

15010906, 6 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15010912, 12 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15010918, 18 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011000, 24 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011006, 30 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011012, 36 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011018, 42 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011100, 48 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011106, 54 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011112, 60 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011118, 66 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011200, 72 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011206, 78 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011212, 84 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011300, 96 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011306, 102 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011312, 108 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011318, 114 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5

15011400, 120 hour forecast for 150mb winds (knots) and High Cloud Frequency -- NASA GEOS5
