This meteorological map displays a low-pressure system in the North Atlantic. The background is a grayscale representation of cloud cover or precipitation intensity. A prominent cold front, marked by a red line with triangles, extends from the low center towards the southwest. A warm front, indicated by a red line with semicircles, extends towards the northeast. A vector field of green arrows shows the wind pattern, generally circulating around the low center. A yellow dashed line is visible in the upper right quadrant. A red line with a cross marker labeled '158' is also present in the lower left quadrant.
