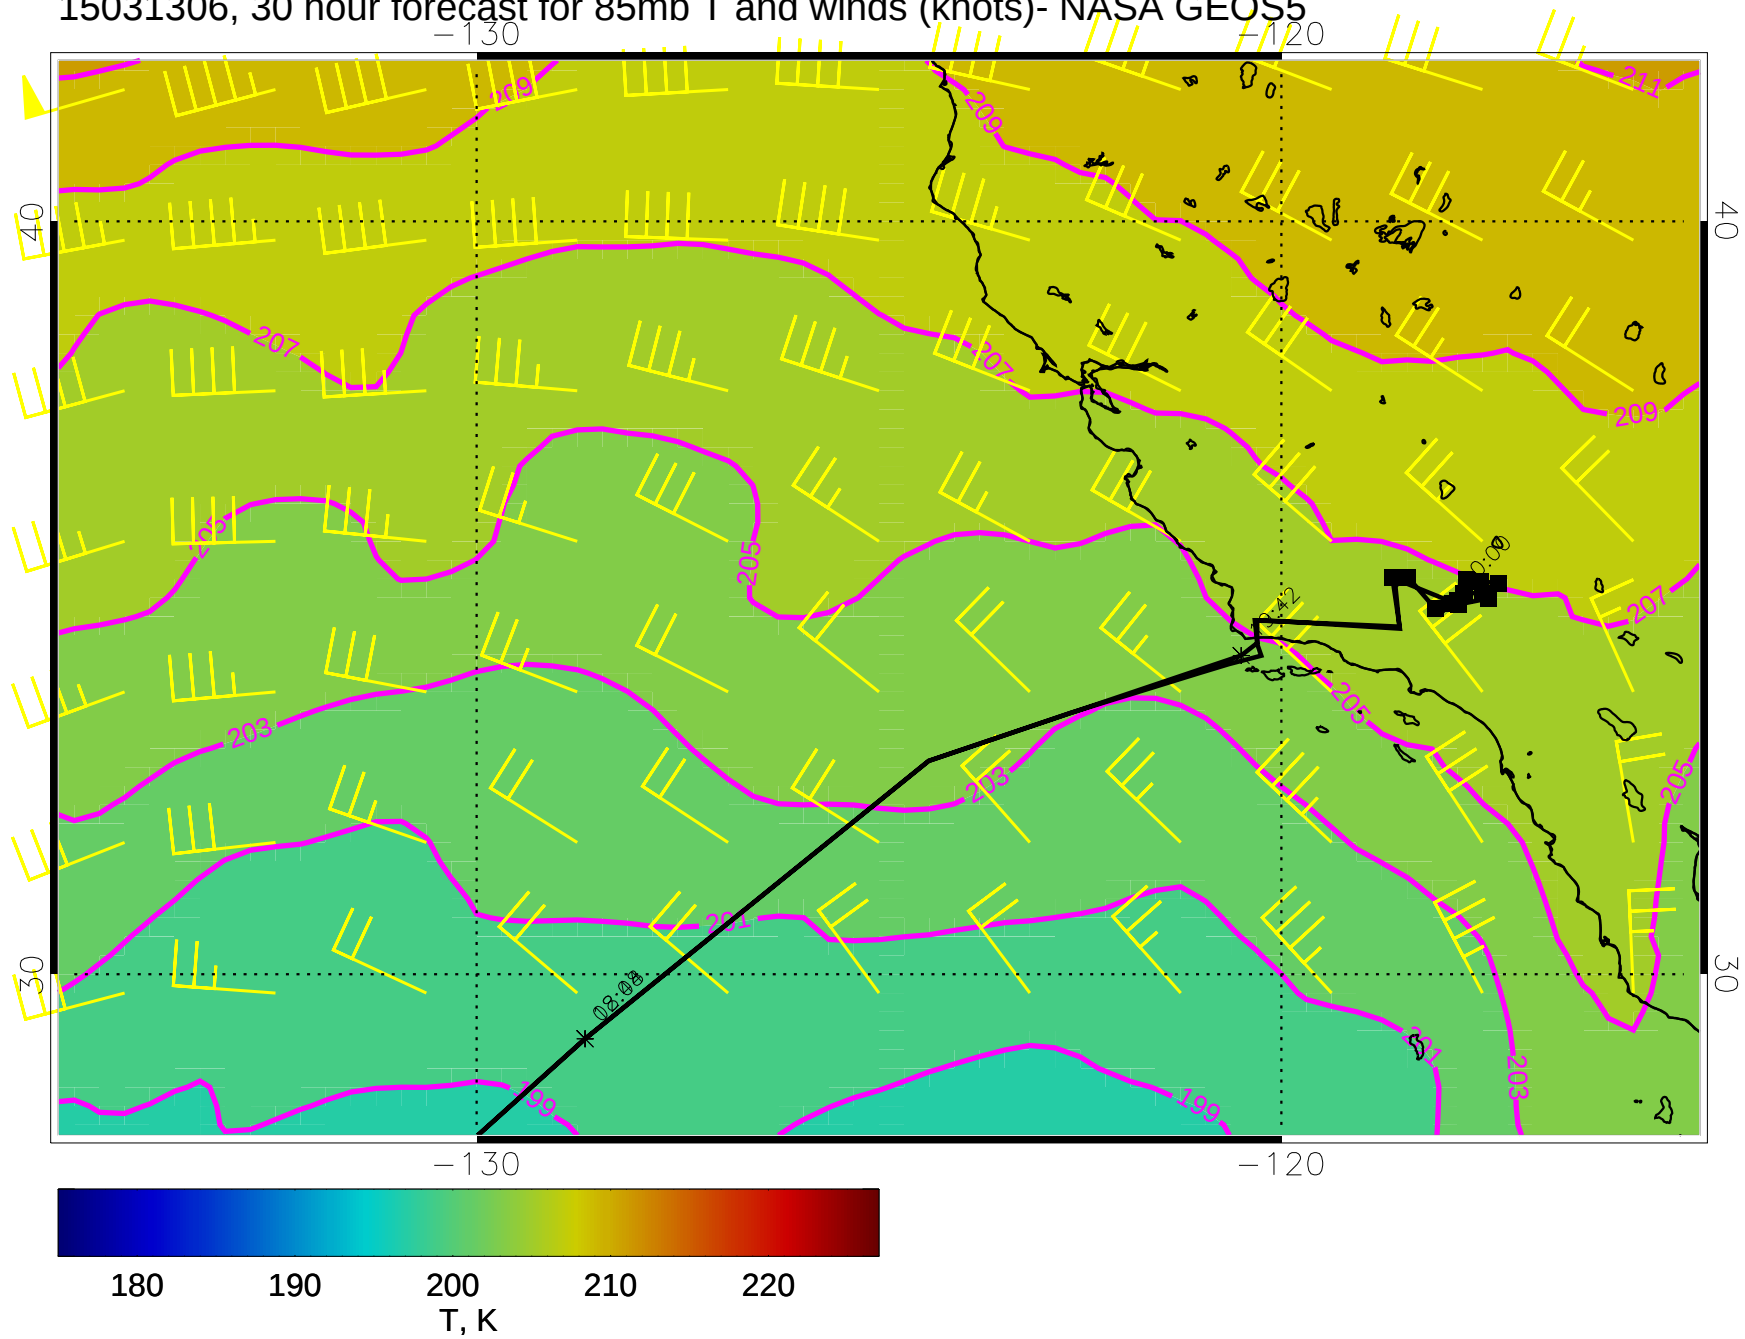

15031218, 18 hour forecast for 85mb T and winds (knots)- NASA GEOS5

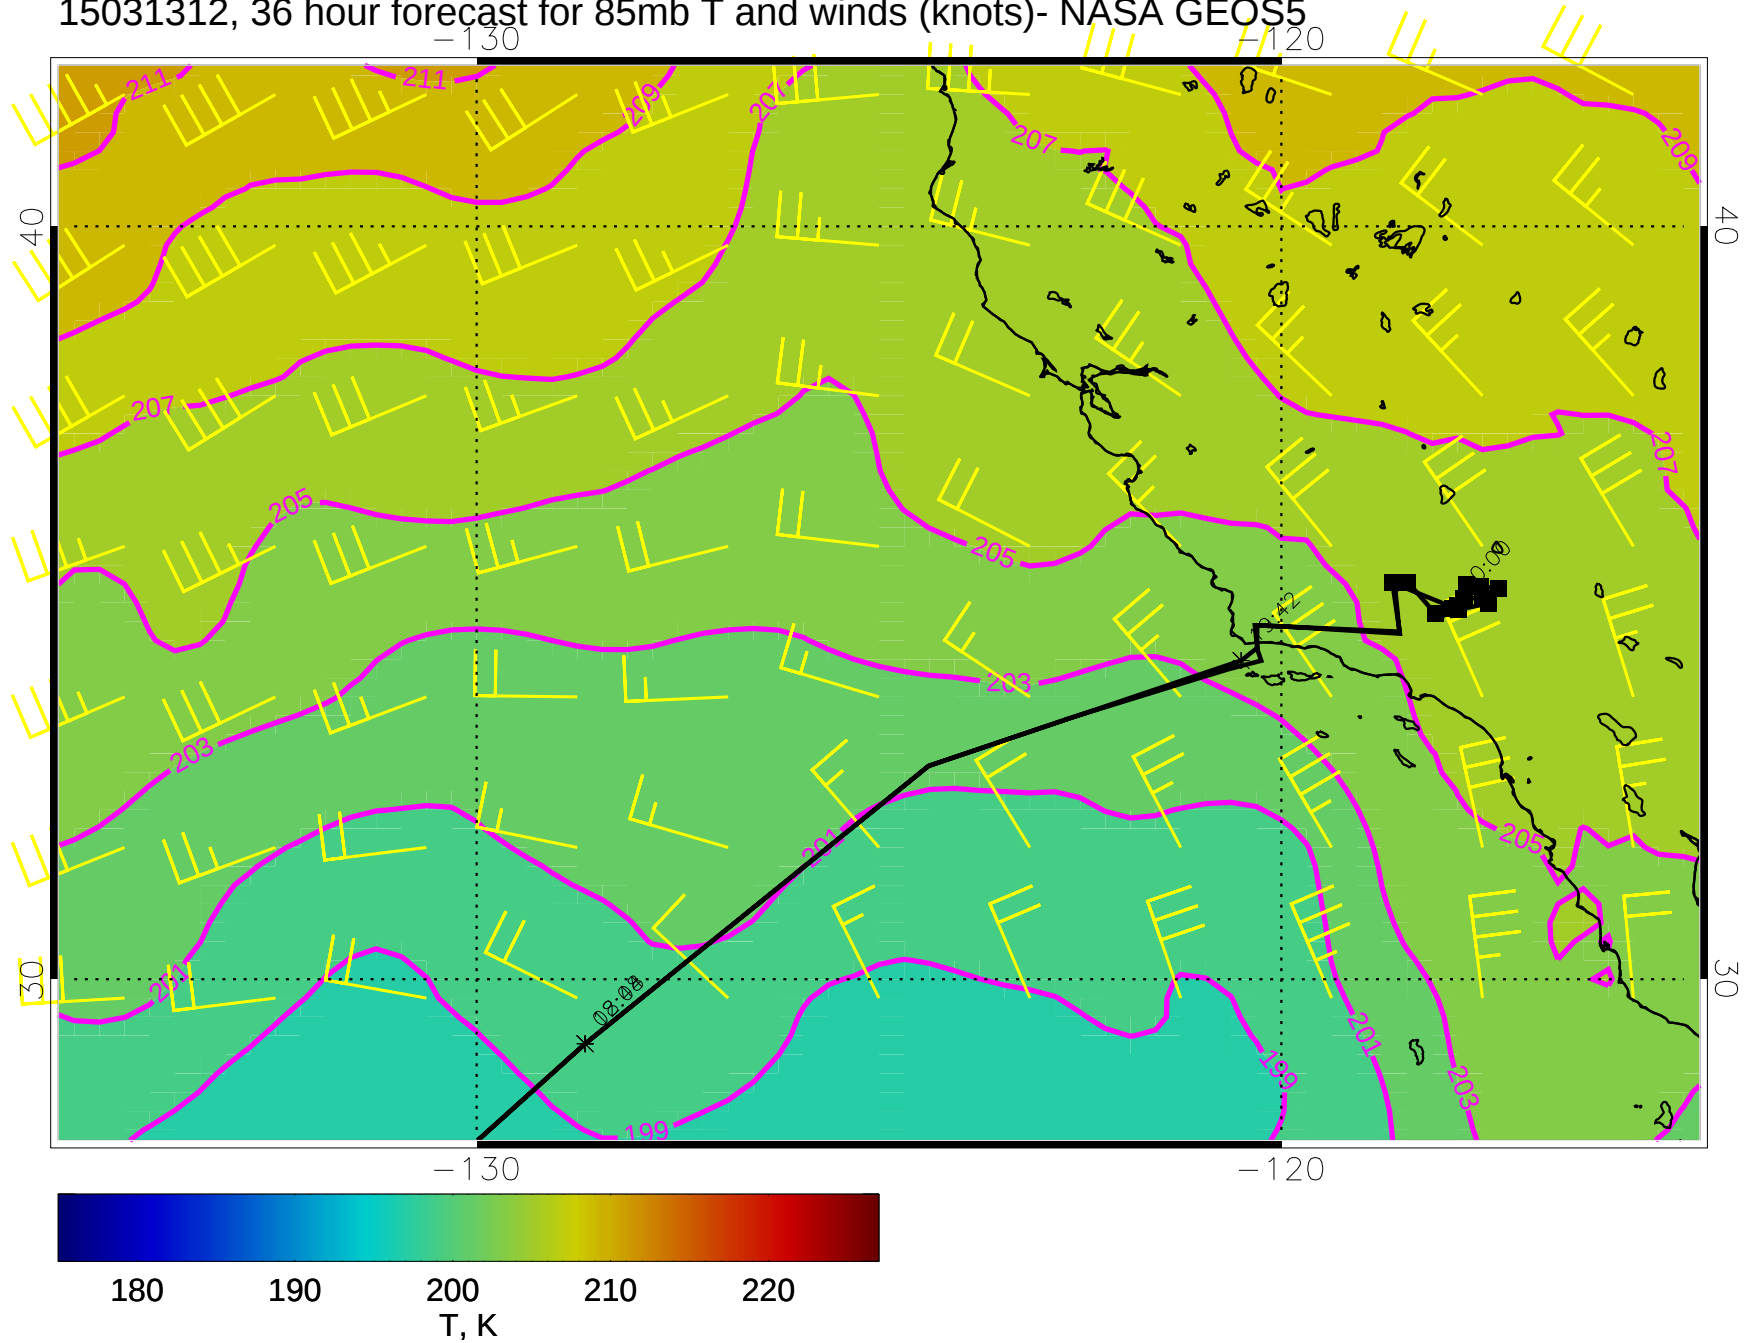

15031300, 24 hour forecast for 85mb T and winds (knots)- NASA GEOS5

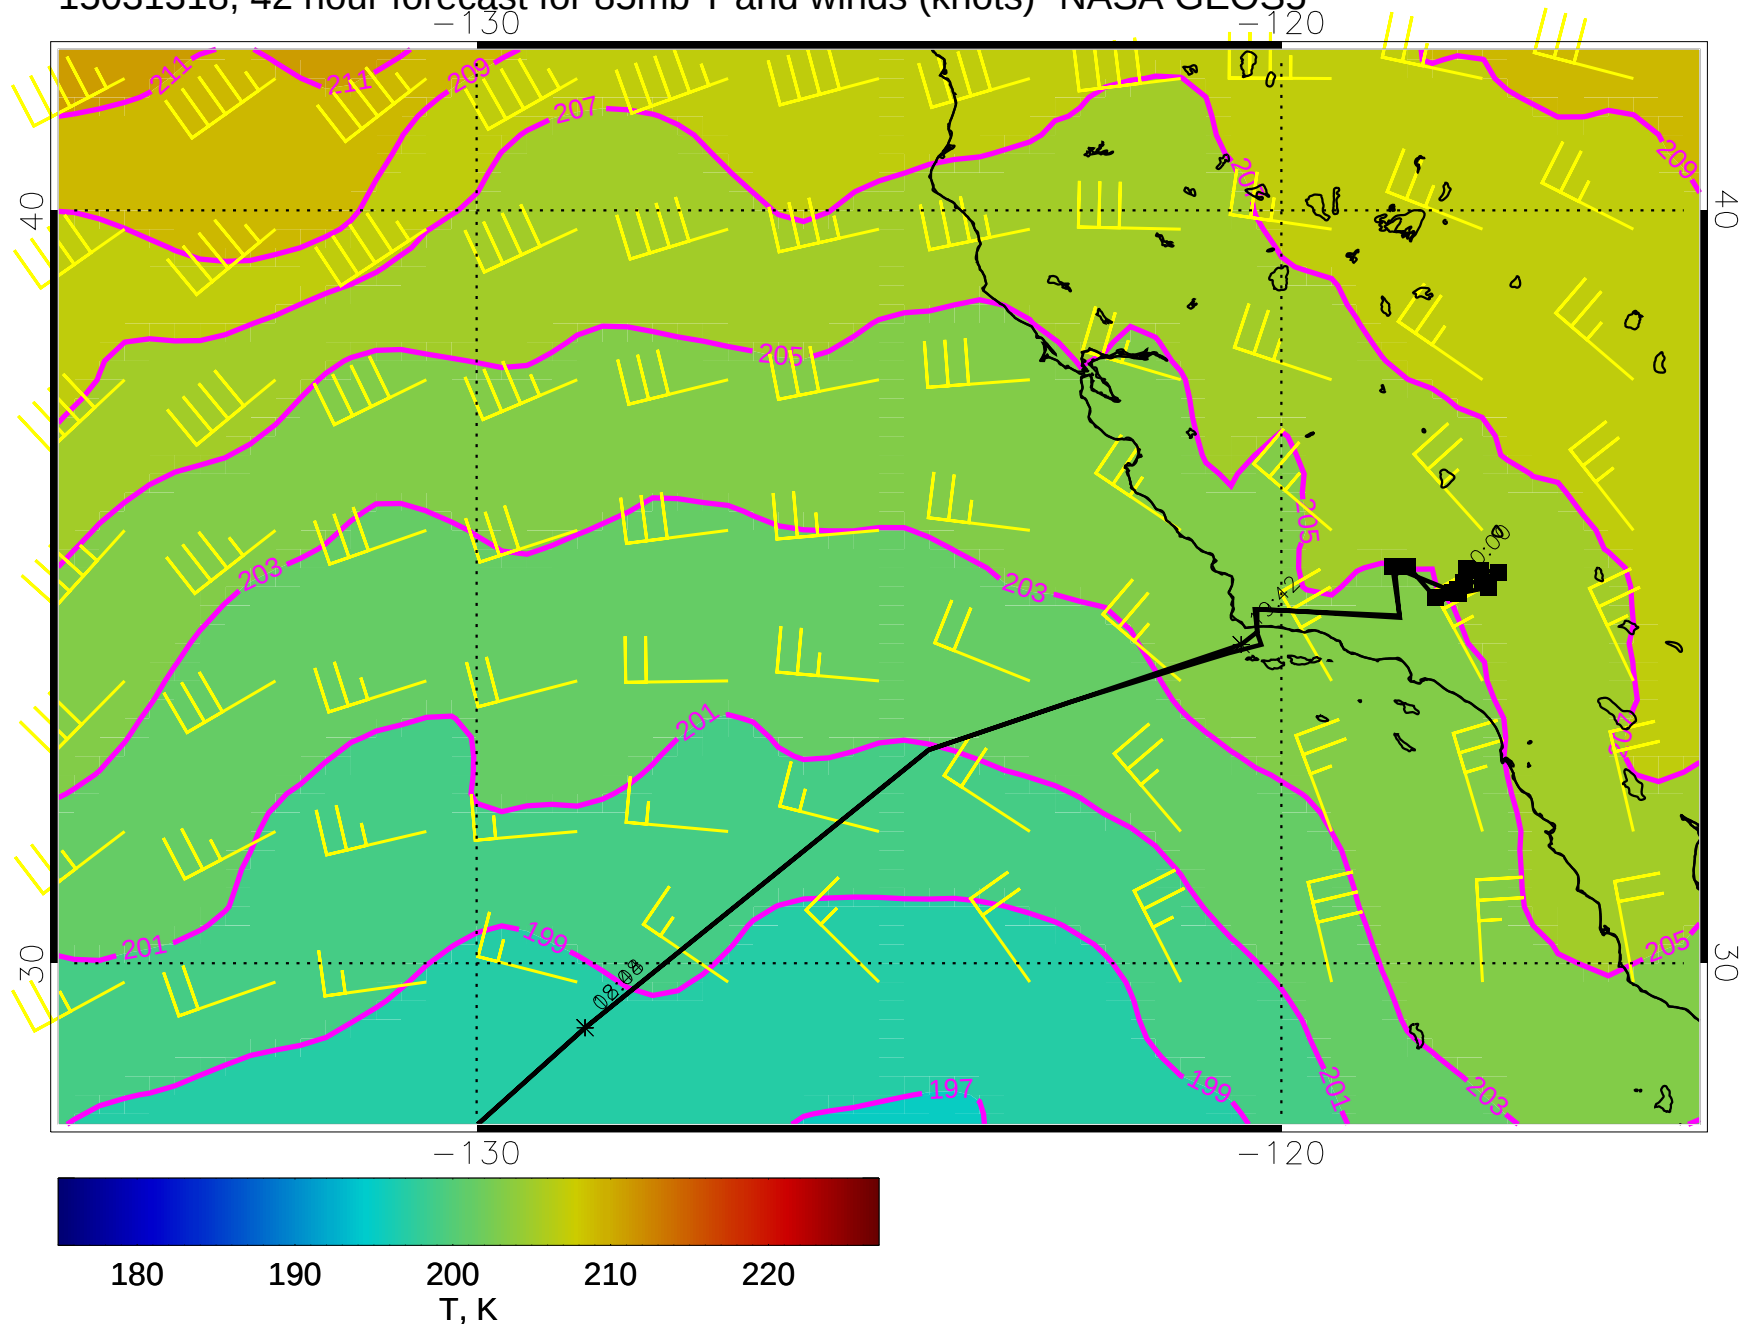

15031306, 30 hour forecast for 85mb T and winds (knots)- NASA GEOS5

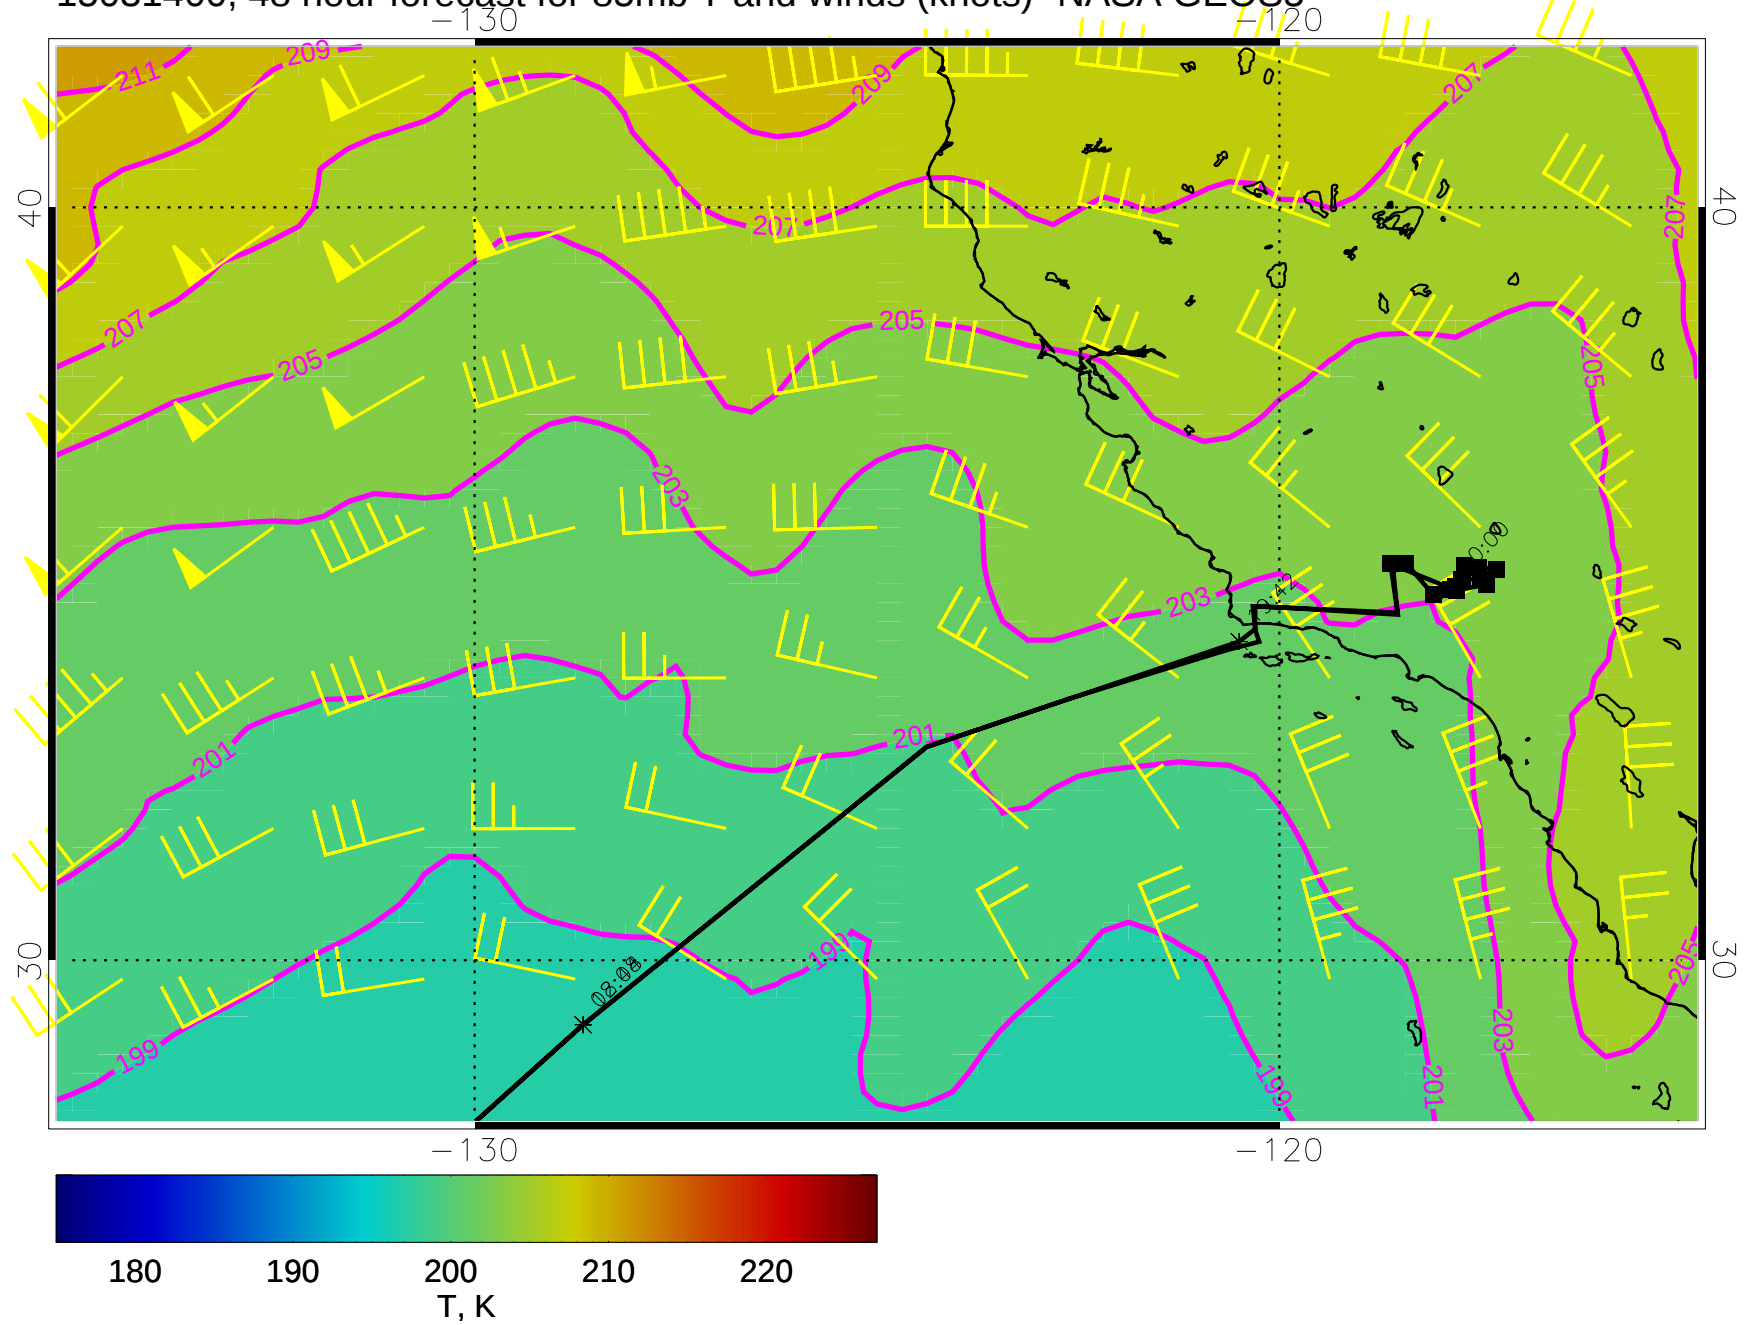

15031312, 36 hour forecast for 85mb T and winds (knots)- NASA GEOS5

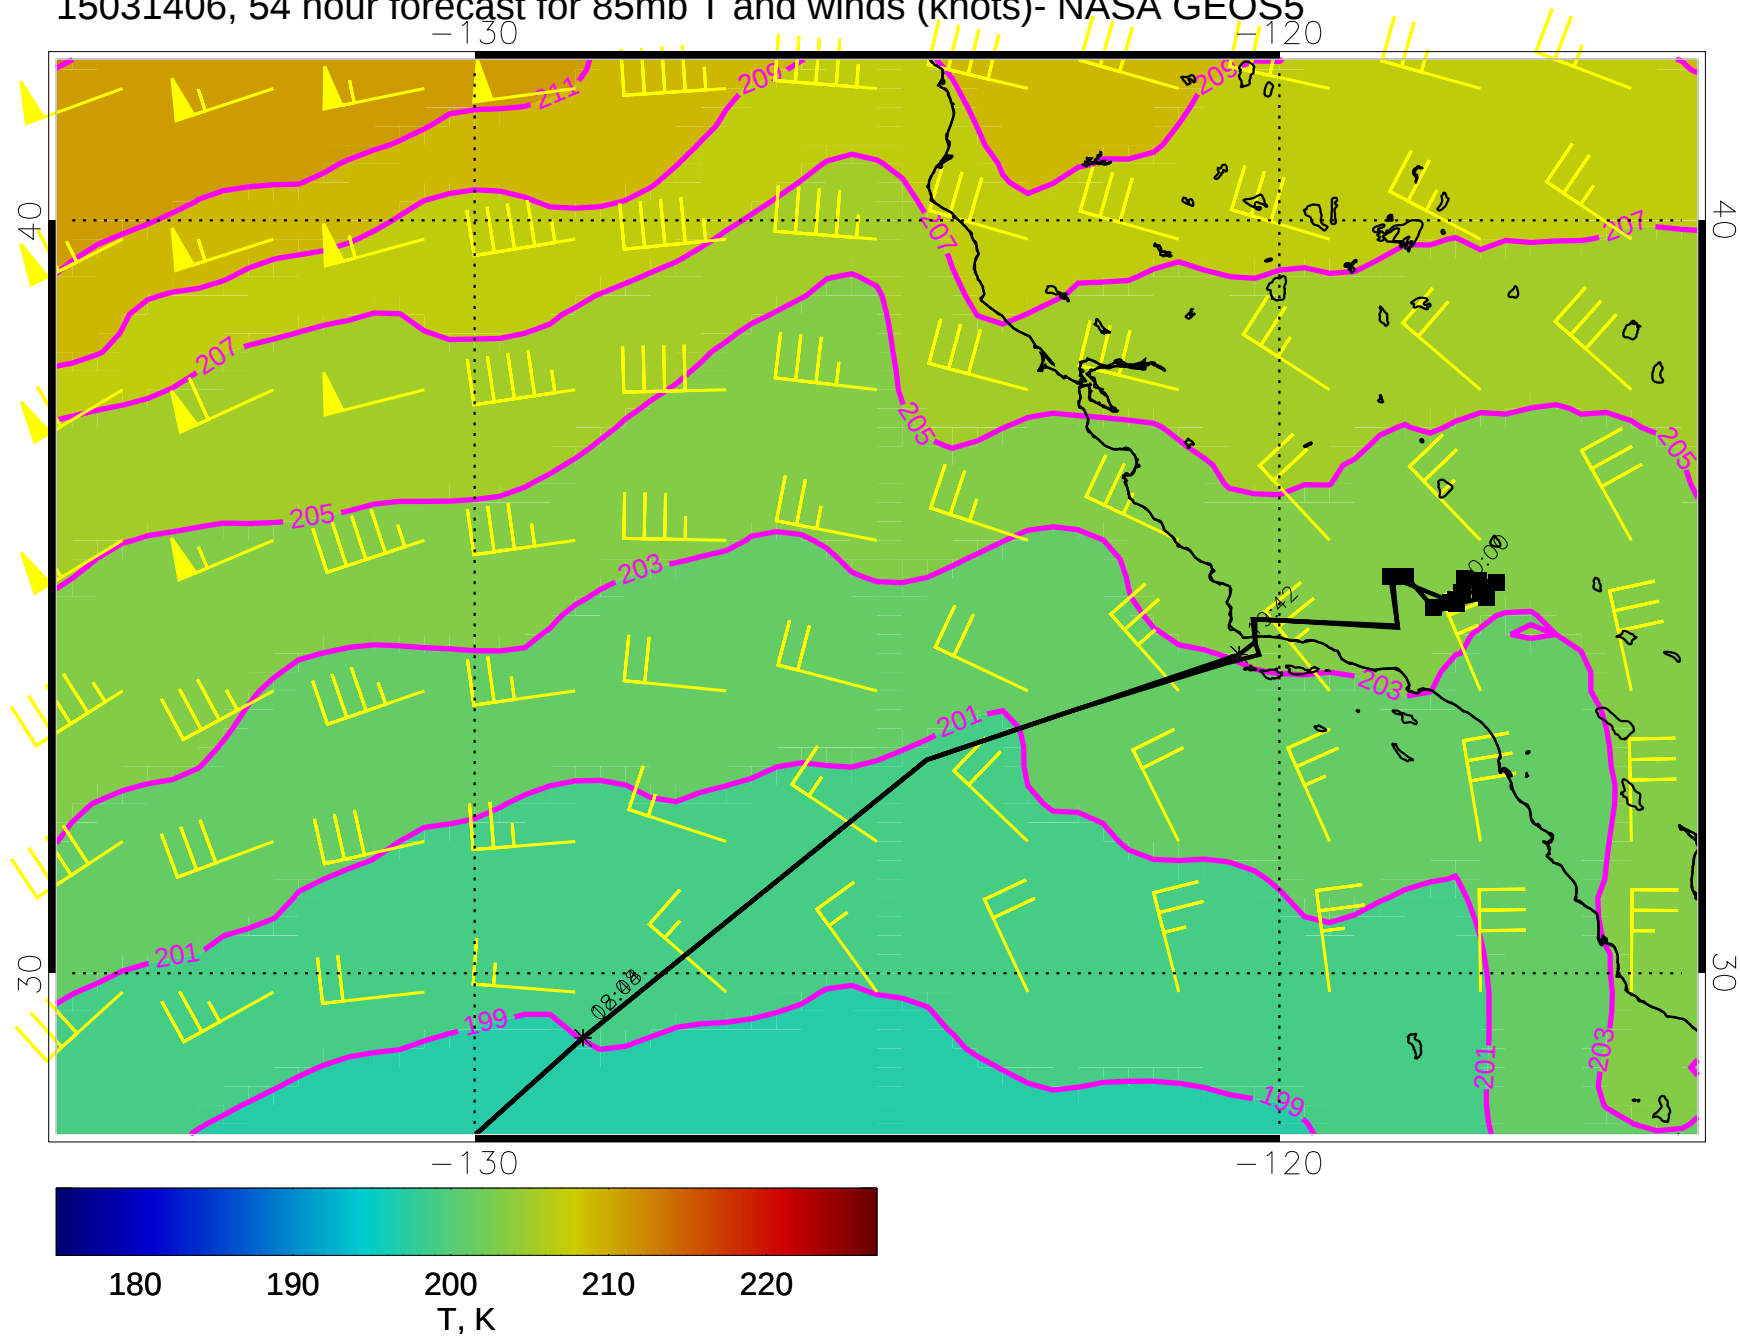

15031318, 42 hour forecast for 85mb T and winds (knots)- NASA GEOS5

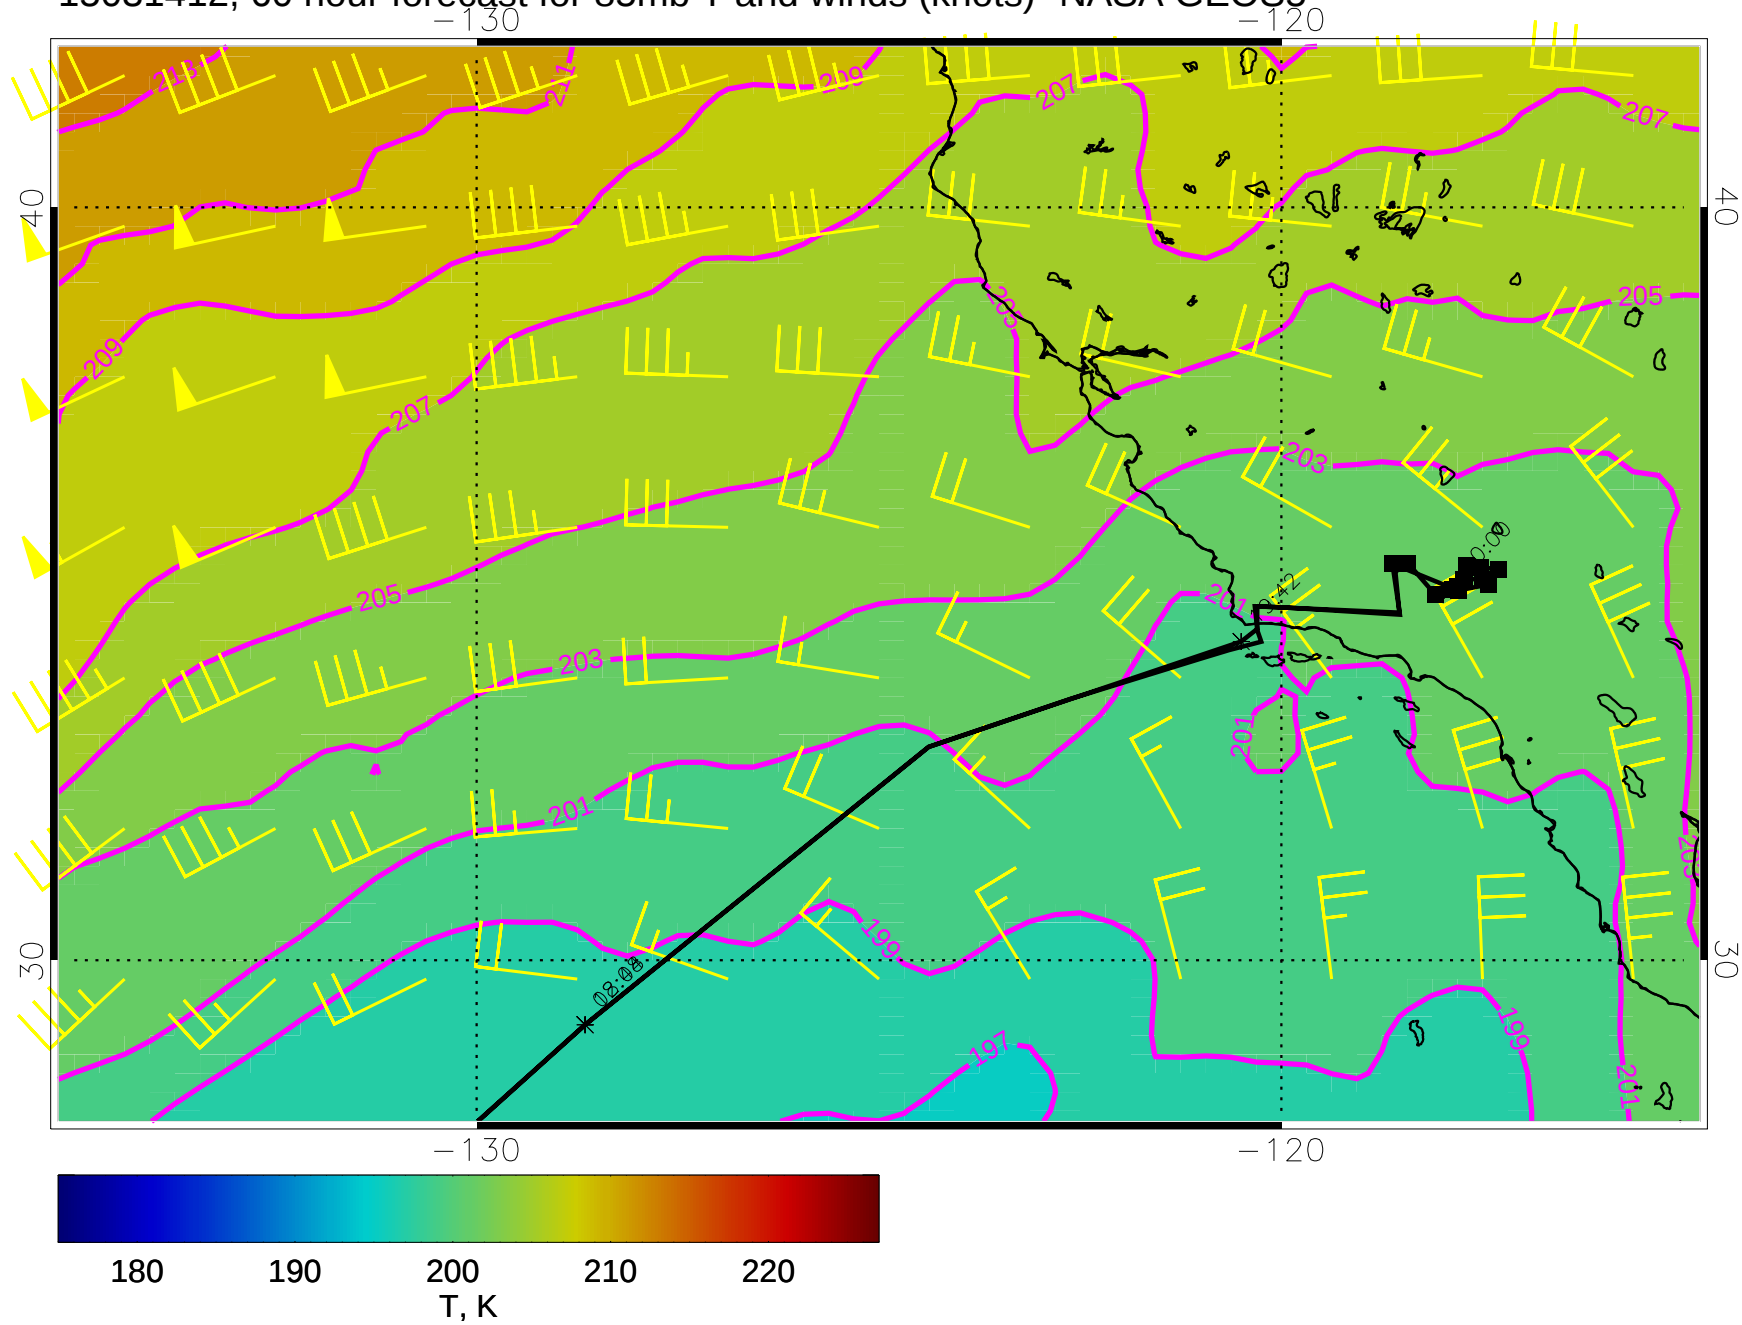

15031400, 48 hour forecast for 85mb T and winds (knots)- NASA GEOS5

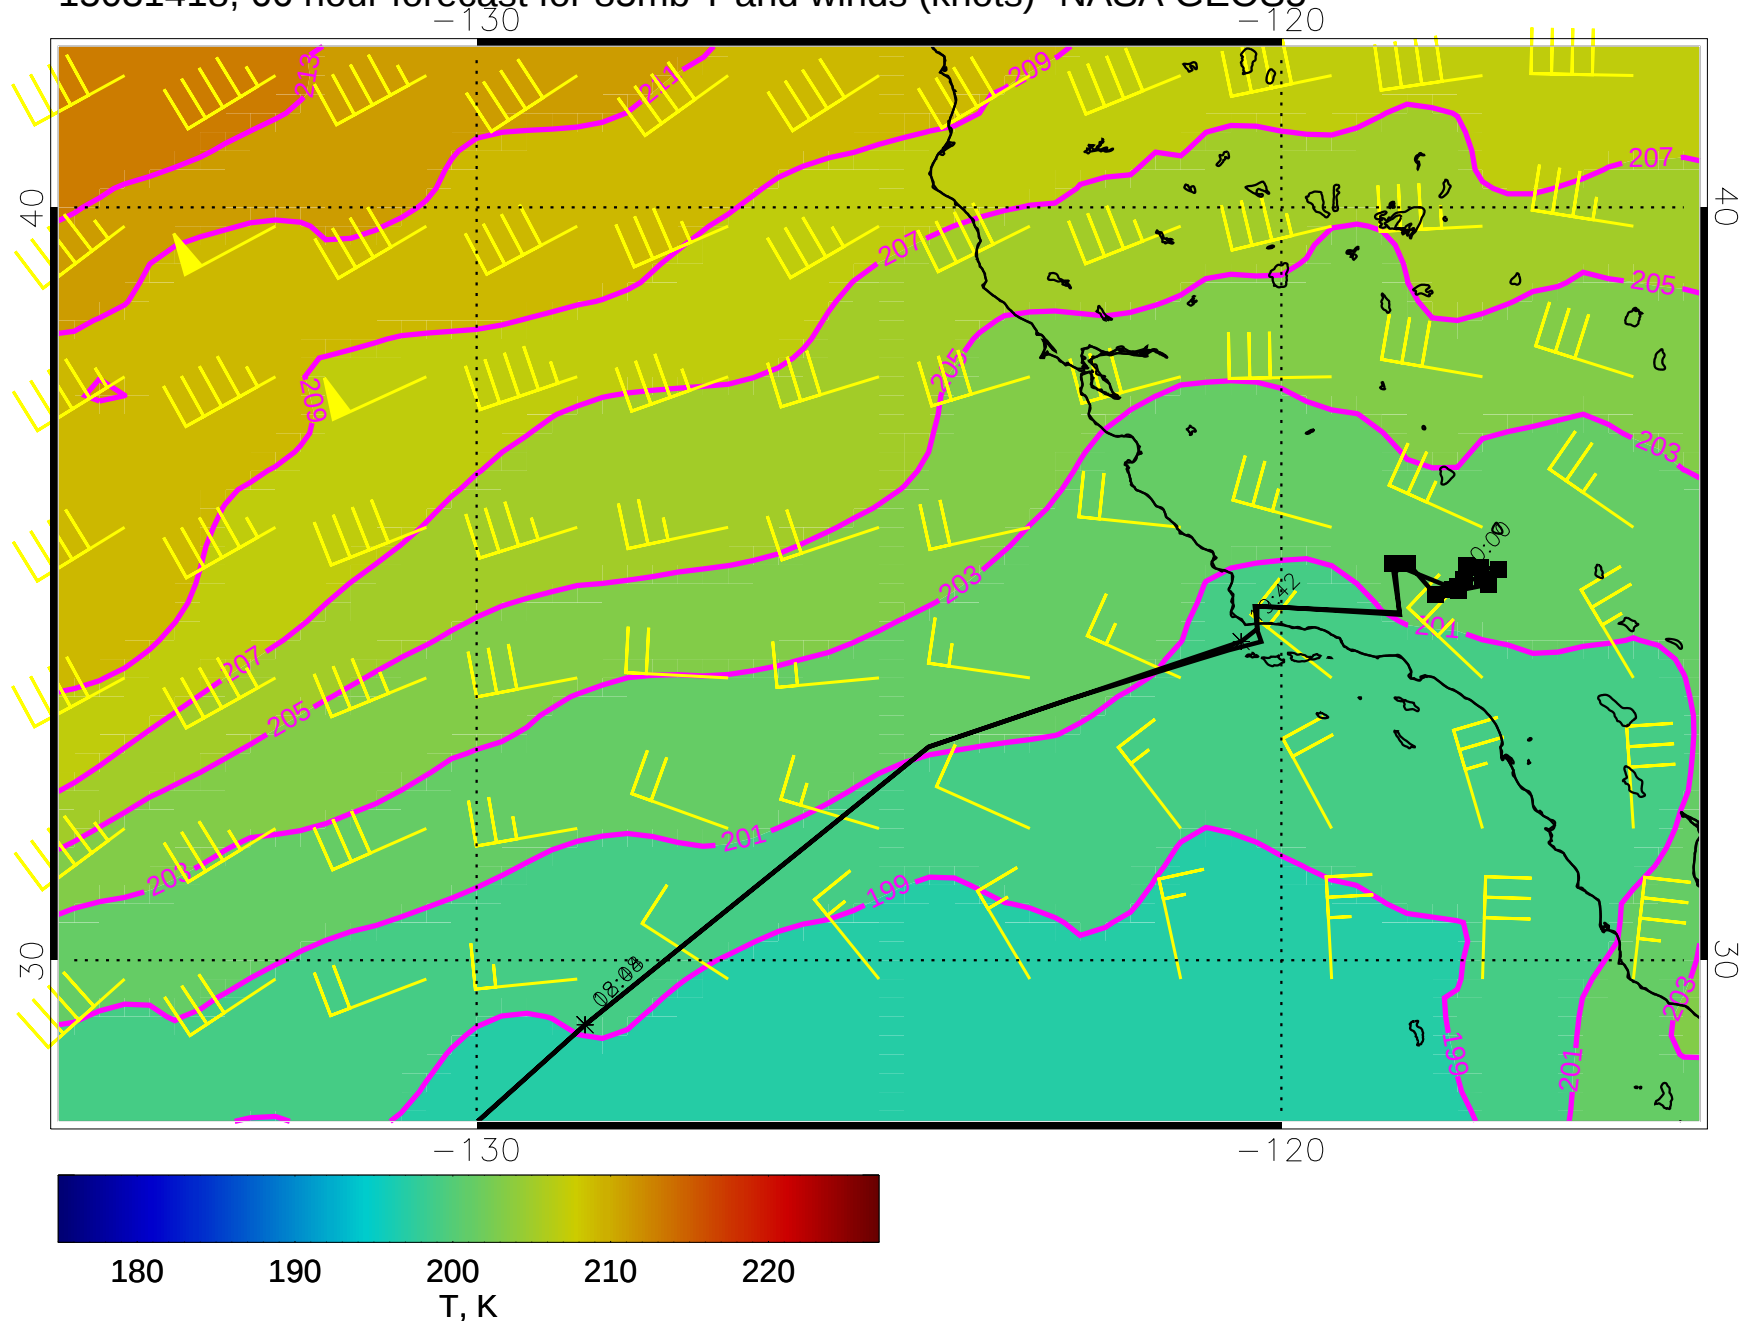

15031406, 54 hour forecast for 85mb T and winds (knots)- NASA GEOS5

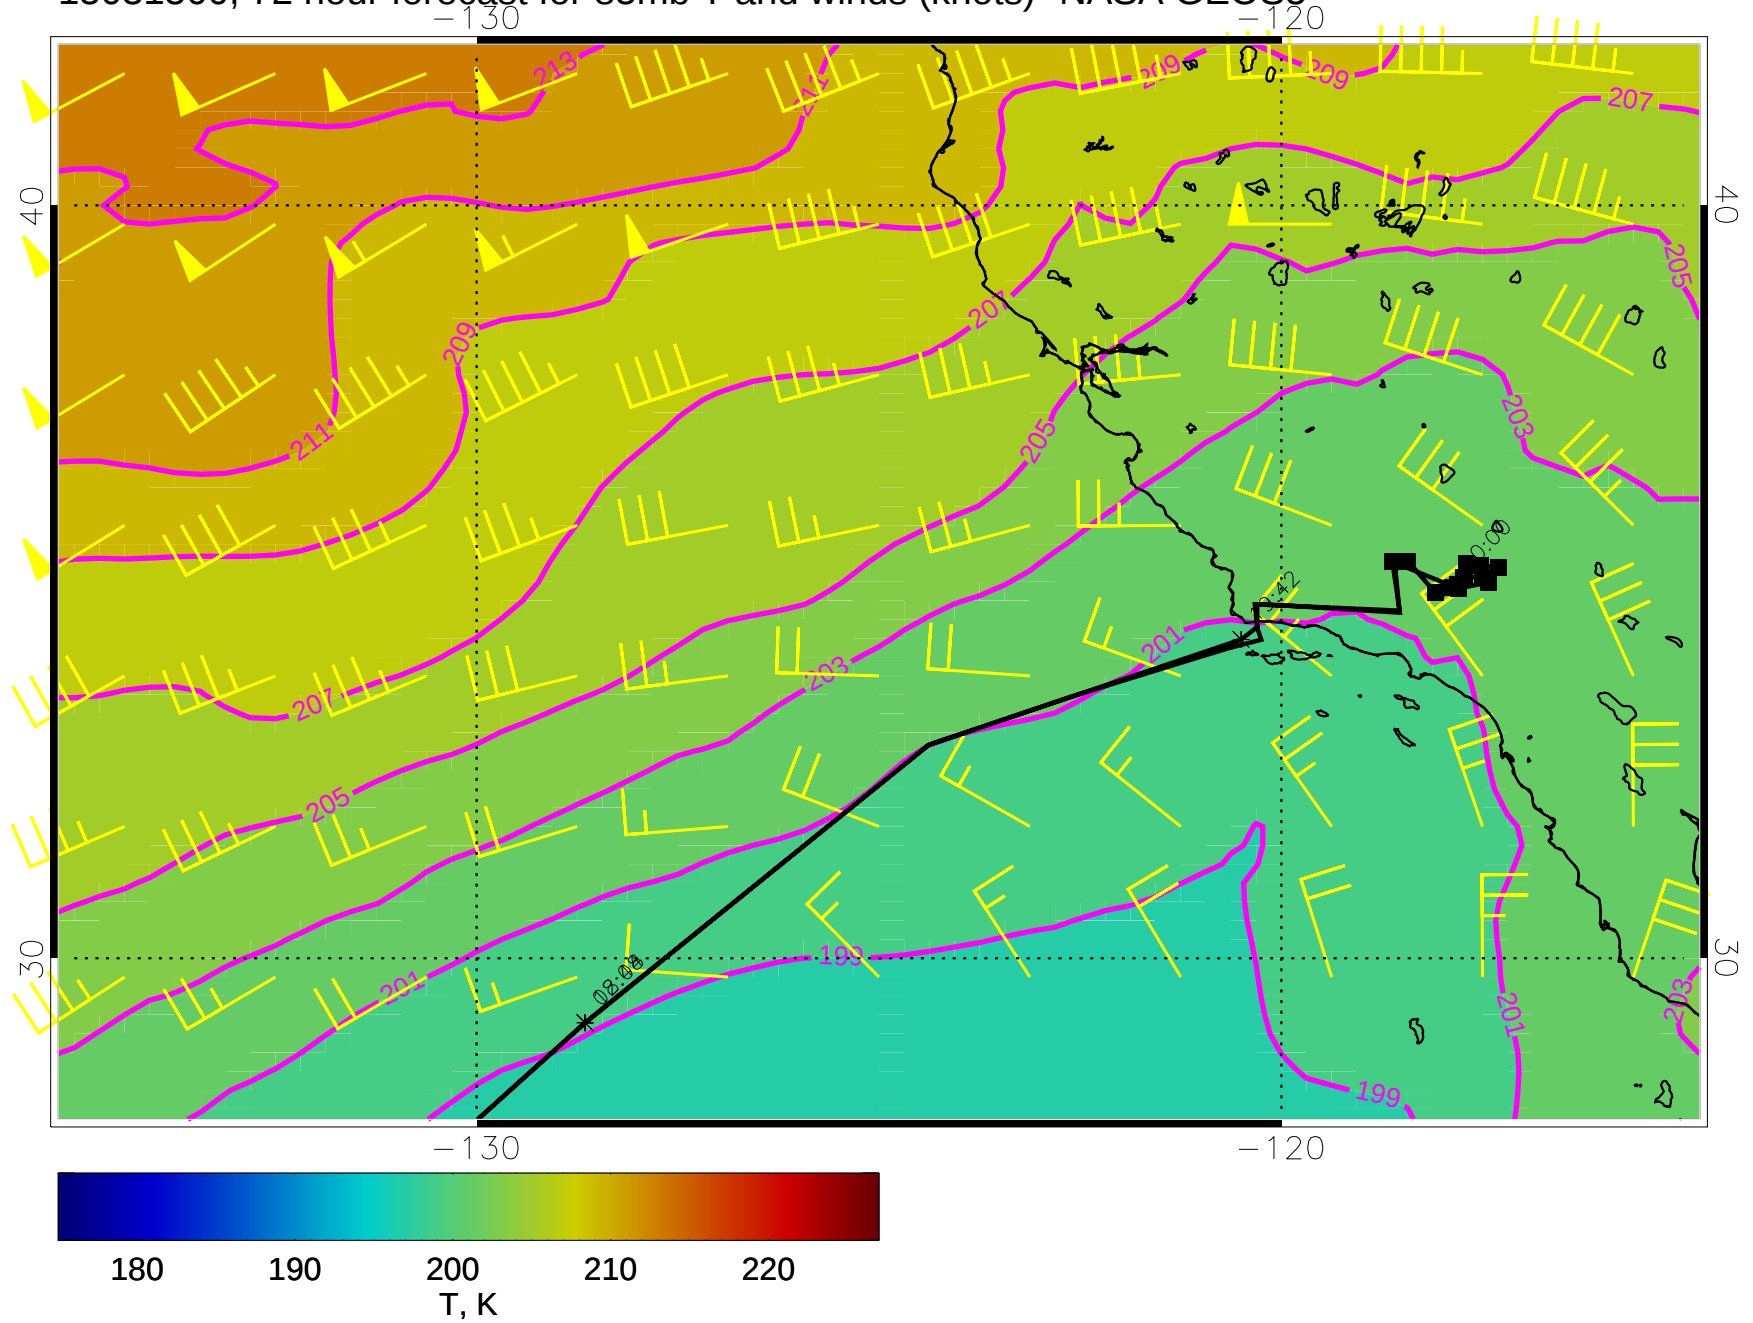

15031412, 60 hour forecast for 85mb T and winds (knots)- NASA GEOS5

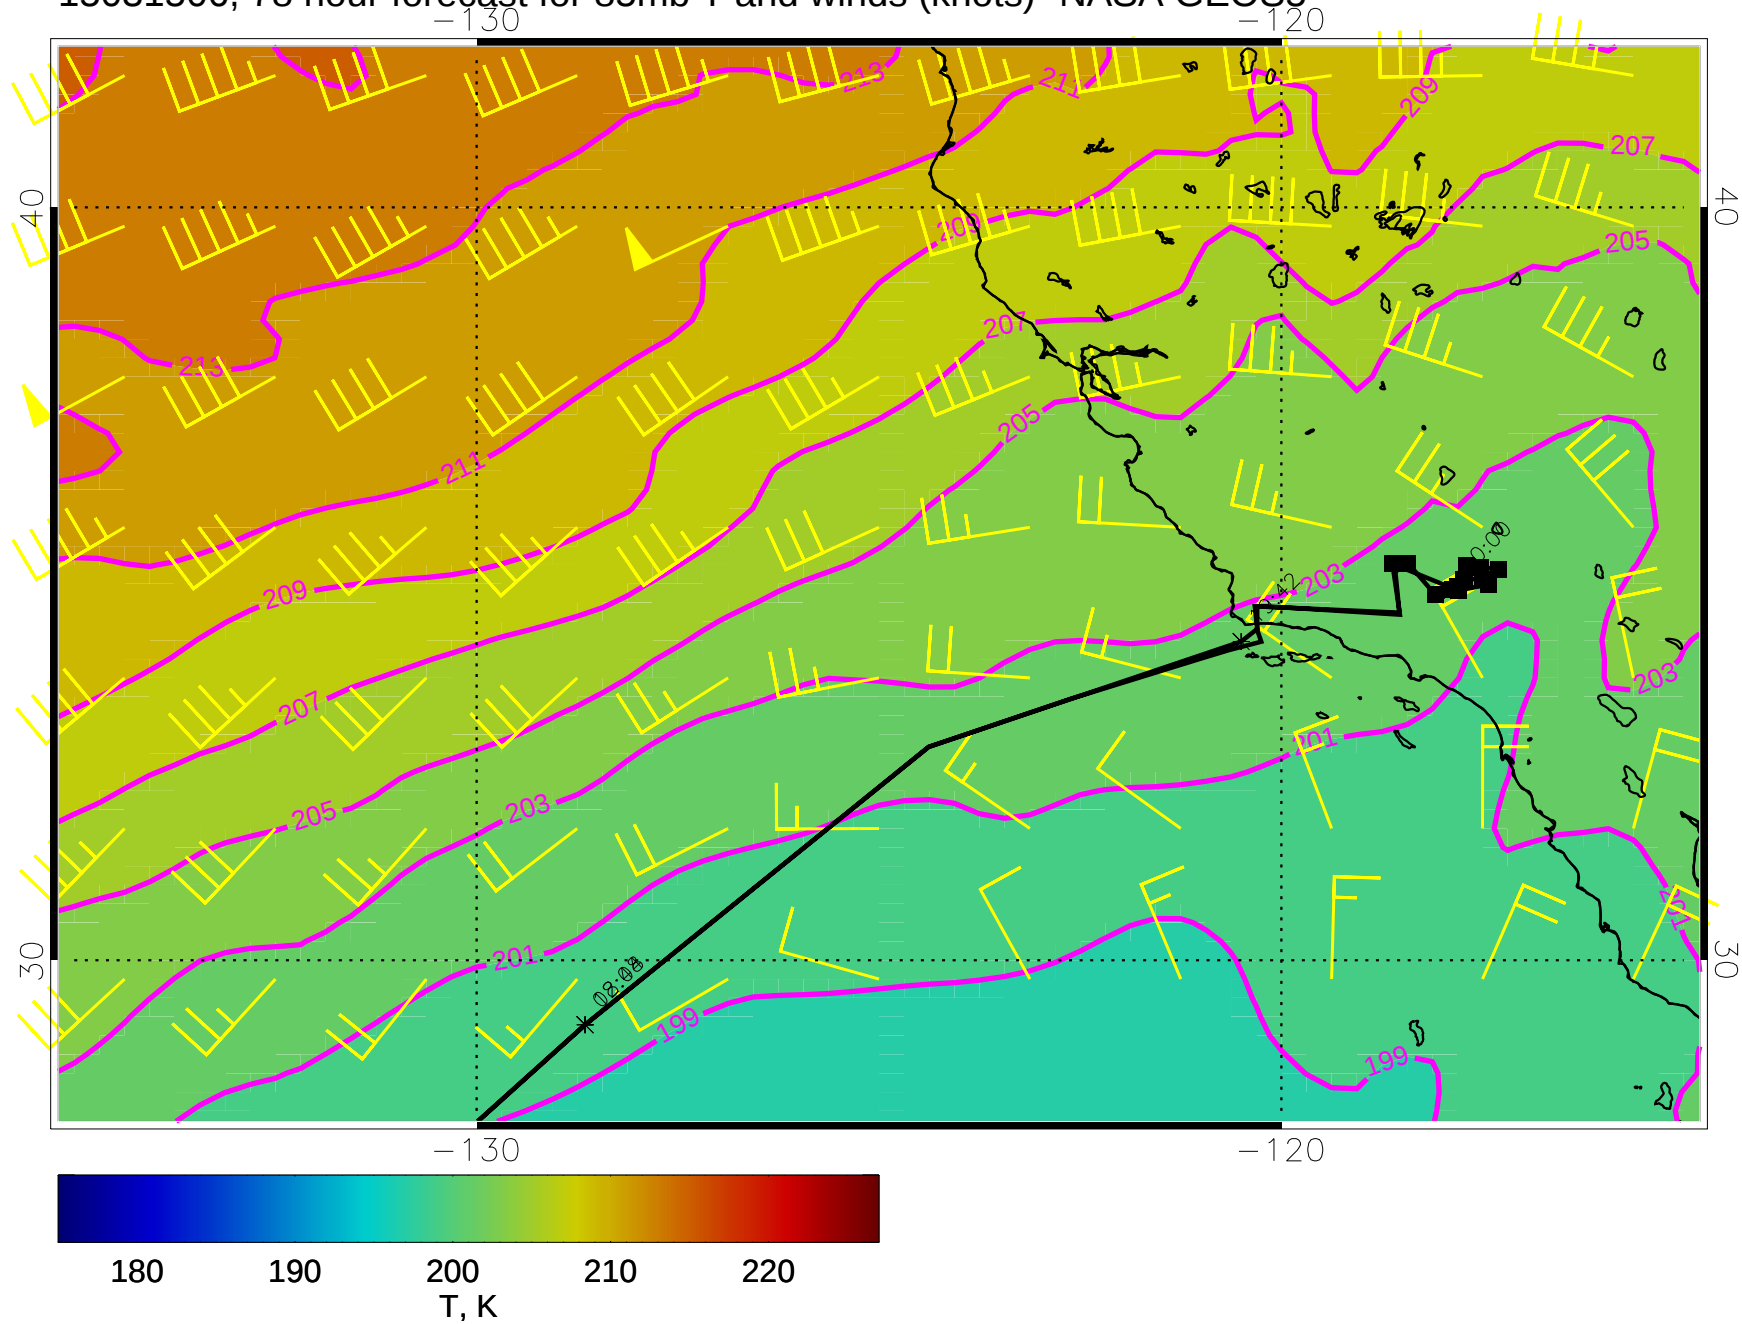

15031418, 66 hour forecast for 85mb T and winds (knots)- NASA GEOS5

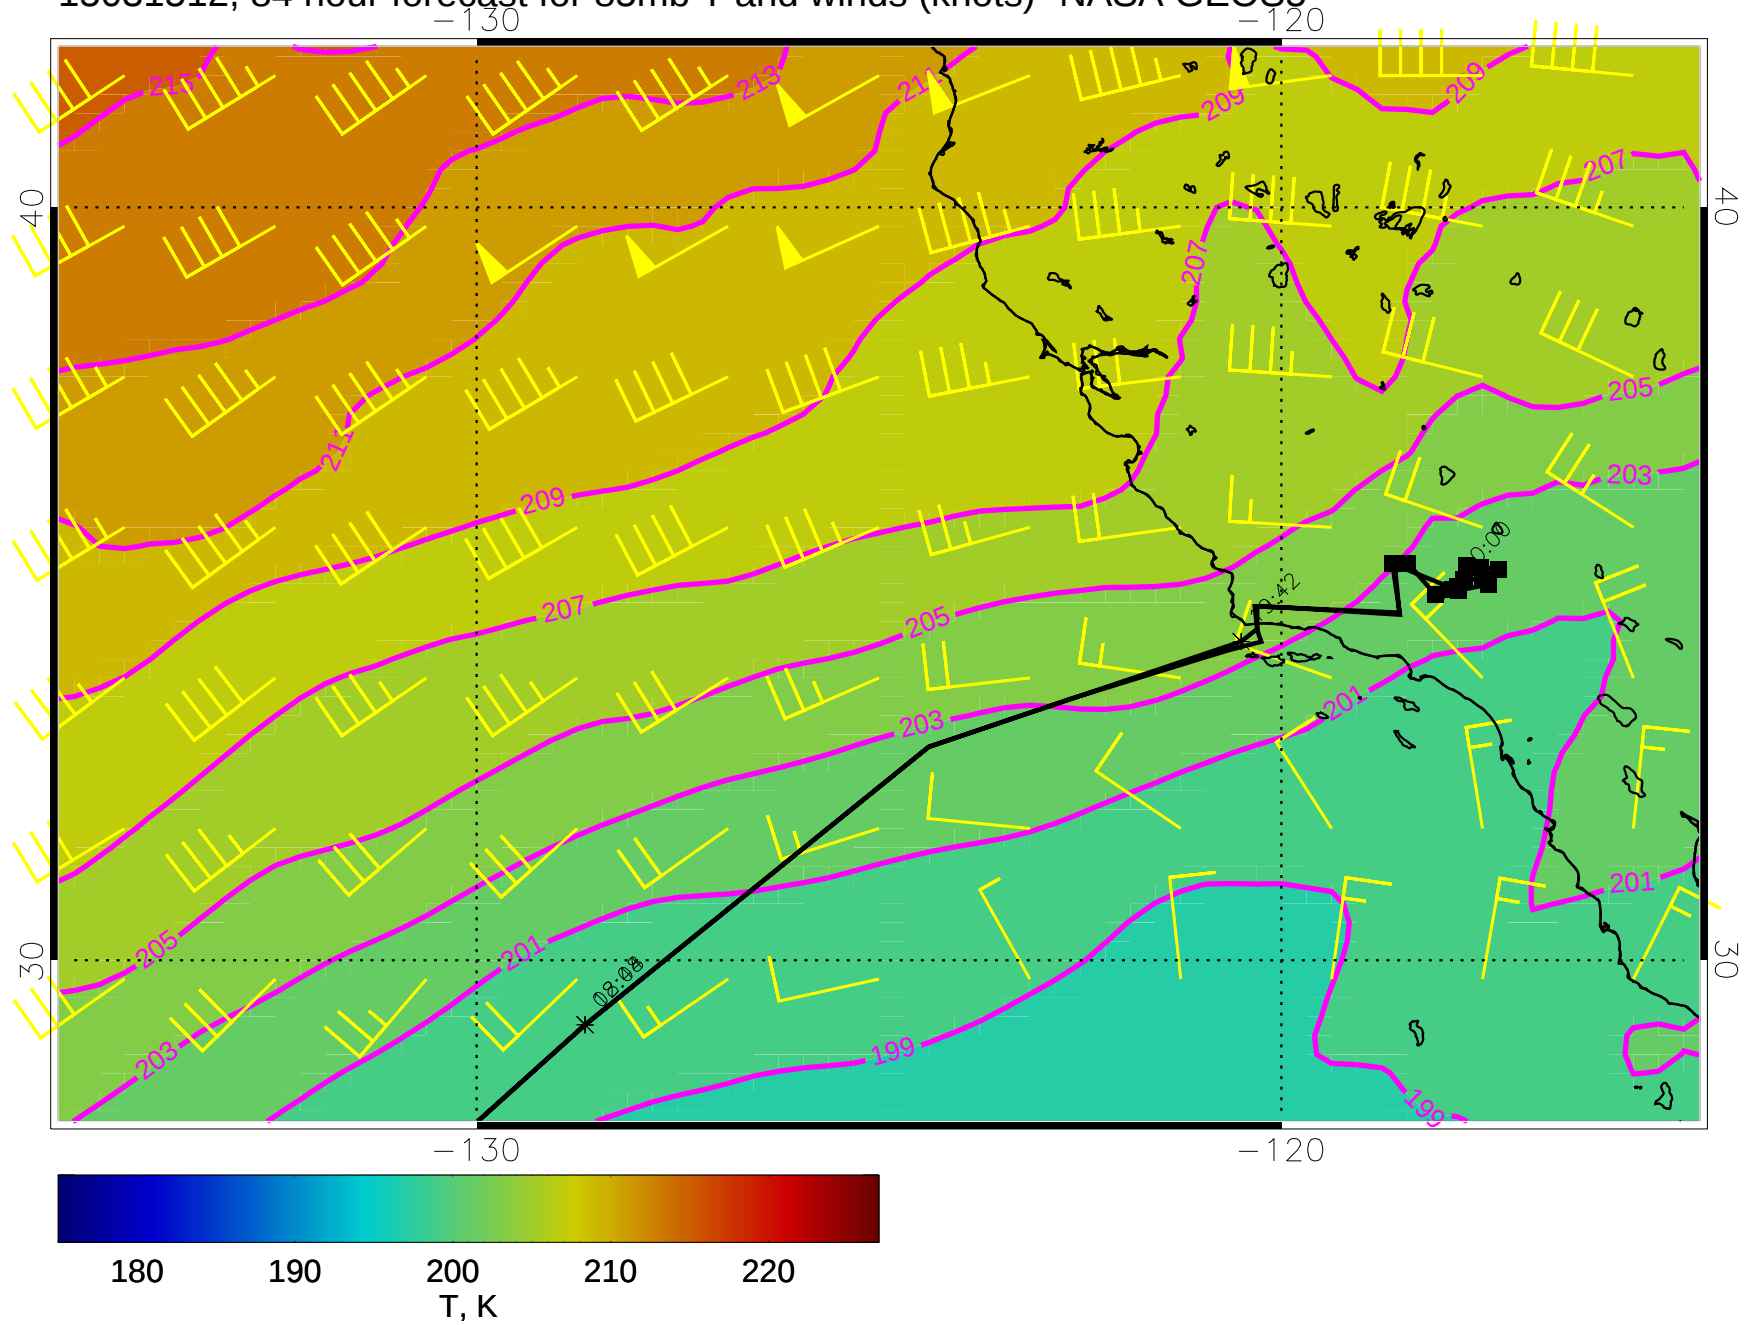

15031500, 72 hour forecast for 85mb T and winds (knots)- NASA GEOS5

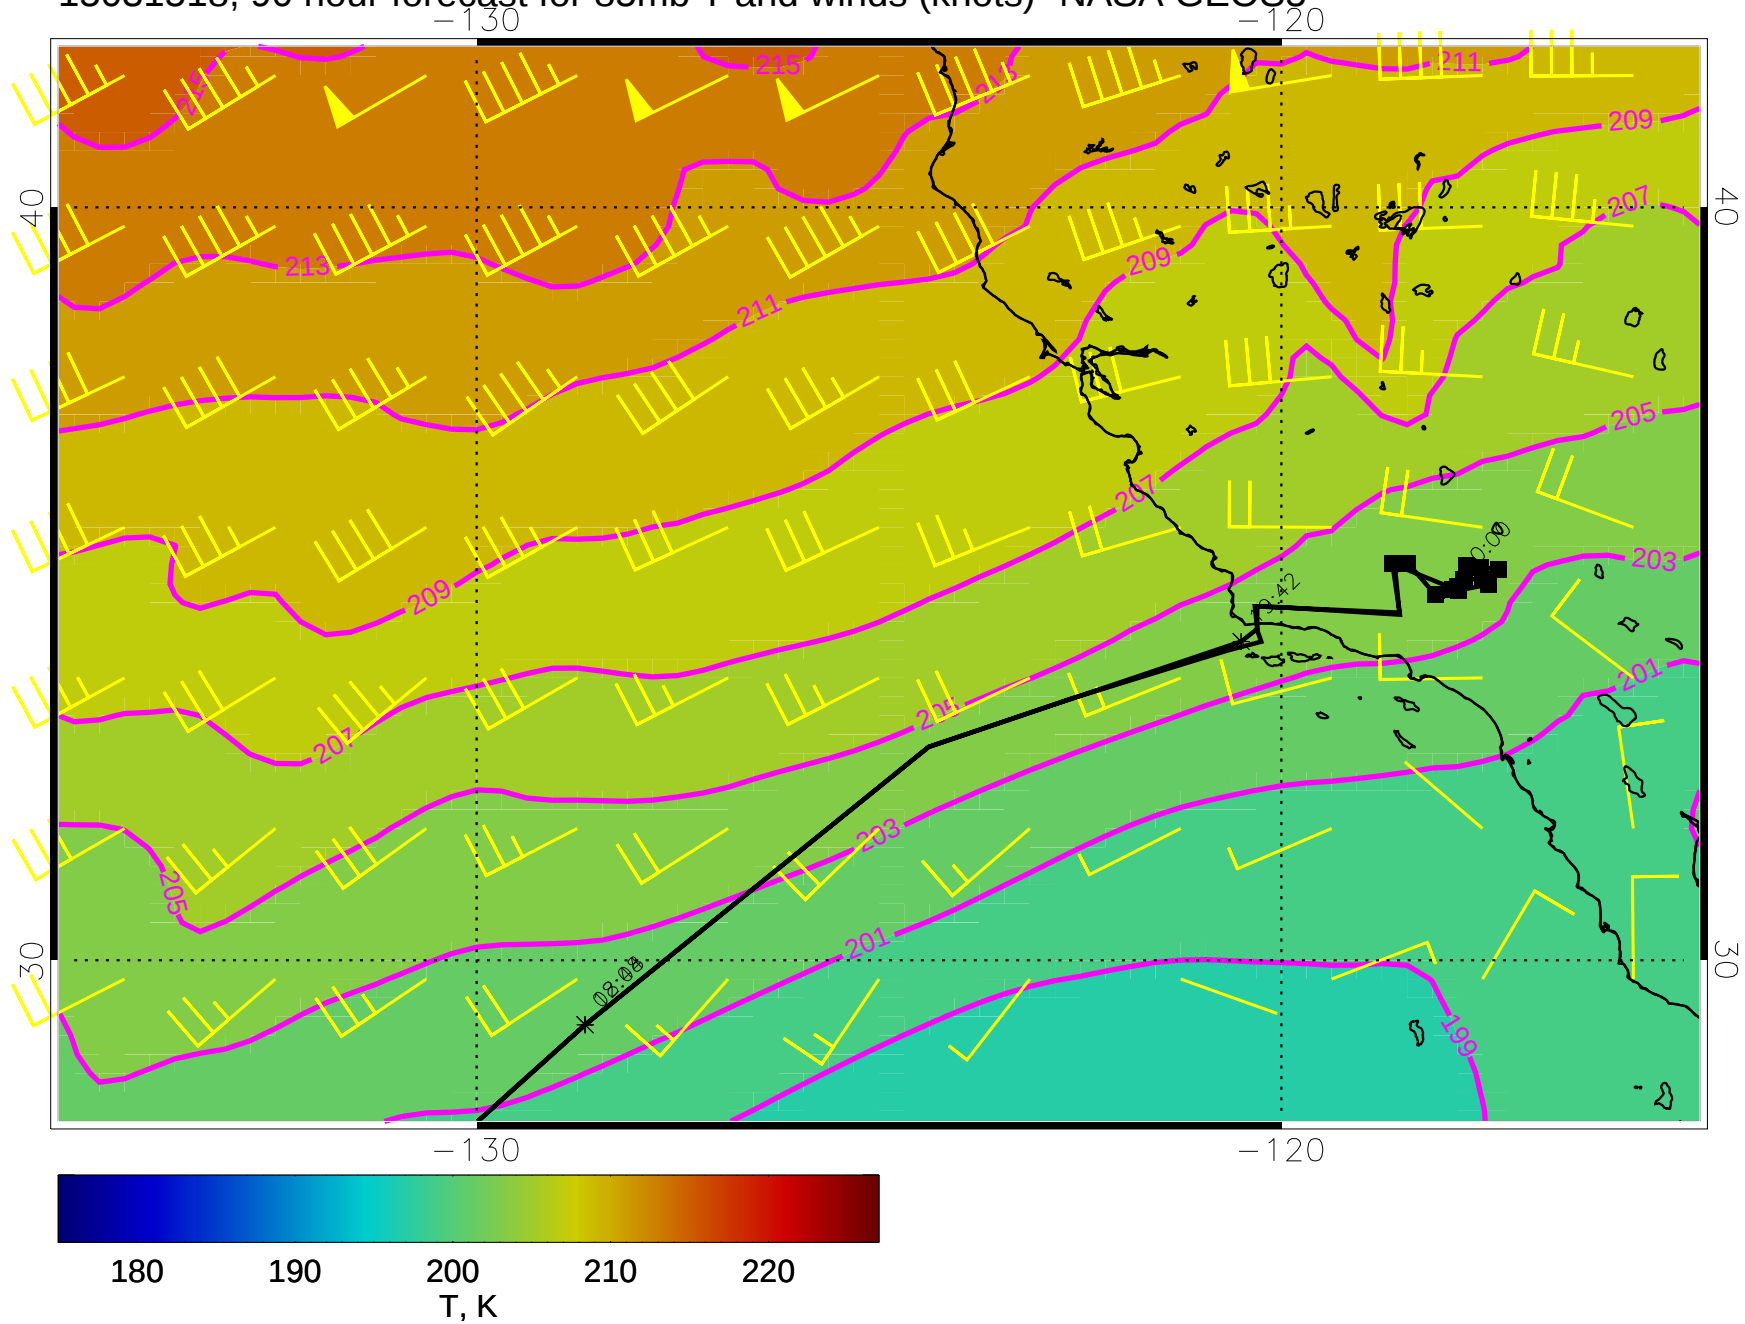

15031506, 78 hour forecast for 85mb T and winds (knots)- NASA GEOS5

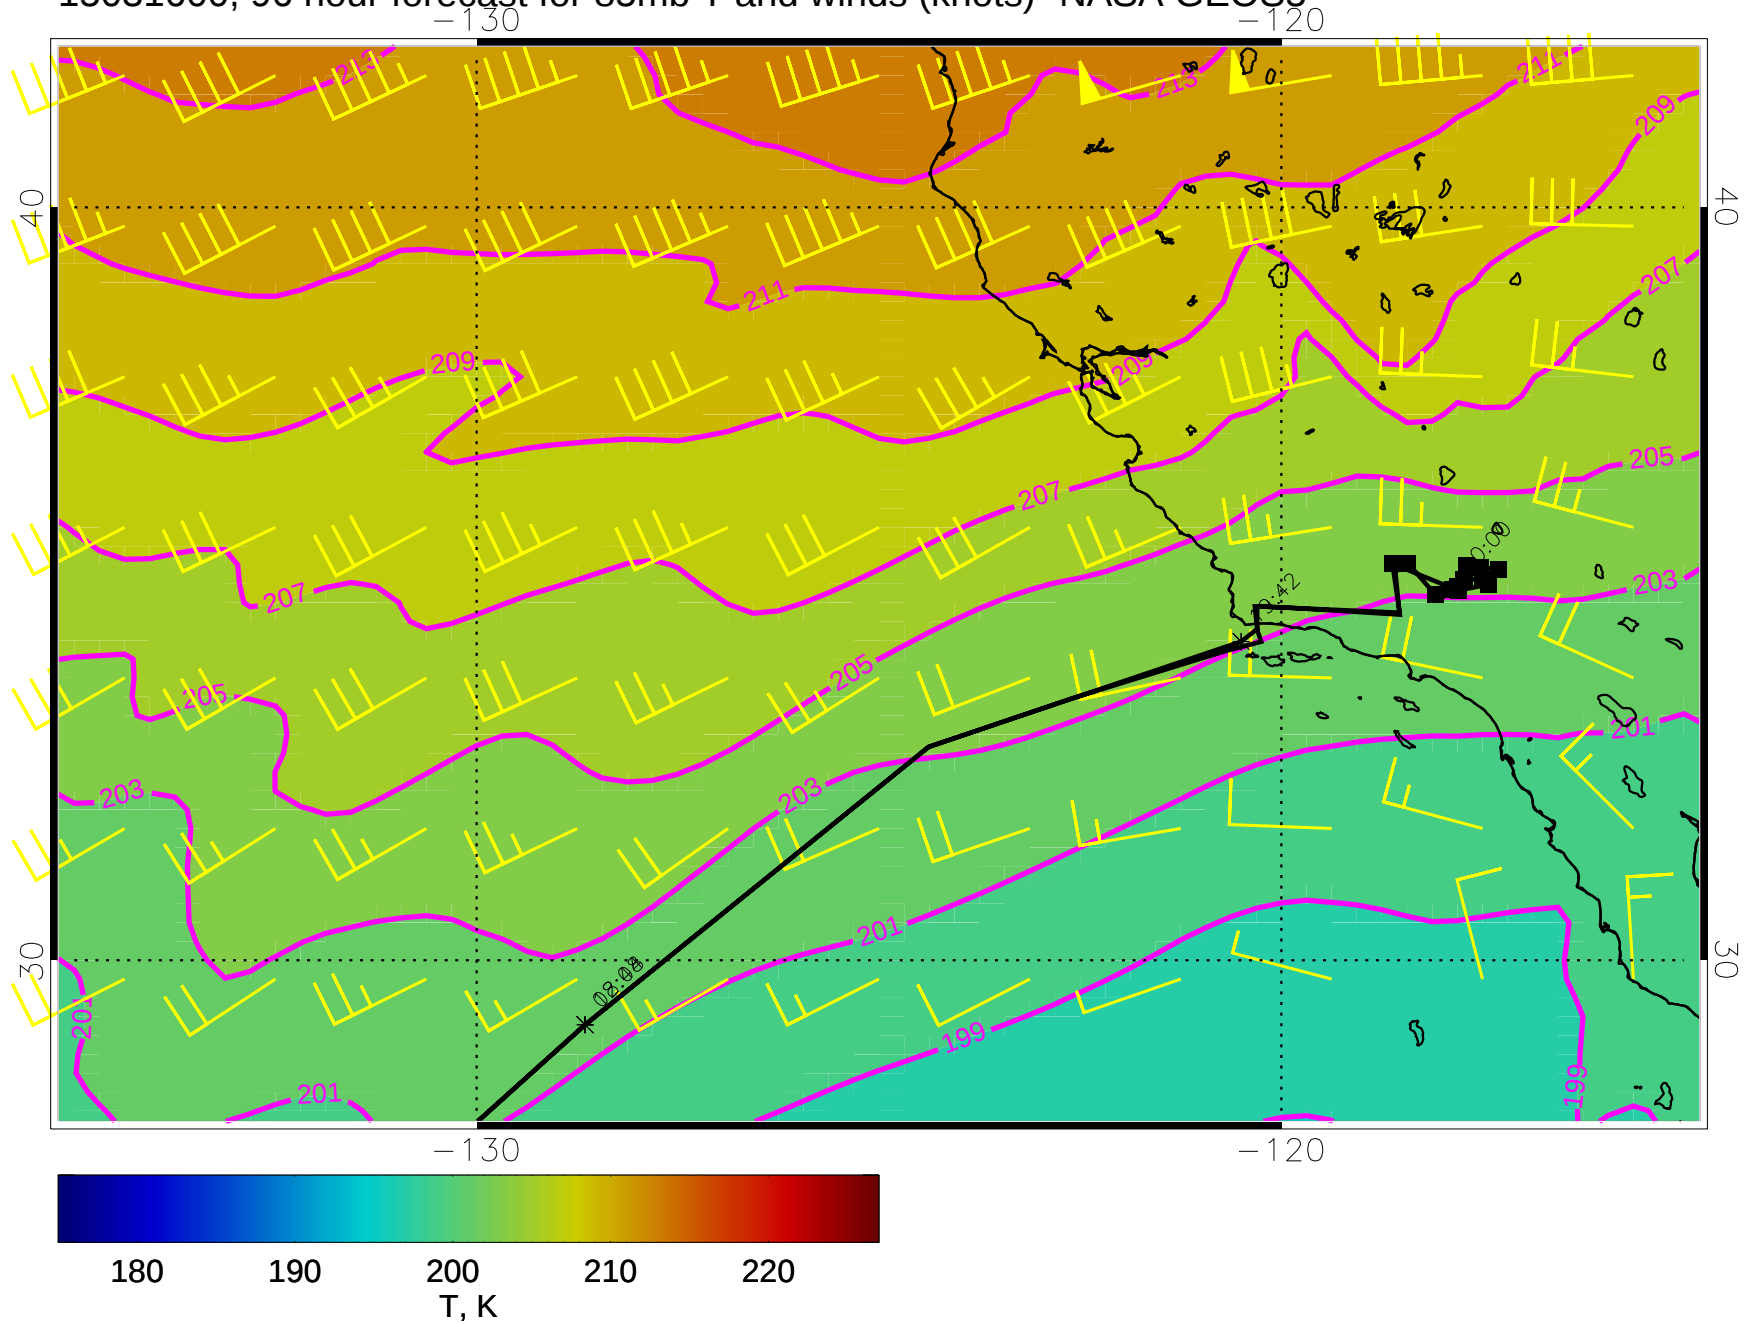

15031512, 84 hour forecast for 85mb T and winds (knots)- NASA GEOS5

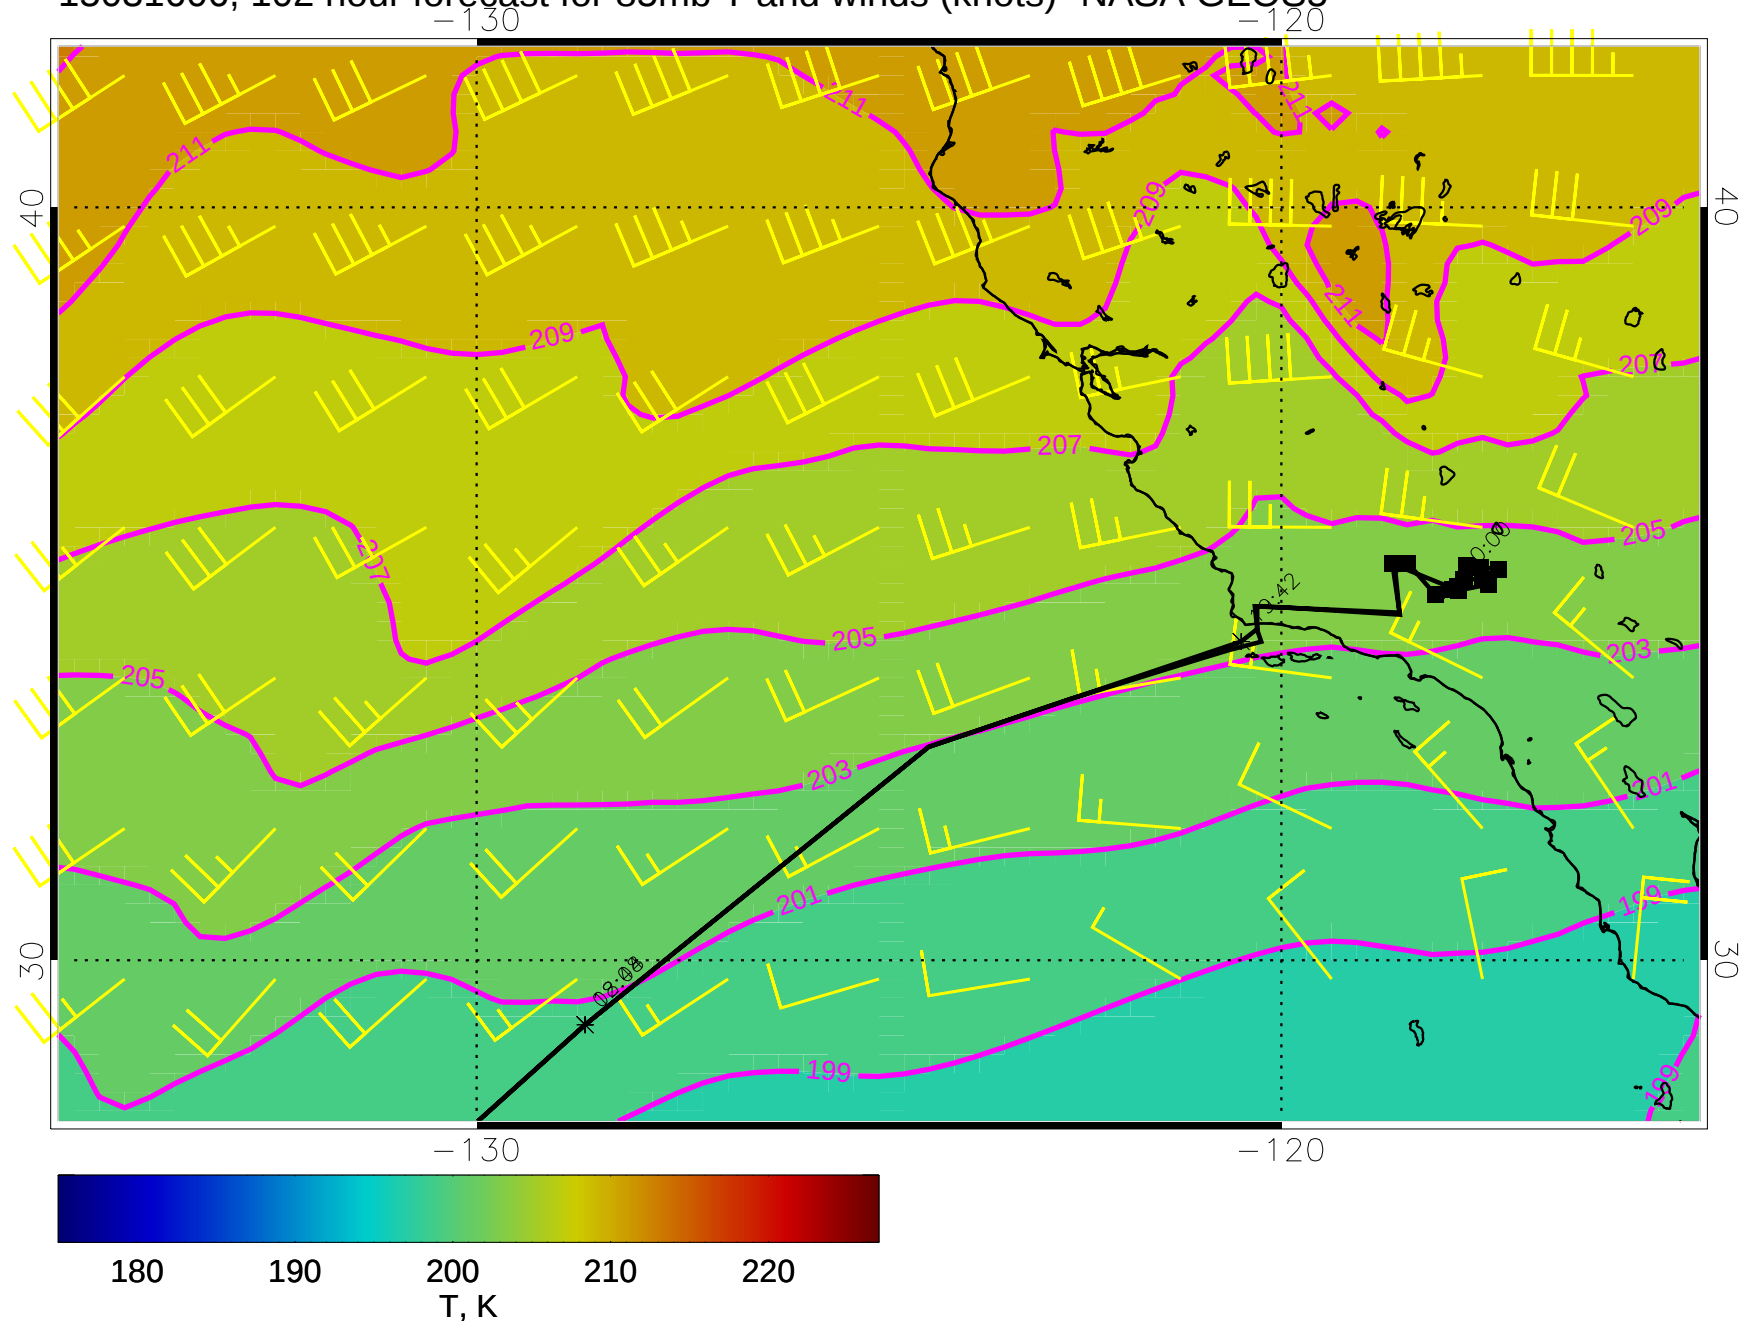

15031518, 90 hour forecast for 85mb T and winds (knots)- NASA GEOS5

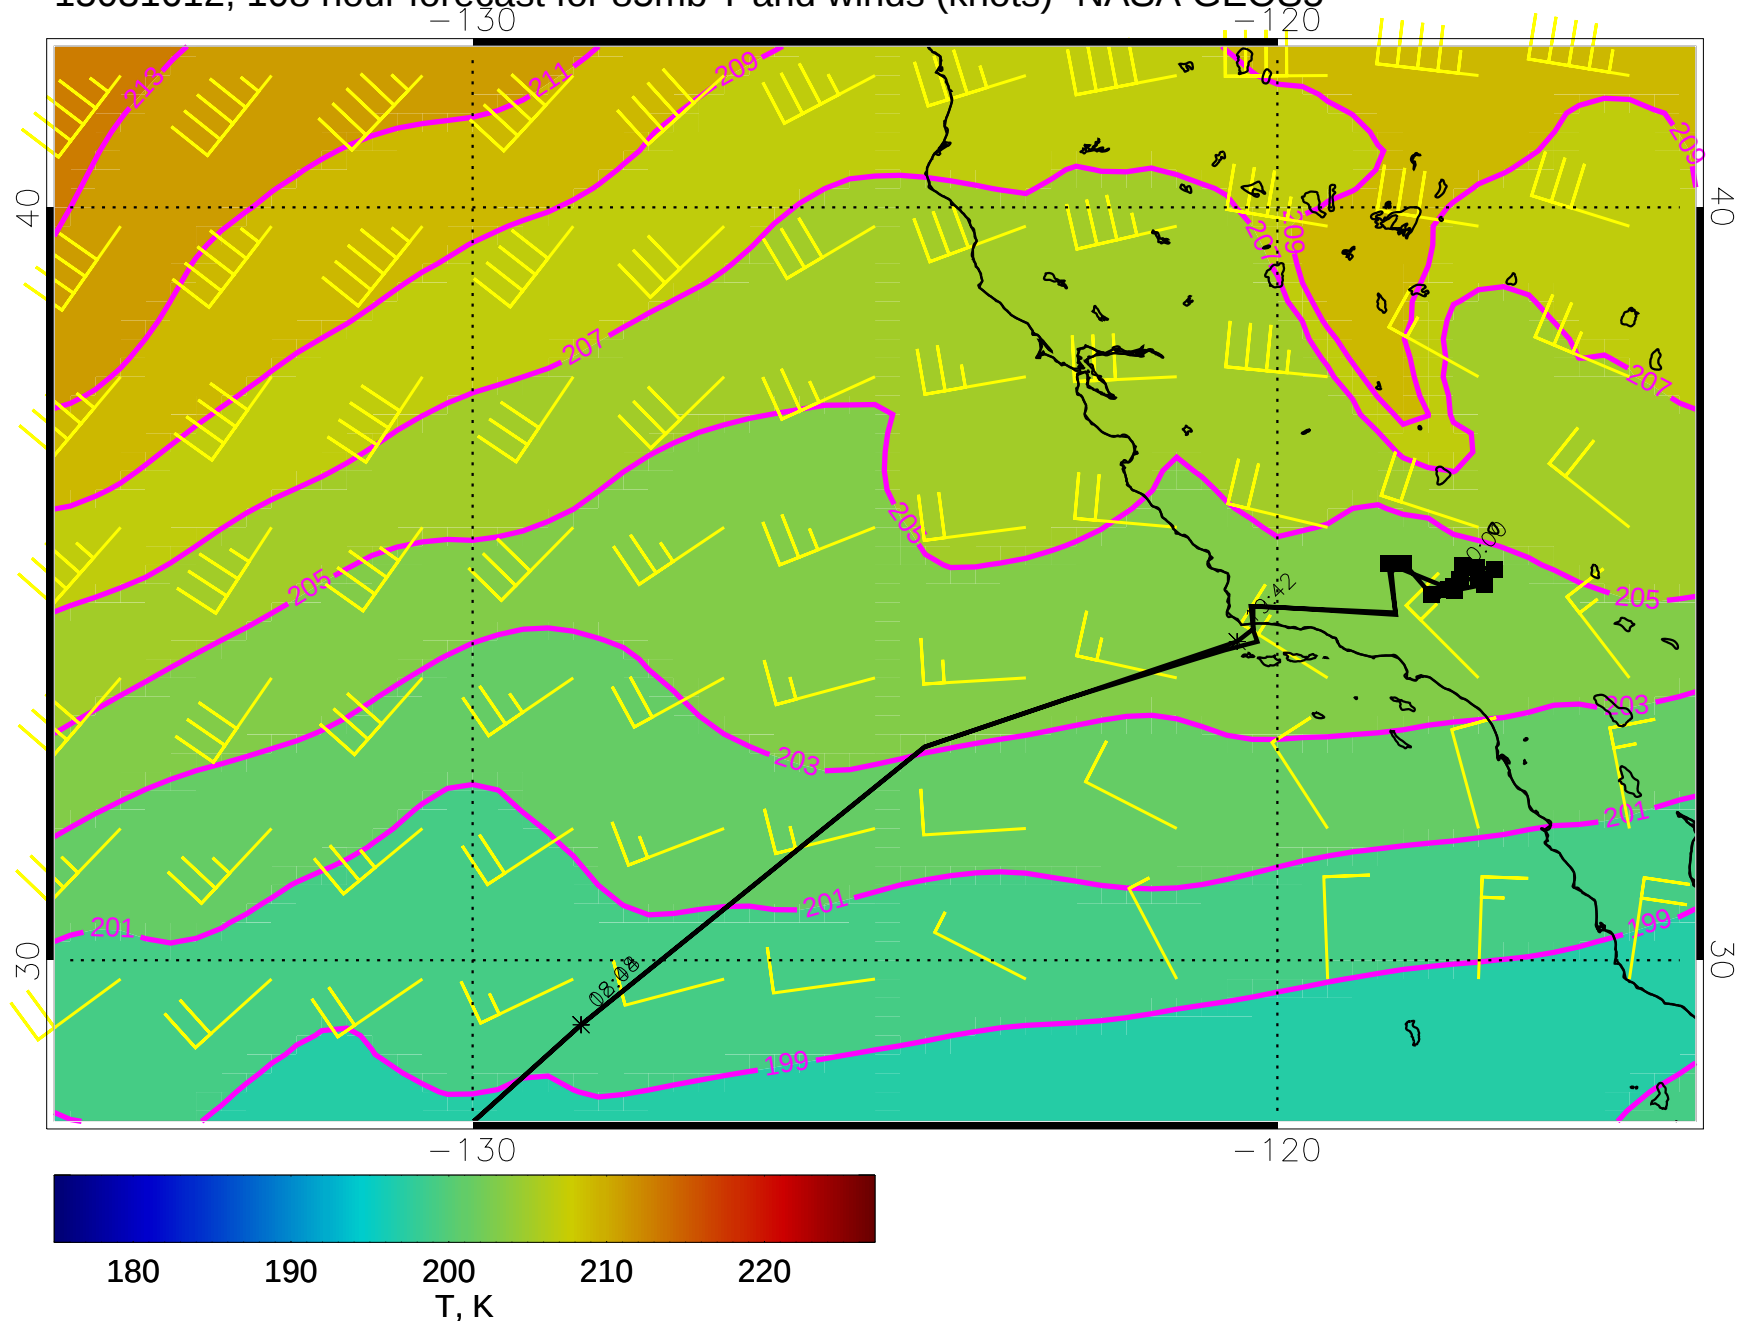

15031600, 96 hour forecast for 85mb T and winds (knots)- NASA GEOS5

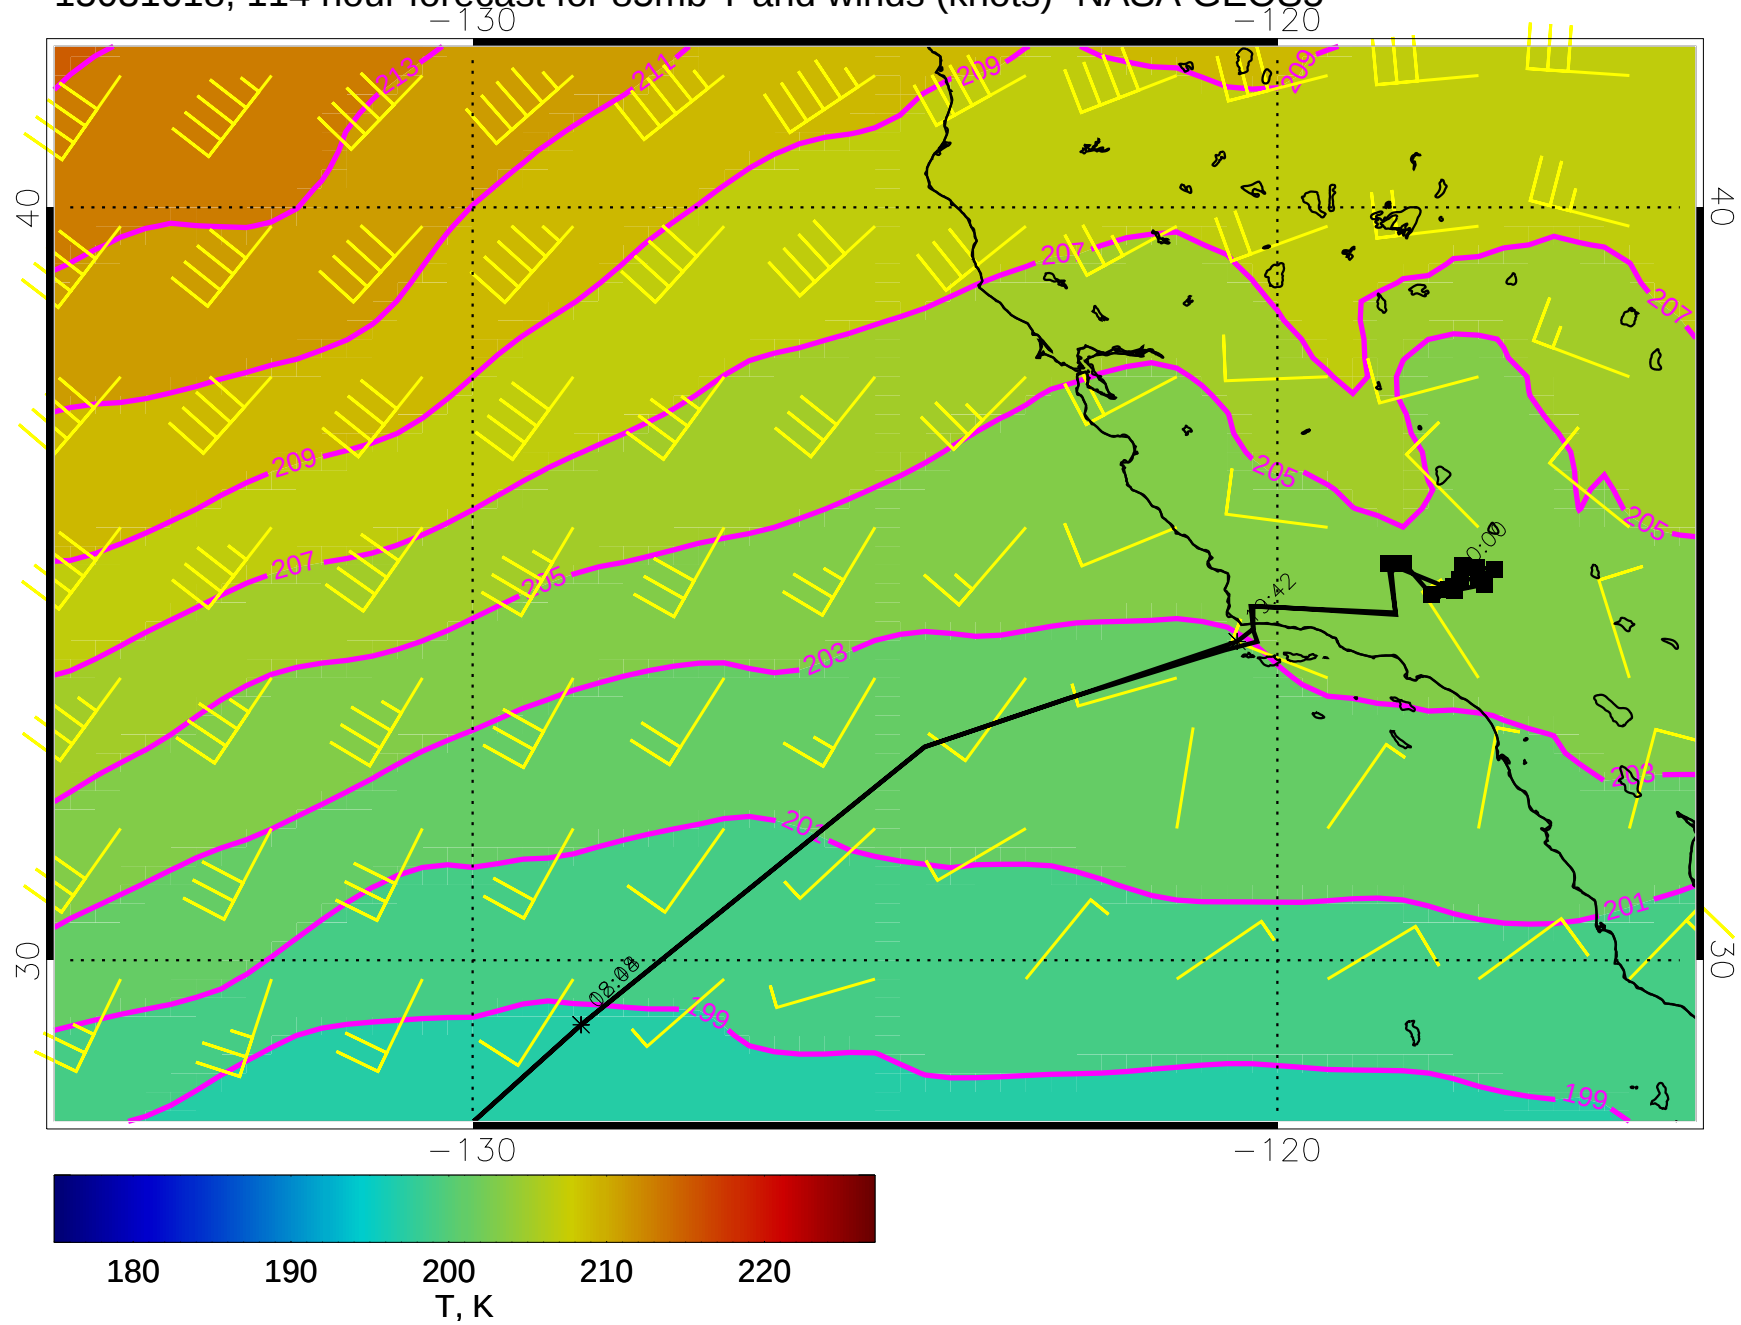

15031606, 102 hour forecast for 85mb T and winds (knots)- NASA GEOS5

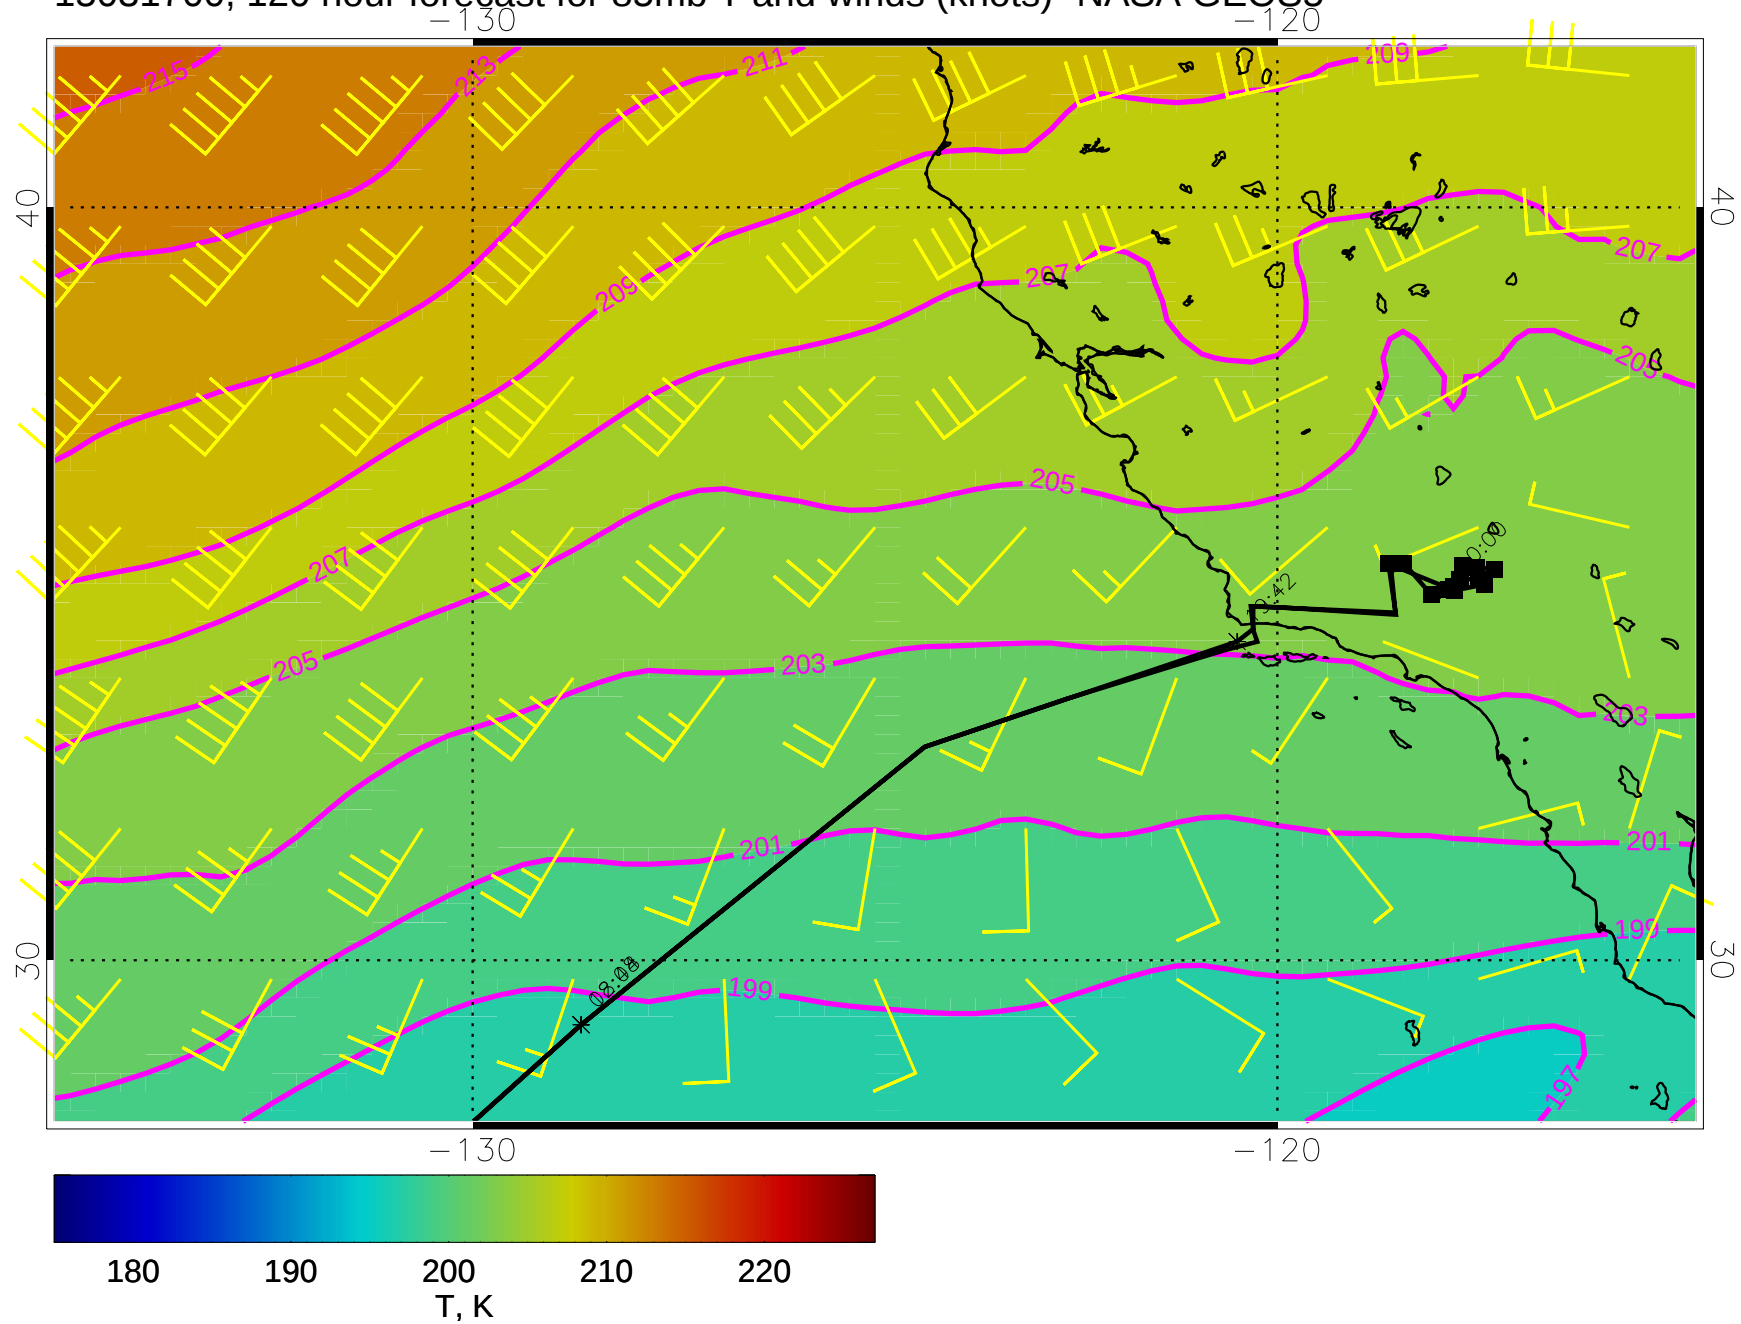

15031612, 108 hour forecast for 85mb T and winds (knots)- NASA GEOS5

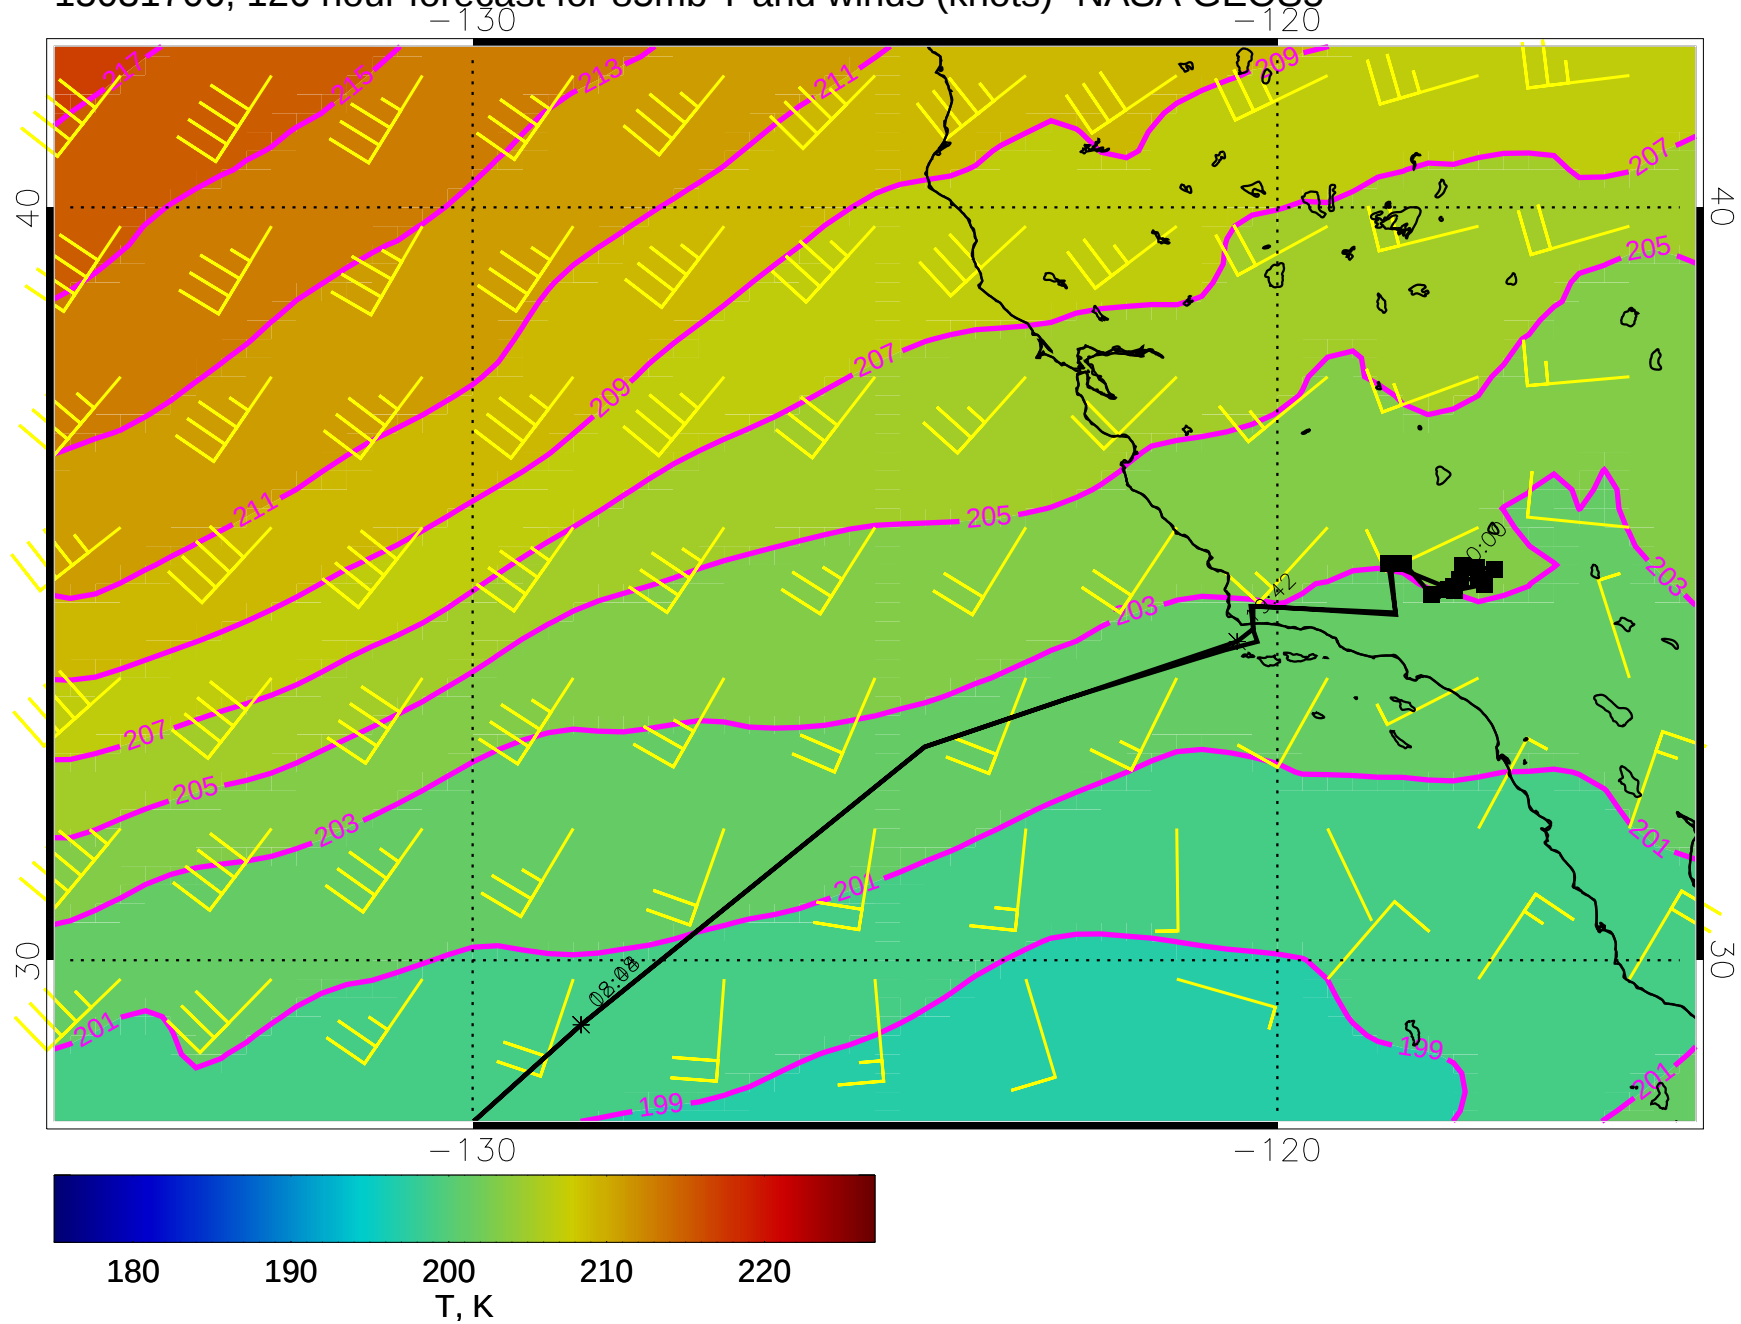

15031618, 114 hour forecast for 85mb T and winds (knots)- NASA GEOS5

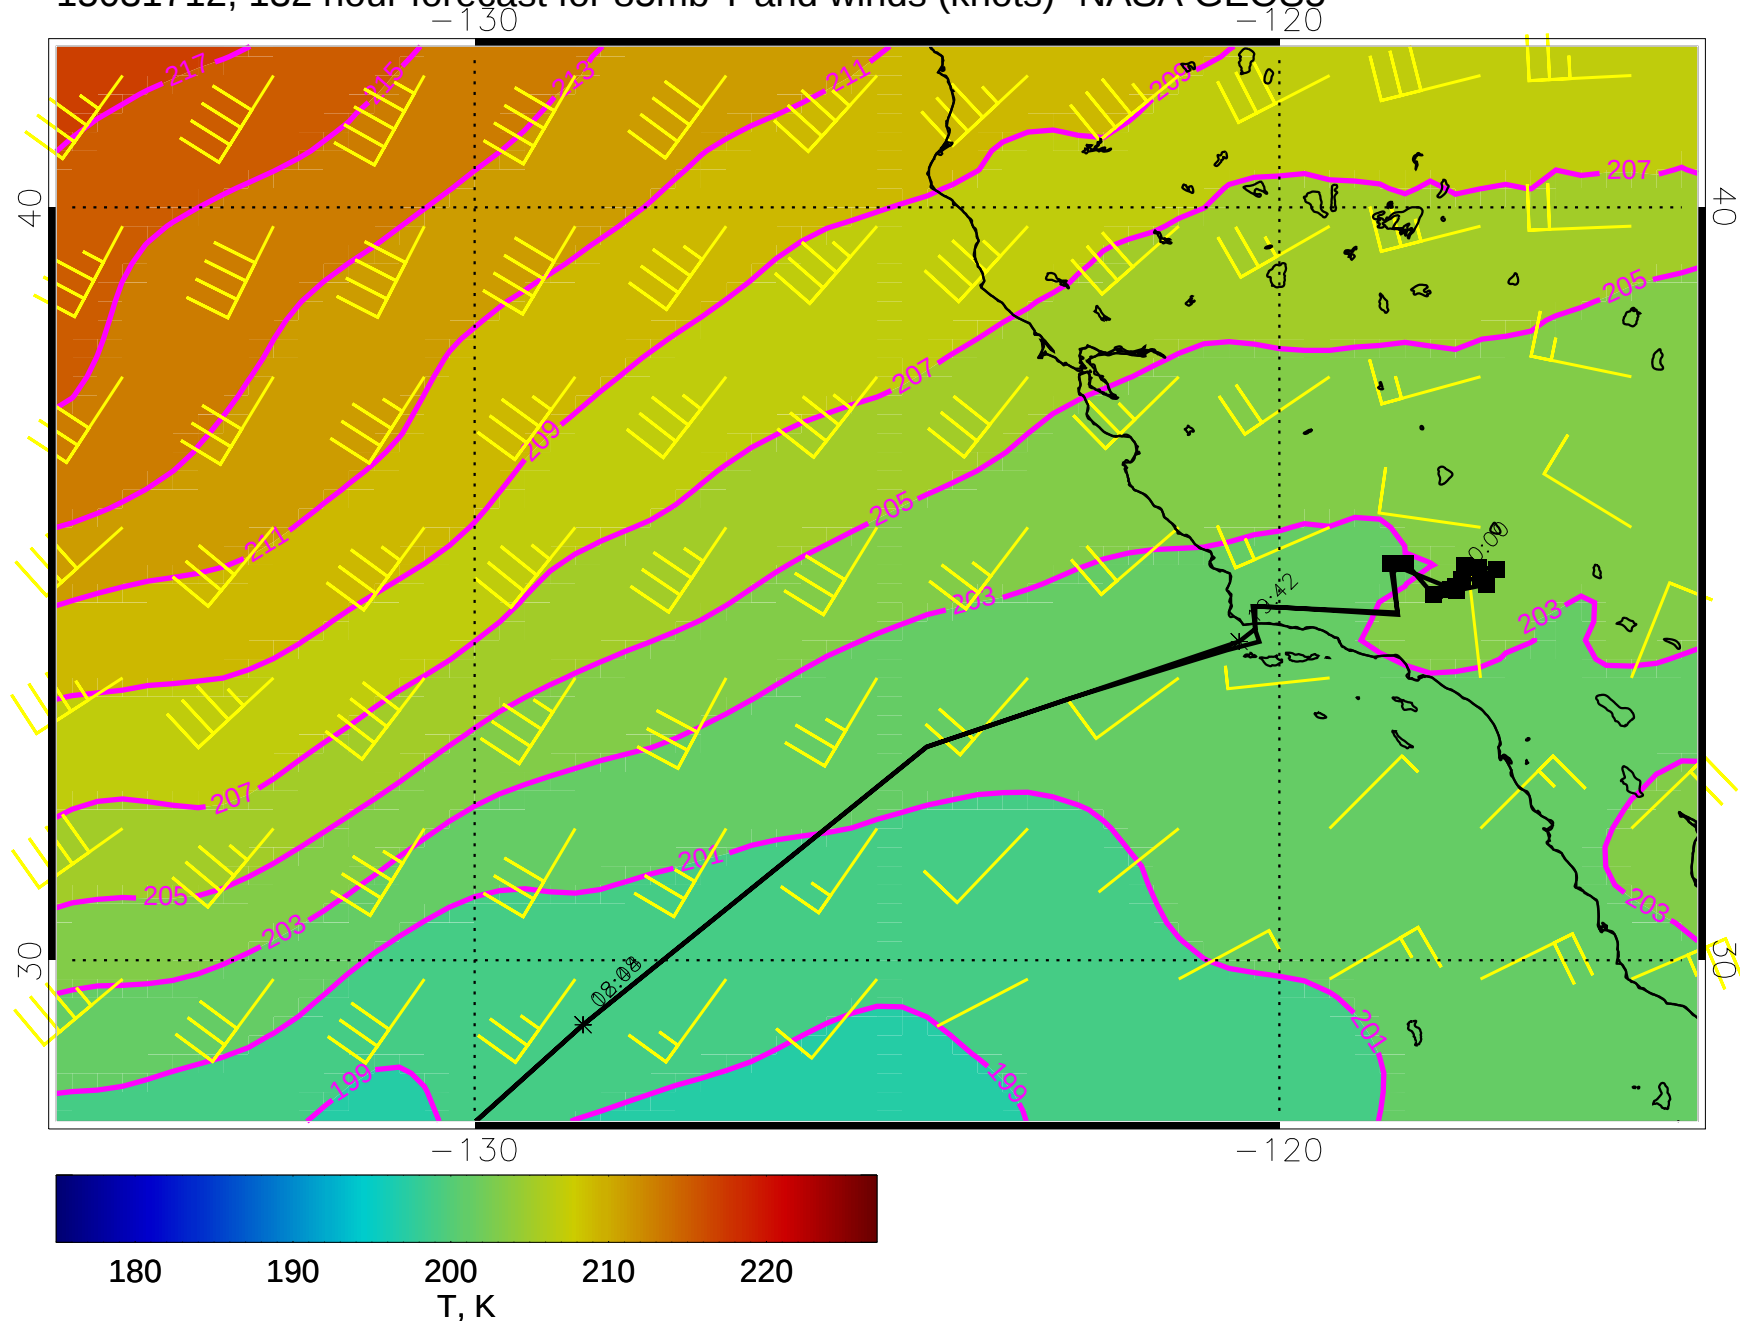

15031700, 120 hour forecast for 85mb T and winds (knots)- NASA GEOS5

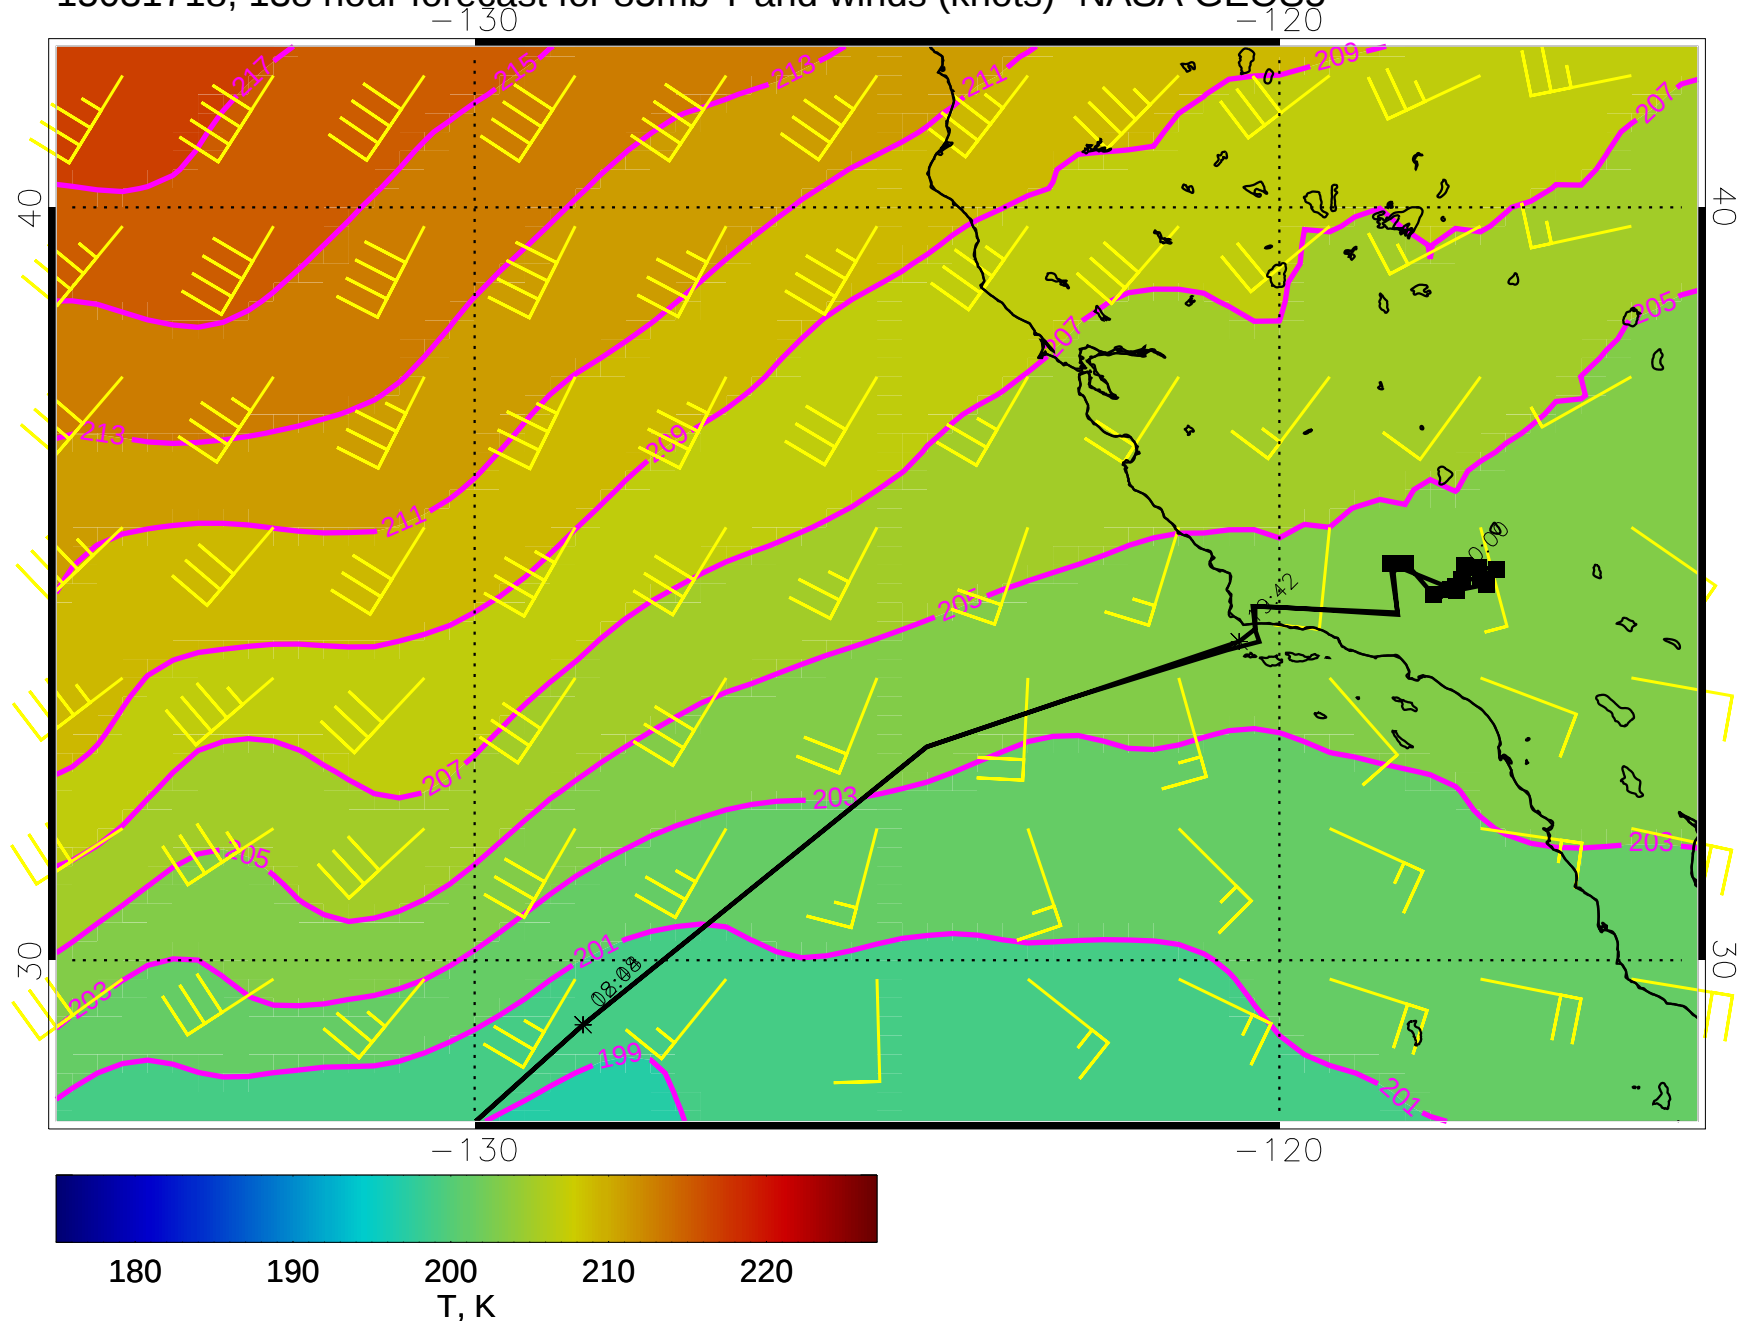

15031706, 126 hour forecast for 85mb T and winds (knots)- NASA GEOS5

15031712, 132 hour forecast for 85mb T and winds (knots)- NASA GEOS5

15031718, 138 hour forecast for 85mb T and winds (knots)- NASA GEOS5

15031800, 144 hour forecast for 85mb T and winds (knots)- NASA GEOS5
